IGETC/PLAN C Information

What is IGETC?

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program that allows community college students to transfer to a University of California (UC) or California State University (CSU) campus, without the need after transfer to take any additional lower-division general education courses. At SCC the IGETC pattern is referred to as Plan C. Plan C is an alternative to completing the lower-division general education or breadth program at a CSU or UC campus.

Is IGETC required for transfer to a UC or CSU campus?

IGETC/Plan C is **not** an admission requirement for transfer to either the UC or CSU, nor does completing it guarantee admission to the campus or program of choice. IGETC may not be best for students in high unit majors such as math and sciences. IGETC is not accepted for meeting general education at the colleges of Roosevelt and Revelle at UC San Diego, and for other majors and schools within the UC system. However, many campuses and majors within the UC system prefer community college students to complete IGETC.

What are the minimum UC requirements for an upper-division transfer student?

1. Complete 60 semester units of transferable college credit with a GPA of at least 2.4. No more than 14 semester units may be taken Pass/Not Pass.
2. Complete the following course pattern requirements, earning a grade of "C" or better in each course:
 - ❖ Two transferable college courses (3 semester units) in English composition
 - ❖ One transferable college course (3 semester units) in Mathematical concepts and quantitative reasoning
 - ❖ Four transferable college courses (3 semester units each) chosen from at least two of the following subject areas: Arts and Humanities; Social and Behavioral Sciences; Physical and Biological Sciences

What is certification of IGETC?

"Certification" refers to official notification from Santiago Canyon College that a student transferring to any CSU or UC campus has completed the entire IGETC course pattern, with a grade of "C" or better in each course. Students who are certified will not be required to complete any additional lower division general education work after transfer. Certification of IGETC is completed by the last community college attended by the transfer student.

Can Advanced Placement test scores be applied to IGETC/Plan C?

Yes. Students may earn IGETC course credit for acceptable AP scores that SCC faculty recognize as being equivalent to the SCC approved IGETC courses.

Are the CSU and UC certification requirements the same?

No. Full certification for CSU must include Area 1, Oral Communication. The UC does not have an oral communication requirement. Full certification for a UC campus must include satisfaction of the foreign language proficiency. This is not a requirement if a student is transferring to a CSU campus. The CSU American Institution and Ideals graduation requirement is not part of IGETC. Courses used to meet the requirement may not be used to satisfy requirements for IGETC. It is recommended that students complete this requirement prior to transfer.

What are the other methods that can be used to meet the Language other than English requirement for the UC?

- ❖ Score of 3 on the Foreign Language AP test or score of 550 on the SAT II test
- ❖ Score of 5 or higher on the International baccalaureate Higher Level Examination
- ❖ Official records which verify completion with grades "C" or better of two years of formal schooling at the 6th grade level or higher in an institution where the language of instruction is not English
- ❖ Satisfactory completion of a proficiency test administered by a community college, university, or other college in a language other than English.
- ❖ Certification by the high school principal or community college faculty, based on the judgment of language teachers, advice of professional or cultural organizations with an interest in maintaining language proficiency or other appropriate source of expertise.

Does the UC have an American Institutions graduation requirement?

Yes. Most students will satisfy this through one year of U.S. history in high school or one half year of U.S. History and one half year of U.S. government, completed with a "C" or better (UCLA requires a "B") or a college level course. UCSB requires a college level course. For acceptable college level courses, or for other methods of satisfying this requirement at each campus, please refer to specific UC campus catalogs.

Can students complete IGETC/Plan C coursework at more than one college?

Yes. Santiago Canyon College will certify courses taken at other accredited colleges and universities. IGETC courses taken at other community colleges will be placed in the same IGETC category identified at the offering college. Courses must have been on the previous college's IGETC list at the time it was taken. Courses taken at other colleges/universities may be used on IGETC if SCC faculty determine that the course is comparable to an SCC approved IGETC course. Foreign course work is not acceptable for IGETC.

Can a course be used to satisfy more than one subject area?

No. A single course may be used only once on the IGETC pattern.

Can a course be used to satisfy an IGETC/Plan C requirement and a major requirement?

Yes and No. The UC will allow a course to fulfill a general education and a major requirement. However, there are some majors at specific CSU campuses that will not allow "double counting". Please check with an SCC counselor for information pertaining to your major.
