Student Learning Outcomes and Assessment

Note: Colleges were expected to achieve the proficiency level of Student Learning Outcomes assessment by fall 2012. At this time, colleges are expected to be in full compliance with the Accreditation Standards related to student learning outcomes and assessment. All courses, programs, and student and learning support activities of the college are expected to have student learning outcomes defined, so that ongoing assessment and other requirements of Accreditation Standards are met across the institution. In completing the 2016 Annual Report, please refer to the revised Accreditation Standards adopted June 2014.

23. **Many of Santiago Canyon College’s Career Technical Education programs have state licensure requirements that are governed by agencies outside of the California Community College Chancellor’s Office and are not required nor do they report exam or licensure pass rates.**

Many of our students need the Water Treatment and Water Distribution Operator program to become licensed as operators. This process is governed by the California Department of Public Health – Water. Unfortunately, for SCC and its students, the exam and pass rates are proprietary and thus not shared.

There are several other programs requiring state licensure:

Surveying – exams offered through the Board for Professional Engineers, Land Surveyors, and Geologists (LSIT) and does not publish exam/licensure pass rates.

Barbering and Cosmetology is governed by the Department of Consumer Affairs – Board of Barbering and Cosmetology and does report proprietary school exam pass rates for Cosmetician, Manicurist and Esthetician.

Real Estate is governed by the California Bureau of Real Estate (CalBRE) and does not publish exam/licensure pass rates.
