

Child and Adolescent Development, AA-T

Program Basics

Department:	Child Development*
Award Type:	A.A. Degree for Transfer
Description:	<p>The Associate in Arts in Child and Adolescent Development for Transfer (AA-T) prepares a student to enter a California State University (CSU) as a junior to complete a baccalaureate degree in Child Development, Human Development, Child and Adolescent Studies, or Early Childhood Education. Upon completion of the AA-T in Child and Adolescent Development, students will have a general understanding of developmental theories as they pertain to the development, care, and education of young children. Students will demonstrate skill and knowledge in preparing developmentally-appropriate environments, curriculum, and assessments as they work professionally with families and team members and qualify for a Children's Center Permit.</p>

Proposal Details

Proposal Start:	Spring 2020
Program Justification:	Provides careers opportunities for those requiring foundational knowledge of Child and Adolescent Development but who many not need the practical experience of working with young children. Not only does it provide a seamless transition between SCC and the CSUs, it also will be the only degree option. Currently, the program only has certificate awards available to students.
