Hello fellow faculty,

The library has exciting news. The Finding Articles Online Workshop has been updated and is now available to students through Canvas again. At this time, only the Finding Articles Workshop is available online but in the Fall semester many of the workshops will be available online via Canvas. The Finding Articles Online Workshop is 30-45 minutes in length and students will receive a certificate of completion when they have completed the workshop which they will email to their instructor (you can also set up an assignment in Canvas for your students to turn in the certificate).

Here is the link to provide to your students so they can sign up: <https://rscdd.instructure.com/enroll/XP4NKE>

The link will be available on the library homepage shortly. Thank you for your continued support as we make the library workshops available to students online and please contact me directly with any questions.

Respectfully,

Seth Daugherty

eLearning Librarian
