Self-Paced Workshops in Canvas

Available topics: Finding Articles; Creating Citations Using MLA Formatting; Creating Citations Using APA Formatting

[Enroll via Canvas here](#).

- Any enrolled student may choose this option for self-paced, 24/7 access.
- Students generally choose this option for:
  - their own benefit;
  - extra credit from an instructor in one of their classes;
  - or course credit, in cases where an instructor assigns workshop attendance but is not able to schedule a Live Workshop On Demand in their class session.
- There is an assessment component to these workshops, to verify the student has understood the material.
- Students who complete the workshop and assessment will receive a certificate of completion in approximately one week.

For more information, contact E-Resources Librarian Seth Daugherty at daughtery_seth@sccollege.edu.

Student Learning Outcomes by Topic

Finding Articles

Following this workshop, students will be able to find articles and other content on a topic by using the SmartSearch Discovery tool or by searching a selected periodicals database. They will be able to differentiate between scholarly and popular periodical articles. Students will also be able to develop search terms that yield relevant search results; limit/filter search results; and evaluate the relevancy of their search results.

Creating Citations Using MLA Formatting; Creating Citations Using APA Formatting

Following these workshops, students will be able to identify the elements required to create a citation, and they will use the online citation builder NoodleTools to create citations in MLA or APA citation style.
