MESSAGE TO STUDENTS, MISSION STATEMENT, LEARNING OUTCOMES, AND RSCCD INFORMATION

A MESSAGE FROM THE PRESIDENT

Congratulations on making one of the most important decisions of your life, to pursue an education. Whether you plan on earning an associate degree or a certificate or wish to be well-prepared for transfer to a four-year university, SCC can help you chart your course from today to tomorrow. With 242 certificate and degree programs, including 29 associate degrees for transfer, as well as transfer agreements with four-year colleges in California, the right fit for you is at SCC.

SCC provides students the opportunity to learn from award-winning, dedicated faculty who focus on student success. We offer a vibrant student life – championship athletic teams, student government, clubs and other leadership and enrichment opportunities such as Model United Nations (MUN) or Forensics. You will experience this and much more in a welcoming and supportive campus environment with excellent student services.

It is our belief that what you seek later in life is just as important as what you choose to do today. That is why SCC celebrates what happens here: every course, every lecture, every test, every conversation, and every achievement. Every day is an opportunity we never pass up.

Your future is important. What you do each day to get there is more important. Let us do amazing things, right here, right now.

Welcome to Santiago Canyon College!

Sincerely,
John C. Hernandez, Ph.D.

SANTIAGO CANYON COLLEGE MISSION STATEMENT

Santiago Canyon College is an innovative learning community dedicated to intellectual and personal growth. Our purpose is to foster student success and to help students achieve these core outcomes: to learn, to act, to communicate and to think critically. We are committed to maintaining standards of excellence and providing accessible, transferable, and engaging education to a diverse community.

INSTITUTIONAL STUDENT LEARNING OUTCOMES

To achieve our mission, SCC has identified Institutional Learning Outcomes with four core competencies: Learn, Communicate, Act, and Think. Students will be able to:

- Learn—About Self and Others, Academic and Professional Issues
  - Take responsibility for one's own learning and well-being.
  - Learn about one's chosen academic major, while creating connections across disciplines.
  - Learn about professional conduct, including workplace and community ethics, conflict management, and teamwork.

- Communicate—With Clarity and Accuracy and in Diverse Environments
  - Communicate ideas in a clear and articulate manner.
  - Communicate accurately to diverse audiences.
  - Communicate in various formats using diverse technologies.

- Act—With Awareness of Self and the Local and Global Community of Persons
  - Act to maintain one's dignity and self-respect.
  - Act as a responsible community member who treats others with respect, civility, empathy, honesty and dignity.
  - Act to increase the wellbeing of the global community by maintaining cultural literacy, lifelong learning, ethical consideration of each other, and the environment we all share.

- Think—Critically, Creatively, and Reflectively
  - Critically analyze, evaluate, organize and use quantitative and qualitative data to solve problems and develop logical models, hypotheses and beliefs.
  - Creatively use concepts to making learning relevant.
  - Reflectively assess one's values, assumptions, and attitudes.

RANCHO SANTIAGO COMMUNITY COLLEGE DISTRICT

Governed locally by a seven-member Board of Trustees elected by the citizens of the district, Rancho Santiago Community College District (RSCCD) is a part of the California community college system, one of the three segments of the public post-secondary educational systems in the state.

RSCCD, located in central Orange County, encompasses 193 square miles with a population of approximately 770,000. The district’s boundaries include all of the K-12 schools within the Orange and Santa Ana Unified School Districts, as well as a portion of the Garden Grove Unified School District. RSCCD’s boundaries extend from the eastern portion of the city of Garden Grove, around the perimeters of Santa Ana, Orange, Villa Park, and Anaheim Hills, and east to the Riverside County line.

Enrollment in district programs for fall 2018 totaled 52,361 with 39,277 enrolled in college credit courses and 13,084 enrolled in Continuing Education. The Community Services Program serves 1,349 residents districtwide in not for credit, fee-supported classes.

Santiago Canyon College and Santa Ana College

SCC is among the newest community colleges in California. RSCCD was formed in 1971 to serve the cities of Orange, Villa Park and Anaheim Hills. SCC (formerly the Orange Campus) began offering classes in 1985, and became an independently accredited college in January 2000.

Santa Ana College opened in 1915 as an extension of Santa Ana High School, and is the fourth oldest community college in California. Located first on the campus of Santa Ana High School, it moved to downtown Santa Ana, and then to its present location in 1947.

Enrollment in Santiago Canyon College programs for fall 2018 totaled 15,950 with 11,916 enrolled in college credit courses and 4,034 enrolled in Continuing Education. The Community Services Program serves 840 residents campus-wide in not for credit, fee-supported classes.

Santiago Canyon College offers 178 degrees and certificates in credit programs including transfer and career majors as well as 63 certificates in Continuing Education programs.
Accreditation

Santiago Canyon College and Santa Ana College are accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, an institutional body recognized by the Council for Higher Education Accreditation, the U.S. Department of Education, and the Veterans Administration. Santa Ana College is also recognized by the California State Board of Nursing Education and the American Bar Association.

Documents concerning the colleges’ accreditation, licenses and approvals are maintained in the Office of the President of each college. Students wishing to examine these documents may do so by contacting the Office of the President.

Complaints associated with an institution’s compliance with academic program quality and accrediting standards can be registered with the ACCJC at the following link: www.accjc.org/complaint-process.

District Facilities

Santiago Canyon College is situated on 82 acres at 8045 E. Chapman Avenue in Orange. It opened its first phase of classrooms in fall 1985 under the name of the Orange Campus of Rancho Santiago College. The Child Development Center opened in fall 1991 to provide childcare services.

Santa Ana College is located on approximately 65 acres at 1530 W. 17th Street in Santa Ana. The college was first opened in 1915 as an extension of Santa Ana High School and has been located at its present site, in the heart of Santa Ana, since 1947.

The Orange and Centennial Education Centers each house adult continuing education programs, which provide high school diplomas, English as a Second Language and courses that contribute to career advancement.

Online education offerings also bring the classroom to you.

District Mission

The mission of the Rancho Santiago Community College District is to provide quality educational programs and services that address the needs of our diverse students and communities.

District Opportunity

The Rancho Santiago Community College District provides opportunities for the pursuit of excellence through educational programs and services for local residents. The purpose of these programs and services is to enhance the quality of human life by providing public access to college education. A significant number of classes are scheduled off campus each semester in order to enhance accessibility to students. The map indicates the locations of the major instructional sites within the district.

KEY TO LOCATIONS

1. RSCCD District Office 2323 N. Broadway Santa Ana, CA
2. Santa Ana College 1530 W. 17th St. Santa Ana, CA

This chart reflects the RSCCD organization as of July 2019.
Nondiscrimination Policy

The Rancho Santiago Community College District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities. The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

The Chancellor shall establish administrative procedures that ensure all members of the college community can present complaints regarding alleged violations of this policy and have their complaints heard in accordance with the Title 5 regulations and those of other agencies that administer state and federal laws regarding nondiscrimination. No District funds shall ever be used for membership, or for any participation involving financial payment or contribution on behalf of the District or any individual employed by or associated with it, to any private organization whose membership practices are discriminatory on the basis of national origin, religion, age, gender, gender identity, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or because of his or her association with a person or group with one or more of these actual or perceived characteristics. Inquiries regarding compliance and/or grievance procedures may be directed to District’s Title IX Officer and/or Section 504/ADA Coordinator, 2323 N. Broadway, Santa Ana, CA 92706, 714-480-7490.

POLITICA DE NO DISCRIMINACION

El Distrito está comprometido a ofrecer la igualdad en oportunidades para programas educativos, empleos, y a todo acceso a los programas institucionales y actividades. El Distrito, y cada persona que representa al Distrito, debe proveer acceso a sus servicios, clases y programas sin importar el lugar de nacimiento, religión, edad, sexo, identidad de género, expresión del género, raza o etnicidad, color, condición médica, información de genética, descendencia familiar, orientación sexual, estado civil, incapacidad física o mental, embarazo, categoría militar o de veterano, o por creer que él o ella tiene una o más de las características mencionadas, o en base a estar relacionado con una persona o grupo que se cree tenga algunas de estas características.

El Canciller debe establecer procedimientos administrativos para asegurarse que todos los miembros de la comunidad del colegio puedan presentar quejas sobre supuestas violaciones a esta política y que sus quejas sean escuchadas de acuerdo a los reglamentos señalados en el Título 5 y por aquellos de otras agencias que administran las leyes estatales y federales sobre la no discriminación. Ningún fondo del Distrito debe ser utilizado para la membrecía, o para la participación incluyendo pagos financieros o contribuciones hechas a organizaciones privadas de parte del Distrito o de cualquier individuo empleado por el Distrito o con asociación, cuyas practicas de membresía son discriminatorias en base a lugar de nacimiento; religión, edad, sexo, identidad de género, expresión del género, raza, color, condición médica, información de genética, descendencia familiar, orientación sexual, estado civil, incapacidad física o mental, embarazo, categoría militar o de veterano, o por creer que él o ella tiene una o más de las características mencionadas, o en base a estar relacionado con una persona o grupo que se cree tenga algunas de estas características.

Preguntas sobre el cumplimiento y/o el procedimiento para quejas pueden ser dirigidas al Oficial del Distrito a cargo del Título IX en RSCCD, 2323 N. Broadway, Santa Ana, CA 92706, 714-480-7490.

CHÍNH SÁCH BẤT KỲ THỊ

Số Giáo dục Hệ thống Đại học Rancho Santiago (RSCCD) ha quyết tâm tạo cơ hội bình đẳng trong chương trình giáo dục, trong việc thể hiện niềm tin vào, và trong tất cả các chương trình và sinh hoạt thuộc phạm vi Sở.

Sở và mỗi cá nhân đại diện cho Sở, sẽ cung cấp dịch vụ, lớp học, và chương trình mà không phân biệt nguồn gốc quốc gia, tôn giáo, tuổi tác,iphinity, cách thể hiện phái tính, chủng tộc hoặc dân tộc, màu da, tình trạng sức khỏe, thông tin về di truyền, nguồn gốc tổ tiên, khuynh hướng tính dục, tình trạng hôn nhân, có khuyết tật hoặc bệnh tâm thần, có thai, đang trong quá trình đối hoặc già cả, hoặc vì người do được cho là có một hay hơn một đặc tính kể trên, hoặc đưa vào sử liêin đối với một người hoặc nhóm có hoặc được cho là có một hay hơn một đặc tính kể trên.

Vì thông quan trích sẽ đặt ra các thủ tục hành chính nhằm bảo đảm rằng mọi thành viên trong trường đại học có thể hiểu nai việc vi phạm chính sách này, và các quyết định của các cơ quan có thẩm quyền liên quan đến việc biết kỹ thể.

Ngàn quyết của Sở sẽ không bao giờ được dùng để làm hại ai, hoặc tham gia bất cứ việc gì có thể tạo ra tiến hoặc động gop tiến trên danh nghĩa của Sở hoặc của nhận viên làm việc cho Sở hoặc liên đội với Sở, chúa bất cứ tổ chức tư nhân nào mà có sự kỳ thị đối với cân bàn nguồn gốc quốc gia, tôn giáo, tuổi tác,iphinity, cách thể hiện phái tính, chủng tộc, màu da, tình trạng sức khỏe, thông tin về di truyền, nguồn gốc tổ tiên, khuynh hướng tính dục, tình trạng hôn nhân, có khuyết tật hoặc bệnh tâm thần, có thai, đang trong quá trình đối hoặc già cả, hoặc vì người do được cho là có một hay hơn một đặc tính kể trên, hoặc vì sự liên đới của người đó với một người hoặc nhóm có hoặc được cho là có một hay hơn một đặc tính kể trên. Nếu có thắc mắc về việc thực thi luật lệ hoặc về thủ tục khiếu nại, xin liên lạc viên chức chương trình Título IX của Sở và/hoặc điều phối viên chương truyền 504/ADA 2323 N. Broadway, Santa Ana, CA 92706, số điện thoại 714-480-7490.
Admission Requirements
Who May Attend
High school graduate
OR
Person in possession of a California high school proficiency certificate or GED
OR
Person 18 years of age or older who can profit from instruction,
OR
High school student qualifying for Career Advanced Placement program.
OR
International Students with a valid Visa.

How and When To Apply
New students and students returning after an absence of two consecutive full semesters (fall, spring) must file an application for admission to the college.

File transcripts of high school(s) and colleges attended with the Admissions and Records Office if pursuing a degree at Santiago Canyon College or receiving financial assistance.

Application dates:
Fall semester .................. beginning April 1
Intersession .................. beginning November 1
Spring semester .......... beginning November 1
Summer session ............ beginning April 1

Applying to the College
New or Former Students
New or former students need to apply. A new student is a student who has never attended Santiago Canyon College or Santa Ana College. A former student is a student who attended SCC or SAC, did not enroll for two consecutive full semesters, and now wishes to return. All applications are completed on the www.sccollege.edu website. Applications are processed within 1-3 business days. An e-mail will be sent with a student's WebAdvisor Login and other student information. The WebAdvisor Login and Student ID Number for former students will always remain the same. Once you have been assigned a WebAdvisor Login, you may then go online, change your password, and view your registration appointment date and time.

Continuing Students
A continuing student is a student who has not missed two consecutive full semesters. The student may check online for his/her registration date and time and may register online at that time or any time until the Friday before the term begins. Students are encouraged to meet with a counselor each semester in order to review their academic progress before completing registration.

How To Prepare for Proper Course Placement, Registration and Educational Planning (Student Equity and Achievement Program)
The Student Equity and Achievement Program (SEAP) supports the transition of new students into the college by providing them services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement.

New students are required to complete orientation and advisement in order to access their priority registration time. During this process, students will receive assistance in completing an abbreviated education plan; however, a course of study (major) and a comprehensive student education plan must be completed by the third semester but no later than completing 15 degree-applicable units. A comprehensive student education plan will detail all of the coursework required in order to reach your educational goal. Students may accomplish this requirement by enrolling in a counseling course or scheduling an appointment with a counselor. A request to be exempt from completing these services is available on the Admissions & Records website. Exemption approval requires that students provide sufficient justification for their request.

Assessment/AB705

AB 705 Implementation: Santiago Canyon College has reformed how placement is determined in English and math courses. Signed into law by Governor Brown on October 13, 2017, all California community colleges are implementing Assembly Bill 705 by Fall 2019.

The bill requires that students have access to transfer level coursework in English and math courses. Placement into these courses will be determined by using a student's high school grade point average and high school courses. Where this method does not apply, a Guided Self-Placement tool will facilitate student placement. With the implementation of AB 705, students planning to enroll in English, math, and/or reading courses do not need to take a placement test. High school performance and/or Guided Self-Placement will facilitate course recommendations.

Please note that some prerequisites are currently being modified for courses that need to be in compliance for AB 705 implementation. Requisites include prerequisites, corequisites, and recommended preparation or advisories. Please contact the Counseling Office for questions about courses with requisites that indicate a Math or English course as they may now include a different course from the placement profile.

Recommendation Based on High School Performance Information: Students will receive course recommendations for English, reading, and math based on self-reported non-weighted high school grade point average (GPA), completion of coursework and grades.

Guided Self-Placement: Students who fall into other circumstances where high school performance does not apply will receive English, math, and reading course recommendations based on completing Guided Self-Placement. This placement tool provides students with the ability to rate their level of comfort with math problems, English prompts, and reading passages.

Assessment for American College English/English as a Second Language (ACE/ESL) and Chemistry: Placement testing is available for students who are planning to enroll in SCC's ACE program or Chemistry 200A (General Chemistry A).

Steps to Complete for Course Placement Recommendations and/or Assessment for ACE/ESL and Chemistry 200A
1. New students must apply to the college.
2. Students will receive an email from Admissions & Records with instructions on how to obtain course placement recommendations for English, math, and reading.
3. Students planning to enroll in ACE or Chemistry 200A can schedule an assessment appointment by calling 714-628-4985.

Coursework from Other Colleges: Students who have attended another regionally accredited college and have completed courses that meet the prerequisite for SCC Courses can submit transcripts to clear prerequisites by one of the following methods:
1. Bring transcripts to the Counseling Center (SCC, Room D-106) for verification and prerequisite clearance.
2. Submit an online prerequisite clearance request form with supporting documentation at sccollege.edu/counseling and select “Course Prerequisite Clearance.”

Disability-Related Accommodations
Students who require disability-related accommodations for American College English (ACE) or Chemistry 200A placement tests
must request them at least two weeks prior to testing and provide disability verification from a qualified professional. To arrange for testing accommodations, contact Disabled Students Programs and Services (DSPS) at 714-628-4860 to schedule an evaluation of needs.

Right to Appeal
Students who feel that they have been treated in a discriminatory manner regarding any aspect of course placement services may contact the Dean of Counseling and Student Support Services. Call 714-628-4775.

Student Photo Identification Card
A student is eligible for a photo identification card after paying for classes. Photo I.D. is located in the Cashier’s Office in E-102. This card facilitates student use of the Library, Student Health and Wellness Services, computer laboratories, the Admissions and Records Office, and a variety of college services.

Full-Time – Part-Time Definition
Full-time students (Fall and Spring semesters) = 12 or more units
Part-time students (Fall and Spring semesters) = Less than 12 units
Full-time students (Summer) = 6 units
Part-time students (Summer) = Less than 6 units

Residency
All students are classified as either a resident of the State of California or non-resident when applying for admission. “Residents” are students who have residence in the state for more than one year before the initiation of a semester or term (EC 68017), based on the “Residency Determination Date” which is the day immediately preceding the opening of instruction (applies to U.S. citizens, permanent residents, and persons holding certain visas that allow for residency). “Non-residents” are students who have not established residence in the State of California for one year as of the residency determination date.

1. Persons who are 18 years of age or older (adults) establish residency in accordance with EC 68017 above. Adult residency begins after the 18th birthday.

2. Persons who are under 18 years of age (minors) establish residence in accordance with above “resident” definition and the following:
   a. Married minors may establish their own residence.
   b. The residence of the parent with whom an unmarried minor child maintains a place of abode is the residence of the unmarried minor child. When the minor lives with neither parent, residence is that of the parent with whom the minor last resided. The minor may establish residence when both parents are deceased and a legal guardian has not been appointed.
   c. The residency of unmarried minors who have a parent living cannot be changed by their own acts, appointment of legal guardians, or relinquishment of a parent’s right of control (EC 68062).

3. Exceptions apply under certain conditions to active members of the military.

4. Specific residency problems will be answered by the Admissions and Records Office.

5. Non-Citizen Students: Students with a “permanent resident” visa, refugee status, or amnesty approval may establish residency in accordance with above discussion. All visas must be examined by the college to determine residency status.

International Student Admissions
SCC is a SEVP approved institution to host international students who enter the country on F-1 student visas. Foreign students should contact the International Student Office or visit www.sccollege.edu/international for application forms and instructions. The deadline to apply is 45 days prior to the start date of the term; for exceptions, please contact the International Student Office. A $25 application fee is required along with the application form. For more information, call 714-628-5050.

Admission Policy of International Students on F-1 Visa Status:
1. International students are required to submit transcripts with their application. For transcripts in a language other than English, translation may be required. Applicants applying within the US who had previously attended a US high school or US college/university must submit transcripts from all previous educational institutions.
2. International students must have sufficient knowledge of English to enable them to profit from instruction at the college level. English proficiency is determined by a satisfactory score as listed on the international student website.
3. The minimum age requirement to attend SCC is 16 years old. Students under 18 years of age must provide proof of high school completion. Student must be 16 years old by the first day of classes of the entering semester as listed in the college schedule.
4. Students on the F-1 Visa must present evidence that they have financial resources to defray costs during the period of attendance at the college. The annual tuition for a student enrolled in 12 units each semester is $8,304. $300 non-resident tuition per unit + $46 enrollment fees per unit = $346 per unit for international students. Health insurance premium is $1,626 per year. For living expenses and other costs, such as books, visit the college website at www.sccollege.edu/international. All tuition, fees, and expenses are subject to change with new state legislation.
5. Although SCC does not require proof of immunizations, it is strongly recommended that all students planning on coming to the U.S. to study receive all necessary vaccinations and are free of tuberculosis. Students should assure that they are healthy when they come to study in the United States. It is suggested for students to check with Consulate or Embassy for recommended immunizations.
6. Admitted students are required to purchase the health insurance plan approved by the District. Other outside health care plans are not accepted, except students sponsored by a governmental agency or program or covered by a U.S. based health plan of a family member. Proof of health insurance is required prior to registration. The college accepts no responsibility for medical expenses incurred by international students.
7. Santiago Canyon College does not provide housing for students; however, our offices offer information resources to help students find housing options. Students can participate in a homestay program arranged through private companies. SCC does not monitor or administer these programs. For housing information visit www.sccollege.edu/international

Fees and Expenses/ Drop for Non-Payment
Drop for Non-payment Policy: Enrollment fees must be paid in full within 3 days of registration (including weekends and holidays) or all classes may be dropped and released to other students. The day you register is counted as day 1.
1. All students are required to pay enrollment fees of $46 per unit within 3 days of registration. If classes are not paid within that time, the student may be dropped from all classes and will have to re-register.

In addition to the 3-day non-payment drop policy, there is a final outstanding balance drop date. All fees must be paid in full by the Friday before the start of the term. No balance will be carried over into the start of the semester. However, the college reserves the right to postpone or suspend non-payment drops. It is the student’s responsibility to drop by the refund deadline to avoid any fees for enrolled classes.

2. A health fee of $19 per semester ($1 is mandatory) is charged to all students whether or not they choose to use health services. Health Fee Exemptions (Education Code 76355): (1) Any student who depends exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization, provided that the student presents documentary evidence of an affiliation with such a bona fide religious sect, denomination, or organization. (2) Any student enrolled in an approved Apprenticeship Program. A request for an exemption may be filed at the Admissions & Records Office.

3. Parking permits are $20 for students with fee waivers and $30 for all other students during the fall and spring semesters and $10 during summer session. No permit is required for intersession. Permits may be purchased online through WebAdvisor or by using the link found on the Safety & Security websites. A permit is required to park on campus at SAC and SCC. Only one permit is necessary for students who attend both colleges. Motorcycles are exempt in designated parking areas.

4. A Student Life and Leadership fee of $10 (fall and spring semesters) or $5.00 (summer session) is payable at registration for classes. The fee includes a free Photo ID for college services: (1) Library, Student and Instructional Services; and (2) $10 for college activities. Photo ID and term validation is available at Santiago Canyon College. These services and fees are optional.

5. The Santiago Canyon College Student Representation Fee of $1 is charged per semester. The $1 mandatory fee (Education Code 76060.5) is used by the Associated Student Government to represent the view of students with governmental agencies.

6. Transportation Fee: All students pay a mandatory fee each fall and spring semester. This fee provides unlimited access to all fixed route buses operated by the Orange County Transit Authority (OCTA). The fee per semester is $5.00 for full-time students (enrolled in 12 or more units) and $4.30 for part-time students (enrolled in less than 12 units). Bus access will be available seven days per week for school, work, or any other destinations. In the Partnership agreement between OCTA and RSCCD, 100% of the fee proceeds are remitted to OCTA. No dollars are kept for RSCCD usage or profit for administering this program for our students.

Non-Resident Tuition
Non-resident Tuition: $300 per unit in addition to the per enrollment fee for out-of-state residents and for students who are a citizen of a foreign country. Refer residency questions to the Admissions and Records Office.

Visa, MasterCard, Discover and American Express are accepted for all fees.

All tuition, fees, and expenses are subject to change with new state legislation.

Open Educational Resources (OER)
Open Educational Resources (OER) Open Educational Resources refer to free or low-cost class materials, such as a textbook or online resource. Classes listed with an OER symbol use a free textbook unless otherwise noted in the class schedule. Classes using Lumen Learning OER will charge a materials fee for a standard textbook and online resources.

Refund of Tuition and Enrollment Fees
Students are eligible for full refunds of fees provided they have officially dropped from classes prior to the refund deadline or their classes have been cancelled by the college. There is no refund for classes added after the refund deadline date. (See current WebAdvisor schedule for refund deadline).

Refunds are based upon the date the student withdraws from the course online.

No refund will be processed until assurance has been given that any check in payment for tuition has been cleared.

Enrollment Fee refunds are granted in accordance with established provisions of the community college education code. Contact the Cashier’s Office or refer to the current class schedule for details of the refund policy and procedures.

There is no refund for variable units not completed.

Preferred Name
In support of Santiago Canyon College’s commitment to providing an equitable and safe environment for students whose legal name does not reflect their gender identity and/or gender expression, SCC now accepts requests from students to use a preferred first name on class rosters whenever possible. Students who wish to designate a preferred name should fill out the Preferred Name Change Form available in the Admissions and Records Office or online. It is important to understand that designating a preferred name for use at SCC does NOT constitute a legal name change. A students’ legal name will continue to be used on certain college documents, such as transcripts. Initially, preferred names will only be used on class rosters and waiting lists for use by instructors and departments.

Students may designate a preferred first name. Their legal last name will remain unchanged and will be included with their preferred name. Preferred names are limited to alphabetical characters, a hyphen (-) and a space. Generally, students can set a preferred name to any name, but the college reserves the right to delete a preferred name if it is used inappropriately, such as misrepresentation or fraud; such usage will also subject the student to disciplinary action in accordance with college policy.

RSCCD Rates of Student Progress
Student Right-To-Know Act
The rates below are placed here in accordance with the federally mandated Student Right-To-Know Act.

Of the degree, certificate or transfer seeking first-time, full-time freshmen who entered RSCCD colleges in Fall 2014, the “completion rate” represents those students who earned an Associate’s Degree, Certificate of Achievement, or 60 UC/CSU transferable credits within three years.

These rates do not represent the success rates of the entire student population at RSCCD colleges nor do they account for student outcomes occurring after this three-year tracking period.

Registered Sex Offender Information
Current information concerning registered sex offenders can be obtained by going to: www.meganslaw.com.

“Sex offenders are required to register with the police in the jurisdiction in which they reside and if attending institutions of higher learning in a different jurisdiction, they must register with local police for that area. Sex offenders who may be required to register should do so at the Orange Police Department if attending Santiago Canyon College.”

Right To Review and Challenge Records
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student’s education records within 30 days of the day the college receives a request for access.

   Students should submit to the Assistant Dean of Admissions, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the student believes is inaccurate.

   Students may ask the college to amend a record that they believe is inaccurate. They should write the college official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate.

   If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

   One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the college in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees or a member of an official committee.

   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the college discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Santiago Canyon College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202-5901

   Solomon Amendment For Military Recruiters

   The Solomon Amendment is a federal law that allows personally identifiable student information to be released to recruiters that would have been denied them under FERPA. This law mandates that institutions receiving federal financial aid must fulfill military recruitment requests for access to campus and lists of students. If Santiago Canyon College fails to comply with these requests from military recruiters, the college will lose federal financial aid funding.

Textbooks and Supplies
Textbooks, supplies, and athletic equipment must be purchased by the student. Special fees required for certain courses are indicated in the class schedule.

Transcripts
Students may obtain an official transcript of records by submitting a request online or in person at the Admissions and Records Office at Santiago Canyon College. The first two counter transcripts will be issued without charge; thereafter, a $3 charge will be assessed for each additional mailed transcript. Express transcripts and all online transcripts are $8. Fed Ex Next Day Delivery* is available for an additional fee of $23 per delivery address. All official transcripts are copies of the student's permanent record in the Office of Admissions and Records at either college. Only records prepared and issued directly from that office will be considered official or certified for accuracy. Transcripts from other institutions are property of the college and will not be released.

The Admissions and Records Office does not hold transcripts for final grades. It is the student's responsibility to verify that all grades have been posted via WebAdvisor before requesting transcripts.

*Fed Ex fees subject to change

International Transcripts – Evaluation Practices
Santiago Canyon College may grant credit for college coursework completed outside of the United States. Students must submit their records to a Santiago Canyon College recognized evaluating agency, in order to obtain an equivalency/evaluation report (go to www.naces.org for approved listings of evaluating agencies). Once the Admissions Office at Santiago Canyon College receives the equivalency/evaluation report, an official evaluation will be conducted to determine course applicability.
The following guidelines apply to coursework completed outside of the United States.

- There is no transfer credit limit a student may be granted for coursework completed outside of the United States. However, Santiago Canyon College may only grant credit for lower-division classes.
- College credit may only be granted toward Santiago Canyon College associate degree and certificate programs.
- Coursework may not be used to fulfill the following General Education Requirements: English Composition, American Institutions, Reading, and Oral Communication.
- Courses intended to fulfill major requirements must be submitted to the major department for approval.
- Coursework may not be used to fulfill General Education Certification requirements for CSU-GE or IGETC (with the exception of Area 6–Language Other Than English).
- Santiago Canyon College may not determine course transferability to other colleges and universities.

Students who have completed coursework outside of the United States are encouraged to meet with a counselor to determine course and program applicability.

**Withholding of Student Records**

**Reference(s) BP 5035:**

Title 5, Section 59410 Students or former students who have been provided with written notice that they have failed to pay a proper financial obligation shall have grades, transcripts, diplomas, and registration privileges withheld. Revised: July 21, 2014.
COLLEGE POLICIES AND PROCEDURES

Academic Freedom
The teacher should be free to think and to express ideas, free to select and employ materials and methods of instruction, free from undue pressures of authority, and free to act within his/her professional group. Such freedom should be used judiciously and prudently to the end that it promotes the free exercise of intelligence and student learning. Academic freedom is not an absolute. It must be exercised within the law and the basic ethical responsibilities of the teaching profession. Those responsibilities include:
1. An understanding of our democratic tradition and its methods.
2. A concern for the welfare, growth, maturity, and development of students.
3. The method of scholarship.
4. Application of good taste and judgment in selecting and employing materials and methods of instruction.

Academic Honesty
Introduction
Students at Santiago Canyon College are expected to be honest and forthright in their academic endeavors. To falsify the results of one’s research, to steal the words or ideas of another, or to cheat on an examination corrupts the essential process by which knowledge is advanced. Academic dishonesty is seen as an intentional act of fraud, in which a student seeks to claim credit for the work or efforts of another without authorization or uses unauthorized materials or fabricated information in any academic exercise. We, as an institution, also consider academic dishonesty to include forgery of academic documents, intentionally impeding or damaging the academic work of others, assisting other students in acts of dishonesty or coercing students into acts of dishonesty.

Procedures
In cases where a violation of academic honesty is discovered, the faculty member is encouraged to file an “Academic Honesty Incident Report” form and distribute the form as specified.

There are two categories of sanctions: Limited and College-wide. Limited sanctions include an academic action such as assigning a lower grade or a grade of “F or zero” for the test or project. College-wide sanctions include any sanction that will affect a student’s standing with the college-at-large, up to and including suspension or expulsion from the college.

In matters relating to academic honesty violations, the primary responsibility for employing the Limited Sanctions rests with the instructor and the academic division where the violation allegedly occurred. The Associate Dean of Student Development will assist in all College-wide disciplinary sanctions at Santiago Canyon College.

Academic Honors

Academic Honors at Graduation
Academic honors are awarded to students who do outstanding coursework leading to graduation from Santiago Canyon College. The graduate must have completed at least 30 units of coursework within the Rancho Santiago Community College District of which 18 units or more must be letter grades of “C” or better.

Rancho Santiago Community College District coursework and all transfer work will be computed in the Honors designated GPA. Graduation honors are awarded as follows:

President’s Scholar. See Honors Program and Honors Courses on pages 28-29.

With Highest Honors. The highest honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 4.0. Students with Academic Renewal Without Course Repetition are not eligible for Academic Honors

With High Honors. The high honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.8. Students with Academic Renewal Without Course Repetition are not eligible for Academic Honors

With Honors. The honors designation is placed on the transcript and diploma of the graduate who has achieved an overall grade point average (GPA) of 3.5. Students with Academic Renewal Without Course Repetition are not eligible for Academic Honors

Departmental Honors. Honors are awarded to students who do outstanding work in their majors. Eligibility is determined by inclusion in the academic honors categories listed above.

Academic Renewal

Inasmuch as past performance does not always reflect accurately a student’s actual ability, Santiago Canyon College has established a policy of academic renewal.

Academic Renewal Without Course Repetition
1. To be eligible, the student must have completed at least 24 units with a 2.0 G.P.A. (or higher) or 15 units with a 3.0 G.P.A. (or higher) in all terms subsequent to the substandard grade. Coursework from all colleges and universities may not include any substandard grades or incompletes (F, D, NP, NC, or I) after the petitioned course(s).

2. The substandard coursework that has been granted Academic Renewal will not count toward graduation or certification requirements, and the permanent academic record shall be annotated in such a manner that all work remains legible.

3. Up to 30 units of substandard coursework at Santiago Canyon College/Santa Ana College may be disregarded in the computation of the grade point average.

4. After an associate degree or general education certification is posted, academic renewal without course repetition is not accepted. Subsequent awards and certification are not eligible for academic renewal. Students approved for Academic Renewal Without Course Repetition are not eligible for Academic Honors.

5. Academic Renewal Without Course Repetition is solely the policy of the Rancho Santiago Community College District and may not necessarily be followed by other institutions.

6. Academic Renewal Without Course Repetition may be granted only once by either Santa Ana College or Santiago Canyon College, but not both.

Academic Renewal With Course Repetition
1. Only units taken at Santiago Canyon College and/or Santa Ana College may be considered for Academic Renewal With Course Repetition, not units taken at any other institutions.

2. A student who earned a D, F or NP grade may repeat the course once up to two times to improve the grade of the substandard work. Once a grade of D, F, or NP has been recorded, subsequent withdrawals (notations of W) will count toward the two allowable repeats. No more than two substandard grades for the same course may be alleviated and excluded from the Grade Point Average.

3. A student may not repeat a course to change a grade of C or above. Courses repeated under this provision will be
indicated as repeated on the student’s academic transcript.

4. Course repetition at Santiago Canyon College does not guarantee that other institutions will approve such an action. This determination will be made by the respective transfer institution.

For courses designated as non-repeatable (Title 5, §55041), only the first two substandard grades may be excluded in computing the student’s grade-point average (Title 5, §55042(c)).

The petition is submitted to the Admissions and Records Office of the student’s home campus (SCC or SAC). Please consult with a college counselor about any questions regarding Academic Renewal eligibility.

Academic and Progress Probation/Dismissal

A student’s academic standing and progress is calculated at the end of the fall and spring semesters (calculations are not done after the summer session or intersession), based only on the SCC/SAC units and cumulative (RSCCD Total) grade point average (GPA). Academic and Progress Probation calculations begin after a student has attempted 12 units or more at SCC/SAC. Students are placed on Academic Probation when their RSCCD Total GPA for all SCC/SAC coursework falls below 2.0. Students are placed on Progress Probation when the percentage of coursework attempted reaches or exceeds fifty percent (50%) of the SCC/SAC coursework they are required to complete for the degree or certificate program.

Students who have three consecutive semesters with a RSCCD Total GPA of 2.0 at the end of the fall semester are “subject to dismissal” and a hold is placed on their student record. Since they have already registered for the spring semester they are given a grace period to improve their RSCCD Total GPA. If the RSCCD Total GPA remains below a 2.0 at the end of the spring semester, they will be academically dismissed and will not be able to register for classes at SCC or SAC for one full semester. When they return after “sitting out” one semester, they will return on academic probation and will continue to lose registration priority until their RSCCD Total GPA is at or above a 2.0.

Progress Probation and Dismissal

P1 Academic Probation – First Time
Students placed on Progress Probation for the first time (first semester where the total of W, NP, or I grades is 50% or more of all grades earned) will be notified and provided intervention services.

P2 Progress Probation – Second Time
Students who have two consecutive semesters of progress probation will lose priority registration for the next registration opportunity. Their registration date will be after all new applicants.

PD Progress Dismissal
Students who have three consecutive semesters with less than 50% of their coursework earning a grade at the end of the spring semester are dismissed. Students who are dismissed have a hold placed on their records and an e-mail is sent notifying them of their status. Students cannot register for classes at SCC or SAC for one full semester. When students return after “sitting out” one semester, they will return on academic probation and will continue to lose registration priority until their RSCCD Total GPA is at or above a 2.0.

Students who have three consecutive semesters with a RSCCD Total GPA of 2.0 at the end of the fall semester are “subject to dismissal” and a hold is placed on their student record. Since the student has already registered for the spring semester, they are given a grace period to improve their course completion rate. If the percentage of completed coursework remains below 50% at the end of the spring semester, they will be dismissed and will not be able to register for classes at SCC or SAC for one full semester. When the student returns after “sitting out” one semester, the student will return on progress probation and will continue to lose registration priority.

Important Note: Registration priority shall be lost at the first registration opportunity after a student is placed on academic or progress probation or any combination thereof for two consecutive terms.

Attendance and Drops

Drop for Non-payment Policy: Enrollment fees must be paid in full within 3 days of registration (including weekends and holidays) or all classes may be dropped and released to other students. The day you register is counted as day 1 of the 3 days.

Students are expected to attend all sessions of the classes in which they are enrolled. Students should report absences due to illness to the instructor prior to missing class.

A student may be dropped for not attending the first class meeting or for excessive absences when the total hours of absence exceed 10% of the total scheduled hours of the class.

Under extenuating circumstances, a student may be reinstated by the instructor. A student may also be dropped by the instructor when not appearing at the first class meeting.

It is the student’s responsibility to withdraw officially from a course. Students are responsible for any and all charges incurred resulting from a failure to withdraw from classes within the refund period.

GI Bill® and VR&E Beneficiaries (Chapter 33 and Chapter 31 beneficiaries)

The Veterans Benefits and Transition Act of 2018 (Public Law 115-407) allows students that will be utilizing Ch. 33 or Ch. 31 VA benefits to attend a course of education or training for up to 90 days from the date the beneficiary provides a certificate of eligibility (COE), or valid VAF 28-1905 form. Students must submit all required certification request forms directly to the Veterans Service Office (VSO) for processing. Submission of forms will allow students to attend the course until the VA provides payment to the institution without penalty or requiring to borrow additional funds to cover mandatory tuition and fees due to late payments from the VA. Any student that does not have 100% entitlement for Ch. 33 VA benefits, will be responsible for
any remaining balance after the VA submits payments directly to the school. For further information, please contact the VSO directly.

Online Drop Policy: Students are expected to complete regular and substantive coursework in online classes. In distance education context, coursework will be used to determine student attendance. Simply logging into an online class is not sufficient to demonstrate academic attendance by the student. Examples of coursework for online classes might include, but are not limited to, class discussions, completed assignments, completed quizzes or exams, group work, etc. Students who fail to submit substantive coursework by the due date may be dropped from the class. Completing an assignment on the first day of the class may also be required in order to avoid being dropped from the class. Please refer to the class syllabus and the class section information, found in the class schedule, for the specific attendance (regular and substantive coursework) requirements.

Auditing
Santiago Canyon College does not permit auditing of classes.

Basic Skills Course Limit
Students are limited to 30 units of basic skills coursework. Basic skills courses include nondegree, basic skill classes in Mathematics, English, English as a Second Language (ESL), and Reading. Students who reach 30 units of remedial coursework are prevented from further registration. The student must complete a petition form and meet with a counselor who advises the student on a comprehensive student education plan or refers the student to continuing education. A waiver is required beyond 30 units. Students must show a "C" or better or a 2.0 GPA in basic skills courses to qualify for a waiver. Waiver forms are available in the Admissions and Records Office and the Counseling Office.

Career Advanced Placement (CAP)
The steps listed below allow high school students to use college credit coursework to meet high school graduation requirements.

1. Download at www.sccollege.edu a Career Advanced Placement form and obtain approval from your high school to enroll at Santiago Canyon College. Only approved signatures from your high school will be accepted. Signatures that do not match what Santiago Canyon College has on file will not be accepted. For a list of approved signatures from your high school, please contact Admissions and Records Office.

2. All college class prerequisites must be met.

3. Math, English, or Chemistry placement testing is no longer required. High school performance and/or Guided Self-Placement will be used to provide the student with course recommendations.

4. Any student who is not yet 15 years of age or below 9th grade must have approval from the Santiago Canyon College Division Dean.

5. Any CAP student below the 9th grade as well as any CAP student who registers as a full-time student will be charged the regular community college enrollment fees.

6. Santiago Canyon College will charge enrollment fees to nonresidents who hold an F1/F2 visa. F1/F2 students are not exempted from enrollment fees.

7. CAP students by law do not have priority registration.

Career Technical Education (CTE) Transitions
CTE Transitions is funded through the Carl D. Perkins Career and Technical Education Improvement Act of 2006 (Perkins IV) and it provides students an opportunity to earn college credit in an identified career pathway while still in high school. CTE Transitions focuses on helping Career Technical Education students’ transition from high school to community college and on to the world of work. There is no cost to students participating in the CTE Transitions program. For more information on which courses articulate with the local Central Orange County Career Technical Education Partnership (CTEp), please contact the CTE Transitions Coordinator at 714-628-4889, or visit www.sccollege.edu/transitions.

Classification of Students
Career Advanced Placement - one who is concurrently enrolled in high school.

Freshman - one who has completed 0-29 units.

Sophomore - one who has completed 30 or more units.

Graduate - one who has received an associate degree.

Course Repeatability and Repetition
State regulations (Title 5, sections 55040-55045) restrict the number of times a student may enroll in a course within a community college district. The number of times a student may enroll in a course is based on whether the course is designated “repeatable” or “non-repeatable.” Any student registering to repeat a course not identified as repeatable or repeating a course more often than permitted may be dropped from the course.

Courses may be repeated only under the following circumstances:

Substandard Work for Non-Repeatable Courses: A student has up to three enrollments in the same course (SCC and SAC combined) to receive a satisfactory grade. After three enrollments, the student can no longer register for the course within this college district. After two enrollments, the student loses the ability to register for the class online. A repeat form must be completed in Admissions and reviewed by an Admissions Office administrator. The last grade earned will count in the GPA calculation. Courses repeated under the provisions of this section will be indicated as repeated on the permanent academic record of the student. A student may not repeat a course to change a grade of C or above.

Significant Lapse of Time: Students may re-enroll in a course where the student has received a satisfactory grade of “C” (or Pass) or better in their last enrollment and there has been a significant lapse of time since completion of the course. California Code of Regulations defines a “significant lapse of time” as three (3) calendar years and an institution of higher education to which the student wishes to transfer has established a recency requirement that the student cannot satisfy without repeating the course (Title 5, §55043). Students must submit a petition to the Admissions and Records office to re-enroll in the course. Grades awarded for courses repeated under this provision shall replace the original grade. Only one repetition may be used for significant lapse of time (W grade counts towards repetition).

Repeatable Courses: Repeatable Courses: As of January 2013, only three types of courses are repeatable under state regulations:

1. Courses for which additional enrollments are necessary to meet the major requirements of California State University or University of California for completion of a bachelor’s degree. Such courses may allow for additional enrollments to allow the student to meet the lower division component of these major requirements. The number of maximum enrollments may not exceed four and might be fewer if the transfer institution requires fewer than four enrollments or if the course is related in content to other courses offered at the college.
2) Intercolligate athletics. These courses include those in which student athletes are enrolled to participate in an organized competitive sport sponsored by the district or a conditioning course which supports the organized competitive sport. Student athletes are limited to no more than 350 contact hours within a fiscal year (July 1-June 30); they are permitted a maximum of 175 hours in courses dedicated to the sport and 175 hours in courses focusing on skill development and conditioning.

3) Intercolligate academic or vocational competition. Such courses must be designed specifically for students to participate in non-athletic competitive events, the competitions must be between students from different colleges, the competition must be sanctioned by a formal collegiate or industry governing body, and participation in the event must be directly related to the course content. Students enrolled in these courses are required to participate in the academic or vocational competition.

Repeatable courses are identified in the catalog's course descriptions. A student may not re-enroll in a course to replace a grade of a course identified as repeatable in the college catalog. All grades earned within the repeatability sequence will count as completed courses regardless of grade earned.

Legally Mandated Training: Students may re-enroll in a course if the repetition is a requirement for continued paid or volunteer employment. Students must complete a petition and submit appropriate documentation to the Admissions and Records Office as evidence that a student is legally mandated to re-enroll in the course. All grades issued under this provision will count towards the students GPA.

Significant Change in Industry or Licensure Standards: Students may be permitted to repeat a previously completed course if there has been a significant change in industry or licensure standards since the student last took the course such that the student could not obtain or maintain his or her employment or license without retaking the course and the student is required to repeat the course for employment or licensure. Students must complete a petition and submit appropriate documentation to the Admissions and Records Office.

Active Participatory Courses: Active participatory courses in physical education, visual arts, or performing arts (including but not limited to Art, Dance, Kinesiology, Music, and Theatre) that are related in content to one or more other courses have additional restriction on repeatability and repetition. Course are defined as being related in content when they have “similar primary educational activities in which skill levels or variations are separated into distinct courses with different student learning outcomes for each level or variation.” Students are limited to four semester enrollments in courses that are related in content; this limitation applies even if an active participatory course is designated as repeatable. Students may repeat active participatory courses in which a substandard grade or W was received, however all enrollments count toward the four enrollment maximum.

Honors Courses: A student who has completed a Santiago Canyon College Honors course and who has received a substandard grade may re-enroll in the course without the Honors notation attached to the course number. If a student participating in the Santiago Canyon College Honors program chooses to re-enroll in the non-Honors version of the course, there will be consequences relating to participation in the Honors program. Please refer to the Honors Program and Honors Courses section of the catalog.

Computer and Network Use

The Rancho Santiago Community College District owns and operates a variety of information resources, including hardware, software, and internet access. These information resources are provided solely for the use of RSCCD students, faculty, and staff (and employees rather than faculty/staff) in support of the education, research, academic development, and public service programs of RSCCD.

RSCCD information resources provide access to information content and communication worldwide. Access to, and use of, these information resources is a privilege, which is to be used responsibly. RSCCD information resources users must respect the rights of other users, respect the integrity of the information resources, and observe all relevant RSCCD Board Policies, Administrative Regulations, and federal, state, and local laws. All students, faculty, and staff are responsible for seeing that these RSCCD information resources are used in an appropriate, effective, efficient, ethical, and lawful manner, including but not limited to the illegal downloading and/or unauthorized distribution of copyrighted material, including peer-to-peer file sharing. Violations of Federal copyright laws may subject the violator to civil and criminal penalties as well as disciplinary action.

Administrative regulations establish rules and prohibitions that define acceptable use of RSCCD resources. Unacceptable use is prohibited and is grounds for loss of use of information resources, as well as discipline or legal actions as provided for under RSCCD Board Policy and federal, state, and local laws.

Credit By Examination

Eligible Courses

Arts, Humanities & Social Sciences: None
Counseling & Student Support Services: None
Mathematics & Sciences: Mathematics 080, 086, 140, 160, 170, 180, 219; Physics 150AC, 150BC

1. Applications for credit by examination may be obtained in the Admissions and Records Office at Santiago Canyon College. The student will be advised whether a testing fee is to be charged and where it should be paid. Applicants must be currently enrolled at Santiago Canyon College and be in good standing.

Fee charged for Credit by Examination is enrollment fee + number of units. Financial Aid cannot be used for Credit by Examination. Fee must be paid before exam takes place.

2. A student must not enroll in a course which is to be challenged. In the event a student decides to challenge a course in which he or she is already enrolled, he or she must withdraw from that course prior to the end of the second week of instruction.

3. Credit may be earned only for courses that are: 1) currently listed in the Santiago Canyon College catalog, and 2) specifically listed as eligible for credit by examination. A student may attempt credit by examination only once in a particular course.

4. Students should be aware that some divisions offer credit by examination only on specific dates; therefore, students should obtain examination schedules from the appropriate offices as early as possible.

5. The dean, in consultation with the department involved, will determine whether a departmental or standardized examination is to be administered and when and where it will be administered. At this same time, the student will be given a course outline and any other pertinent information detailing subject matter requirements of the course being challenged.

6. Students may apply for credit by examination in sequential courses, but may take examinations for the courses having prerequisites in the sequence only if credit has been earned by examination or coursework in the earlier course(s) of the sequence.
7. Grading of the examination is on a Pass/No Pass basis. Pass represents a grade of "C" or better and will be shown on the transcript as "credit by examination". Grades less than "C" will be reported to the Admissions and Records Office but not recorded on the transcript. "Pass" grades will be computed as units earned but will not be counted in the grade point average.

8. The examiner shall transmit examination results to the Santiago Canyon College division office. The division dean will review the examination results and will transmit this information to the Admissions and Records Office.

9. Units for which P is given in this category will not be counted in determining the 12 semester hours of credit in residence required for a certificate or an associate degree.

10. A student cannot take Credit by Examination to improve a substandard grade.

**Drug Free Environment and Drug Prevention Program**

The district shall be free from all drugs and from the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees. The unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in all facilities under the control and use of the district. Any student or employee who violates this policy will be subject to disciplinary action, which may include referral to an appropriate rehabilitation program, the Employee Assistance Program, suspension, demotion, expulsion or dismissal.

The RSCCD Chancellor shall assure that the district distributes information annually to students and employees as required by the Drug-Free Schools and Communities Act Amendments of 1989 and in compliance with other requirements of the Act. Please refer to Board Policy (BP 3550) for specific information or contact the Student Health and Wellness Services at 714-628-4773.

**Email**

During the application process, students at Santiago Canyon College will provide an email account. This email address may be updated in WebAdvisor as desired by the student. The College will email students to share college information and as a means of communication regarding college business.

**Enrollment Priority**

The State of California has adopted a law under Title 5 Regulation 58108, establishing enrollment priorities for students attending California Community Colleges. Districts shall provide highest and equal priority to students eligible for registration priority who are:

1. A member of the armed forces or a veteran pursuant to Education Code section 66025.8,
2. A foster youth or former foster youth pursuant to Education Code section 66025.9,
3. Determined to be eligible for Disabled Student Program and Services as set forth in Education Code section 66025.91,
4. Receiving services through the Extended Opportunity Programs and Services as set forth in Education Code section 66025.91, or
5. Receiving aid from the California Work Opportunity and Responsibility to Kids Program as set forth in Education Code section 66025.92

Registration times will be assigned each term to students in the following order:

1. Title 5 mandated groups (see above).
2. Continuing students by units completed at R.S.C.C.D.
3. New/returning students.
4. Loss of Priority students and those who have completed 100 or more degree-applicable units at R.S.C.C.D.

Check online for enrollment priority dates.

**Loss of Enrollment Priority**

Continuing students at Santiago Canyon College will lose their enrollment priority for the following reasons:

1) Student has attempted 12 units and their RSCCD cumulative GPA has fallen below 2.0 for two consecutive semesters and is on academic probation.

2) Student has attempted 12 units and the percentage of all coursework at SCC/SAC has an entry of "W", "I", "NP", and "NC" which reaches or exceeds fifty percent (50%). § 59031.

3) Student has earned 100 or more degree applicable units from Santiago Canyon and Santa Ana Colleges.

Students who have SCC as their home campus can submit a petition for appeal to the Admissions and Records Office at SCC. Students who are not in good academic standing can appeal for one of the following reasons: 1) there were extenuating circumstances (verified cases of accident, illness) and can provide documentation; 2) the student can demonstrate SIGNIFICANT academic improvement in a subsequent term. Students who have earned 100 or more degree applicable units can appeal if they have declared a high-unit major and are currently working toward a degree. Forms for these appeals can be obtained in Admissions and Records Office or downloaded from the college website.

**Experimental Courses**

The college may offer Experimental courses, N98 (non-degree applicable), 098 (non-transfer), or N98 (transfer) under any discipline listed in the announcement of courses. Experimental courses are specialized courses on topics related to the immediate and changing needs of students. A student who received a satisfactory grade in an Experimental course may not re-enroll in a course with the same discipline name and number, even though the topics may be different.

**Family Education Rights and Privacy Act (FERPA)**

As required under the provisions of the Family Education Rights and Privacy Act of 1974, Santiago Canyon College will make public without student consent only certain directory information. This consists of the following: a student's name; city of residence; major field; participation in officially recognized activities and sports; weight, height and age if a member of an athletic team; dates of attendance; degree and awards received; and the most recent previous educational institution or agency attended by the student.

A student initially agrees or denies a FERPA release at the point of application. However, a student may come to Admissions and Records Office at any time to opt out of the FERPA disclosure or agree to the release of directory information. Admissions Forms: “FERPA Consent to Release” or “FERPA Consent NOT to Release” directory information.

**FERPA Family Education Rights and Privacy Notification**

The Family Education Rights and Privacy Act of 1974 provides colleges the right to consent to disclose personally identifiable information contained in the student's education records to third party vendors who are identified as School Officials and who have legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.
A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including district safety personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees or a member of an official college committee.

Santiago Canyon College contracts with the following School Officials:

- Auditors (Vicenti-Lloyd-Stutzman)
- Barbering/Cosmetology
- Unilateral Training Committee
- California/Nevada Training Trust
- CCCApply (Unicom)
- Credentials (Online transcript request)
- Ellucian Colleague
- ECS Imaging (optical imaging)
- Electrical Training Trust
- Image Now (optical imaging)
- Medpro and Quest (Health Center)
- Metropolitan Water District of Southern California
- National Student Clearinghouse
- Operating Engineers Training Trust
- SARS (Counseling center)
- Southern California Surveyors
- Southwest Carpenters Training Fund
- Xerox

Free Expression

Santiago Canyon College supports liberal policies regarding free speech for individual students, college staff, nonofficial college groups, and visiting speakers. Please refer to Board Policy (BP 3900) for specific information.

Grades and GPA

Grades are based upon the quality of work completed, that is, upon actual accomplishment in courses offered for credit. Credit by Examination, Class In Progress (CIP), Incomplete (I), Pass/No Pass (P or NP), Report Delayed (RD), and Withdrawals (W, EW, or MW) are not figured into Grade Point Average (GPA). The grade point average is computed by dividing all other units attempted into all grade points received. The meaning of each Grade and its value in Grade Points is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A - Excellent</td>
<td>4 per unit earned</td>
</tr>
<tr>
<td>B - Good</td>
<td>3 per unit earned</td>
</tr>
<tr>
<td>C - Satisfactory</td>
<td>2 per unit earned</td>
</tr>
<tr>
<td>*D - Passing, Less than satisfactory</td>
<td>1 per unit earned</td>
</tr>
<tr>
<td>*F - Failing</td>
<td>0 per unit attempted</td>
</tr>
<tr>
<td>P - Pass</td>
<td>0 per unit earned</td>
</tr>
<tr>
<td>NP - No Pass</td>
<td>0 per unit attempted</td>
</tr>
<tr>
<td>W - Withdrawal</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>EW - Excused Withdrawal</td>
<td>0 (no units earned)</td>
</tr>
<tr>
<td>MW - Military Withdrawal</td>
<td>0 (no units earned)</td>
</tr>
</tbody>
</table>

UF - Unauthorized Withdrawal 0 (no units earned)
WF - Withdrawal, Failing 0 (no units earned)
I - Incomplete 0 (no units earned)
CIP - Class In progress 0 (no units earned)
RD - Report delayed 0 (no units earned)

*Does not satisfy prerequisite requirements.

Incomplete Work

When a student has attended regularly but because of illness or other unavoidable circumstances is unable to complete coursework or take the final examination, a grade of “I” may be assigned. If an “I” is issued, the instructor completes the Incomplete Grade Form which includes the condition(s) for removal of the “I” grade and the grade to be assigned if the condition(s) are not completed. A student may not re-register in the same course in which an Incomplete grade is pending. The work thus missed must be made up no later than one year following the end of the term in which it was assigned.

A final grade will be assigned when the work stipulated has been completed and evaluated according to the conditions set forth by the instructor or when the time limit for completing the work has passed. If condition(s) are not met after one year, the incomplete grade will be changed to an “F” grade or the grade specified by the instructor on the Incomplete Grade Form.

Pass/No Pass

Pass/No Pass encourages students to explore academic areas outside a major field.

1. Courses in the student’s major field may not be taken under the Pass/No Pass policy except for major courses for an Associate Degrees for Transfer (ADT), courses for which Pass/No Pass is the only grading option, and units earned through Credit by Examination (CBE) or assessment.

2. Every university has a limitation on the number of courses/units that can be taken for Pass/No Pass and applied to graduation and may require General Education taken Pass/No Pass to be retaken for a letter grade. Universities sometimes prefer that students have letter grades in English, mathematics, speech, and critical thinking courses. Courses that meet major requirements at a university (other than major requirements for ADTs) typically must be taken for a letter grade. Also, Pass/No Pass grades could have a negative effect on scholarships and international students. In addition, students who plan to pursue graduate or professional studies later are advised to be selective in opting for courses on a Pass/No Pass basis.

If the student is unclear about requirements, it is best to consult with a counselor before using the Pass/No Pass option.

3. Except as in item number one above, a maximum of 6 Pass/No Pass units may be carried during any one semester.

4. A maximum of 14 Pass/No Pass units is allowed for any degree program. This does not include units taken under credit by examination or assessment, or units earned in courses for which Pass/No Pass is the only grading option.

5. Pass/No Pass petitions are available at the Admissions and Records Office. The Pass/No Pass petition must be signed by a counselor and be submitted between the first and fifth week of the fall and spring terms or thirty percent (30%) of the class meeting dates, whichever is less. Pass/No Pass status cannot be changed back to a letter grade.

6. Pass indicates a “C” or better.

Grade Grievances

Procedures for Student Grievances Regarding Grades

Education Code 76224 states:

(a) When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.

(b) A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including district safety personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees or a member of an official college committee.

1. Students may request a grade change no later than one year following the awarding of the original grade.

2. Student shall meet with the instructor to discuss the grade.

3. If the issue is not resolved and the student believes that the grade is based on mistake, fraud, bad faith, or incompetency (EC 76224), he/she may appeal in writing to the Division Dean.

Forms for the written appeal may be found in Division offices or by searching the Santiago Canyon College website.

4. The student may be requested to set up an appointment with the Division Dean to discuss the written grievance.

5. The Division Dean will review the allegations and consult with the instructor.

6. The Division Dean will review the issue and will notify the student and instructor in writing of his/her decision.

7. The decision of the Division Dean is final.
Grade Notification

Grades are available on WebAdvisor upon grade submission by the instructor. Log into WebAdvisor and select grades under Academic Profile.

Discrimination Complaints

Rancho Santiago Community College District does not discriminate on the basis of national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

Students may file a discrimination complaint when they believe they have been deprived of a right granted to students by the Board of Trustees in any of the policies or regulations of the Rancho Santiago Community College District. The purpose of these complaint procedures is to resolve differences as fairly and expeditiously as possible while preserving the right of students and staff members. Students should contact the Vice Chancellor, Human Resources if they want to file a discrimination complaint or discuss their concerns of alleged discrimination. The procedures for filing and investigation of a discrimination complaint can be found at: rscdd.edu/Trustees/Pages/policies-and-regulations.aspx#chapter1

Students can either file a discrimination complaint with the Vice Chancellor, Human Resources who can be contacted at

2323 N Broadway, Suite 407-2, Santa Ana, CA 92706
Telephone Number 714-480-7489

Alternatively, the student can file a formal complaint with the State Chancellor's Office Web site at extranet.cccco.edu/Divisions/Legal/Discrimination

General Grievances

Most complaint or grievance matters should be resolved at the department/division dean level. If a complaint does not fall into one of the previously mentioned, please see the dean that supervises the department.

Procedure

1. Students shall first confer with the person who took the action or made the ruling to which they object no later than ten (10) days following the event which prompted the grievance.
   a. The Associate Dean of Student Development will assist the student in arranging an appointment between the student and staff member.

2. If the difference is not satisfactorily resolved, the student shall confer with the person's supervisor.
   a. The Associate Dean of Student Development will assist the student in arranging an appointment between the student and the staff member's supervisor.

3. If the grievance is still unresolved, the student may file a written statement setting forth the nature of the grievance on the prescribed form with the Vice President of Student Services, no later than ten (10) days after conferring with the person's supervisor.

4. The grievance form shall be completed in full and shall include a full description of the grievance, times, dates and pertinent facts and the remedy sought by the student.
   a. A Student Grievance Staff Response form will be sent to both the student and staff member for completion.

5. The Vice President of Student Services shall select a Student Grievance Panel. The administrator involved then shall forward the completed forms to the panel chair for review and recommendation. The panel shall have the power to make an appropriate investigation of the grievance and shall state the findings and make a recommendation.

6. If the grievance is sustained by the panel, it will recommend appropriate action for relief of the grievance and communicate this in writing to the person(s) to whom the grievance was directed. If the findings of the panel do not sustain the grievance, the panel shall communicate this finding in writing to the student who filed the grievance. The ruling of the Student Grievance Panel is final.

Student Grievance Panel Structure

- one non-voting chair (except in situations of a tie vote)
- one student representative
- one classified representative
- one faculty representative
- one administrative representative

Other Possibilities for Complaints/Grievances

Information on student grievance procedures is available at Santiago Canyon College. Grievances should be filed with the Associate Dean of Student Development, in room A-201. Complaint and/or grievance issues that are not resolved at the campus level may be presented to the agencies provided below.

- If your complaint is associated with the institution’s compliance with academic program quality and accrediting standards, contact the Accrediting Commission for Community and Junior Colleges (ACCJC) at www.accjc.org/complaint-process

- If your complaint does not concern California Community College’s (CCC) compliance with academic program quality and accrediting standards, complete the CCC Chancellor’s Office Web form at www.californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx

- If your complaint involves unlawful discrimination, contact the Chancellor’s Office Web site at www.cccco.edu/ChancellorsOffice/Divisions/Legal/Discrimination/tabid/294/Default.aspx

Independent Study

Independent study allows students to pursue projects under faculty advisement and supervision. The projects may be directed field experience, research, or development of skills and competencies. Transfer credit is indicated as Independent Study 199.

Independent study projects are normally for one unit of credit and require a minimum of 48 hours of directed work per unit of credit. Within the 48-hour minimum the instructor meets with each student on a weekly basis for at least one hour or a minimum of 16 hours for each one-unit project. The proposed project must be approved by the supervising instructor and the dean, with notification to the Vice President of Academic Affairs. Independent study is offered on a Pass/No Pass basis.

Independent study projects are normally undertaken in the department or division of the student’s academic major. Exceptions to this rule must be approved by both the division dean of the student’s academic major and the
division dean to whom the student is applying for exception.

To be eligible for independent study, a student must be concurrently enrolled in at least one other class at either Santiago Canyon College or Santa Ana College and must show evidence of competence in the academic major and in the area of proposed independent study.

Lost and Found
In the event of losing an item on campus, please contact Safety and Security either in person in U-90 or by telephone at 714-628-4730. An officer will review the lost and found register to see if your item has been found. If so, you may claim your item with approved identification. In the event the item has not been found, the officer will record a description of the item and your contact information in order to contact you if the item is found. All lost items will be stored until the fourth week of the following semester. Any unclaimed items will be donated to a local thrift store.

Open Enrollment
The policy of the Rancho Santiago Community College District and Santiago Canyon College is that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the college, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to section 55003 of division 6 of title 5 of the California Code of Regulations.

Parking
Campus Parking Information
RSCCD requires parking permits for student and staff lots at Santiago Canyon College during the fall and spring semesters and summer session. Parking permits are not required during intersession. Parking permits must be displayed on the first day of the semester/session. There is no grace period. Students are strongly encouraged to purchase their parking permits via the online WebAdvisor system when they register for classes. Parking permits may also be purchased using the link on the Safety & Security website. Day permits may be purchased through dispensers located in parking lots 1, 2, 3, 4, 5, 6 and 7. The purchase of your permit helps fund parking services and vehicle security when parked on campus.

Disabled Student Parking
Several areas on campus are designated for accessible parking. Vehicles in these areas are NOT required to display a current SCC parking permit or daily permit, but must display a state-issued disability parking placard or license plate. Temporary SCC parking permits may be granted by contacting Disabled Students Programs and Services (DSPS) or Administrative Services while students await a state-issued placard. Verification of disability will be required and temporary permits can only be used in the parking stalls indicated on permit.

Citation Information
Vehicles that do not display either a current parking permit or a daily parking permit will be issued a citation. Other citations will be issued if students park their vehicles in reserved parking, staff parking or visitor parking. Disabled parking spaces are strictly enforced with citations of $350 being issued to vehicles that violate the regulations. More information on parking citations and enforcement can be found on the SCC website at www.sccollege.edu/parking. A listing of all campus parking and traffic regulations can be found at www.sccollege.edu/Departments/Security/Pages/parking-regulations.aspx.

Refund of Parking Fee
Students who withdraw from full-semester classes through the first two weeks of instruction may request a refund of their parking permit.

Students must return the parking permit in its original condition to receive a refund. No refund will be allowed after the second week of instruction. No refund will be allowed if the parking permit is lost or stolen. Receipts must be presented.

Students who lose or have their parking permit stolen must purchase a new permit at full price.

Parking Lot Disclaimer
Rancho Santiago Community College District is not responsible for damages to, loss of, or thefts from vehicles parked on campus, except as defined under the applicable Government Codes of California, including [810-966.6].

Photography
Santiago Canyon College, a non-profit California Community College, reserves the right to use photography and video images of students and visitors, age 18 and older, taken on our property and at college-sponsored events for marketing and promotional purposes. Objection to the use of an individual’s photography may be made in writing to Public Affairs and Publications, RSCCD District Office, 2323 N. Broadway, Suite 408, Santa Ana, CA 92706.

Prerequisites, Corequisites and Recommended Preparation
Santiago Canyon College has adopted a policy on course prerequisites, corequisites, and advisories in order to provide for the establishing, reviewing, and challenging of prerequisites, corequisites, recommended preparation, and certain limitations on enrollment in a manner consistent with law and good practice. The policy, which is specified for implementation as an administrative regulation, is established pursuant to regulations contained in section 55003 of Chapter 6 of Title 5 of California Code of Regulations. The RSCCD Board of Trustees recognizes that if these prerequisites, corequisites and limitations are established unnecessarily or inappropriately they constitute unjustifiable obstacles to student access and success and, therefore, the board adopts this policy which calls for caution and careful scrutiny in establishing them. Nonetheless, the board also recognizes that it is as important to have prerequisites in place where they are a vital factor in maintaining academic standards and in assuring the health and safety of students as it is to avoid establishing prerequisites where they are not needed. For these reasons, the board has sought to establish a policy that fosters the appropriate balance between these two concerns.

Important Definitions
It is very important to understand the definitions of the terms Prerequisites, Corequisites and Recommended Preparation. Note that prerequisites and corequisites may be challenged. See Prerequisite Challenge Policy, for more information.

Prerequisite indicates a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite. All prerequisite courses must be completed with a letter grade of “C” or better.

Corequisite indicates a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.
Recommended Preparation indicates that while a course is not required prior to enrollment, it is highly advised in order to strengthen the likelihood of success in subsequent courses.

Prerequisite Policy

Prerequisite means the preparation or previous course work considered necessary for success in the course. The College requires students to complete prerequisites as pre-enrollment preparation. Prerequisites which are listed in the College Catalog include:

1) Courses for which specific prerequisites have been established,
2) Sequential course work in a degree-applicable program, and
3) Courses in which an equivalent prerequisite exists at a four-year transfer college or university.

Questions about prerequisites are best resolved with a counselor or instructor prior to the first day of class.

Prerequisite Challenge Process

A prerequisite challenge requires written documentation, explanation of alternative course work, and/or background or abilities which adequately prepare the student for the course. A Prerequisite Challenge Form can be obtained from the appropriate instructional office. Prerequisites may be challenged for one or more of the following reasons:

1) The college has not developed the prerequisite according to its established procedures or has not developed the prerequisite in accord with existing statutes.
2) The prerequisite is discriminatory or is being applied in a discriminatory fashion.
3) The college has not made the prerequisite course reasonably available.
4) The student has documented knowledge and abilities equivalent to those specified in the prerequisite course.

The challenge will be reviewed by a committee consisting of the dean, or designee, department chair, or designee, and one department or division representative or designee.

If space is available in a course when a student files a challenge to the prerequisite or corequisite, the district shall reserve a seat for the student and resolve the challenge in a timely manner. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

NOTE: Students who are challenging a course which is a requirement for a degree or certificate may wish to use the Credit by Examination process to receive credit for the challenged course.

Specific regulations and procedures relating to course prerequisites, corequisites, and advisories are on file in the office of the Vice President of Academic Affairs at Santiago Canyon College.

Student Right to Appeal

A student has the right to appeal an exception to a current Santiago Canyon College academic policy, including academic probation and progress probation, to be made on their behalf. The student must complete and submit a petition. Petitions are obtained and submitted to the Admissions Office. Students must provide valid justification and documentation to support their request. The Exceptions to Academic Regulations Committee will review and make decisions on all requests. Students will be informed of the outcome in a timely manner. Petitions are obtained and submitted to the Admissions Office.

Publicity

All announcements, publicity and advertisements posted on college facilities must be approved by the Administrative Services Office in A-204.

Sequential Courses

Courses arranged in order of a sequence (i.e. beginning, intermediate and advanced) must be taken chronologically. Students may not enroll in a lower level course after passing a higher level version of the same course. (e.g. enrolling in Basic Aerobics after passing Intermediate Aerobics).

Sexual Assault and Other Assaults on Campus (Title IX)

Any sexual assault or physical abuse, including, but not limited to, rape, as defined by California law, whether committed by an employee, student, or member of the public, that occurs on district property, is a violation of district policies and procedures, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures. Students, faculty, and staff who may be victims of sexual and other assaults shall be treated with dignity and provided comprehensive assistance. The Chancellor shall establish administrative procedures that ensure that students, faculty, and staff who are victims of sexual and other assaults receive appropriate information and treatment, and that educational information about preventing sexual violence is provided and publicized as required by law.

The procedures shall meet the criteria contained in EC 67385 and 67385.7 and 34 C.F.R. § 668.46. See Administrative Regulation (AR 3540).

Students who have been the victim of sexual violence should contact SCC Campus Safety and Security at 714-628-4730.

Students can receive care, confidential psychological counseling, and assistance through SCC Student Health and Wellness Services located in T-102, or contact the office by telephone at 714-628-4773.

Additional information and resources can be found at www.rscccd.edu/Departments/Risk-Management/TitleIX/Pages/default.aspx

Sexual Harassment Complaints (Title IX)

Board Policy 3430 (BP3430) Prohibition of Harassment prohibits all forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence. Sexual violence includes dating violence, domestic violence and stalking. The District shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics.

The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Students can file a Title IX complaints, which includes harassment or sexual violence with the Vice Chancellor, Human Resources who can be contacted at 2233 N Broadway, Suite 407-2, Santa Ana, CA 92706 Telephone Number 714-480-7489
The procedures for filing and investigation of a discrimination complaint can be found at: www.rscdd.edu/Trustees/Pages/AR-3435.aspx

The District also strictly prohibits retaliation against any individual for filing a complaint of harassment or sexual violence or for participating in such an investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student or employee who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AP 3435. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

This policy applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

To this end the Chancellor shall ensure that the institution undertakes education and training activities to counter discrimination and to prevent, minimize and/or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.

The Chancellor shall establish procedures that define harassment on campus. The Chancellor shall further establish procedures for employees, students, and other members of the campus community that provide for the investigation and resolution of complaints regarding harassment and discrimination, and procedures for students to resolve complaints of harassment and discrimination. All participants are protected from retaliatory acts by the District, its employees, students, and agents.

This policy and related written procedures (including the procedure for making complaints) shall be widely published and publicized to administrators, faculty, staff, and students, particularly when they are new to the institution. They shall be available for students and employees in all administrative offices.

Employees who violate the policy and procedures may be subject to disciplinary action up to and including termination. Students who violate this policy and related procedures may be subject to disciplinary measures up to and including expulsion.

Smoking and Tobacco Use
Smoking is prohibited in all campus areas including all District owned, rented or leased properties and vehicles, except in designated parking lot areas and within 20 feet of entrances, exits, and operable windows.

Smoking is defined as the use of products containing tobacco and/or nicotine, including but not limited to smokeless tobacco, clove cigarettes, or any other smoking products, and any and all electronic or “e-cigarettes”, which are unapproved nicotine delivery devices, unregulated by the FDA.

Public performances in which smoking is an integral and necessary part of the production are excluded from these regulations.

These regulations apply to employees, students, visitors and all other persons who use District owned or rented/leased facilities and vehicles. Failure to comply with these regulations may result in disciplinary action.

It is the responsibility of every District employee to comply with these regulations and report violations to District Safety.

These regulations do not supersede more restrictive policies which may be in force under State and Federal regulations.

Standards of Student Conduct
Guidelines for Student Conduct are set forth in the California Education Code, California Administrative Code, Title 5, policies of the Board of Trustees, and all civil and criminal codes. Students enrolling in district educational programs assume an obligation to obey state law and district rules and regulations governing the conduct of students.

Students who enroll in those instructional programs in which the college has affiliation with various outside associations must comply with the college’s policies and procedures and also with the outside associations’ policies and procedures. This includes but is not limited to students enrolled in the programs of Cosmetology, Fire Academies, Criminal Justice Academies and Nursing.

Guidelines for Student Conduct
The following represent violations for disciplinary action, up to but not limited to expulsion, that may be taken:

A. Dishonesty, cheating, plagiarism, lying, or knowingly furnishing false information to the district or college officials performing their duties.

B. Forgery, alteration, or misuse of district documents, records, or identification.

C. Willful misconduct that results in damage to any real or personal property owned by the district or district employees (damage includes, but not limited to vandalism, such as cutting, defacing, breaking, etc.).

D. Obstruction or disruption of pedestrian or vehicular traffic or of teaching, research, administration, or of other district activities on or off District premises. This includes obstruction or disruption of administration, disciplinary procedures or authorized college activities.

E. Assault, battery, or any threat of force or violence upon a student, college personnel, or campus visitor; willful misconduct which results in injury or death to a student, college personnel, or campus visitor. This includes fighting on district property or at a district sponsored event, on or off district premises.

F. Detention of any person on district-owned or controlled property or at district-sponsored or supervised functions or other conduct which threatens or endangers the health or safety of another.

G. Theft of any property of the district which includes property of a member of the district community or a campus visitor.

H. Unauthorized entry into or unauthorized use of district property, supplies, equipment, and/or facilities.

I. Misrepresentation of oneself or of an organization to be an agent of the district.

J. Sexual assault or physical abuse, including rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat or assault, or any conduct that threatens the health and safety of the alleged victim, which includes students, college personnel, or campus visitors.

K. Use, possession, distribution, or being under the influence of alcoholic beverage on district property or at any district sponsored event.

L. Use, possession, distribution, or being under the influence of narcotics, other hallucinogenic drugs or substances, or any poison classified as such by Schedule “D” in Section 4160 of the Business and Professions Code on District property or
M. Expression which is libelous, slanderous, obscene or which incites students so as to create a clear and present danger of commission of unlawful acts on district premises, or violation of district regulations, or the substantial disruption of the orderly operation of the college.

N. Engaging in lewd, indecent, or obscene behavior on district property or at any district-sponsored function.

O. Possession or use while on the district premises, or a district-sponsored function, of any firearm, knife, explosive, or other dangerous object, including but not limited to any facsimile firearm, knife or explosive. Exceptions include those participating in a criminal justice educational program who are authorized such possession or those who are enrolled in a course which authorizes such possession.

P. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, except as permitted by any district policy or administrative regulation.

Q. Engaging in harassing or discriminatory behavior based on race, sex (i.e., gender), religion, age, national origin, disability, sexual orientation or any other status protected by law.

R. Continuous disruptive behavior or willful disobedience, habitual profanity or vulgarity, open and persistent abuse of college personnel, or open and persistent defiance of the authority of college personnel, which includes physical as well as verbal abuse, including the use of racial epithets and hate speech;

S. Disruptive written or verbal communication, vulgarity, open and persistent abuse of other students which include verbal abuse, racial epithets and hate speech. Engaging in intimidating conduct or bullying against another student through words or actions, including direct physical contact; verbal assaults, such as teasing or name-calling; social isolation or manipulation; and cyberbullying.

T. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the Board of Trustees;

U. Violation of the Computer Usage Policy is applicable to students using computer classrooms, computer labs, the wireless network or other locations on and off district property. A violation is considered any of the following:

(a) Accessing with or without permission or causing to be accessed without authorization, altering, damaging, deleting, hacking, destroying, or otherwise using any data, computer, computer system, computer software and programs, or computer network belonging to or used by the college or any member of the District.

(b) Accessing with or without permission, taking, copying, or making use of any data from a computer, computer system, or computer network, or taking or copying any supporting documentation, whether existing or residing internal or external to a computer, computer system, or computer network belonging to or used by the college or District.

(c) Using or causing to be used, computer services without permission.

(d) Disrupting or causing the disruption of computer services or denying or causing the denial of computer services to an authorized user of a computer, computer system, or computer network belonging to or used by the college or District.

(e) Introducing any computer contaminant or virus into any computer, computer system, or computer network belonging to or used by the college or District.

(f) Sending any message using any computer system or network without authorization or sending any message in the name of another person or entity.

(g) Using any account or password without authorization.

(h) Allowing or causing an account number or password to be used by any other person without authorization.

(i) Accessing or causing to be accessed, downloading or causing to be downloaded, pornographic or obscene materials except when accessing such material which is part of the instructional process or assignment for a class in which the student is currently enrolled.

(j) Use of systems or networks for personal commercial purposes.

(k) “Cyberstalking”, which is to be understood as any use of the college or district computer system, computer network, or computer programs to stalk another person via excessive messages or inquiries, inappropriate or threatening messages, racially motivated communications, photos or other means of communication.

V. Any act constituting good cause for suspension or expulsion, or violation of district policies or campus regulations.

Disciplinary Action

Violations to any tenets within the standards of student conduct are subject to the following disciplinary actions: warning, reprimand, probation, restitution, removal, suspension or expulsion. Disciplinary actions may be imposed singly or in combination.

Standards of Conduct for Computer Classrooms and Computer Labs

In accordance with Board Policy (BP 3720) and Administrative Regulation (AR 3720) and to extend the life of hardware, comply with copyright laws, and adhere to appropriate computer network conduct and usage, the following standards of conduct are required of all students using computer classrooms, computer labs, and the wireless network.

Failure to comply with the following standards can result in the suspension of a student’s privileges and possibly other sanctions such as removal from class, suspension, expulsion or other disciplinary actions.

The primary use of computer systems/resources is for academic/educational purposes. The following are NOT allowed:

1. Using the Internet to access sexually explicit and/or pornography websites.

2. Sending and/or receiving any messages that are threatening, racist or inflammatory, abusive towards a specific gender or culture, obscene, or use inappropriate language. threatening, harrassing, defamatory, discriminatory, obscene, inflammatory, or use inappropriate language.

3. Using the network for personal or commercial advertising or political activity.

4. Using computers or the wireless network to play individual games, multiple-user games, or gambling.

5. Using the computers for illegal or malicious purposes.
Specific areas on campus, such as the SCC Library, computer labs, computer classrooms, and science labs may have additional restrictions to those listed above. It is the student’s responsibility to be aware of these additional guidelines.

**Study Load**

In order to meet the graduation requirements in four semesters, students should carry an average of 15 units each semester. Students will ordinarily not be allowed to register for more than 18 units.

When individual circumstances may require additional unit demand, an overload petition in excess of 18 units may be approved for students who have maintained a 3.0 GPA. Approval for such overloads may be secured from the counseling department.

A summer session load should not exceed the equivalent of one unit per week or approximately nine units for an 8-week session. If over 9 units for summer or over 6 units for intersession, an overload petition must be approved using the same criteria as above.

**Transfer Credit**

Santiago Canyon College grants credit for coursework completed at regionally accredited institutions of higher education. Official transcripts are required and must be submitted to the Admissions and Records Office. Official transcripts submitted for evaluation must be printed/dated within the last 6 months. Any coursework marked as “in-progress” will need to have additional transcripts submitted once grades have been posted.

Transfer coursework may be used to meet a major requirement by approval. To seek approval, a Petition to Substitute a Major Requirement must be submitted along with supporting documentation. Petition can be obtained in the Admissions and Records Office or online.

Transfer coursework may also be used to meet CSU or IGETC Certification. If coursework was completed at an institution outside of the California Community College system, it must be approved through the Course Pass Along process (page 44).

Transfer coursework may also be used to meet SCC General Education. Course must be listed in the college catalog, in the same academic year for which the course was taken, at the transfer institution. Upper-division courses may be used so long as it meets the lower-division requirements; however, a student is strongly encouraged to meet with a SCC counselor to discuss unintended consequences.

**Unit of Credit**

Santiago Canyon College is on a semester system and awards college credit in semester units.

One unit of credit (or credit hour) of college credit represents 54 hours of student time in lecture, study, or laboratory work. For a 16-week semester, this is generally three hours of work per week per unit. For example, semester-long lecture classes are generally one-hour per week in class and two-hours per week outside preparation. Semester-long laboratory classes are generally three hours per week in the laboratory with minimal outside preparation.

When converting units from quarter to semester, the ratio is one quarter unit equals two thirds of a semester unit.

**Withdrawal From Class**

Students who cannot continue in a course have an obligation to withdraw officially. Students are encouraged to consult with instructors and academic counselors concerning class withdrawals.

Students may officially withdraw on the web through the last day of the 12th week of instruction (or 75 percent of the class meetings, whichever is less) and receive a transcript symbol of “W”.

All instructor-initiated “EA’s” (excessive absence drops) through the 12th week or 75 percent of class meetings, whichever is less, will be assigned a “W”.

The academic record of a student who remains in a class beyond the time allowed by district policy must reflect a symbol other than a “W”, except under extenuating circumstances.

A student who has a withdrawal (grade of “W”) in the same course two or more times loses the privilege of online registration for that course and must receive the approval of the Associate Dean of Admissions or the Registrar to enroll in the same course.

(See also Course Repeatability and Repetition.)

**Extenuating Circumstances**

**Excused Withdrawal (EW)**

A student may petition for an Excused Withdrawal due to extenuating circumstances (reasons beyond the student’s control). Extenuating circumstances are approved based upon verifiable documentation supporting the request. If approved, the petitioned classes will be designated with an “EW” (Excused Withdrawal) on the transcript. An “EW” will not be counted in progress probation or dismissal calculations nor will it be counted towards the permitted number of withdrawals or counted as an enrollment attempt.

**Military Withdrawal (MW)**

A student who is a member of an active or reserve U.S. military service and has received orders compelling a withdrawal from courses may request a military withdrawal. If approved an “MW” will appear on the transcript for each course. “MW” shall not be counted in the permitted number of withdrawals nor shall it be counted in progress and dismissal calculations.

Students should file the petitions as soon as possible. The petition must be filed no later than one year following the awarding of the original grade.

**Withholding of Student Records**

Students, or former students, who have been provided with written notice that they have failed to pay a proper financial obligation shall have grades, transcripts, diploma, and registration privileges withheld.
Associate Degrees, Associate Degrees for Transfer and Certificates
Santiago Canyon College offers more than 170 majors or areas of emphasis leading to an associate degree or an associate degree for transfer. Additionally, the college offers more than 225 programs leading to a certificate of achievement, certificate of proficiency, certificate of competency, or certificate of completion. See pages 55-158 for specific instructional programs leading to degrees and certificates.

Bookstore
The official Santiago Canyon College Hawk Campus Store offers a comprehensive selection of new, used, digital and rental textbooks, along with course materials, supplies and specialty items. For more information, visit the Hawk Campus Store in A-101, call 714-628-4736 or visit www.sccollege.edu/bookstore.

CalWORKs
The CalWORKs program at Santiago Canyon College provides assistance to students who are receiving cash aid. CalWORKs students are provided specialized counseling and support services to help ensure their achievement of educational goals and career readiness. Services include counseling/case management, vocational training, job services, workshops, and student support services. For more information, call 714-628-4915.

Career Services
Career Services assists currently enrolled students with career decision-making and employment preparation. Services include career and employment preparation workshops, guest lecturers from industry, on-campus job fairs, and numerous career and job search resources. Enrolled students, alumni and employers have access to Santiago Canyon College’s Online Job Board College Central Network at www.collegecentral.com/sccollege. For more information, visit Career Services in D-106 or call 714-628-4805.

College Assistance Migrant Program (CAMP)
The College Assistance Migrant Program (CAMP) is a federally funded program that provides tailored programs and services to students from migrant and farm working backgrounds. The purpose of CAMP is to support students in making the best of their academic, career and educational goals.

After meeting eligibility requirements, CAMP students receive the following programs and services: academic and career counseling, study skills workshops, book vouchers, internships, financial aid application support, laptop borrowing privileges, tutoring, peer mentoring, seminars and workshops for CAMP parents and families, family cultural activities and participation in the CAMP Planning Summer Bridge Program.

To learn more about CAMP contact us at 714-628-5034, come by our office in A-212 or visit our website at www.sccollege.edu/camp.

Child Development Center
Santiago Canyon College operates the Child Development Center, which functions as the lab school for the Child Development and Education Department. The lab school provides practicum experience and hands-on learning to students seeking a career in early care and education of young children or a related field. Additionally, the Child Development Center provides comprehensive quality services to meet students’ childcare needs. Services are available for children that are between two and five years of age. Fees are based on the California Department of Education, Early Education and Support Division’s sliding fee scale, which are based on family income. Students eligible for the CalWORKs program may also be eligible to receive free childcare services. Limited full cost childcare spaces are also available for college faculty, staff, and community members that do not meet the sliding fee scale income criteria. For more information and hours of operation phone 714-628-4890.

Community Services
Community Services is a fee-based program that provides classes to the general public for educational, cultural, social and recreational purposes. Classes are not for credit, usually shorter in duration than credit classes, and do not require lengthy preparation or rigorous testing. Participants can choose from a variety of classes that include Creative Arts, Business and Careers, Computer Training, Dance, Health and Fitness, Language, Financial Management, Music, Real Estate, Special Interest, and Travel Tours. In addition, academic and recreational College for Kids classes are offered each semester.

For more information call the Community Service office at 714-628-4960.

Continuing Education Program
Santiago Canyon College Continuing Education Division provides noncredit courses and programs. Beyond providing the means for an adult to take classes for a high school diploma, Continuing Education delivers pre-collegiate education in the areas of basic academic skills and English as a Second Language, citizenship, and short-term career education programs. It also serves the needs of the disabled and adults with special needs, health and safety, and older adults. A full range of personal, career, and academic counseling services is available to students enrolled in continuing education classes. Classes are located at a number of educational centers throughout the community, to allow accessibility to match varying student needs. Specific information regarding admission and registration policies, services available, and description of the courses offered can be found in the Continuing Education section of this Catalog. For more information, call 714-628-5900.

Cooperative Work Experience Education
The Cooperative Work Experience Education program represents a joint educational venture between the student, the employer, and the college. The purpose of these courses is to provide eligible students with supervised on-the-job training as an integral part of the total college education program. This is accomplished through new learning experiences in an occupational setting. Students may earn up to four units per semester and a maximum total of 16 units in Cooperative Work Experience courses. Students must petition each time they wish to re-enroll. Further information will be found in the academic program of the catalog.

Counseling Services
Counseling services, 714-628-4800, are provided by counseling faculty to assist students with successful completion of academic, career, and personal goals. Counseling services are organized under these major areas:

- Academic Counseling
  Counselors can help students select a program of study in relation to their educational objective to include associate degree, university transfer, and/or certificates, offer assistance in exploring life goals, and assist students with the development of a comprehensive student education plan. A comprehensive student education plan is a road map to help you reach your educational goal. The customized plan will list the required courses that you will need and helps plan out when to take the courses. Your education plan is designed and tailored to your specific needs, interests and goals.

- Career Planning
  Counselors can assist students in the development of their career goals and provide information that will indicate the best preparation for reaching these goals. Students are encouraged to enroll in Counseling 116, a three-unit CSU/
UC transferable Career/Life Planning & Personal Exploration course for optimal exposure to the world of work and career opportunities.

- **Orientation, Advisement, and Follow-Up**
  Through orientation and advisement, counseling faculty assist students with understanding English, reading, and math course placement recommendations as provided through AB705, and how these courses fit into the development of their education plan. Counselors also provide academic progress-probation intervention workshops for students not meeting required academic standards.

- **Personal Counseling**
  Counselors are available to students who need assistance with problems which may be affecting their academic progress. The emphasis is on short-term counseling focused around problem areas or concerns. When appropriate, students may be referred to other campus services for additional assistance.

- **Disabled Students Programs and Services (DSPS)**
  DSPS is the primary provider of instructional support services and academic accommodations to students with verified disabilities attending SCC. Program services are designed to ensure that students have an equal opportunity to participate in, and benefit from, all college programs, services, and activities. Students are responsible for requesting DSPS accommodations as early in the semester as possible or at least two weeks before they are needed. To have accommodations authorized, students must provide DSPS with disability verification and accommodations authorized for students are provided. Additional services include summer success program, book services, priority registration, university transfer assistance, financial aid application assistance, and additional resources as needed.

  EOPS also offers CARE (Cooperative Agencies Resources for Education) to EOPS single parents receiving cash aid. CARE services are in addition to EOPS and may include additional book services, transportation assistance, meal tickets, and additional support activities.

- **Financial Aid Services**
  Financial aid is available to qualified students to help meet the cost of tuition, books, supplies, and other educational materials. Students may also be eligible to have their enrollment fees waived. Financial aid staff are available to answer questions and help students through the financial aid process. Financial Aid staff are available in person in Building E–Room 104, by phone 714-628-4876, or email at finaid@sccollege.edu. For more information and general inquiries, please visit sccollege.edu/financialaid.

- **First Year Support Center**
  The First Year Support Center (FYSC) is dedicated to supporting new and continuing students in their academic and social transition at Santiago Canyon College. The center provides step-by-step assistance with all college forms (i.e., admissions application, financial aid, and CA Dream Act) and provides referrals to instructional and student services to support student success in college. Student Success Workshops leading to a Student Success Certificate are offered as well as academic counseling and tutoring in multiple subject areas. The center is open to all students and there is no program application to receive services.

For more information, visit the FYSC in room E-303, call 714-628-5085, or visit our website at www.sccollege.edu/fysc.

- **Guardian Scholars**
  The SCC Guardian Scholars Program serves ambitious, college-bound students who are current and former foster youth pursing a path within higher education. SCC Guardian Scholars’ mission is to support the well-being and empowerment of students on their educational journeys to earning a Career Technical Certificate, Associate’s Degree, and/or transfer to a university. We strive to provide a support system and network that is vitally needed for foster youth to ensure a positive college life, both inside and outside of the classroom.

Upon meeting eligibility requirements, Guardian Scholars receive the following support services: Priority registration, one-on-one academic advising, new-student orientation, financial aid, assistance finding on-campus jobs, bus passes, textbook assistance, special activities, luncheons, mentoring, friendship, and support.

To learn more about Guardian Scholars, contact us at 714-628-4709, come by our center in A-212, or visit our website at www.sccollege.edu/StudentServices/Outreach/Pages/Guardian-Scholars.aspx.

- **Hawk’s Nest Food Pantry**
  The Hawk’s Nest Food Pantry supports all credit and noncredit SCC students’ academic potential, creativity, as well as their personal and professional growth by providing free and nutritious food for students and their families. Students are welcome to shop for free. The food pantry provides non-perishables and perishables, such as fresh produce. To find out when the food pantry is open, please visit: www.sccollege/foodpantry

Requirements to use the food pantry:
1. Have a student ID number
2. If possible, please bring a re-usable bag

- **Distance Education**
  Distance Education courses are formal credit courses that use one or more technologies to deliver instruction to students who are separated from the instructor. Online courses are 100% online and hybrid courses have regularly scheduled on campus class meetings. All Distance Education courses at Santiago Canyon College ensure that there is regular and effective contact from the instructor to the student, from the student to the instructor, and from student to student. A variety of technologies and media are used for communication, assignments, and assessments. At a minimum, Distance Education students must have regular access to a computer with high-speed internet access, word processing and presentation software, multimedia software (such as QuickTime or Windows Media Player), and any software or hardware listed in the course requirements in the class description.

Please check our Distance Education department website, at www.sccollege.edu/disatnceeducation, for resources and to check to ensure that Distance Education courses are right for you.

- **Extended Opportunity Programs and Services (EOPS)**
  Extended Opportunity Program and Services (EOPS) is a state-funded program that provides specialized assistance to students who need additional support due to financial and educational challenges. EOPS provides comprehensive academic, career, and personal counseling. Additional services include summer success program, book services, priority registration, university transfer assistance, financial aid application assistance, and additional resources as needed.

  EOPS also offers CARE (Cooperative Agencies Resources for Education) to EOPS single parents receiving cash aid. CARE services are in addition to EOPS and may include additional book services, transportation assistance, meal tickets, and additional support activities.

  For more information regarding eligibility call 714-628-4915.

- **First Year Support Center**
  The First Year Support Center (FYSC) is dedicated to supporting new and continuing students in their academic and social transition at Santiago Canyon College. The center provides step-by-step assistance with all college forms (i.e., admissions application, financial aid, and CA Dream Act) and provides referrals to instructional and student services to support student success in college. High School and Community Outreach

The High School and Community Outreach Department provides information regarding academic programs and student services offered at Santiago Canyon College. The Outreach Department services include: weekly high school visits; college application and financial aid information workshops; campus tours; on-campus counselor led orientations, academic planning, and priority registration sessions through the Early Welcome Program; and, the Summer Advantage Academy for graduating seniors from local high schools prior to start of each fall semester. For more information, call 714-628-4808 or visit www.sccollege.edu/outreach.

Honors Program and Honors Courses

The SCC Honors Program is dedicated to providing an enriched learning environment for high academic achievers so that they may fulfill themselves personally and acquire the skills and knowledge necessary to succeed at the Associate degree or Baccalaureate degree level. The Honors Program encourages critical thinking, sound decision making, cultural awareness, and effective communication skills through instructional modes that foster independence and responsibility.

Requirements to enroll in an Honors class

Regularly admitted students who meet the course prerequisites may take an Honors class. Enrollment in an Honors class does not require membership in the Honors Program.

1. First time freshmen who graduated from high school with a minimum 3.0 GPA in high school could affect future ability to enroll in honors classes and the Honors Program
2. May not be found at fault in any disciplinary action as outlined in the SCC catalog.
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. May not be found at fault in any disciplinary action as outlined in the SCC catalog.

Requirements to complete the Honors Program

1. Submit the Honors Program Completion Petition to the Admissions and Records Office during the fall or spring semester.
2. Maintain a cumulative 3.0 GPA in all college units, including remedial and honors coursework.
3. Complete Honors Program unit and residency requirements:
   • Complete a minimum of 30 college units at Santiago Canyon College
   • Complete either a minimum of 18 honors units or a minimum of 15 honors units with a minimum of 1 course from each category listed below within the Rancho Santiago Community College District.
   • 12 of the 15 units must be completed at Santiago Canyon College. 3 units may be completed at Santa Ana College
4. A single course may not meet more than one Honors Educational Category. In addition to the Honors Educational Category requirements (1-3), additional Honors units will be needed to fulfill the 15 unit requirement.

Honors Educational Category 1: Humanities

Art 100H
Communication 100H, 225H
English 101H, 102H, 103H
History 101H, 102H, 120H, 121H
Music 101H
Philosophy 106H

Honors Educational Category 2: Mathematics and Natural Sciences

Biology 109H
Chemistry 200AH
Geography 100H
Mathematics 180H, 219H

Honors Educational Category 3: Social and Behavioral Sciences

Anthropology 100H
Communication 100H, 225H
Geography 100H
History 101H, 102H, 120H, 121H
Political Science 101H
Psychology 100H
Sociology 100H

See Honors Program website or Honors Program Counselor for current course offerings and categories.

Requirements to join the Honors Program

Submit an Honors Program application and requested documentation to the Admissions and Records Office during the fall or spring semester.

Applications are not accepted from students who are not currently enrolled. Application, procedures and deadlines are available on the Honors Program website: www.sccollege.edu/honors.

Freshmen students:

1. First time freshmen must be eligible to enroll in an honors course.
2. Have no grade lower than a “C” in any college class, including remedial and honors coursework.
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. May not be found at fault in any disciplinary action as outlined in the SCC catalog.

Career Advanced Placement (CAP) students:

1. Current high school CAP students are not eligible to join the Honors Program.
2. GPA in college units completed while in high school could affect future ability to enroll in honors classes and the Honors Program
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. May not be found at fault in any disciplinary action as outlined in the SCC catalog.

Requirements to continue in the Honors Program

1. Maintain a cumulative 3.0 GPA or higher.
2. Earn grades of “C” or above in all college classes, including remedial and honors coursework.
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. Remain free of any disciplinary action as outlined in the SCC catalog.

Career Advanced Placement (CAP) students:

1. First time freshmen must be eligible to enroll in an honors course.
2. Have no grade lower than a “C” in any college class, including remedial and honors coursework.
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. May not be found at fault in any disciplinary action as outlined in the SCC catalog.

See Honors Program website or Honors Program Counselor for current course offerings and categories.

Requirements to join the Honors Program

Submit an Honors Program application and requested documentation to the Admissions and Records Office during the fall or spring semester.

Applications are not accepted from students who are not currently enrolled. Application, procedures and deadlines are available on the Honors Program website: www.sccollege.edu/honors.

Freshmen students:

1. First time freshmen must be eligible to enroll in an honors course.
2. May not be found at fault in any disciplinary action as outlined in the SCC catalog.
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.

Continuing College students:

1. Students need a cumulative 3.0 GPA or higher.
2. Have no grade lower than a “C” in any college class, including remedial and honors coursework.
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. May not be found at fault in any disciplinary action as outlined in the SCC catalog.

Career Advanced Placement (CAP) students:

1. Current high school CAP students are not eligible to join the Honors Program.
2. GPA in college units completed while in high school could affect future ability to enroll in honors classes and the Honors Program
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. May not be found at fault in any disciplinary action as outlined in the SCC catalog.

Requirements to continue in the Honors Program

1. Maintain a cumulative 3.0 GPA or higher.
2. Earn grades of “C” or above in all college classes, including remedial and honors coursework.
3. Meet with Honors Program Counselor once per semester for Comprehensive Educational Plan prior to Pre-Selection of Honors courses.
4. Remain free of any disciplinary action as outlined in the SCC catalog.
Disqualification from the Honors Program

Students with a cumulative GPA below a 3.0 in all college units, including remedial and honors coursework, or who receive a “D” or “F” in any class will be disqualified from the program.

Students whose cumulative GPA falls below 3.0 anytime in all college units, including remedial and honors coursework, during their enrollment at SCC, or who receive a “D” or “F” in any class, will be disqualified from the Honors Program for the duration of their enrollment at SCC. Students may appeal disqualification from the Honors Program to the Honors Program Committee. Contact the Honors Program Counselor.

Students who earn a “D” or “F” in an Honors class may repeat the non-Honors version, but they will not be allowed to complete the Honors program.

President’s Scholar

The President’s Scholar designation is placed on the transcript and diploma of the graduate who has achieved a cumulative grade point average of 3.5 and completed the Honors Program. All letter grades must be “C” or better. Students may not receive the President’s Scholar designation if an associate degree from Santiago Canyon College has already been granted. Students participating in graduation ceremonies will be presented with a medallion.

Completion of the Honors Program

The designation Honors Program Completion is placed on the transcript of students who complete all Honors Program requirements. It is also placed on the diploma of students who earn an associate degree.

Language Lab

Santiago Canyon College offers a state of the art language lab for students enrolled in Spanish, Italian, French and American Sign Language courses. Our main objective in the Language Lab is to provide students with a variety of Directed Learning Activities to supplement and complement classroom instruction and enhance their language learning experience. In addition, we provide a comfortable learning environment where students are able to access other resources such as interactive computer programs, audio, and video materials carefully arranged and selected for students’ specific level to assist them in the development of their listening, speaking, reading and writing proficiency skills.

Library

The Santiago Canyon College Library collection contains over 40,000 books in print format and over 14,000 electronic books as well as DVDs and music CDs. Full-text journal, magazine, and newspaper articles are available through online databases. Remote access to most library resources is available through the Library website.

In addition, the Santiago Canyon College Library offers student computer workstations, laptop computers, a wireless network, group study rooms and an instruction lab. There are black/white and color copiers and printers, scanners, and a Self-Check-Out Center.

The Student Innovation Zone (SIZ) provides students with the opportunity to be creative in their academic work with PC, Apple computers and multimedia editing software.

Research assistance is available in person and online.

The Library can be reached at 714-628-5001 or online at www.sccollege.edu/library.

Math Success Center

The Math Success Center (MSC), located in D-209, is a free service offered by SCC that provides students a chance to supplement learning done in the classroom and gain study skills to help them be successful in their math course. Math faculty, Instructional Assistants and student tutors are available to assist students with questions or concerns from their math course. Additionally, computers are available for students to access mathematical software or do work for an online math course. To earn a Pass in the lab, students must complete at least 10 hours in the MSC and complete one activity in Canvas. For more information, including a list of services offered and hours, please visit www.sccollege.edu/Departments/Mathematics.

Online Student Services

The SCC Student Services website, www.sccollege.edu/StudentServices, is designed to inform and assist students with counseling information, assessment/AB705 information, and eAdvising. Students can also request transcripts, apply for financial aid, find scholarships, pay fees, purchase a parking permit, download forms for most programs and services, access online tutoring, view transfer and First Year Support Center workshops and presentations, research careers and find jobs and internships.

Pathways to Teaching Program

The Pathways to Teaching Program is designed to encourage and support students to pursue an education leading to the teaching profession. Services include academic counseling and transfer assistance, specialized workshops and events, book loan program, appointments with university representatives, teacher preparation resource information, internships, volunteer opportunities and the SCTA TEACH! student organization. For more information about the Pathways to Teaching Program, go to room E-313, contact us at 714-628-4928, or visit our website at www.sccollege.edu/pathways.

Public Affairs

Information and publicity regarding college programs and activities is disseminated to the news media and the community through the Rancho Santiago Community College District Public Affairs office.

Science Teaching and Resource Center

The Science Teaching and Resource Center (STAR Center) is designed to help students in all science classes (Astronomy, Biology, Chemistry, Geology and Physics) to succeed. The curriculum for the center includes: Question and Answer sessions, Directed Learning Activities (DLA) and Student-led study groups. All services provided through the STAR Center are geared towards engaging science students and enhancing their success.

Scheduling Options and Definitions

Santiago Canyon College schedules two 16-week semesters (fall and spring) with a summer session, and may offer an intersession schedule. Courses may be offered through different modalities such as traditional face-to-face or online. For more information about online learning or classes, see Distance Education page 27.

Term = a period of a time within an academic year when courses are scheduled (fall, spring, summer, intersession)

Semester = 16 weeks, scheduled every fall and spring

Summer Session = typically offered within a 4, 6 or 8 week period, can be scheduled after spring but before fall

Intersession = typically offered in 4 weeks, can be scheduled after fall but before spring

In an effort to work with student schedules, Santiago Canyon College offers a variety of scheduling options during the fall and spring semesters:

Short Term = less than 16 weeks, can be 8 weeks, 10 weeks or 12 weeks

Early Start / Late Start = 8 weeks, spans either the first 8-weeks or second 8-weeks

Weekend = offered Fridays, Saturdays, and/or Sunday
**Student Health and Wellness Services**

Currently enrolled credit students who have paid their health fees are eligible for Student Health and Wellness Services (SHWS). Walk-in health services are routinely provided by registered nurses. Services of physicians and psychologists are available by appointment only. All services are provided without charge, except nominal fees for medications, laboratory tests and some medical procedures when supplies are used.

Emphasis is on health maintenance and wellness promotion. On-site health services include the diagnosis and treatment of acute short-term illnesses, pregnancy testing and Family PACT services, which include FREE hormone based contraception, emergency contraception, cervical cancer screening, STI testing, and condoms. In addition, SHWS offers first aid care, short-term mental health counseling, health maintenance and wellness promotion literature, as well as blood pressure screening, cholesterol monitoring, tobacco cessation counseling, tuberculin skin testing, community referrals, emergency care and accident insurance coverage for course-related injuries. Refer to the class schedule for Student Health and Wellness Service hours, or call 714-628-4773.

**Student Support Services – TRIO**

Student Support Services – TRIO (SSS-TRIO) is a federally funded program that supports underserved first generation, low-income, neurodiverse students who test into developmental Math & English achieve their educational goals. The purpose of SSS-TRIO is to provide support and resources to enable students to overcome challenges and make use of their inherent talents and abilities to succeed in college and in life.

SSS-TRIO provides personalized academic and personal growth coaching, one-on-one tutoring, holistic counseling, book loan services, calculator & laptop loan services, priority registration, Summer Bridge, placement test preparation, student success workshops, campus referral services, supplies, and additional resources for students.

To learn more about SSS-TRIO, please contact us at 714-628-5033, visit us at B-209, or go to our website at www.sccollege.edu/SSSTRIO.

**Supplemental Instruction**

Supplemental Instruction (SI) is an academic support program that targets historically difficult courses. SI offers regularly scheduled, out-of-class review sessions to all students enrolled in a targeted math or science course. SI study sessions are informal seminars in which students work practice problems, review notes, discuss readings, develop organizational tools, and prepare for examinations. Students learn how to integrate course content with reasoning and study skills. Students attend SI sessions on a voluntary basis and no effort is made to segregate students based upon academic ability. Since SI is introduced on the first day of classes and is open to all students in the class, SI is not viewed as remedial. To learn more about the SI program, and to see a list of courses offering SI, visit our website at www.sccollege.edu/SI.

**Transfer Success Center**

The Transfer Success Center provides resources and services to assist students in researching, planning, and completing their transfer to a four-year college or university. The Transfer Success Center coordinates various events throughout the year, including tours of universities, university representative advising appointments, transfer fairs, and a variety of workshops to help students with each step in the transfer process. In addition, the Transfer Success Center provides many useful resources such as; assistance with applications, personal statement assistance, updates via social media and e-mail, computers for use in research and completing applications, a comprehensive website, and expert advice from trained specialists and counselors. For more information, stop by D-104-N, call 714-628-4865, visit www.sccollege.edu/transfer, and follow us @SCCTransfer on Facebook, Twitter, and Instagram.

**Transportation**

Some classes may be conducted off campus. Unless students are specifically advised otherwise, students are responsible for arranging for their own transportation to and from the class site. Although the district may assist in coordinating the transportation and/or recommending travel times, routes or caravanning, be advised that the district assumes no liability or responsibility for the transportation, and any person driving a personal vehicle is NOT an agent of the district.

**Tutoring Services**

Tutoring services designed to maximize student learning potential are offered in person and online. Walk-in, individual, and small group tutoring in multiple subject areas is available for SCC students in the First Year Support Center, room E-303, and in the TRIO Instructional Support Center, room B-210. For online tutoring, visit www.sccollege.edu/StudentServices/TutorCenter

**Upward Bound Math and Science**

The Upward Bound Math and Science (UBMS) program aims to strengthen the math and science skills of participating high school students. UBMS’ purpose is to help students recognize and develop their potential to excel in math and science, encourage them to pursue postsecondary degrees in math and science, and ultimately careers in the math and science profession. Santiago Canyon College’s UBMS program serves students enrolled at El Modena High School and Orange High School. For more information, please contact us at 714-628-5012, visit us at A-206, or go to our website at www.sccollege.edu/Departments/upwardbounds.

**Veterans Service Office**

Students interested in seeking Veterans Services at Santiago Canyon College (SCC) should go to the Veterans Service Office (VSO) in room A-210.

Veterans Services assists qualified veterans with support services such as, access to VA Educational Benefits, priority registration, educational counseling, and psychological services. The VSO also provides support to the success of students with disabilities by providing resources and information that promote access, equal opportunity and empowerment. A knowledgeable office staff specializing in veterans’ affairs is prepared to assist students at SCC at (714-628-4793). Rancho Santiago Community College District is approved by the California Bureau for Private Postsecondary training of veterans and eligible persons. Educational opportunities are available for college credit which include associate degrees, transfer degree programs, and certificates.

**Eligibility**

Veterans who qualify to receive benefits under the Montgomery Bill-Active Duty (Ch. 30), Montgomery Bill-Selected Active Reserve (Ch. 1606), and eligible persons under the Survivors and Dependents Educational Assistance Program (Ch. 35) are encouraged to take advantage of their educational entitlement.

Veterans with a minimum of 90 days aggregate active service on or after 9/10/01 may be eligible for the post 9/11 GI Bill® (Ch. 33). This program includes basic housing allowance (BAH), book stipend, and tuition/fees.

Veterans with a service-connected disability may be eligible for vocational rehabilitation (Ch. 31) benefits. This program provides eligible veterans with a monthly allowance as well as payment for tuition, most fees, and necessary books and supplies. Applicants should seek further information regarding eligibility from the VA Regional Office, Los Angeles, 1-800-827-1000 or 1-888-442-4551 or by contacting the local Orange County Veterans Service Office, Santa Ana, 714-480-6555.
Applying for Benefits

Each veteran and eligible person who are seeking to apply for VA benefits, must apply for these benefits by visiting the Veterans Benefits Administration website at: www.benefits.va.gov. In addition, any person who wishes to attend a college in the Rancho Santiago Community College District must follow the admissions procedures. See index for details on enrollment. A copy of discharge paper-DD214 is required of all new veterans and a copy of DD2384 of new Chapter 1606/1607 reservists who are using their educational benefits for the first time.

GI Bill® and VR&E Beneficiaries (Chapter 33 and Chapter 31 beneficiaries)

The Veterans Benefits and Transition Act of 2018 (Public Law 115-407) allows students that will be utilizing Ch. 33 or Ch. 31 VA benefits to attend a course of education or training for up to 90 days from the date the beneficiary provides a certificate of eligibility (COE), or valid VAF 28-1905 form. Students must submit all required certification request forms directly to the Veterans Service Office (VSO) for processing. Submission of forms will allow students to attend the course until the VA provides payment to the institution without penalty or requiring to borrow additional funds to cover mandatory tuition and fees due to late payments from the VA. Any student that does not have 100% entitlement for Ch. 33 VA benefits, will be responsible for any remaining balance after the VA submits payments directly to the school. For further information, please contact the VSO directly.

Transcripts and Program Approval

VA regulations stipulate that prior credit must be evaluated. With this in mind, the VSO requests that all official transcripts be on file with the Admissions Office by the end of the first term of attendance. This will avoid any delays in payments and/or overpayments if applicable.

Students utilizing VA Educational Benefits at SCC must select a major and each course approved prior to registering for each term. The VA requires that the VSO monitor progress towards a specific degree plan; therefore for VA certification purposes, students must enroll in courses that are part of their current educational plan specifically required for that major.

College counselors are available to provide comprehensive counseling services for day and evening students; call 714-628-4800 to schedule an appointment with Santiago Canyon College Counseling Department. If you have attended previous school(s), official transcripts must be on file before a college program can be evaluated thoroughly by the counselors.

Military Credit

SCC will only evaluate credit from regionally accredited institutions. Three units for health education and one unit for kinesiology may be granted on the basis of military service. When a veteran petitions for graduation and needs these units for graduation purposes, Veterans should seek confirmation directly with the Graduation Office.

General Information

The VA will pay education benefits for eligible veterans and dependents of veterans. The payment will depend on a number of factors including but not limited to: benefit type, benefit eligibility percent, number of active certified units, training type, etc. See the VSO for more information.

Veterans and their eligible dependents or spouses must maintain good academic standings and progress with the college as outlined in the school catalog (see Academic and Progress Probation/Dismissal). Students who fail to make academic progress will be placed on Academic Probation and/or Course Completion Probation accordingly. Students who are on probation for two consecutive terms after failing to demonstrate academic progress may lose priority registration and CCPG eligibility. Students who are on Academic and/or Progress Dismissal from the college cannot be certified for VA Educational Benefits. For further detailed information, please see the College Policies and Procedures section.

Writing Center

The primary purpose of the Santiago Canyon College Writing Center is to make our students better writers by helping them develop their skills, their confidence, and their voice. Students enrolled in courses with integrated support visit the center to practice the concepts they are learning in the classroom; fortify their mindset, reading skills, and approaches to writing; and maximize their success. Staffed by English faculty, the Writing Center also serves the entire campus community by providing free, walk-in services for students seeking help with a variety of writing assignments, including essays for any class, college application personal statements, resume construction and development, and research strategies and documentation. The Writing Center also offers weekly workshops to review tricky grammar and punctuation rules as well as reading comprehension techniques for approaching difficult academic texts. Located in H240, the center is typically open Monday-Thursday, 9:00am – 6:00pm. For more information, call 714-628-4701.
STUDENT LIFE AND LEADERSHIP

Student Activities
Alumni Network
The SCC Alumni Network was founded to promote and facilitate a lifelong relationship between SCC and its former students and to encourage ongoing alumni support for the college. Former students qualify for membership in the Network if they have completed at least nine units of academic coursework at SCC.

A robust alumni network is a vital link to SCC’s past and an important factor in building the reputation and financial health of the college. The network is also a resource for SCC alumni seeking to build their professional networks, become involved on campus, or just have fun and reconnect with fellow Hawks.

The list of benefits of being an SCC alumnus continues to grow. For more information, go to sccollege.edu/alumni or email alumni@sccollege.edu.

Associated Student Government (ASG)
The Associated Student Government was established to provide students with government and leadership experience. Opportunities are available to become involved in campus and statewide committees and councils as student representatives. In ASG, students learn firsthand about group dynamics and decision making, program planning, and running effective meetings. Additionally, there are many student clubs and organizations to join. For more information please visit www.sccollege.edu/studentlife or call 714-628-4913.

Student Clubs and Organizations
The Inter-Club Council (ICC) represents all active student clubs and organizations on campus to promote leadership development, networking, communication skills and campus life. For a list of current student clubs and organizations, please visit www.sccollege.edu/studentlife To form a new student club, please call 714-628-4917.

Student Life and Leadership
The office of Student Life and Leadership promotes and supports students’ co-curricular interests and provides excellent opportunities through the Student Leadership Institute (SLI), the Associated Student Government (ASG), Inter-Club Council and student organizations. The office also provides a variety of services to students, faculty, and staff through assistance with student-focused event planning. For more information, please call 714-628-4912 or visit A-206.

Cafeteria/Student Lounge
The cafeteria/student lounge, known as the Hawk’s Perch, offers snacks and daily specials. The Perch is open Monday–Thursday (fall and spring) from 7:00a.m.–9:00p.m. and Fridays from 8:00a.m.–12:00p.m. The Hawk’s Perch is located in T-100. More information can be found as sccollege.edu/hawksperch. For summer hours, please contact the Hawk’s Perch.

Academic Competitions
Forensics
Forensics is more commonly known as competitive speech and debate. The SCC Forensics team was one of the first signature programs to be offered when the college was first accredited. Members of the team travel to local tournaments on select weekends and perform persuasive speeches, debates, impromptus, poetry, drama, and many more. This co-curricular activity provides students with an excellent opportunity to stand out on transfer and job applications. Forensics teaches skills that are useful in any industry, but are particularly well-suited for students that are seeking careers in broadcasting, law, politics, and public relations. The team is open to all students, and students with no prior experience compete against other beginners at their first tournaments. For more information, contact Jared Kubicka-Miller at miller_jared@sccollege.edu.

Model United Nations
Model United Nations offers students the unique opportunity to take knowledge learned in the classroom and apply it to authentic simulations of the United Nations. Students can do so by enrolling in Political Science 150 or 250 where they will prepare for and participate in academic MUN conferences. Through these co-curricular courses, students learn about global politics by conducting research, solving problems, delivering speeches, and engaging in multilateral diplomacy. The SCC MUN program has a storied tradition of excellence and is one of the premier college programs in the country. More importantly, the SCC MUN program helps place students on a path towards personal and professional success by focusing on leadership and practical skills. As one of SCC’s signature programs, students are encouraged to take full advantage of MUN during their time here. For more information, contact Cale Crammer at Crammer_Cale@sccollege.edu.

Intercollegiate Athletics
Santiago Canyon College, home of the Hawks, is proud of its athletic teams and their rich athletic history. The college has fielded teams since 1999 and now offers competitive opportunities for student athletes in eight sports: men’s and women’s cross country, men’s and women’s soccer, men’s basketball, softball, and men’s and women’s volleyball. The Hawks compete in the highly competitive Orange Empire Conference (OEC) under the auspices of the California Community College Athletics Association. SCC’s outstanding coaching and teaching staff, combined with an excellent system of academic assistance, has helped eligible students transfer to four-year colleges and universities.

2012 saw the opening of the new athletics and aquatics complex at Santiago Canyon College. The facility includes a fully equipped fitness center, strength lab, aerobic studio, men’s and women’s locker rooms, athletic training facilities, three indoor courts, a swimming pool and administrative offices.

All prospective student-athletes with questions about eligibility should contact the Director of Athletics at 714-628-4816.

SCC Athletic Achievements
Cross-Country
Top-10 National Rank (Team):
2003 Men’s Cross Country (#8)
Top-10 State Rank (Team):

2007 Women’s Track & Field (#9)
National Community College Record
Women’s 3000 Meter Steeplechase 2007- Jenni Bair-Johnson (Track & Field)
FINANCIAL AID AND SCHOLARSHIPS

Financial Aid is intended to help students who might not otherwise be able to attend college. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Federal and state financial aid programs have been established to provide assistance to students with documented financial need.

The application process for financial aid begins with the completion of the Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov or the California Dream Act Application at www.CalDreamAct.org, which is available in October for the following academic year. To file a FAFSA a student must be a US citizen or an eligible non-citizen. The FAFSA is the main application for all federal and state financial aid. Students who are undocumented and meet AB540 criteria apply for the California Dream Act Application. The California Dream Act Application applies for California financial aid. In order to qualify for financial aid, a student must identify a major or eligible certificate program, maintain satisfactory academic progress, have a high school diploma (or equivalent), and demonstrate financial need.

For additional information visit the Financial Aid Office in Building E–Room 104 or go to www.sccollege.edu/financialaid.

Withdrawals and Repayment of Financial Aid Funds

Federal aid recipients who withdraw, fail, or are dropped (in any combination) from all classes by the instructors are subject to regulations regarding the Return of Title IV funds. Students who withdraw or are dropped from all classes prior to completing 60% of the enrollment period are subject to these rules. Based on the date of the complete withdrawal, the Financial Aid Office will determine the amount, if any, of “unearned” federal financial aid received by the student. In addition, these rules apply to students who receive all F grades. Students receiving all F grades are considered an unofficial withdrawal even if the student was enrolled for the entire term, unless the student can demonstrate attendance with proof of an academically related activity.

If the student received more financial aid than the amount earned, the student will be billed for the overpayment. Financial aid recipients are advised to: 1) avoid total withdrawal from all classes, 2) successfully complete at least 6 units during the semester, 3) if completely withdrawn, repay any “unearned” financial aid as soon as possible. Failure to do any of the above may result in the loss of financial aid eligibility.

Federal PELL Grant
This grant is a federally funded program designed to be the foundation of financial aid for undergraduates who demonstrate need. The amount of the PELL Grant is based on the cost of attendance, minus the expected calculated family contribution and the student’s enrollment status at the time of payment. Award amounts vary according to eligibility and enrollment. Please check with the Financial Aid Office or visit the website for the maximum and minimum PELL award amounts. PELL Grants are limited to 12 full-time equivalent semesters.

FSEOG and FWS Programs
These programs below have limited funds and are generally awarded only to those eligible students who meet the Priority Deadline and to those students with the least amount of estimated family contribution (EFC).

Federal Supplemental Educational Opportunity Grant (FSEOG)
This federally funded grant is available to undergraduate students who demonstrate exceptional financial need. The awarding of FSEOG funds must be given to maximum PELL Grant recipients.

Federal Work-Study (FWS)
This federally funded program provides employment opportunities to students with financial need. Students awarded FWS receive an allocation of funds earned through part-time jobs on and off campus. FWS provides an excellent learning process through on-the-job training.

William D. Ford Federal Direct Loan Programs

Subsidized Direct Loan
The federal government pays the interest on this need-based student loan. No payments are required while the student remains actively enrolled in at least six units and at the end of enrollment. The maximum annual loan amounts are $3,500 for freshmen and $4,500 for sophomores.

Unsubsidized Direct Loan
There is no income criteria on this non-need based federal student loan for students who are enrolled in at least six units. Interest begins accruing immediately. Interest payments may be made or payments can be deferred. Maximum annual loan amounts are $3,500 for freshmen and $4,500 for sophomores.

Additional Unsubsidized Direct Loan
This additional $6,000 loan is available to independent students: $2,000 is available to dependent students who meet the qualification requirements and have room in their cost of attendance.

Parent Loans for Undergraduate Students (PLUS)
This loan is for parents who borrow on behalf of dependent students. The parents’ credit will be checked by the Department of Education. Repayment of principal and interest begins immediately. The amount borrowed cannot exceed the cost of attendance, minus any other financial aid and resources received by the student.

Chafee Grant
This grant program is available to former foster youth. Awards are $5,000 per year. Apply using the FAFSA and the separate Chafee Grant application at www.chafee.csac.ca.gov/studentapplication.aspx.

California State Programs

California College Promise Grant (CCPG)
A State program for California residents to waive the enrollment fees at community colleges. There are several ways to qualify for a CCPG:

The student demonstrates financial need by completing the FAFSA or California Dream Act application. To be eligible, the student must have at least $1,104 in financial need based on the students Expected Family Contribution (EFC) and the Cost of Attendance.

OR
The student or the student’s family is receiving CalWORKS, formerly TANF/AFDC, or Supplemental Security Income (SSI), or General Assistance/General Relief, or the student is a disabled veteran or a dependent of a deceased or disabled veteran as certified by the California Department of Veterans Affairs, or the student is a recipient or the child of a recipient of the Congressional Medal of Honor, or the student is a dependent of a victim of the 9/11/01 terrorist attack, or the student is a dependent of deceased law enforcement/fire suppression personnel killed in the line of duty.

OR
The student meets specific income criteria based on family size as set by the State of California.

In order to remain eligible for the CCPG, students must maintain academic standards. If for two consecutive primary terms, the student is placed on Academic or Progress Probation, or any combination thereof, the student will lose their CCPG Fee Waiver eligibility. If you lose your CCPG eligibility for not meeting academic standards, you may appeal.
California College Promise Scholarship
The Santiago Canyon College Promise Scholarship provides incoming, full-time students with one year of college, tuition free regardless of family income. General requirements include be a first-time, full-time (12+ units) college student, California resident or AB540 eligible, and complete and submit a FAFSA or California Dream Act application. For more information please visit the First Year Support Center in Building E – Room 303 or sccollege.edu/freetuition.

Cal Grants
Cal Grant Programs are available to California Residents who qualify. United States citizens, permanent residents or eligible non-citizens may apply for Cal Grants via the Federal Application for Student Aid (FAFSA). AB 540 students may apply via the California Dream Act Application. The deadline to apply is March 2nd each year for all California College Students (maximum opportunity). If you miss the March 2nd deadline AND you plan to attend a community college in the fall, you have until September 2nd (limited number of grants available). Be aware there is also a GPA requirement. The college electronically transmits GPA verifications for certain students. For detailed information go to www.csac.ca.gov.

Cal Grant A
Cal Grant A assists low and middle income students with tuition costs at four-year institutions. Eligibility is based on academic achievement and financial need.

If you qualify for a Cal Grant A and plan to attend a public community college, the Student Aid Commission will put the student’s tuition/fee award on reserve for 2 years until the student transfers to a four-year college, provided that the student continues to qualify financially by demonstrating financial aid need.

Cal Grant B
Cal Grant B provides assistance in meeting living expenses (i.e. books and supplies, housing costs and transportation). The maximum award amount is $1,672. Eligibility is based on demonstration of substantial financial need and enrollment status. Cal Grant B also funds tuition costs for sophomores at the same rate as Cal Grant A. Students must be actively enrolled in 6 units.

Cal Grant C
Cal Grant C assists vocational students with tuition and training costs in a program of at least 4 months long. Awards range up to $1,094 for related training costs such as special clothing, tools, equipment, and books and supplies. The Cal Grant C program is for non-transfer majors.

Student Success Completion Grant (SSCG)
Cal Grant B & C eligible students attending full-time (12+units) may also be eligible to receive SSCG up to $4,000 per academic year sponsored by the California Community College Chancellor’s Office.

Scholarship Program Office
Many community benefactors, including SCC Foundation, SCC faculty and staff, and outside organizations, establish scholarships at Santiago Canyon College to recognize academic achievement and offer needed financial support.

Eligibility varies according to the individual scholarship. There are scholarships available to students taking classes at Santiago Canyon College, those transferring to four-year colleges, and those entering college for the first time upon graduation from high school.

Listings and requirements for the various SCC student scholarships are provided online each spring. A comprehensive online application is available for students to review.

Applications must be submitted for screening in March, and student recipients will be recognized at a ceremony in May.

For more information, please contact the Scholarship Office at 714-628-4793, visit the Scholarship Office located in room A-210 or online at www.sccollege.edu/scholarships.

Honors and Awards
Phi Theta Kappa. Phi Theta Kappa is an international honors society that recognizes academic excellence and achievement of students enrolled in two-year colleges. The society offers a myriad of opportunities for scholarship, intellectual enrichment, personal development and academic recognition.

The Beta Eta Rho Chapter of Phi Theta Kappa was organized at Santiago Canyon College in 1998.

Membership in Phi Theta Kappa is extended each semester by the local chapter to students who have completed a minimum of 12 degree units with a minimum of grade point average of 3.0. Members receive special recognition when they graduate.

Psi Beta. Psi Beta is the national honor society in psychology for community and junior colleges. The mission of Psi Beta is professional development of psychology students through promotion and recognition of excellence in scholarship, leadership, research, and community service.

Membership in Psi Beta is extended each semester by the local chapter to students who have completed one psychology course and 12 semester hours of total college credit and have an overall GPA of 3.25 with at least a “B” average in psychology courses.

Members receive special recognition upon graduation.

Sigma Chi Eta. The purposes of Sigma Chi Eta are (a) to recognize, foster, and reward outstanding scholastic achievement in communication studies; (b) to stimulate interest in the field of communication; (c) to provide an opportunity to discuss and exchange ideas in the field of communication; (d) to establish and maintain closer relationships and mutual understanding between speech communication studies faculty and students; (e) to explore options for community college students who will transfer to a four-year college or university or enter the world of work. The Omicron Chapter at SCC was founded in 2004. Students who qualify may apply for membership by contacting the advisor, Dr. Melinda Womack. In order to become a member of a Sigma Chi Eta chapter, the student must:

• have completed at least 12 semester hours
• have completed at least three communication courses or 9 semester hours (or at least 12 quarter credit hours) of communication study;
• have a cumulative GPA of at least 3.0;
• have a communication studies GPA of at least 3.25;
• be in good standing at the college;
• display commitment to the field of communication.

Foundation
The Santiago Canyon College Foundation is a 501 (c)(3) non-profit organization dedicated exclusively to helping Santiago Canyon College gain the financial resources it needs to ensure that every qualified student, regardless of economic background, has access to an affordable yet high quality college education. The SCC Foundation raises money for needs-based or merit scholarships and provides supplemental dollars for student support programs such as the Hawks Nest Food Pantry, Guardian Scholars Program for former foster youth, and the Veterans Service Office (VSO). To enhance the quality of our students’ overall experience at SCC, the foundation also supports programs such as the Student Leadership Institute and Model United Nations. It also supports important
campus events, including Community Science Night, performing arts productions and the Undergraduate Research Symposium.

There is no better value in higher education than community college - nor a more cost-effective way to make sure that every person in our community has a viable path to becoming or remaining a productive citizen.

Your donation to the foundation – in any amount – makes a real difference in the lives of our students. To find out more, go to www.sccollege.edu/foundation, e-mail foundation@sccollege.edu or call 714-628-4790.

On-Campus Job Placement Office

The On-Campus Job Placement Office operates under the umbrella of the Student Support Services, aiding students in advancing their leadership skills by placing them in on-campus student work programs. Student employment can assist with education cost and also develop desirable work attitudes and habits while working in a professional environment. Upon determining eligibility, students are matched with departments based on their educational goals. This work experience is intended to complement the educational process and to enhance future employment.

For more information, call the On-Campus Job Placement Office at 714-628-4867 or visit us in E-104 or go online at www.sccollege.edu/studentplacement.

Student Consumer Information – Right-To-Know Disclosure Information:

Federal regulations require all campuses to provide specified information to prospective and current students, staff and the general public. Listed below are those items that must be available for review per federal regulation.

The federal Higher Education Act, the federal Equity in Athletics Disclosure Act (EADA), and regulatory guidance provided in the Code of Federal Regulations (CFR) require direct individual notices of prescribed information to certain target audiences including prospective students; currently enrolled students; current employees; parents, coaches and counselors of prospective student athletes; and the general public. Disclosures are to include crime/security statistics, student completion/graduation rates, FERPA privacy/security rights, financial aid program information, and gender-specific information on athletic participation and financial support.

Please go to www.sccollege.edu and click on ‘About SCC’ to review all the current Student Consumer Information including Gainful Employment disclosures.
EDUCATIONAL OPTIONS

Associate Degrees

The Associate Degree is a certification of the student’s satisfactory completion of a program of study with a specific major or area of specialization. The Associate Degree is normally completed in two years, compared with the Baccalaureate Degree, which is normally completed in four years. Associate Degrees are commonly conferred by community colleges and are referenced as “local degrees”. They are usually of two types, the Associate of Arts and the Associate of Science. The distinction between the Associate of Arts and the Associate of Science degrees lies in the majors. If the major is in the fields of engineering, physical or biology science, or occupational curricula, the degree conferred is usually the Associate of Science. Otherwise the Associate of Arts degree is conferred.

Ordinarily Associate Degrees have one of two major purposes. Either the program of study prepares the individual for transfer to a four-year college or university or the program of study is intended to prepare the student for immediate employment.

Information on academic honors at graduation is listed on page 14.

Information on associate degree requirements is listed on pages 38-40.

Associate Degrees for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” an established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. Information on associate degree for transfer requirements is listed on page 45.

Certificate of Achievement Programs

A Certificate of Achievement (18 or more units or state approved under 18 units) is a verification of achievement in a particular academic or occupational area, and it will be included on the official transcript. Certificate of Achievement programs normally include only those courses which have a direct bearing upon specialized occupational competency since the certificate has the sole objective of immediate employment in a specialized area. For this reason there is no general education requirement in a certificate program. Santiago Canyon College’s certificate programs are described in the catalog section on SCC Academic Programs (pages 55-158). To qualify for a Certificate of Achievement, a candidate must meet the following requirements:

1. Courses: Courses are designated for the specific certificate.
2. Grades: At least a C grade in each course required for the certificate, unless otherwise specified. Credit by Examination may also be used to gain credit for required courses.
3. Pass/No Pass: A Pass/No Pass course is acceptable toward the certificate if it is required for the certificate and (a) offered on a Pass/No Pass basis only or (b) if the Pass/No Pass is earned on the basis of credit by examination.
4. Residency: At least 20% of the total units required for the certificate must be earned at Santiago Canyon College.
5. Petition: A petition for Certificate of Proficiency must be filed by the student by the deadline (see Instructional Calendar page 2) with the Admissions and Records Office at Santiago Canyon College.

Multiple Associate Degrees and Certificates

A student may earn multiple Associate Degrees and Certificates from Santiago Canyon College.

- For additional degrees and certificates, any course used to meet the prescribed graduation requirements may count toward more than one degree and certificate.
- Courses used to meet the proficiency requirements and general education requirements for the first degree may be used to fulfill these requirements for additional degrees,
- Courses used for one major may be used to meet requirements for additional majors.
- If a break in enrollment occurs, a student must comply with the proficiency, general education, and major requirements in effect at the time the student resumes attendance or those in effect in subsequent years of the student’s enrollment.
- Each additional degree and Certificate of Achievement will be posted to the student’s academic record and the student will receive diplomas for each degree and Certificate of Proficiency earned.

Santiago Canyon College Certificate of Proficiency programs are described in the catalog section on SCC Academic Programs (pages 55-158). To qualify for a Certificate of Proficiency, a candidate must meet the following requirements:

1. Courses: Courses are designated for the specific certificate.
2. Grades: At least a C grade in each course required for the certificate, unless otherwise specified. Credit by Examination may also be used to gain credit for required courses.
3. Pass/No Pass: A Pass/No Pass course is acceptable toward the certificate if it is required for the certificate and (a) offered on a Pass/No Pass basis only or (b) if the Pass/No Pass is earned on the basis of credit by examination.
4. Residency: At least 20% of the total units required for the certificate must be earned at Santiago Canyon College.
5. Petition: A petition for Certificate of Proficiency must be filed by the student by the deadline (see Instructional Calendar page 2) with the Admissions and Records Office at Santiago Canyon College.

AA-T = Associate in Arts for Transfer Degree  
AS-T = Associate in Science Degree for Transfer  
CP = Certificate of Proficiency

Degrees and certificates of achievement have State-approved program control numbers and appear on student transcripts. Certificates of proficiency are not State-approved and do not appear on student transcripts.

All Associate Degrees and Certificates of Achievement will have a unique identification code in parentheses next to them in the College Credit Instructional Programs Section. Any certificates that do not have a unique identification code will not appear on your transcript.
ASSOCIATE DEGREE REQUIREMENTS © 2019–2020

Associate Degrees
To earn an associate degree, a student must fulfill the requirements listed under I, II and III below.

I. Unit and Residency Requirements
60 UNITS of degree applicable coursework are required, with at least a 2.0 grade point average. At least 12 of the units must be earned at Santiago Canyon College and at least 6 of those units must be in courses required for the major, unless students are earning an Associate Degree for Transfer (ADT).

II. General Education Requirements
The general education requirements can be met through the completion of one of the following general education plans.
Plan A: Santiago Canyon College General Education Requirements page 40
Plan B: California State University General Education Breadth page 46
Plan C: Intersegmental General Education Transfer Curriculum (IGETC) page 47

The general education requirements may also be satisfied by submitting an official transcript showing completion of a bachelor’s degree from a regionally accredited institution.

Alternatively, the general education requirements may be satisfied by submitting an official transcript showing completion of an associate of arts or associate of science degree from a regionally accredited California institution within a ten-year period. All major requirements must be completed at Santiago Canyon College within ten years of the semester and year the degree was conferred at the regionally accredited California institution.

For coursework completed outside the United States, see International Transcripts section on page 12.

III. Major Requirements
Each degree specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of C or better. For programs of study leading to an associate degree, see SCC Academic Programs on pages 59-158.

A course may be used to satisfy a major requirement and meet a general education category requirement. Non degree applicable courses (courses numbered N01-N99) may not be used for graduation requirements.

See Pass/No Pass section on page 19. Courses in the student’s major may not be taken under the Pass/No Pass policy except for major courses for Associate Degrees for Transfer courses for which Pass/No Pass is the only grading option, and units earned through credit by examination or assessment.

IMPORTANT NOTE: The list of courses will be subject to change year by year, but students are assured that courses taken to meet General Education requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved per academic year beginning Fall 2018 and are valid through Summer 2020.

IV. Proficiencies
The required proficiencies listed on page 40 may also be used to meet General Education Requirements in areas A-F where appropriate. Courses taken to meet proficiencies must be completed with a grade of “C” or better

Petition For Graduation and Catalog Rights:
Students must submit a Petition to Graduate to earn an associate degree, certificate, CSU Certification and/or IGETC Certification. Petitions for graduation should be filed in the Admissions and Records Office at Santiago Canyon College when a student has completed at least 30 units or one semester prior to the expected semester to graduate. Students who maintain continuous enrollment have the option to meet the associate degree or certificate requirements as listed in the catalog in effect at the time of first enrollment or any subsequent year.

Continuous enrollment is defined by earning a notation on a transcript (letter grade, W, NP, P or I) for at least one course during any semester, or session, within that academic year. For the purposes of the catalog, an academic year begins with the fall semester and concludes with the summer session. So long as the student remains in attendance in any one semester (fall/spring) or session (summer/intersession) per academic year, the student has the ability to elect to meet the graduation requirements in effect at the time beginning his/her continuous enrollment or in more recent catalog years.

If a student does not earn a note on their transcript during any of the semesters, or sessions, during an academic year, then the student is no longer protected by previous associate degree and/or certificate requirements and will be held to the additional requirements. The student must then reset their catalog rights clock to use the catalog at the time of readmission or subsequent enrollment.

In the event a loss of catalog rights due to extenuating circumstances, a student wishes to waive or substitute a requirement for an associate degree and/or certificate requirements, the student could complete the appropriate form and submit to the Exceptions for Academic Regulations (EAR) Committee for final determination.

Commencement
Commencement is held once a year at the end of the spring semester for those students who have completed or petitioned for a degree during the current academic year (Fall 2018, Spring 2019, or Summer 2019). A Petition to Graduate must be submitted to the Admissions and Records Office at Santiago Canyon College to participate in commencement. Exceptions may be made to accommodate students petitioning for Fall 2019.

NOTE: Official transcripts from all colleges attended must be on file.
GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE • PLAN A • 2019–2020

Philosophy

General Education requirements at Santiago Canyon College reflect the conviction that those who receive degrees must possess in common certain basic principles, concepts, and methodologies, both unique to and shared by various disciplines. General Education prepares the college student to comprehend and contribute to the modern world, to understand our regional, national, and international cultural diversity as well as our shared cultural heritage, to reinforce an awareness of self as well as others, and to instill an ongoing intellectual curiosity and commitment to learning.

The subject matter of General Education courses is designed to be general, broad and introductory rather than specialized, narrow, or advanced. General Education courses form a pattern of learning experiences designed to provide educational opportunities that lead to the following outcomes for students:

Learn—About Self and Others, Academic and Professional Issues

- Take responsibility for one's own learning and wellbeing.
- Learn about one's chosen academic major, while creating connections across disciplines.
- Learn about professional conduct, including workplace and community ethics, conflict management, and teamwork.

Communicate—With Clarity and Accuracy and in Diverse Environments

- Communicate ideas in a clear and articulate manner.
- Communicate accurately to diverse audiences.
- Communicate in various formats using diverse technologies.

Act—With Awareness of Self and the Local and Global Community of Persons

- Act to maintain one's dignity and self-respect.
- Act as a responsible community member who treats others with respect, civility, empathy, honesty, and dignity.
- Act to increase the wellbeing of the global community by maintaining cultural literacy, lifelong learning, ethical consideration of each other, and the environment we all share.

Think—Critically, Creatively, and Reflectively

- Critically analyze, evaluate, organize and use quantitative and qualitative data to solve problems and develop logical models, hypotheses, and beliefs.
- Creatively use concepts to making learning relevant.
- Reflectively assess one's values, assumptions, and attitudes.

A. Natural Sciences

Courses in the natural sciences examine the physical universe, its life forms, and its natural phenomena. They assist in developing an appreciation and understanding of the scientific method and encourage an understanding of the relationships between science and other human activities. This category includes introductory or integrative courses in astronomy, biology, chemistry, earth sciences, general physical science, geology, physics, physical geography, physical anthropology, and other disciplines.

B. Social and Behavioral Sciences

Courses in the social and behavioral sciences focus on people as members of society. They assist in developing an awareness of the methods of inquiry used by the social and behavioral sciences. Critical thinking is stimulated about the ways people act and have acted in response to their societies, and appreciation is developed of how societies and social groups operate. This category includes introductory or integrative survey courses in cultural anthropology, economics, history, political science, psychology, sociology, cultural geography, and related disciplines.

C. Humanities

Courses in humanities study the cultural activities and artistic expressions of human beings. They assist in developing an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves and the world around them in artistic and cultural creation, and in developing aesthetic understanding and an ability to make value judgments. This category includes introductory or integrative courses in the arts, foreign languages, literature, philosophy, and religion.

D. Cultural Breadth

Courses meeting the cultural breadth requirement represent both global and national perspectives and recognize the value of systemic historical and cross-cultural examinations of race, ethnicity, gender, and global issues.

Courses meeting this requirement can be identified in two areas.

1. Ethnic Studies/Gender, Sexuality, and Women's Studies

Courses meeting the Ethnic Studies/Gender, Sexuality, and Women's studies requirement focus on the cultural perspectives of African American, Asian American, Chicano/Latino, Native American, and Gender, Sexuality, and Women in the United States. They assist students to deal constructively with issues of difficult differences and to develop respect for and become aware of the views, interactions, and contributions of these ethnic groups and women to U.S. society and culture. This category is interdisciplinary and includes introductory courses that incorporate the voices of historically excluded groups.

2. International Perspective

Courses in International Perspective include an emphasis on global perspectives in a cultural context. All courses need to address not just specific aspects of culture but also a component addressing the basic concepts of culture including how culture influences environment, behavior, structure, and function of society. These courses also include a multi-country perspective.

E. Language and Rationality

Courses in language and rationality develop the principles and applications of language toward logical thought, clear and precise expression and critical evaluation of communication in whatever symbol system the student uses.

F. Lifelong Understanding and Self-Development

The courses in this category are designed to equip human beings for lifelong understanding and development of themselves as integrated physiological and psychological entities. In a social context, students will benefit from study about themselves and how they function at different stages of life. Instruction is intended to include consideration of such matters as human behavior, sexuality, nutrition, health, stress, key relationships of humankind to the social and physical environment, and implications of death and dying. Physical activity courses could be included, provided that they include some components of the above listed topics.
GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE • PLAN A • 2019–2020

A. Natural Sciences
(3 units are required)
Anthropology 101, 101L
Astronomy 100L, 102, 103, 112
Biology 109/109H, 109L/109HL, 115, 139, 149, 177, 190, 190L, 200, 211, 229, 239, 259
Chemistry 100, 200A, 200AH
Earth Sciences 100, 100L, 111, 120, 121, 130, 160, 200
Geography 101/101H, 101L
Physical Science 100
Physics 100, 150A, 250A
Water Utility Science 107

B. Social and Behavioral Sciences
(6 units are required)
Select one course from B1 and one course from B2.

B1. American Institutions
History 118, 120/120H, 121/121H, 122, 126
Political Science 101/101H

B2. Social Science Elective
Anthropology 100/100H
Child Development 107*, 110
Criminal Justice 101
Economics 101, 102
Education 101
Geography 100/100H, 102/102H
History 101/101H, 102/102H, 126, 240
Political Science 101/101H, 110, 230
Psychology 100/100H, 160
Sociology 100/100H, 120, 150, 220

C. Humanities
(3 units are required)
American Sign Language 110, 111, 116, 210
Anthropology 104
Art 100/100H, 101/101H, 102/102H, 110
Chinese 101, 102
Cinema Studies 103, 104, 105, 107, 108
Dance 100
French 101, 102, 194, 201, 202
Italian 101, 102, 194, 195, 201, 202
Music 101/101H, 102, 104
Spanish 101/101H or 101A & 101B, 102, 110, 111, 194, 195A, 195B, 201, 202, 213
Theatre Arts 100

D. Cultural Breadth
(3 units are required)
American Sign Language 116
Anthropology 100/100H, 104
Chicano Studies 101
Child Development 221
Communication 120/120H, 225/225H
English 246, 271, 272, 278
Ethnic Studies 101, 110, 120
Gender, Sexuality, and Women's Studies 101, 102
Geography 100/100H, 102/102H
History 124, 127, 152, 162
Kinesiology 109, 110
Music 102, 103
Philosophy 112
Psychology 170, 180

E. Language and Rationality
(6 units are required)
Select one course from E1 and one course from E2.

E1. English Composition
English 100, 101/101H with a grade of “C” or better.

E2. Communication and Analytical Thinking
Includes mathematics, logic, statistics, Computer languages and programming and related disciplines.
Communication 101, 110, 111
Computer Science 100, 105, 129, 154
English 102/102H, 103/103H
Philosophy 110, 111
Reading 102, 150
Sociology 125/125H

F. Lifelong Understanding and Self-Development
(3 units are required)
Select one course from F1 and one course from F2.
No more than one unit may be counted from F2.

F1: Accounting 100
   Business 130
Child Development 107
Counseling 101, 113, 116, 118
Interdisciplinary Studies 155
Kinesiology 100, 101, 102, 104, 110, 111
Library & Information Studies 100
Nutrition & Food 115, 120
Philosophy 111
Psychology 160, 230
Sociology 130, 220

F2: Kinesiology 119–283 (excluding Kinesiology 274)

G. Required Proficiencies
Courses taken to meet these proficiencies must be completed with a grade of “C” or better.

G1. Mathematics
1. Completion of Mathematics 080, 086 or any other 3 unit mathematics course numbered above the level of 080 OR
2. Placement into Math 140, 150, 171, or 180 without a recommended support course based on Santiago Canyon College's qualifying profile by the Math placement process.
3. Completion of Algebra II in high school with a grade of “C” or better.

G2. Reading
1. Completion of Reading 102 or Reading 150 with a grade of “C” or better; OR
2. Completion of English 102/102H, English 103/103H, Philosophy 110, or Philosophy 111 with a grade of “C” or better.

G3. Oral Communication
Completion of 3 units with a grade of “C” or better from one of the following:
Communication 100/100H, 101, 110, 111, 134

NOTE: Schedules for proficiency examinations are announced each semester in the Schedule of Classes. Applicants must be currently enrolled or completing graduation requirements in order to take the proficiency examinations.

International coursework may not be used to fulfill the following general education requirements:
B1: American Institutions
E1: English Composition
G2: Reading Proficiency
G3: Oral Communication Proficiency
See International Transcripts section on page 12.

* Courses may be listed in more than one area, but will not be certified in more than one area.
TRANSFER TO OTHER COLLEGES

Transfer Success Center
The Transfer Success Center provides resources and services to assist students in researching, planning, and completing their transfer to a four-year college or university. The Transfer Success Center coordinates various events throughout the year, including tours of universities, university representative advising appointments, transfer fairs, and a variety of workshops to help students with each step in the transfer process. In addition, the Transfer Success Center provides many useful resources such as; updates via social media and e-mail, computers for use in research and completing applications, a comprehensive website, and expert advice from trained specialists and counselors. For more information, stop by D-104-N, call 714-628-4865, visit www.sccollege.edu/transfer, and follow us @SCCTransfer on Facebook, Twitter, and Instagram.

Transferability of Courses
This section of the catalog is designed to help students plan an academic program for transfer to a four-year college or university. It includes information about the transfer process and general education requirements.

Since transfer requirements change frequently, students should meet with a counselor regularly to plan an academic program which will assure a smooth transition to the transfer institution of their choice.

Four-year colleges and universities often make changes in their requirements. The requirements listed in this section were updated at the time of publication; however, changes may have occurred after publication. Current transfer information and official articulation agreements are available in the Transfer Success Center and the Counseling Center at Santiago Canyon College. Articulation agreements are also available at www.assist.org.

There are four segments of higher education in California. They are: a) the University of California (UC) system with 10 campuses; b) the California State University (CSU) system with 23 campuses; c) over 200 accredited independent colleges and universities; and, d) the 114 California Community Colleges.

Santiago Canyon College provides the first two years of a four-year college or university program.

Santiago Canyon College offers courses to meet general education, major or elective requirements. Students can transfer a maximum of 70 units to a UC or CSU campus.

All courses numbered 100 or above will transfer to a CALIFORNIA STATE UNIVERSITY campus. Courses which are transferable to the UNIVERSITY OF CALIFORNIA will be designated on the UC Transferable Course Agreement, which can be found on page 48. Some of the courses which are transferable to the University of California have credit limitations. Check the UC Transferable Course Agreement to review these limitations. This list is available in the Counseling Center, Transfer Success Center, in this catalog, and at www.assist.org.

Independent and out-of-state colleges and universities usually accept most courses that are transferable to the University of California and many of the courses that are transferable to the California State University.

Begin a Transfer Major at Santiago Canyon College
To obtain a bachelor’s degree, students need to select a course of study in which to specialize. This course of study is called a major. Almost every major requires that certain courses be completed during the first and/or second year of college. These are called Lower-Division Major Requirements. Many of these requirements can be completed at SCC prior to transferring (The highly specific courses in the major are called Upper-Division Requirements and these are completed after transfer). In developing a program for transfer, first consideration in most cases should be given to completing the courses required in the transfer major or as preparation for the major.

Course Requirements for Transfer Students
A student can transfer from Santiago Canyon College to a four-year college or university as a junior without loss of time or credits by completing the following:

1. Lower-Division Major Requirements. Most majors at four-year colleges and universities require the completion of one or more lower-division courses as preparation for the upper-division course work in a major. Santiago Canyon College offers courses to meet the lower-division requirements for most majors at four-year colleges and universities. Information about many specific major requirements is available in the Counseling and Transfer Success Center, or at www.assist.org. Students should meet with a counselor for additional information about major programs and requirements.

2. General Education Requirements. These are the courses required of students to obtain a degree regardless of major. They are designed to provide students with the knowledge, skills and understanding which will enable them to function as intelligent and creative members of the community. Courses in writing, critical thinking, mathematics, sciences, arts and humanities and the social sciences are included in general education.

3. Electives. These are courses of choice taken in addition to courses for the major and general education requirements.

Students enrolled in a transfer program can complete most of their general education and lower-division major requirements before transferring. Students who are planning to transfer to a four-year college or university should meet with a Santiago Canyon College counselor in the Counseling Center to develop a Comprehensive Student Education Plan which will identify the courses needed to transfer.

Transfer students may also want to complete an associate degree. While not a requirement for transfer, the associate degree is generally recommended, and proper planning should enable students to satisfy both requirements for graduation from SCC and for transfer.

California State University
The California State University has 23 campuses located throughout the state. While each campus within the system has its own unique geographic and curricular character, all campuses offer undergraduate and graduate instruction for professional and occupational goals as well as a broad liberal education. The CSU offers more than 4,100 bachelor’s and master’s degrees through both classroom and online instruction. Campuses are located at Bakersfield, Channel Islands, Chico, Dominguez Hills, East Bay, Fresno, Fullerton, Hayward, Humboldt, Long Beach, Los Angeles, Monterey Bay, Northridge, Pomona (Cal Poly), Sacramento, San Bernardino, San Diego, San Francisco, San Jose, San Luis Obispo (Cal Poly), San Marcos, Sonoma, Stanislaus, and Vallejo (California Maritime).

To obtain a bachelor’s degree from the CSU system, a student must complete a minimum of 120 semester units (180 quarter units). A maximum of 70 units of transferable credit will be accepted for courses completed at a community college.

Prospective CSU transfer students should consult a counselor regarding CSU admission, as requirements vary depending upon the student's status at the time of high school graduation.
California State University
Admissions Requirements for Transfer Students

Upper-Division Transfer

Students are eligible for upper-division transfer if they complete at least 60 semester or 90 quarter units of transferable coursework and

1. Earn an overall college grade point average (GPA) of 2.0 (C); GPA is calculated using all transfer units attempted. In high-demand majors and campuses a GPA of 2.0 may not be sufficient to be admitted;
2. Are in good standing at the last college or university attended (eligible to enroll);
3. Complete 10 general education courses (30 semester units or 45 quarter units) with a grade of C- or better, which include general education English Composition (A2), College Mathematics (B4), Speech Communication (A1), and Critical Reasoning (A3). If CSU-GE area A1, A2, A3, or B4 courses double-count as general education and a major requirement, it is recommended these courses be completed with a grade of “C” or better.

NOTE: Some CSU campuses may impose a higher GPA admission standard based on impacted major or impacted campus status.

Lower-Division Transfer

A student may be eligible for lower-division transfer (completion of less than 60 units) if the student has completed all admission requirements required for first-time freshmen. Some CSU campuses may also require completion of general education classes in Mathematics and English, with a “C” or better prior to admission. If the student did not complete all the subject requirements in high school, appropriate college courses may be used to make up the missing subjects. Many CSU campuses will not accept lower-division transfer students. Please see a Santiago Canyon College counselor for more information.

General Education Requirements for California State University

To earn a bachelor’s degree from the California State University, each student must complete a program of general education. Santiago Canyon College offers general education programs which will enable students to meet the lower-division general education requirements for all CSU campuses prior to transfer. Students can complete either the CSU General Education Breadth Requirements (Plan B) or the Intersegmental General Education Transfer Curriculum (IGETC/Plan C) for CSU.

Plan B

CSU General Education Breadth Requirements

See page 46 of the Catalog for specific courses which meet these requirements.

A. COMMUNICATION IN THE ENGLISH LANGUAGE AND CRITICAL THINKING
   - 9 units

B. THE PHYSICAL UNIVERSE AND ITS LIFE FORMS
   - 9 units

C. ARTS, LITERATURE, PHILOSOPHY, FOREIGN LANGUAGE
   - 9 units

D. SOCIAL POLITICAL AND ECONOMIC INSTITUTIONS AND BEHAVIOR;
   HISTORICAL BACKGROUND
   - 9 units

E. LIFELONG UNDERSTANDING AND SELF DEVELOPMENT
   - 3 units

All California State Universities have a graduation requirement in U.S. History, Constitution, and American Ideals. This requirement can be satisfied before or after transfer to a CSU by taking coursework in three areas US-1, US-2, and US-3. A student must take one course from each of the three areas. A student may use the same course to satisfy more than one area (US-1, US-2, US-3) if applicable. Courses meeting this requirement may also be counted toward certification in general education.

US-1: Historical Development of American Institution and Ideals:
   - History 118, 120, 120H, 121, 121H, 122, 124, 127

US-2: U.S. Constitution & Government:
   - Political Science 101, 101H

US-3: California State & Local Government:
   - Political Science 101, 101H

Students who complete Plan B are eligible to receive a Certificate of Achievement in General Education (CSU).

University of California

The University of California has ten campuses located throughout the state. Each campus within the system has its own unique geographic and academic character. The University offers bachelor’s, master’s and doctoral degrees in a variety of subject areas. Campuses of the University are located at Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco (Schools of Medicine, Dentistry and Pharmacy), Santa Barbara and Santa Cruz.

To obtain a baccalaureate degree from the UC system, a student must complete a minimum of 120 semester units (180 quarter units). A maximum of 70 units of transferable credit will be accepted for courses completed at a community college.

University of California Admissions Requirements for Transfer Students

Upper-Division Transfer

The vast majority of transfer students enter the University of California at the junior level from a community college. To be eligible for admission as a junior or upper-division transfer student, a student must fulfill both of the following criteria:

1. Complete 60 semester or 90 quarter units of transferable college credit with a grade point average of at least 2.4 (2.8 for nonresidents). No more than 14 semester (21 quarter) units may be taken Pass/Not Pass, and
2. Complete the following seven course pattern requirements and earn a grade of “C” or better in each course: or a Pass (P) grade if Pass is equivalent to a C (2.0):
   - Two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
   - One transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; and
   - Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas:
     - arts and humanities
     - social and behavioral sciences
     - physical and biological sciences.

Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC/Plan C) prior to transferring to UC will satisfy section 2 of the transfer admission requirements listed above.

Lower-Division Transfer

The University of California admits a limited number of transfer students before they reach junior or upper-division standing, if they have met specific requirements. Lower-Division transfer admission decisions vary by UC campus, and it is not a common policy for many UC campuses. If a student were to be admitted as a lower-division transfer at a UC campus the following criteria would apply:
If a student was eligible for admission to the University of California when he or she graduated from high school—meaning the student fulfilled the Subject, Scholarship, and Examination Requirements, or was identified by the University of California as eligible in the local context and completed the Subject examination requirements in the senior year, the student is eligible for transfer if he or she has a C (2.0) average in transferable college work.

If a student met the Scholarship Requirement in high school but did not satisfy the Subject requirement, the student must take transferable college courses in the missing subjects, earn a “C” or better in each required course and maintain an overall 2.0 GPA in all transferable coursework to be eligible to transfer.

NOTE: UC campuses may impose a higher GPA admission standard; please see a Santiago Canyon College counselor for more information.

General Education Requirements for the University of California

To earn a bachelor’s degree from the University of California, each student must complete a program of general education. To meet the general education requirements of the University, students can complete either the Intersegmental General Education Transfer Curriculum (IGETC/Plan C) or individual campus general education requirements. Santiago Canyon College strongly recommends that students follow the IGETC rather than the individual campus general education/breadth requirements because this will usually provide more flexibility when applying for transfer. However, some UC campuses may discourage or restrict the use of IGETC for particular majors, especially majors that have many lower-division requirements that can be met at the community college. Students who began at a UC campus and who intend to transfer back to the same campus cannot use IGETC. Students who enrolled at a UC campus, leave that campus and attend Santiago Canyon College, and plan on transferring to a different UC campus may use the IGETC. Students are strongly encouraged to work with a Santiago Canyon College Counselor to develop an education plan that incorporates major preparation and appropriate general education requirements.

Plan C

Intersegmental General Education Transfer Curriculum (IGETC) for CSU And UC

See page 47 of the Catalog for specific courses which meet these requirements.

1. ENGLISH COMMUNICATION – 9 units (CSU)
   ENGLISH COMMUNICATION – 6 units (UC)
2. MATHEMATICAL CONCEPTS – 3 units (CSU and UC)
3. ARTS AND HUMANITIES – 9 units (CSU and UC)
4. SOCIAL AND BEHAVIORAL SCIENCE – 9 units (CSU and UC)
5. PHYSICAL AND BIOLOGICAL SCIENCES – 7-9 units (CSU and UC)
6. LANGUAGE OTHER THAN ENGLISH – 0-5 units (UC)

California State University also has an American Institutions requirement which can be satisfied prior to transfer by taking Political Science 101 and an approved American History course in Area 4. Completion of these courses is advised for students completing the IGETC pattern and transferring to a CSU campus. See page 47 for specific details.

Students following the IGETC pattern (Plan C) are strongly advised to complete all requirements prior to transfer. Completion of the pattern allows the student to become certified, which means the student has met all lower-division general education requirements. Partial certification is permitted if a student has completed all but two (2) courses on the IGETC pattern. Specific rules apply to how and when the remaining courses must be completed after transfer. Please see a Santiago Canyon College counselor for guidelines.

Students who complete Plan C are eligible to receive a Certificate of Achievement in General Education (IGETC).

Certification of General Education for Transfer to UC or CSU

Upon a student’s request, Santiago Canyon College will verify the completion of lower-division general education requirements for transfer to the University of California or the California State University. Students should request IGETC/Plan C or CSU GE/Plan B certification during the semester prior to the last term of attendance. Students who transfer without certification will have to meet the general education requirements of the specific UC or CSU campus to which they are transferring. Meeting these requirements usually necessitates taking additional courses.

Students who have taken courses at other colleges can have these courses approved in the certification process. Using the Intersegmental General Education Transfer Curriculum or CSU General Education Breadth, Santiago Canyon College will certify (guarantee) courses taken at other California community colleges in the areas designated by the offering college.

Courses taken at independent or out-of-state colleges/universities that are regionally accredited (which do not maintain a CSU GE Breadth or IGETC certification list) may be approved for certification via a “Pass Along Petition” and after a review by the Santiago Canyon College Articulation Officer. Courses are passed along for IGETC or CSU GE Breadth if they are equivalent to courses on the Santiago Canyon College or another California community college’s IGETC or CSU GE Breadth pattern. Pass Along Petitions are available at the Santiago Canyon College Counseling Department and must be accompanied by the appropriate documentation. Students must make an appointment with a Santiago Canyon College counselor before submitting a Pass Along Petition.

Courses from foreign institutions cannot be used in the certification process.

Students should request IGETC certification from the last California Community College they attend prior to transfer to UC or CSU.

Students requesting CSU GE Breadth certification must complete at least 12 units at Santiago Canyon College.

NOTE: Transcripts from all colleges attended must be submitted to the Admission Office prior to requesting certification.

Independent and Out-of-State Colleges and Universities

In addition to state supported colleges and universities in California, there are many outstanding independent institutions in the state. There are also many colleges, both private and public, located throughout the United States to which Santiago Canyon College students can transfer. Each of these institutions has its own unique requirements for admission. In order to determine eligibility, students should visit the website of the university to view admission requirements or obtain a copy of the university catalog.

Santiago Canyon College has articulated general education requirements and major preparation courses with a number of independent institutions such as Chapman
University, The University of San Diego, and the University of Southern California. Students transferring to independent or out-of-state institutions should meet with a Santiago Canyon College counselor in order to determine appropriate general education and major preparation requirements.

California’s fully-accredited independent colleges and universities provide many options at the undergraduate, graduate, and professional levels for students planning to continue their education beyond the community college. For a complete listing of independent colleges and universities in California, please visit [www.aiccu.edu](http://www.aiccu.edu) or the Santiago Canyon College transfer website at [www.sccollege.edu/transfer](http://www.sccollege.edu/transfer).

### Pass Along Procedures

Pass Along permits a student to use courses taken at colleges or universities that are not part of the California Community College system to meet general education requirements on the CSU GE/Plan B or IGETC/Plan C education plan. All completed coursework must come from a regionally accredited institution, meaning that an institution must be accredited by one of the six U.S. regional accrediting associations.

The six regional accrediting associations are:

- Middle State Commission on Higher Education (MSCHE)
- New England Association of Schools and Colleges, Commission on Institutions of Higher Education (NEASC-CHE)
- Higher Learning Commission (HLC)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools, Commission on Colleges (SACSCOC)
- Accrediting Commission for Community and Junior Colleges - Western Association of Schools and Colleges (ACCJC-WASC)
- WASC Senior College and University Commission (WSCUC)

Pass Along petitions are reviewed in fall and spring only and after the second week of school. To start the Pass Along process students must:

1. Be currently enrolled at Santiago Canyon College.
2. Complete twelve units of Santiago Canyon College coursework.
3. Submit official transcripts from all institutions attended to the SCC Admissions Office in E-101. Electronic transcripts are considered official only if the electronic transcript is sent directly to the SCC Admissions Office. Electronic transcripts sent directly to the student are not considered an official transcript. Students are advised to obtain an extra set of transcripts for their personal files.
4. Make a copy of the course description for each course the student wants a pass along review. The course description copy must be from the catalog year the student completed the course. If a course cannot be located, the student must contact the institution for the appropriate course description. For IGETC English pass along approval of Area 1A-English Composition and/or Area 1B-Critical Thinking a course syllabus of the English course **must be provided**. IGETC English Pass Along Petitions are reviewed by the English Department between the first through the sixth week of the fall and spring semester only.
5. Make an appointment with an SCC Counselor. Bring copies of the course descriptions/syllabi and official transcripts to the appointment. The counselor will assist the student in filling out the “Pass Along Petition.” Courses submitted for IGETC pass along approval must be completed with a grade of “C” or better. No “C-” grade can be approved for pass along on IGETC. If the CSU GE area A1, A2, A3, or B4 course double-counts for GE and a major requirement, it is recommended these courses be completed with a grade of “C” or better for certification. No “D-” grade can be approved for pass along on CSU GE Breadth (Plan B).
6. Completed Pass Along petitions are submitted to the Articulation Officer for review and take two to three weeks to process. Students will be notified by mail once a decision is made.

Courses from international institutions cannot be considered for Pass Along.
ASSOCIATE IN ARTS FOR TRANSFER (A.A.-T) OR ASSOCIATE IN SCIENCE FOR TRANSFER (A.S.-T) DEGREE REQUIREMENTS • 2019–2020

ASSOCIATE DEGREES FOR TRANSFER

California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of Santiago Canyon College’s Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to www.sccollege.edu/transferdegrees.

Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Associate Degrees for Transfer

To earn an associate degree for transfer, a student must fulfill the requirements listed under I, II, and III below.

I. Unit and Residency Requirements

60 UNITS of CSU-transferable semester units are required, with at least a 2.0 grade point average. While a minimum of 2.0 is required for admission to the CSU, some majors may require a higher GPA. Please consult with a counselor for more information. At least 12 of the units must be degree applicable and earned at Santiago Canyon College.

II. General Education Requirements

The general education requirements can be met through the completion of one of the following general education plans.

Plan B: California State University General Education Breadth

Plan C: Intersegmental General Education Transfer Curriculum (IGETC)

III. Major Requirements

Each degree specifies courses required for the major (a minimum of 18 units). Students must complete an “AA-T” or “AS-T” major as detailed in the program section of the catalog. Completion of these courses must be done with a grade of C or better or a “P” if the course is taken on a “Pass/No Pass” basis. (Title 5 § 55063)

See Pass / No Pass section on page 19. Courses in the student’s major may not be taken under the Pass/No Pass policy except for major courses for Associate Degrees for Transfer courses for which Pass/No Pass is the only grading option, and units earned through credit by examination or assessment.

Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T) Reciprocity, Course Substitution, External Exams, and Credit by Exam Policy and Procedures

Students who have taken courses from a California Community College, a regionally accredited institution, completed an external exam such as AP, CLEP (may be used on CSU GE-Plan B only), or IB or Credit by Exam may be granted credit towards an AA-T/AS-T general education and/or major requirement. Courses will be reviewed by one of the following methods.

General Education Courses

• General education courses taken at other California Community Colleges are granted course-to-course reciprocity providing the course in question appears on the CSU-Plan B or IGETC-Plan C at the time the student completed the course.

• Non-California Community College general education courses are reviewed by the Articulation Officer via the pass along process in accordance with the CSU-Plan B or IGETC-Plan C standards.

• Students who completed an external examination such as AP, CLEP or IB are granted credit towards general education consistent with CSU GE and IGETC policies.

• Santiago Canyon College Credit by Exam may be granted for general education only if a course is eligible and listed in the Credit by Exam section of the SCC Catalog.

Major Requirement Courses

• A major requirement with a C-ID number taken at another California Community College (CCC) is granted course-to-course reciprocity and meets the same designated C-ID major requirement found in the SCC’s AA-T/AS-T.

• A major requirement completed at another California Community College that is approved as part of its AA-T or AS-T, will be applied to the corresponding Santiago Canyon College AA-T/AS-T area. Courses completed at other CCCs must be part of their AA-T/AS-T at the time the student completed the course, if a course is not part of the AA-T/AS-T then the course must be reviewed by the SCC discipline faculty in accordance with the C-ID descriptor. Courses completed at other CCCs prior to the AA-T/AS-T approval, will be “grandfathered”.

• A major requirement without a C-ID number taken at another California Community College, where an AA-T/AS-T does not exist, is reviewed by the SCC discipline faculty in accordance with the C-ID descriptor.

• A non-California Community College major requirement taken at a regionally accredited institution is reviewed by the SCC discipline faculty in accordance with the C-ID descriptor and if comparable, course-to-course substitution is granted.

• Students who completed an external examination such as AP, CLEP or IB are granted credit towards major requirements where exam-to-course comparability exists; if exam-to-course comparability does not exist, the discipline faculty reviews the external exam and determines course comparability if a course is offered. (Students should be aware that external exam credit may be awarded/counted differently by the transfer institution).

• Santiago Canyon College Credit by Exam may be granted for major requirement only if a course is eligible and listed in the Credit by Exam section of the SCC Catalog.

It is strongly recommended students make an appointment with a Santiago Canyon College counselor to discuss appropriate credit placement.
Students planning to graduate from one of the 23 campuses of the California State University must complete 48 semester units in general education breadth courses. Upon request, Santiago Canyon College will verify the completion (certify) of up to 39 units of lower-division general education requirements. Nine semester units of general education units must be completed at the upper-division level after transfer. Students are strongly encouraged to meet with a Santiago Canyon College counselor when planning to transfer to a CSU campus.

IMPORTANT NOTE: The list of certifiable courses is subject to change each year, but students are assured that courses taken to meet General Education-Breadth requirements will be honored upon request. Santiago Canyon College Counseling Department and must be accompanied by the appropriate documentation. Requests for certification should be made during the semester prior to the last term of attendance. Please consult the class schedule or the Admissions website at www.sccollege.edu or the Santiago Canyon College Counseling Department for deadline information.

Students following the Associate in Science/Biology for Transfer (11856) must follow the CSU-GE for STEM and only need to complete the following CSU General Education Breadth requirements:

- **Area A** – One course from areas A1, A2, and A3.
- **Area B** – One course from areas B1, B2, B3, and B4
- **Area C** – One course in areas C1 and C2
- **Area D** – Two courses from two different disciplines in area D
- **Area E** – One course from area E

C. Arts, Literature, Philosophy, and Foreign Language (minimum 9 units)

This area must include one course from C1, one course from C2, and a third course from either area.

*Courses may be listed in more than one area but will not be certified in more than one area.

• B1, B2, B3: Courses in bold have laboratory activity.

(F' YR) - Indicates the semester and year the course was approved in a general education area.
Completion and certification of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from Santiago Canyon College to a campus in either the California State University (CSU) or the University of California (UC) system without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements. Completion of IGETC does not guarantee admission to a UC campus. Students are strongly encouraged to meet with a Santiago Canyon College counselor when planning to transfer to a UC campus.

**IMPORTANT NOTE:** The list of certifiable courses will be subject to change year by year, but students are assured that courses taken to meet IGETC requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved beginning Fall 2019 and are valid through Summer 2020.

### AREA 1—ENGLISH COMMUNICATION

**C.S.U.:** 3 courses required, one from each group.

**U.C.:** 2 courses required, one each from Group A and B.

**Group A:** English Composition

1 course required, minimum 3 semester units.

English 100 (F'19), 101*/101H*

**Group B:** Critical Thinking-English Composition

1 course required, minimum 3 semester units.

English 102*/102H*, 103, 104

Philosophy 110*

**Group C:** Oral Communication (CSU ONLY)

1 course required, minimum 3 semester units.

Communication 100*/100H*, 101, 110, 111

Sociology 125 (F'19)

### AREA 2A—MATHEMATICAL CONCEPTS & QUANTITATIVE REASONING

1 course required, minimum 3 semester units.

Math 105, 140*, 150*, 170*, 171* (F'19), 180*/180H*, 185, 190*/190H*, 220 (F'19)*, 280, 287, 290, 295

Sociology 125 (F'19)

### AREA 3—ARTS & HUMANITIES

3 courses required, minimum 9 semester units, with at least one course from Group A and one course from Group B. Select a third course from either area.

**Group A:** Arts (minimum 3 units)

Art 100*/100H*, 101*/101H* (F'19)*, 102*/102H* (F'19)*

Cinema Studies 103, 104

Dance 100

Music 101*/101H*, 102, 103, 104

Theatre 100

**Group B:** Humanities (minimum 3 units)

American Sign Language 111, 116, 210

Chinese 101

English 102*/102H*, 231, 232, 233A, 233B, 241, 242, 243 (F'19), 246, 271, 272, 278

French 102, 201, 202

History 101*/101H*, 102*/102H*, 132 (F'19)

Italian 102, 201, 202

Philosophy 106*/106H*, 108, 112, 115, 118, 120

Spanish 102*, 111 (F'19), 195A, 195B, 201, 202

* Indicates that transfer credit may be limited by either UC or CSU or both. Courses with an asterisk may be counted in one area only. Please consult with a counselor for additional information.

** Official High School transcript must be on file in the admissions office.

### AREA 4—SOCIAL & BEHAVIORAL SCIENCES

3 courses required, minimum 9 semester units from at least 2 disciplines or an interdisciplinary sequence.

Anthropology 100*/100H*, 103, 104

Psychology 100*/100H*, 121*/121H*, 122*, 124, 126, 127, 133, 152, 162, 240

Interdisciplinary Studies 155

Political Science 101*/101H*, 110, 200, 201, 220, 221, 230

Psychology 100*/100H, 157*, 160 (F'19), 170, 180, 190 (F'19)*, 200, 220, 230, 240, 250

Sociology 100*/100H*, 115, 116, 120 (F'19), 125, 130, 150 (F'19), 220, 240

### AREA 5—PHYSICAL & BIOLOGICAL SCIENCES

Minimum 7-9 semester units. One Physical Science course and one Biological Science course required. One course must include a corresponding laboratory. Lab courses are underlined.

**Group A:** Physical Science (minimum 3 units)

Astronomy 102, 103, 112

Chemistry 200*, 200AH, 200B

Earth Sciences 100 (F'19), 111, 120, 130, 160, 200

Geography 101*/101H* (F'19)*, 130

Physical Science 100

Physics 100, 150A*, 150B*, 250A*, 250B*, 250C*

**Group B:** Biological Science (minimum 3 units)

Anthropology 101

Biology 109*/109H*, 115, 139, 149, 177, 190 (F'16)*, 211, 212, 214, 221, 229, 231, 239, 246, 249, 250

Psychology 200 (F'17)

**Group C:** Laboratory Activity (minimum 1 unit)

Biology 101L

Astronomy 100L

Biology 109L, 109HL, 115, 139, 149, 190L (F'12), 211, 212, 214, 221, 229, 231, 239, 246, 250, 290

Chemistry 200*, 200AH, 200B

Earth Sciences 100L, 111, 121

Geography 101L

Physical Science 100

Physics 100, 150A*, 150B*, 250A*, 250B*, 250C*

### AREA 6—LANGUAGE OTHER THAN ENGLISH (LOTE)

**UC ONLY** This proficiency may be met by one of the following methods:

- Satisfactory completion of two years of high school coursework in a language other than English with grades of “C” or better*; or completion of one of the following: American Sign Language 110, 111, 210; Chinese 101, 102; French 101, 102; Spanish 101*/101H*, 101H, 101B, 210* (F'19), 111 (F'19), 201, 202

- Satisfactory completion, with “C” grades or better, of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English.

- 3 or higher on College Board Advanced Placement Examination, 5 or higher on International Baccalaureate Higher Level Examination; SAT II: Subject Tests (see counselor for required scores); grade of A, B, or C on the “O” level exam; or score of 5, 6, or 7 on the “A” level exam or satisfactory completion of an achievement test administered by a college in a language other than English equivalent to two years of high school language; or verification of student competency equivalent to two years of high school language.

**AMERICAN INSTITUTIONS REQUIREMENT (AI)**

(Not part of IGETC. May be completed prior to transfer.)

CSU has an American Institutions graduation requirement that is separate from IGETC. To meet the CSU requirement, students should take Political Science 101*/101H* AND one of the following courses: History 118, 120*/120H*, 121*/121H*, 122*, 124, 127. These courses can be used for 6 of the 9 units required in Area 4 (Social and Behavioral Sciences).

UC requires the completion of a college course or courses with a grade of “C” or better OR a one-year course in high school in U.S. History or a half-year course in U.S. History and a half-year course in American Government with grades of “C” or better (UCLA requires grades of “B”). Requirements vary by UC campus. Check with a Santiago Canyon College counselor to determine which course(s) to take.

### CERTIFICATION REQUIREMENTS

1. Complete all courses used for IGETC certification with a minimum grade of “C” (UC minus is not acceptable). A “Pass” is acceptable providing it is equivalent to a grade of C or higher.

2. Request certification from the last California community college you attend prior to transfer to CSU or UC. Requests should be made to the Office of Admissions and Records during the semester prior to the last term of attendance. Please consult the class schedule or the Santiago Canyon College Counseling Department for deadline information.

3. Prior to requesting certification, have official transcripts on file from every high school and college you have attended.

4. Courses taken at other California community colleges will be applied to the subject areas in which they are listed by the institution where the work was completed.

5. A course taken at other regionally accredited institutions (which do not maintain an IGETC certification list) may be approved for certification via a “Pass Along Petition” and after a review by the Santiago Canyon College Articulation Officer. Pass Along Petitions are available from the Santiago Canyon College Counseling Department and must be accompanied by the appropriate documentation.

6. Courses completed at foreign institutions are not acceptable except for certification of competence in a language other than English.

7. Completing IGETC prior to transfer is strongly recommended and can be advantageous in the admissions process. Partial certification is permissible if the student has completed all but two courses on the pattern. Please see a Santiago Canyon College counselor for guidelines.

8. Students completing the Associate in Science degree (11856) degree must follow IGETC for STEM and only need to complete the following IGETC areas to earn the degree:

   - Area 1 – all courses (except 1C for UC bound students)
   - Area 2 – One course
   - Area 3 – Two courses
   - Area 4 – Two courses
   - Area 5 – All courses
   - Area 6 – one course for UC-bound students

   - CSU students do not need to complete this section.
This agreement lists approved Santiago Canyon College courses transferable for unit credit at all UC campuses and explains UC credit provisions. Additional courses for 2019–2020 may be approved after this catalog publication date. Please see an SCC counselor for more information.

Accounting 101, 102
American College English 102*, 116*  
*ACE 102 and 116 maximum credit, 8 units

Sociology 100, 100H, 115, 116/116H, 120, 125, 130, 150, 220, 240+  
+ SOC 240 and PSYC 240 maximum credit, one course
* SPAN 101 or 101H correspond to two years of high school study  
+ SPAN 101A and 101B combined are equivalent to SPAN 101. Combined correspond to two years of high school study
Surveying/Mapping Sciences 118*, 119*, 155 (Same as GEOG 155)  
* SURV 118 and 119 maximum credit, one course
Water Utility Science 107

Note: Duplicate credit will not be awarded for both Honors and regular versions of a course. Credit will be awarded to the first course completed with a “C” or better.
Advance Placement Examinations with a score of 3, 4, or 5 can be used to meet Santiago Canyon College Associate degree requirements, CSU admission, CSU GE certification, UC admission, and IGETC certification requirements. However AP credits cannot be used to meet Santiago Canyon College 12 unit residency requirement for the Associate degree. **Students who have earned credit from an AP exam should not take a comparable college course since credit will not be granted for both.** Students using an AP exam for a requirement other than general education, such as major preparation, are strongly advised to check with a Santiago Canyon College counselor and/or the Admissions Office of their transfer campus to determine how the AP exam will be used to meet major and graduation requirements as policies may differ from SCC’s. Students should submit official copies of Advance Placement Examination test scores to the Admissions and Record office for evaluation.

¹ Area designation may vary depending on the institution. ² CSU Minimum Admission Semester Units refer to the minimum number of units required for admission to a particular major or program. ³ IGETC Certification Area/Semester Units refer to the specific areas of study that must be completed to receive IGETC certification. ⁴ UC Minimum Admission Semester Units refer to the minimum number of units required for admission to a particular UC institution. ⁵ Area 1A or 3B. ⁶ Area 5A and 5C. ⁷ CSU AI Requirement. ⁸ Area 6. ⁹ Area 5. ¹⁰ Area 4.
1. The AP exams listed above may be incorporated into certification of CSU General Education-breadth requirements. All CSU campuses will accept the minimum units shown if the examination is included in full or subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education breadth requirements.

2. The CSU Minimum Semester Admission unit column reflects what each campus system-wide will minimally accept towards CSU admission.

3. Each AP exam may be applied to one IGETC area, as satisfying one course requirement, with the exception of area 6A – Language Other Than English (LOTE). Exams maybe used regardless of when the exam was taken.

4. The final column reflects what the University of California will award per AP exam for admission to any UC campus.

5. AP exams may be used in either area regardless of where the SCC discipline is located.

6. For Environmental Science, Physics C: Mechanics and Physics C: Electricity/Magnetism, 3 semester or 4 quarter units are applied toward general education area 5A + 5C; therefore, students who complete these exams will be required to complete an additional 4 semester or 5 quarter units to satisfy the minimum required 7 semester or 9 quarter units in Area 5 for IGETC certification.

7. This AP examination only partially fulfills the CSU US History, Constitution, and American Ideals graduation requirement but can be used toward the requirement. (Please note that no AP exam fulfills the California State and Local Government portion, US-3) see a counselor for more information.

8. If a student passes more than one AP Physics exam, only 6 units of credit will apply to the baccalaureate degree, and only 4 units may be used for the CSU GE certification.

9. Students who take the Calculus BC exam and earn a subscore of 3 or higher on the Calculus AB portion will receive credit for the Calculus AB exam, even if the student did not receive a score of 3 or higher on the Calculus BC examination.

SANTIAGO CANYON COLLEGE  
COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP) PLACEMENT GUIDE AND POLICIES

Santiago Canyon College students who have taken CLEP examinations and have a score of 50 or higher (level II languages require a higher score) can earn credits towards Santiago Canyon College Associate degree general education requirements or electives, CSU admission, and CSU GE certification requirements. However CLEP credits cannot be used to meet Santiago Canyon College twelve-unit residency requirement for the Associate degree. **Students who have earned credits from a CLEP exam should not take a comparable college course since credit will not be granted for both.** Students are strongly advised to check with an SCC counselor when using CLEP credit for CSU admission or for major requirements. The CSU has grandfathered in this policy the guide CLEP submissions for any year that the CLEP exams were taken. Students should submit official copies of CLEP test scores to the Admissions and Record office for evaluation. The University of California does not accept CLEP exams to meet requirements for IGETC.

1. The CLEP exams listed above may be incorporated into certification of CSU General Education-Breadth requirements. All CSU campuses will accept the minimum units shown if the examination is included in full or subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education requirements.

2. The CSU Minimum Semester Admission unit column reflects what each campus system-wide will minimally accept toward CSU admission.

3. This CLEP exam satisfies Santiago Canyon College Mathematics Proficiency requirement for Plan A-area G1.

4. If a student passes more than one CLEP exam in the same language other than English (e.g. two exams in French), then only one examination may be applied to the SCC Associate degree or CSU baccalaureate degree. For each of these tests a passing score of 50 earns 6 units of elective credit; higher scores earn more units of placement in Area C for the Associate degree or Area C2 for the CSU GE breadth requirement.

5. This CLEP exam partially fulfills the CSU American Institutions graduation requirement but can be used toward the US-1 requirement.
SANTIAGO CANYON COLLEGE
INTERNATIONAL BACCALAUREATE (IB) EXAMINATION GUIDE AND POLICIES

Santiago Canyon College students who have taken IB examinations and have a score of 5 or higher (CSU accepts a score of 4 on some exams) can earn credits towards Santiago Canyon College Associate degree general education requirements, CSU admission, CSU GE certification, UC admission, and IGETC certification requirements. However IB credits cannot be used to meet Santiago Canyon College twelve-unit residency requirement for the Associate degree. Students who have earned credits from a IB exam should not take a comparable college course since credit will not be granted for both. Students are strongly advised to check with an SCC counselor when using IB credit for CSU/UC admission or for major requirements. Students should submit official copies of IB test scores to the Admissions and Record office for evaluation.

</table>

1. The IB exams listed above may be incorporated into certification of CSU General Education-Breadth requirements. All CSU campuses will accept the minimum units shown if the examination is included in full or subject area certification; individual CSU campuses may choose to accept more units than those specified towards completion of general education requirements.
2. The column reflects the CSU system-wide minimum units awarded per exam for CSU admission eligibility. Some CSU campuses may award more than the minimum listed in the column, for further information consult each CSU catalog.
3. The column lists how each IB exam may be applied to one IGETC area, as satisfying one course requirement, with the exception of Hif area 6A – Language Other Than English (LOTE). Exams may be used regardless of when the exam was taken.
4. This column reflects the University of California system-wide minimum units awarded per IB exam for UC admissions eligibility.
5. IB Exams may be used in either area regardless of where the SCC discipline is located.
6. CSU accepts a score of 4 or higher for each of these exams.
7. The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers respectively.
9. The IB organization awards either a diploma or a certificate for individual IB exams. Students who complete the IB diploma with a score of 30 or above will receive 30 quarter units (20 semester units) towards a UC baccalaureate degree.
ASSOCIATE DEGREES AND CERTIFICATES
Santiago Canyon College offers a variety of traditional degrees and certificates. Associate degrees are programs of study within a specific major and require general education. Certificates of achievement are programs of study in a particular academic or occupational area and exclude general education. All degrees and certificates of achievement have a State-approved program control number in parentheses which will appear on student transcripts. Certificates of proficiency are specialized vocational areas, excluding general education, which do not appear on student transcripts.

Programs which lead to transfer to universities and four-year colleges do not necessarily reflect the transfer requirements of specific schools. In planning a program for transfer, it should be noted that the transfer requirements for both the major and general education vary widely. Hence, it is recommended that the student review the catalog of the school of transfer and consult with the counseling staff at Santiago Canyon College in planning transfer objectives.

ASSOCIATE DEGREES FOR TRANSFER
California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of Santiago Canyon College's Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to www.sccollege.edu/transferdegrees.

Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

COURSE DESCRIPTIONS
Course descriptions include the course discipline, number, title, units, class hours, requisites, and any applicable additional information such as cross-listings, C-ID, field trips, material fees, open-entry/open-exit, pass/no pass, repeatability, transferability, and credit by exam.

Course Number
100-299: Courses numbered 100-299 are transferable to California State University (CSU) or University of California (UC) and are applicable to the associate degree. See Transferability of Courses on page 41 for additional information.

Honors: Courses numbered 100 and above followed by the letter “H” are offered as part of the Santiago Canyon College Honors Program. See Honors Program and Honors Courses on pages 28-29.

001-099: Courses numbered 001-099 are not transferable to California State University (CSU) or University of California (UC). They are applicable to the associate degree unless the course number is preceded by the letter “N”.

N01-N99: Courses numbered N01-N99 are not transferable to California State University (CSU) or University of California (UC) and are not applicable to the associate degree. These courses count toward course load.

California State University (CSU) or University of California (CSU/UC): Identifies courses that are transferable to California State University (CSU) or University of California (UC). They are applicable to the associate degree unless the course number is preceded by the letter “N”.

Course Identification Numbering System (C-ID): Identifies a lower-division, transferable course commonly articulated between California Community Colleges and four-year universities. See page 3 for additional information.

Credit by Exam: See Credit by Examination on page 17.

Experimental Courses: See Experimental Courses on page 18.

Grade Pass/No Pass: See Pass/No Pass on page 19.

Prerequisites, Corequisites and Recommended Preparation: See section on pages 21-22.

Repeatable Courses: See Course Repeatability and Repetition pages 16-17.

Same as: Identifies an identical course in a different discipline.

The college reserves the right to cancel scheduled classes.
## COURSE IDENTIFICATION NUMBERING SYSTEM (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course numbers. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to [www.assist.org](http://www.assist.org) to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the ASSIST database at [www.assist.org](http://www.assist.org) for specific information on C-ID course designations. Santiago Canyon College counselors can always help students interpret or explain this information.

**Faculty:** DeAnna Martin, Melissa Shirah

The Associate of Science degree and Certificate of Achievement in Accounting prepare students for entry-level positions and promotional opportunities in accounting and administrative departments of businesses in public and private sector areas such as manufacturing, merchandising, financial service, wholesale trades, and government. Specialized training in accounting and finance principles and practices enable students to maintain accounting records and develop financial reports and make effective use of financial information for analysis and decision making. Entry-level employment opportunities include positions in accounts receivable/payable, payroll, income tax preparation, cost accounting, and a number of trainee positions. Promotional opportunities include higher-level responsibilities in these areas and the areas of general ledger, financial statement preparation and financial statement analysis.

**Certificate of Achievement Accounting (11858)**

**Learning Outcome(s)**  
Upon successful completion of the requirements for this certificate, students will be able to  
- Be prepared for a job or transfer to a four-year institution.

**TOTAL 11-12**

**Courses**

**Accounting 035 QuickBooks**  
Unit(s): 2.0  
Class Hours: 36 Lecture total.  
Preparation of accounting records for businesses using the QuickBooks software in the Windows environment. Topics include customer transactions, vendor transactions, bank reconciliations, reports, company file setup, and customization of QuickBooks.

---

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Accounting 100
Accounting for Small Business
Unit(s): 3.0
Class Hours: 54 Lecture total.
Accounting for Small Business is a beginning course in basic accounting as applied to service or merchandising/retail small businesses. Students will learn basic accounting procedures, preparation of financial statements, banking procedures, and payroll processing. Students will complete web-based weekly assignments based on lectures and text readings. This course is recommended for entrepreneurs, CPA candidates, those seeking professional development, and business students needing an accounting foundation before enrolling in ACCT 101. CSU

Accounting 101
Financial Accounting
Unit(s): 4.0
Class Hours: 72 Lecture total.
The study of accounting as an information system, examining why it is important, and how it is used by investors and creditors to make decisions. Coverage includes the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the classified financial statements, and statement analysis. It also includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics. CSU/UC (C-ID ACCT 110)

Accounting 102
Managerial Accounting
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Accounting 101.
Study of the use and reporting of accounting data for managerial planning, cost control, and decision-making purposes. The course includes broad coverage of concepts, classifications, and behaviors of costs. Topics include cost systems, the analysis and use of cost information, cost-volume-profit analysis, contribution margin, profit planning, standard costs, relevant costs, and capital budgeting. CSU/UC (C-ID ACCT 120)

Accounting 204
Managerial Cost Accounting
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Accounting 102.
Presents the theory of cost behavior, cost accounting, and cost control; the use of accounting information for management planning and decision making; cost systems, budgeting, and financial performance analysis. CSU

Accounting 205
Intermediate Accounting I
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Accounting 102.
An intermediate study of accounting theory and the conceptual framework; preparation of income statements and comprehensive income, balance sheets and statements of cash flows. Coverage includes present value and accounting concepts related to the asset side of the balance sheet. CSU

AMERICAN COLLEGE ENGLISH (ACE)

Courses

American College English N80
Writing Review
Unit(s): 0.5
Class Hours: 9 Lecture total.
Recommended Preparation: Concurrent enrollment in another American College English course.
This course offers individualized practice in creating better paragraphs and short essays emphasizing correct grammar, spelling and punctuation. Students can work on computers in the Language Lab and will conference with the instructor regularly. Grade: Pass/No Pass.

American College English N81
Improving Pronunciation
Unit(s): 3.0
Class Hours: 54 Lecture total.
Students will improve pronunciation of vowel and consonant sounds, word stress and intonation. Students will also practice reduced forms and thought groups. Some assignments require students to use the Academic Success Center outside of class hours.

---

**Santiago Canyon College**

**AMERICAN COLLEGE ENGLISH PROGRAM (ACE/ESL)**

The ACE program is for students who have English as a Second Language (ESL) backgrounds or who had English Language Learner/Development (ELL or ELD) classes in high school.
ACE courses are intensive and emphasize writing, reading and speaking skills development to prepare you for success in all of your college-level courses.
Before you can register for ACE, you need to take the TELD placement test. ESL students who try to take English 100 or 101 too soon might not pass because they lack the necessary fluency in writing. To register for the TELD, go to [http://www.sccollege.edu/Departments/testing](http://www.sccollege.edu/Departments/testing).
NOTE: The TELD can place very advanced ESL students into the English 100/101 level.
The following chart shows the levels in the ACE program. Students who place below ACE 052 can take classes in SCC’s Continuing Education ESL program, which can be contacted at (714) 628-5900. Not all ACE courses are offered every semester.

<table>

*Students who pass ACE 116 can take English 101.*

*ACE 102 AND 116 TRANSFER TO some CSUs AND UCs.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
AMERICAN COLLEGE ENGLISH / AMERICAN SIGN LANGUAGE

American College English 052
Expanding Academic Writing and Reading
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: Qualifying placement profile.
Recommended Preparation: Concurrent enrollment in American College English 053 is strongly advised.
Intermediate students expand their skills in grammar and in writing paragraphs. This course also strengthens students' vocabulary, reading and critical thinking skills. Laboratory is required and includes class assignments, individualized work and writing conferences with the instructor. Lab is part of the scheduled class meeting hours. Some homework will require the use of the Academic Success Center.

American College English 053
Expanding Academic Speaking Skills
Unit(s): 2.0
Class Hours: 36 Lecture total.
Intermediate level students expand their speaking skills in English. They will practice different types of speaking tasks such as expressing and supporting opinions, restating what others have said, and paraphrasing what they have heard or read. This course also strengthens students' vocabulary and critical thinking skills. Some assignments in the Academic Success Center will be required.

American College English 093
Refining Academic Speaking Skills
Unit(s): 2.0
Class Hours: 36 Lecture total.
Recommended Preparation: Concurrent enrollment in American College English 052 or qualifying placement profile.
High-intermediate level students refine their speaking skills in English. Students will practice different types of speaking tasks such as expressing and supporting opinions, restating what others have said, and paraphrasing what they have heard or read. Lab is part of the scheduled class meeting hours.

American College English 102
Refining Academic Writing and Reading
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: American College English 052 or qualifying placement profile.
Recommended Preparation: Concurrent enrollment in American College English 093.
Intermediate students expand their skills in grammar and in writing paragraphs. They also expand their grammar, vocabulary, reading and critical thinking skills. Laboratory is required and includes class assignments, individualized work and writing conferences with the instructor. Lab is part of the scheduled class meeting hours.

American College English 116
Introduction to Academic Composition
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: American College English 102 or qualifying placement profile.
Advanced students are introduced to common academic writing tasks such as comparing/contrasting and supporting an argument. Students also produce a short research paper. The course emphasizes control of grammar, punctuation and mechanics within student papers. Students will also strengthen critical reading and vocabulary skills. Laboratory is required and includes class assignments, individualized work and writing conferences with the instructor. Lab is part of the scheduled class meeting hours.

American Sign Language (ASL)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Modern Languages: Lourdes Fajardo
Faculty: Charlie Malone

Certificate of Achievement
American Sign Language (11905)
The Certificate of Achievement in American Sign Language (ASL) is offered as preparation for developing linguistic competency in ASL and readiness for entering a formal interpreter training program. The certificate indicates skill in the use of ASL for personal communication and an introductory awareness of Sign Language interpreting and other professions working within the Deaf community.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
- Maintain an ongoing dialogue in ASL at an intermediate conversational level.

**TOTAL** 24

Courses

American Sign Language 110
American Sign Language I
Unit(s): 4.0
Class Hours: 72 Lecture total, 18 Laboratory total.
This entry-level course is designed to introduce students to American Sign Language (ASL) and fingerspelling as it is used within American Deaf culture. Instruction includes preparation for visual/gestural communication followed by intensive work on comprehension through receptive language skills, development of basic conversational skills, modeling of grammatical structures, and general information about American Deaf culture. American Sign Language 110 is equivalent to two years of high school ASL. Students are required to attend at least one off-campus event.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
American Sign Language 111
Prerequisite: American Sign Language 111.
Class Hours: 72 Lecture total, 18 Laboratory total.
American Sign Language II
Prerequisite: American Sign Language 110.
The second course in the study of American Sign Language (ASL) focuses on increased vocabulary development, intermediate comprehension and conversational skills, application of grammatical structures and practice in the receptive and expressive language aspects of ASL, as well as appreciation of American Deaf culture and history. Students are required to attend at least two off-campus events. **CSU/UC**

American Sign Language 113
Introduction to Interpreting for the Deaf
Prerequisite: American Sign Language 210.
The study of the history of sign language interpreting and the theoretical foundations and technical skills needed to interpret in professional settings for deaf and hard of hearing children and adults. The roles, responsibilities, and ethics of interpreters providing interpreting services in various professional settings will be examined. Students will be required to attend two off-campus events. **CSU**

American Sign Language 114
Classifiers, Fingerspelling, and Numbering
Prerequisite: American Sign Language 111.
This course is designed to provide specialized instruction in the development of advanced skills and application of expanded conceptualization of American Sign Language (ASL) classifiers, fingerspelling, and numbering concepts. Expressive and receptive techniques will be emphasized. **CSU**

American Sign Language 116
Introduction to Deaf Studies
Prerequisite: American Sign Language 111.
This is an introductory course exploring the cultural, educational, linguistic and audiological experiences of people who are deaf, hard of hearing, deaf/blind and late-deafened in America. Students will be exposed to historical and current perspectives in trends, philosophies, ideologies, and the Deaf community as a subculture of American society. Students are required to attend at least one off-campus event. **CSU/UC**

American Sign Language 210
American Sign Language III
Prerequisite: American Sign Language 111.
The third course in the study of American Sign Language (ASL) emphasizes advanced ASL syntax, non-manual markers, vocabulary, and fingerspelling enabling students to participate in more complex conversations with Deaf community members. The course also emphasizes expressive skills in narrative form. Students are required to attend three off-campus events. **CSU/UC**

**American Sign Language / Anthropology**

**ANTHROPOLOGY (ANTH)**
Division of Arts, Humanities and Social Sciences

**Dean:** David Vakil
**Department Chair, Anthropology:** Vanessa Engstrom
**Faculty:** Yanina Valdos

**Associate in Arts**
**Anthropology for Transfer (32043)**

The Associate in Arts in Anthropology for Transfer degree is designed to provide students with an understanding of the scientific and humanistic study of past and present cultures, nonhuman primate relatives and archaeology. Courses in this program explore the influence of anthropology on various professional areas such as archeology, ethnography, linguistics, physical anthropology, museology, elementary and secondary social science education, art, economics, history, international relations, music, law, political science, psychology, religion, social work and foreign service. Successful completion of the transfer degree in Anthropology guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in Anthropology or a related field.

**Learning Outcome(s)**
Upon successful completion of the major requirements for this degree, students will be able to

- Explain cultures past and present and how cultures fit into modern globalization.
- Discuss hominidae biological development over millennium and their social and biological attributes.
- Understand and explain culture in Archaeological terms and try to interpret artifacts into economic, religious, political and social context.

**Major requirements* Units**

- Anthropology 100/100H, Introduction to Cultural Anthropology (3)
- Anthropology 101, Introduction to Physical Anthropology (3)
- Anthropology 103, Introduction to Archaeology (3)

Select one (1) course from the following (List A):
- Anthropology 104, Language and Culture (3)
- Geography 102, Cultural Geography (3)
- Earth Sciences 100, Physical Geology (3)
- Geography 101/101H, Physical Geography (3)

Select one (1) course from the following (List B):
- Any list A course not already used.
- Mathematics 219/219H, Statistics and Probability (4)
- Geography 155, Introduction to Geographic Information Systems (3)

Select one (1) course from the following (List C):
- Any additional course from Lists A or B (3-4)

**TOTAL 18-19**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Associate of Arts
Anthropology (11939)

The Associate of Arts degree in Anthropology is designed as a program of basic courses for students considering professional careers as archeologists, ethnographers, linguists, physical anthropologists; for those preparing to become social science teachers in elementary or secondary schools; for such diverse fields as psychology, medicine, law, political science, international relations, economics, or history; and for individuals who plan public service careers in social work, health and welfare programs, and foreign service. Students should consult with faculty members for advice in selecting course offerings best suited to the individual’s particular career objectives. The associate of arts degree prepares the student to move into a curriculum at a four-year institution leading to a baccalaureate degree in these careers.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
- Understand cultures past and present and how cultures fit into modern globalization.
- Understand human biological development over millennium and primates and their social and biological attributes.
- Study culture in Archaeological context and try to interpret artifacts into economic, religious, political and social context.

Major requirements* Units
Anthropology 100/100H, Introduction to Cultural Anthropology 3
Anthropology 101, Introduction to Physical Anthropology 3
Anthropology 103, Introduction to Archaeology 3
Anthropology 104, Language and Culture 3

If emphasis is Cultural Anthropology, select courses from List A. If emphasis is Physical Anthropology, select courses from List B.

Select six (6) units from List A (Cultural Anthropology) 6
Economics 120, Principles/Macro (3)
Ethnic Studies 101, Introduction to Ethnic Studies (3)
Gender, Sexuality, and Women’s Studies 101, Introduction to Women’s Studies (3)
Geography 100/100H, World Regional Geography (3)
Geography 102, Cultural Geography (3)
History 101/101H, World Civilizations to the 16th Century (3)
Psychology 100/100H, Introduction to Psychology (3)
Sociology 100/100H, Introduction to Sociology (3)

Select six (6) units from List B (Physical Anthropology) 6
Anthropology 101L, Physical Anthropology Laboratory (1)
Biology 109/109H, Fundamentals of Biology (3)
Biology 109L, Fundamentals of Biology Laboratory (1)
Biology 149, Human Anatomy and Physiology (4)
Biology 177, Human Genetics (3)
Biology 211, Cellular and Molecular Biology (5)
Biology 212, Animal Diversity and Ecology (5)
Earth Sciences 100, Physical Geology (3)
Earth Sciences 100L, Physical Geology Laboratory (1)
Earth Sciences 111, Historical Geology (4)
Geography 101/101H, Physical Geography (3)
Geography 101L, Physical Geography Laboratory (1)

TOTAL 18

It is strongly recommended that anthropology majors transferring to the CSU or UC system complete Foreign Language courses at the 201 and 202 level, and Social Sciences 219/219H or Mathematics 219/219H.

Courses

Anthropology 100
Introduction to Cultural Anthropology
Unit(s): 3.0
Class Hours: 54 Lecture total.
A cross-cultural survey of the major areas of cultural anthropology including subsistence patterns, economic and political systems, family and kinship, religion, and cultural change. Also includes contemporary issues facing humankind such as the environment, resource depletion, ethnic conflict, globalization, and warfare. Emphasis is on understanding cultural diversity and cultural universals. CSU/UC (C-ID ANTH 120)

Anthropology 100H
Honors Introduction to Cultural Anthropology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
This is a seminar style course that is enriched beyond that of ANTH 100, Introduction to Cultural Anthropology. This cross cultural survey course will focus on the four major fields of Cultural Anthropology as well as Applied Anthropology. Cultural systems over time will be studied such as religion, subsistence patterns, economics, kinship and cultural change. Globalization will be addressed as well as contemporary issues of the environment, warfare, resource depletion and ethnic conflict. Emphasis will be on critical thinking, understanding cultural diversity and cultural universals. CSU/UC (C-ID ANTH 120)

Anthropology 101
Introduction to Physical Anthropology
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introduction to humankind’s place in nature, including evolutionary theory, principles of genetics, primate evolution and behavior, fossil evidence for human evolution, human biology and variation, growth and adaptability, and biomedical anthropology. Includes practical application of biological anthropology to human problems. Field trips may be required. CSU/UC

Anthropology 101L
Physical Anthropology Laboratory
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Prerequisite: Anthropology 101/101H or concurrent enrollment.
Laboratory exercises and experiments designed to explore and understand the primary areas of physical anthropology: evolutionary theory, principles of genetics, comparative anatomy, physiology, behavior and ecology of vertebrates with an emphasis on nonhuman primates, analysis of fossil evidence for human evolution, human biology and variation, growth and adaptability, and biomedical anthropology. Includes both traditional and virtual laboratory experiences. Field trips may be required. CSU/UC

Anthropology 103
Introduction to Archaeology
Unit(s): 3.0
Class Hours: 54 Lecture total.
This is a survey course in world archaeology. Methods of archaeological survey and excavation will be discussed as well as past and current concepts and theories. Material remains such as lithics, bone, ceramics and ecofacts will be discussed as to how they can be interpreted into social, political, economic, religious and ethnic terms. Optional field trips may be offered. CSU/UC (C-ID ANTH 150)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Anthropology 104
Language and Culture
Unit(s): 3.0
Class Hours: 54 Lecture total.
   General introduction to the processes of human communication. Includes the relationship between language and culture, acquisition of first and second languages, languages in contact, sociolinguistics and the effects of both language and culture on inter/intra group communication. Languages spoken in the local area are used as the basis of study. CSU/UC

APPRENTICESHIP CARPENTRY (ACA)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga
Apprenticeship Carpentry-Acoustical Installer
The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpenter Acoustical Installer provide the required related and supplemental instruction for interior systems apprentices in the technical skills required in the trade. Successful completion may result in journeworker status. Interested apprentices should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

Associate of Science
Acoustical Installer (31107)
Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Be eligible to work as an Acoustical Installer journeyworker.

**TOTAL 25.5-26.5**

### Apprenticeship Carpentry—Concrete

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry—Concrete are designed to provide the related and supplemental instruction required for carpentry apprentices. Concrete finishers place and finish concrete floors, driveways, sidewalks, curbs, bridge decks and other concrete structures. They apply architectural exposed, patterned or stamped, broomed and smooth finishes on concrete surfaces. They are skilled at repairing, waterproofing and restoring concrete surfaces. Successful completion may result in journeyworker status. Interested apprentices should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

### Associate of Science Concrete (13235)

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to:

- Be eligible to work as a Concrete journeyworker.
- Have a basis for further college education.

Apprenticeship Carpentry-Drywall/Lather

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry Drywall/Lather provide the related and supplemental instruction required for interior systems apprentices. Drywall/Lathers install metal stud framing, drywall, and lath according to layout plans, blueprints, and specifications. They frame and construct walls and ceilings to the necessary height and dimensions, and complete the construction for the interior/exterior of a building including the heavy gage framing and application for the exterior of the project. Successful completion may result in journeyworker status. Interested apprentices should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

Associate of Science
Drywall/Lather (11988)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Safely operate tools and equipment used by drywall applicators in the construction industry.
• Interpret prints to determine the appropriate use of construction methods and materials consistent with drywall applicator industry standards.

Major requirements*  Units
Apprenticeship Carpentry 071A, Orientation  2

**Apprenticeship Carpentry-Framing**

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry Framing provide related and supplemental instruction including the technical skills and knowledge required in the trade. Framers work primarily on residential sites installing floor joists, interior and exterior walls, and roof trusses. They may also install exterior doors and windows, cornices, outside wall trim, and roof coverings. Successful completion may result in journeyworker status. Interested apprentices should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

**Associate of Science Framing (13232)**

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to:

- Safely operate tools and equipment used by framers in the carpentry

---

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Apprenticeship Carpentry-Tilt-Up

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry-Tilt-Up are designed to provide related and supplemental instruction including the technical skills and knowledge required in the trade. Tilt-up apprentices work with slabs of concrete, after attaining proper strength, are lifted (tilted) with a crane and set on prepared foundations to form the exterior walls of a building. The erected panels are temporarily braced, connected, and the joints between them caulked. Tilt-up workers may construct and attach the roof structure to the walls to complete the building shell. Tilt-up construction is used for nearly every type of one- to four-story building. Successful completion may result in journeyworker status. Interested apprentices should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

**Certificate of Achievement Tilt-Up (21659)**

**Learning Outcome(s)**

Upon successful completion of the requirements for this certificate, students will be able to

- Safely operate tools and equipment used by carpenters in the tilt-up construction industry.
- Interpret prints to determine the appropriate use of construction methods and materials consistent with tilt-up construction standards.

### Apprenticeship Carpentry 004B

**Poured-in-Place Wall Forms**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course provides instruction for poured-in-place wall systems and will highlight decorative finish applications. Both basic formwork procedures and additional techniques to create embellished wall details on finished concrete surfaces will be presented. Students will identify materials such as exposed aggregate, faux veneers, and various artistic impressions used to create architectural features as part of the finished surface design. The importance of formwork alignment and reinforcement will be emphasized during manipulative exercises. Open Entry/Open Exit.

### Apprenticeship Carpentry 004C

**Print Reading**

- **Unit(s):** 2.0
- **Class Hours:** 30 Lecture total, 10 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice. Must be a state-indentured apprentice.

This course introduces basic visualization skills needed for reading and interpreting construction prints. Views, elevations and the role of specifications as they relate to insulation details on prints will be discussed. An awareness of sustainable and green building practices will be covered during the course. Open Entry/Open Exit.

### Apprenticeship Carpentry 005B

**Site Work/Curb and Gutter**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course covers the forming methods and techniques used in the construction of reinforced concrete walls and columns. Form design, print reading, estimating, and hands-on projects for single and double waler forming systems will be included. Students will be introduced to safe operating and cutting procedures for the oxygen-acetylene torch. Open Entry/Open Exit.

### Apprenticeship Carpentry 005C

**Specialized Forms and Rigging**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course will instruct students in the construction of specialized forms used to create exterior architectural design feature on tilt-up buildings. An emphasis will be placed on interpretation of design feature details on prints, location of rigging points, and building methods for brick forms. In addition to concrete calculations, practical assignments will focus on rigging safety, load formulas, lifting hardware and procedures. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
**Apprenticeship Carpentry 021A**  
Orientation  
Unit(s): 2.0  
Class Hours: 30 Lecture total, 10 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course provides an overview of the construction industry, safety overview, with focus on tool identification and use. Upon successful completion, students will receive OSHA 10 Hour and Powder Actuated Tool Certifications. Open Entry/Open Exit.

**Apprenticeship Carpentry 021B**  
Safety and Health Certifications  
Unit(s): 2.0  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course promotes hand/power tool and equipment skill development for various construction applications. Scaffold building and equipment operating procedures will also be covered. Financial and life skills relevant to surviving the construction industry will be presented. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Scaffold Erector-Welded Frame Qualification Card. Open Entry/Open Exit.

**Apprenticeship Carpentry 021C**  
Basic Wall Framing  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course presents wall construction theory, methods, and procedures required to frame basic residential walls. Practical experience using proper tool techniques and appropriate materials will provide students with fundamental skill development. An introduction to print reading will prepare students to locate measurements for determining wall lengths and size of openings. Students will perform basic wall layout tasks, use plating procedures, and assemble and brace framing before aligning and completing the selected wall construction project to industry standards. Open Entry/Open Exit.

**Apprenticeship Carpentry 021E**  
Tool/Equipment Applications  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Carpentry 021A and 021B.  
This course promotes hand/power tool and equipment skill development for various construction applications. Scaffold building and aerial lift safety and operating procedures will also be covered. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Scaffold Erector-Welded Frame Qualification Cards. Open Entry/Open Exit.

**Apprenticeship Carpentry 022A**  
Commercial Floor Framing  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course covers floor joist construction and the various installation techniques used in the commercial industry. Students will interpret floor plans for job planning, identify floor joist system, and calculate material take offs. Integration of wall plating, joist layout and floor sheathing methods will be included. Instruction will incorporate measuring skills, use of math operations, specialty hardware applications, and identification of appropriate building codes. Open Entry/Open Exit.

**Apprenticeship Carpentry 022B**  
Basic Stairs  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course covers floor joist construction and the various installation techniques used in the commercial industry. Students will interpret floor plans for job planning, identify floor joist system, and calculate material take offs. Integration of wall plating, joist layout and floor sheathing methods will be included. Instruction will incorporate measuring skills, use of math operations, specialty hardware applications, and identification of appropriate building codes. Open Entry/Open Exit.

**Apprenticeship Carpentry 022C**  
Exterior Finish Details  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course provides an introduction to basic gable roof framing, terminology and construction methods. Students will interpret plan and elevation views to determine rafter systems and layout details to complete project assignments. Open Entry/Open Exit.

**Apprenticeship Carpentry 022D**  
Commercial Roof Framing  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
In this course the terminology, design considerations and construction techniques for various types of exterior detail installations will be covered. Students will use plan views and drawing elevations for job planning activities, including calculating dimensions and materials, identifying wall covering types and other exterior construction details. Students will apply the construction techniques presented to complete various exterior detail installations to print specifications. Open Entry/Open Exit.

**Apprenticeship Carpentry 022E**  
Advanced Roof Framing  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course provides an introduction to basic gable roof framing, terminology and construction methods. Students will interpret plan and elevation views to determine rafter systems and layout details to complete project assignments. Open Entry/Open Exit.

**Apprenticeship Carpentry 023B**  
Basic Roof Framing  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course provides an introduction to basic roof framing, terminology and construction methods. Students will interpret print views and drawing elevations for job planning, and to determine rafter systems and layout details. Basic rise, run, rafter angles and length calculations will be practiced. Framed wall construction will be incorporate to facilitate the gable roof assembly techniques and installation procedures that are the focus of this training. Open Entry/Open Exit.

**Apprenticeship Carpentry 023C**  
Advanced Roof Framing  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course provides the advanced skills used to frame hip roof types, and includes terminology, roof characteristics and construction methods. Students will interpret print views and drawing elevations for job planning to determine hip roof rafter systems and layout details. Students will perform rise, run, rafter angles and length calculations. Framed wall construction will be incorporate to facilitate the hip roof assembly techniques and installation procedures that are the focus of this training. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Apprenticeship Carpentry 024A
Basic Commercial Framing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides an introduction to basic wall framing theory and construction techniques. Floor plan interpretation will be used by students for job planning, design recognition, and to determine materials. Students will layout and detail wall plates for locating basic wall components and door openings typically found on commercial projects. Instruction will include measuring skills, mathematical principles, wall assembly and installation procedures, and detail how structural connections are made. Open Entry/Open Exit.

Apprenticeship Carpentry 024B
Advanced Commercial Framing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course incorporates advanced commercial wall framing theory and construction techniques with structural hardware and shear panel installation. Students will interpret floor plans for job planning to layout and detail plates for complex wall configurations, rakes walls and wall openings. Instruction will include measuring skills, use of mathematical principles, wall construction, plywood shear panel installation, and structural hardware attachment. Open Entry/Open Exit.

Apprenticeship Carpentry 024C
Panelized Roofing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers the structural components and building techniques associated with heavy timber construction and panelized roof systems. The advantages and types of manufactured wood used, and their load carrying strength, span, and spacing will be discussed. A distinction between standard post and beam, and heavy timber construction will be emphasized. Students will interpret floor plan, section views and drawing elevations for job planning to layout and construct a heavy timber post and beam supported panelized roof. Open Entry/Open Exit.

Apprenticeship Carpentry 024D
Transit Level/Laser
Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers the terminology, optical principles, and operating procedures for the transit and laser levels. Open Entry/Open Exit.

Apprenticeship Carpentry 024E
Total Station I
Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Carpentry 021A and 021B.
This course discusses the evolution of survey and layout instruments and the advantages of using a total station for building layout over traditional methods. Students will set up a total station and configure the software. Exercises will include working in teams to stake out points and record point data using the total station. Equipment maintenance and troubleshooting are also discussed. Open Entry/Open Exit.

Apprenticeship Carpentry 025
Welding Fabrication
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Carpentry 021A and 021B.
This course provides an introduction to the layout, cutting, and basic welding skills used in the fabrication process. The students will practice using oxy-acetylene equipment and accessories to setup, cut, shape, grind, weld, file, heat and bend metal parts. Training will include fundamental arc welding techniques to fabricate project components. Open Entry/Open Exit.

Apprenticeship Carpentry 025A
Foundations and Flatwork
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers the design and function of several types of foundations and concrete flatwork. The methods, techniques and procedures for formwork layout, elevation, and construction will be presented and applied by students during practical assignments. Jobsite safety, print interpretation, material identification, and basic use of the builders’ level will be included in the training. Students will construct three selected formwork projects. Open Entry/Open Exit.

Apprenticeship Carpentry 025C
Advanced Stairs
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course is designed to enhance the students’ existing skills in the construction of basic stairs. Students will interpret floor plans and drawing elevations for job planning, and to layout and construct complex stair designs. Stair calculations will be adapted to determine the number of stairs, landing height, stair tread and riser dimensions. In addition to measuring skills, mathematical principles, stair and handrail fabrication and assembly, the installation techniques required for circular and u-shaped stair configurations will be covered. Open Entry/Open Exit.

Apprenticeship Carpentry 025D
Advanced Print Reading
Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
In this course, students will analyze multi-view drawings to determine construction type, locate benchmark and building elements; review codes, references, and perform calculations for construction planning. Open Entry/Open Exit.

Apprenticeship Carpentry 026A
Tilt-Up Panel Construction
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This class will cover layout techniques and building procedures for commercial structures using the tilt-up panel construction method. Various wall types, position, and sequence for raising panels will be discussed. Students will be able to explain the importance of layout methods in squaring panel formwork. A focus will be placed on identifying specific types of openings and on the location of finish floor and roof lines on prints. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Carpentry 026B
Wall Forming
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers the skills and procedures for forming reinforced concrete walls using single and double waler systems. Students will identify the characteristics and application of built-in-place, per-fabricated, and specialty forms. Practical exercises will prepare students for locating wall forming information on project plans, calculating layout dimensions, and for estimating material requirements. Basic wall panel forming and reinforcement methods, material preparation, and hardware installation are included in training. Open Entry/Open Exit.

Apprenticeship Carpentry 026C
Gang Forms/Columns
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course presents the formwork types, applications and construction methods for gang and column forms using built and manufactured forming systems. Discussions will cover heavy timber gang forms and use of taper ties, bracing, and bulkhead tables. The course project will include gang and column formwork construction, assembly, and hardware using selected manufactured products. Related safety, mathematics and print reading will be covered in the training. Open Entry/Open Exit.

Apprenticeship Carpentry 026D
Abutments
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides formwork construction skills for the abutment support structure used in most bridges and heavy highway projects. Students will identify abutment anatomy and will be instructed on footing layout, form detailing, and construction techniques used in the industry. Terminology, components, form materials, building code requirements and sequence of construction will be presented. Students will work collaboratively to complete an abutment formwork project including keyway, panel, head wall and wing wall construction. Open Entry/Open Exit.

Apprenticeship Carpentry 027C
Beam and Deck Forming
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course will introduce the use of various woods, and patented forming systems for construction of concrete beams and decks. Students will identify formwork types and installation techniques including calculating materials and setting beam & deck forms. Metal beam forms and capitals will be highlighted. Additionally, layout and builders level skills will be used in this class. Open Entry/Open Exit.

Apprenticeship Carpentry 027D
Stairs and Ramp Forming
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for apprentice carpenters in the areas of the various techniques to form stairs and ramp structures; related safety, mathematics, and blueprint reading. Open Entry/Open Exit.

Apprenticeship Carpentry 028A
Bridge Construction
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides students with an overview of bridge types and the skills required to perform standard bridge construction tasks. Students will be able to describe the purpose and function of exterior and interior girders, edge forms, bulkheads and hinge forms. Bridge formwork project will include panel construction, assembly, and hardware installation tasks. Related safety, math and print reading will be covered in the training. Open Entry/Open Exit.

Apprenticeship Carpentry 028C
Intermediate Commercial Framing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course enhances basic wall framing theory, and wall construction techniques are applied at increased skill levels. A review of basic wall framing and floor plans used for job planning, design recognition, and materials lists is included. Students will layout and detail wall plates for locating basic wall components and door openings. Instruction will include measuring skills, mathematical principles, wall assembly and installation procedures, and detail how structural connections are made. Open Entry/Open Exit.

Apprenticeship Carpentry 028E
Bridge Falsework
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Carpentry 021A and 021B.
This course will focus on bridge falsework construction. The techniques for bent assemblies, base sub-assemblies, deck soffits and hardware installation will be presented. Falsework tasks will include rigging and alignment techniques. Related safety, math and print reading will be covered in the training. Open Entry/Open Exit.

Apprenticeship Carpentry 029A
Rigging
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course presents both lifting theory and practical rigging methods and procedures. The design, characteristics and safety working load of lifting hardware will be discussed. Rigging attachment procedures, lifting equipment, limits of operation and communication practices will be covered. Upon successful completion, students will be issued United Brotherhood Of Carpenters (UBC) Rigging Qualification Cards. Open Entry/Open Exit.

Apprenticeship Carpentry 029AJ
Rigging - Journeyworker
Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Active Carpenter Union Member.
This course presents both lifting theory and practical rigging methods and procedures. Rigging attachment procedures, lifting equipment, limits of operation and communication practices will be covered. Upon successful completion, a student will be issued United Brotherhood of Carpenters (UBC) Rigging Qualification Cards. Grade: Pass/No Pass.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Apprenticeship Carpentry 029BJ
Rigging Qualification Studies - Journeyworker
Unit(s): 0.5
Class Hours: 8 Lecture total.
Prerequisite: Active Carpenter Union Member.
This course provides an overview of lifting theory and the practical
ingrigging methods and procedures required to maintain industry
credentials. Rigging standards, procedures and communication
practices will be covered. Upon successful completion, a student
will be issued United Brotherhood of Carpenters (UBC) Rigging
Qualification Cards. Grade: Pass/No Pass.

Apprenticeship Carpentry 029C
Solar Installer Level 1
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice. Apprenticeship
Carpentry 021A and 021B.
This course will provide workers with an industry overview and
outlook for photovoltaic (renewable) energy production. Key terms
and concepts of photovoltaic system operations will include solar
cell technology, photovoltaic (PV) array configuration, series and
parallel circuits, testing equipment, inspection, balance of system
components, mounting methods, and applicable codes. Practical
training will cover site analysis, system orientation based on site
location, safety concerns, utilization of construction tools and
skills for rooftop and ground mount system installations. Upon
successful completion, students will receive a United Brotherhood
of Carpenters (UBC) Solar Installer Level 1 Qualification Card. Grade: Pass/No Pass.

Apprenticeship Carpentry 030A
Standard First Aid
Unit(s): 0.4
Class Hours: 5.75 Lecture total, 2.25 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Enables carpenters to cope with accidents and emergency situations
with the goal of protecting and saving lives. American Red Cross
certificate available upon successful completion. Grade: Pass/No Pass.
Open Entry/Open Exit.

Apprenticeship Carpentry 030B
Cabinet Millwork and Assembly
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course details cabinetry fabrication from design and function
through the complete production process. An emphasis will be
placed on print interpretation, job planning and proper construction
sequence. Countertops and hardware styles and types will be
discussed. Students will use the methods and procedures presented
to build a typical base unit. Open Entry/Open Exit.

Apprenticeship Carpentry 030C
Show Case/Loose Store Fixtures
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers both basic and advanced assembly and installation
methods and procedures presented to install typical upper and
lower cabinetry units and countertops. Open Entry/Open Exit.

Apprenticeship Carpentry 033A
Cabinet Installation
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This comprehensive course covers cabinet installation from
establishing the design layout to attaching countertops. To enhance
student's skill level an emphasis will be placed on print interpretation,
job planning and proper installation sequence. Students will use
the methods and procedures presented to install typical upper and
lower cabinetry units and countertops. Open Entry/Open Exit.

Apprenticeship Carpentry 033B
Solid and Stone Surfaces
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers how moldings and trims are utilized to finish
exterior and interior construction design features. Product styles,
characteristics, applications, and installation methods are included
in the discussions. The tools techniques for cutting, coping and
installing various molding and trim types are presented and practiced
throughout the training. Open Entry/Open Exit.

Apprenticeship Carpentry 033C
Molding and Trims
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers installation of plastic laminates including function
and design. Suitable materials, styles, and textures will be
identified. Students will review prints to determine laminate
type and calculate quantities. Installation methods and techniques
for drop edge and back splash together with cleaning and repair
will be emphasized. A countertop will be designed and installed
to specifications. Correct use of tools and other equipment will be
stressed. Open Entry/Open Exit.

Apprenticeship Carpentry 034A
Plastic Laminates
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers how moldings and trims are utilized to finish
exterior and interior construction design features. Product styles,
characteristics, applications, and installation methods are included
in the discussions. The tools techniques for cutting, coping and
installing various molding and trim types are presented and practiced
throughout the training. Open Entry/Open Exit.

Apprenticeship Carpentry 034B
Molding and Trims
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers installation of plastic laminates including function
and design. Suitable materials, styles, and textures will be
identified. Students will review prints to determine laminate
type and calculate quantities. Installation methods and techniques
for drop edge and back splash together with cleaning and repair
will be emphasized. A countertop will be designed and installed
to specifications. Correct use of tools and other equipment will be
stressed. Open Entry/Open Exit.

Apprenticeship Carpentry 034C
Stair Trim
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers how various trims are utilized to finish stair
construction design features. Product styles, characteristics,
applications, and installation methods are included in the discussions.
The tools techniques for cutting and installing selected trim types
are presented and practiced throughout the training. Open Entry/
Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Carpentry 034D
Doors and Door Hardware
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers the installation process for several types of security and exit door hardware. Discussion of electrical and card reader systems will be included. An emphasis will be placed on print interpretation, codes, door schedules, symbols, and hardware recognition. Students will use the methods and procedures presented to install selected door and hardware systems. Open Entry/Open Exit.

Apprenticeship Carpentry 035C
Exit and Electrical Security Devices
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course will highlight the classification, types, models, codes, and uses for accident hazard exit ('panic') devices. A range of security products and door hardware used in the industry such as crossbars, latches, flush bolts, and kick plates will be discussed. Proper selection, installation and adjustment techniques for selected devices will be covered. Students will complete installation and adjustment of two types of exit devices. Open Entry/Open Exit.

Apprenticeship Carpentry 040CJ
Scaffold Erector, Standard 40 Hour - Journeyworker
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Active Carpenter Union Member.
This course will cover the basic techniques and procedures associated with frame, system, and tube and clamp scaffolds. Upon successful completion, a student will be issued a United Brotherhood of Carpenters (UBC) Scaffold Qualification Card. Grade: Pass/No Pass.

Apprenticeship Carpentry 040EJ
Scaffold Erector, Systems Scaffold - Journeyworker
Unit(s): 0.6
Class Hours: 8 Lecture total, 8 Laboratory total.
Prerequisite: Active Carpenter Union Member.
This course provides the required instruction in basic techniques and procedures associated with system scaffold components and focuses on terminology, component identification, construction practices, and safety considerations. Students will erect typical configurations to industry standards using system scaffold components. Upon successful completion, a student will be issued a United Brotherhood of Carpenters (UBC) Scaffold Qualification Card. Grade: Pass/No Pass. Open Entry/Open Exit.

Apprenticeship Carpentry 041A
Powered Industrial Truck Operator - Rough Terrain
Unit(s): 0.4
Class Hours: 6 Lecture total, 2 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers an overview for safe operation of rough terrain lift trucks for the construction industry. Code of Federal Regulations (CFR) regulations, and training requirements. Upon successful completion, students will be issued an United Brotherhood of Carpenters (UBC) Powered Industrial Truck Operator-Rough Terrain (RT) Qualification Card. Grade: Pass/No Pass. Open Entry/Open Exit.

Apprenticeship Carpentry 041AJ
Powered Industrial Truck Operator - Rough Terrain - Journeyworker
Unit(s): 0.4
Class Hours: 6 Lecture total, 2 Laboratory total.
Prerequisite: Active Carpenter Union Member.
This course provides an overview of powered industrial lift truck design principles, controls, and lift operating functions. An emphasis will be placed on all the up-to-date industrial lift safety: specific operating limitations; accident prevention, worksite and equipment inspection, and maintenance criteria. Students will inspect equipment and demonstrate the safe operation of a typical rough terrain lift truck. Upon successful completion, students will be issued a valid United Brotherhood of Carpenters Powered Industrial Lift Truck Operator Qualification Card. Grade: Pass/No Pass.

Apprenticeship Carpentry 041B
Powered Industrial Truck Operator - Industrial Terrain
Unit(s): 0.4
Class Hours: 6 Lecture total, 2 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides an overview for safe operation of industrial lift trucks for the construction industry, Code of Federal Regulations (CFR) regulations, and training requirements. Upon successful completion, a student will be issued an United Brotherhood of Carpenters (UBC) Powered Industrial Truck Operator-Industrial Terrain (IT) Qualification Card. Grade: Pass/No Pass. Open Entry/Open Exit.

Apprenticeship Carpentry 041BJ
Powered Industrial Truck Operator - Industrial Terrain - Journeyworker
Unit(s): 0.4
Class Hours: 6 Lecture total, 2 Laboratory total.
Prerequisite: Active Carpenter Union Member.
This course covers the basic techniques and procedures associated with frame, system, and tube and clamp scaffolds. Upon successful completion, students will be issued an United Brotherhood of Carpenters (UBC) Scaffold Qualification Card. Grade: Pass/No Pass.

Apprenticeship Carpentry 061A
Acoustical Ceilings
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides an introduction to basic acoustical ceiling installation. Acoustical theory, engineering, and applicable building and seismic codes requirements will be covered. Students will install acoustical ceilings to industry standards using the proper techniques and procedures. Open Entry/Open Exit.

Apprenticeship Carpentry 061B
Advanced Acoustical Ceiling Layout
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course identifies the advanced layout methods used to complete complex acoustical system installations. Students will use the skills presented to complete selected multifaceted acoustical ceiling layout projects as part of this course. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
**Apprenticeship Carpentry 061C**  
**Advanced Acoustical Ceiling Installation**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course identifies the advanced layout methods used to complete complex acoustical system installations. Students will use the tool and framing techniques presented to complete selected multifaceted acoustical ceiling layout projects. Open Entry/Open Exit.

**Apprenticeship Carpentry 062**  
**Standard Acoustical Grids**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides instruction covering the installation of suspended ceilings in various configurations and will include both radius and square wall drywall suspension methods. Students will complete selected suspended ceiling installations using the techniques presented. Open Entry/Open Exit.

**Apprenticeship Carpentry 063**  
**Suspended Ceilings**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides instruction covering the construction of acoustical soffits in various configurations and will include square and slant faced, tapered, concealed, drywall suspension and sloped soffit methods. Students will complete selected acoustical soffit installations using the techniques presented. Open Entry/Open Exit.

**Apprenticeship Carpentry 064**  
**Acoustical Soffits**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides instruction covering the construction of acoustical soffits in various configurations and will include square and slant faced, tapered, concealed, drywall suspension and sloped soffit methods. Students will complete selected acoustical soffit installations using the techniques presented. Open Entry/Open Exit.

**Apprenticeship Carpentry 065**  
**Prefab/Sound Panels**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course will focus on the technical knowledge and skills needed for the installation of prefabricated wall and ceiling panel systems. Students will use the proper techniques and manufacturers’ guidelines to install various types of prefabricated wall and ceiling panels. Open Entry/Open Exit.

**Apprenticeship Carpentry 066**  
**Concealed/Glue-Up/Staple-Up Systems**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course illustrates the design flexibility of concealed, semi-concealed ceilings and soffits using glue-up and staple-up systems. Students will employ the glue-up and staple-up techniques presented to install concealed grid ceiling system. Open Entry/Open Exit.

**Apprenticeship Carpentry 067**  
**Designer and Specialty Trims**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course covers specialty skills needed to produce professionally finished edges for designer ceiling installations. Students will use the techniques presented to produce multiple ceiling edge contours using the compasso trim system. Open Entry/Open Exit.

**Apprenticeship Carpentry 068**  
**Metal Pan and Security Systems**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course will focus on design, function and installation of metal pan and security systems incorporated into construction of suspended ceilings. Students will demonstrate the ability to install these components to direct wire and indirect channel suspension ceiling grid systems. Open Entry/Open Exit.

**Apprenticeship Carpentry 071A**  
**Orientation**  
Unit(s): 2.0  
Class Hours: 30 Lecture total, 10 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course provides an overview of the construction industry, safety overview, with focus on tool identification and use. Upon successful completion, students will receive OSHA 10 Hour and Powder Actuated Tool Certifications. Open Entry/Open Exit.

**Apprenticeship Carpentry 071B**  
**Safety and Health Certifications**  
Unit(s): 2.0  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course covers the safe and appropriate use of fall protection, tool equipment operation. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Scaffold Erector-Welded Frame Qualification Card. Open Entry/Open Exit.

**Apprenticeship Carpentry 071C**  
**Tool/Equipment Applications**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course covers the safe and appropriate use of fall protection, and emergency response procedures. Tool applications presented in this training will provide opportunities for tool skill mastery and equipment operation. Upon successful completion, students will be issued an American Red Cross First Aid/CPR Certification Card, and United Brotherhood of Carpenters (UBC) Fall Protection Qualification Card. Open Entry/Open Exit.

**Apprenticeship Carpentry 072A**  
**Basic Metal Framing**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides students with an overview of the use of metal framing materials in construction of building interiors. A comparison of metal framing and typical wood framing techniques will be presented. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
**Apprenticeship Carpentry 072B**  
**Basic Lathing**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course presents the basic framing and lathing methods used in the industry for exterior/interior installations. The course will focus on exterior waterproofing, lath, and trim installation procedures. Students will use the skills presented to complete an exterior lathing project as part of this course. Open Entry/Open Exit.

**Apprenticeship Carpentry 072C**  
**Advanced Lathing**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Carpentry 071A and 071B.  
This course presents advanced methods and application techniques for lath and trim products used on exterior-interior metal framing. Open Entry/Open Exit.

**Apprenticeship Carpentry 073A**  
**Framing Ceilings and Soffits**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course identifies the materials used and their application for various types of fire rated walls, ceilings and soffits. It presents methods and procedures used for layout and template development. Drywall and trim applications are discussed. The types of tools used and their associated safety, applied math and print reading fundamentals are reviewed. Students will use the skills presented to complete a ceiling and soffit project as part of this course. Open Entry/Open Exit.

**Apprenticeship Carpentry 073B**  
**Framing Suspended Ceilings**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides instruction covering the installation of circular ceilings with drops, and drywall suspension in both square and circular grids. Students will complete selected suspended ceiling installations using the techniques presented. Open Entry/Open Exit.

**Apprenticeship Carpentry 073C**  
**Framing Curves and Arches**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
This course provides instruction in framing methods for curves and arches and their related structural limitations. It identifies the various wall and ceiling types and the layout principles, and materials used for each Lath applications and trim are also discussed. Students will use the skills presented to complete a framing project that includes curves and arches. Open Entry/Open Exit.

**Apprenticeship Carpentry 074A**  
**Print Reading**  
Unit(s): 2.0  
Class Hours: 30 Lecture total, 10 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Must be a state-indentured apprentice.  
This course introduces basic visualization skills needed for reading and interpreting construction prints. Views, elevations and the role of specifications as they relate to insulation details on prints will be discussed. An awareness of sustainable and green building practices will be covered during the course. Open Entry/Open Exit.

**Apprenticeship Carpentry 074B**  
**Advanced Print Reading**  
Unit(s): 2.0  
Class Hours: 30 Lecture total, 10 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Must be a state-indentured apprentice.  
In this course, students will analyze multi-view drawings to determine acoustical ceiling construction types, locate benchmark and building/wall elements; review codes, references, and perform calculations for construction/ceiling grid planning. Open Entry/Open Exit.

**Apprenticeship Carpentry 074C**  
**Air, Moisture and Thermal Barrier**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Carpentry 071A and 071B.  
This course will demonstrate that correctly installed air, moisture and thermal barrier systems increase building envelope energy efficiency. Building sealing products and installation techniques will be the main focus of hands-on exercises. Open Entry/Open Exit.

**Apprenticeship Carpentry 075A**  
**Light Gage Welding AWS - A**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Must be a state-indentured apprentice.  
This course covers light gage welding methods and techniques. American Welding Society (AWS) welding processes, symbols, materials and safety procedures will be presented. Students will practice setting up equipment and identifying the proper electrode position and speed. Instruction will include an explanation of typical metal frame welding practices. An emphasis on hands-on experience using 6013 electrodes will reinforce proper use of the welding procedures. Open Entry/Open Exit.

**Apprenticeship Carpentry 075B**  
**Light Gage Welding LAC**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Must be a state-indentured apprentice.  
This course covers light gage welding methods and techniques. American Welding Society (AWS) welding processes, symbols, materials and safety procedures will be presented. Students will practice setting up equipment and identifying the proper electrode position and speed. Instruction will include an explanation of typical metal frame welding practices. An emphasis on hands-on experience using 6010 electrodes will reinforce proper use of the welding procedures, and ability to perform welding tasks used to complete the Los Angeles City (LAC) certification process. Open Entry/Open Exit.

**Apprenticeship Carpentry 075C**  
**Light Gage Welding AWS - B**  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice. Must be a state-indentured apprentice.  
This course covers light gage welding methods and techniques. American Welding Society (AWS) welding processes, symbols, materials and safety procedures will be presented. An emphasis on hands-on experience using 6010 electrodes will reinforce proper use of the welding procedures, and ability to perform welding tasks used to complete AWS certification process. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Apprenticeship Carpentry 076A
Basic Hand Finishing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course is designed to develop basic hand finishing skills using the correct tools and materials. The training will include terminology and description of finishing levels as well as hand tool manipulation techniques, material identification and selection criteria. Manufacturer’s guidelines will highlight the environmental conditions for proper mixture preparation and use. Key discussions will draw attention to typical finish issues, causes, and solutions frequently employed. Tool techniques and application sequence and will be explained and demonstrated. The importance of mixture consistency, proper coating sequence will be stressed during level four hand finishing exercises. Open Entry/Open Exit.

Apprenticeship Carpentry 076B
Automatic Finishing Tools
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course will advance the methods, applications and sequences of the bazooka, skim boxes, nail spotters and angle boxes. Students will be required to demonstrate the ability to tape in different situations and the ability to coat all field and butt joints. The levels of finishing and the various finish trims will be discussed. The operation of automatic taping and finishing machine tools including those newly introduced to the industry will be covered. Open Entry/Open Exit.

Apprenticeship Carpentry 077A
Drywall Installation/Finish Trims
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course will introduce drywall handling methods, applications and recommended levels of drywall finish to achieve the desired aesthetics. An emphasis will be placed on trim attachment and finishing techniques. Various types of finish trim will be identified. Students must demonstrate proficiency in the proper use of automatic taping tools. Open Entry/Open Exit.

Apprenticeship Carpentry 077B
Advanced Hand Finishing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course will focus on advanced methods and applications using hand tool techniques. The proper sequence of operation, phases and materials to be used in order to produce a higher level finished product to industry standards. Curved and radius wall characteristics for finish levels will be discussed. The course will cover wall frame components, materials used, surface preparation, and application methods. Students will complete a project to a Level Five standard. Open Entry/Open Exit.

Apprenticeship Carpentry 077C
Advanced Automatic Finishing Tools
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course will advance the methods, applications and sequences of the bazooka, skim boxes, nail spotters and angle boxes. Students will be required to demonstrate the ability to tape in different situations and the ability to coat all field and butt joints. The levels of finishing and the various finish trims will be discussed. The operation of automatic taping and finishing machine tools including those newly introduced to the industry will be covered. Open Entry/Open Exit.

Apprenticeship Carpentry 078A
Drywall/Acoustical Ceilings
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course identifies the materials and methods used for acoustical and drywall materials. Seismic codes, materials, and requirements are also reviewed. Green building rating systems will be applied to selected acoustical and drywall materials. Installation for various grid systems will be discussed. Students will use the skills learned to complete a drywall-acoustical ceiling project. Open Entry/Open Exit.

Apprenticeship Carpentry 078B
Advanced Metal Framing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course will begin with a quick review of basic metal framing followed by detailed procedures for framing curved, serpentine, and elliptical non load bearing partitions. Using standard light gage components and other materials, students will learn advanced techniques to expedite work processes. Open Entry/Open Exit.

Apprenticeship Carpentry 078C
Wet Wall Finishes
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course presents industry methods, mediums, and typical application of wet wall finishes. The training will include terminology and description of industry standard finishing levels; application tool types and techniques, material identification and selection. Manufacturer’s guidelines will highlight the environmental conditions for proper mixture preparation and use. Key discussions will draw attention to typical finish issues, causes for defects, and solutions frequently employed, and emphasize the selection and use of low volatile organic compounds (VOC) products. The importance of mixture consistency, proper coating sequence will be stressed during wet wall finishing exercises. Open Entry/Open Exit.

Apprenticeship Carpentry 078D
Ceiling and Soffit Finishing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course is designed to develop an advanced level of finishing skill for applications with architecturally detailed ceilings and soffits. Students will be required to determine type and quantity of materials for various designs and differentiate between levels of finish. Guided practice with a combination of hand and automatic tool techniques will promote manipulative ability required for a successful result. A variety of finish trims will be integrated into each method of finish. Open Entry/Open Exit.

Apprenticeship Carpentry 079A
Drywall/Acoustical Ceilings
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course identifies the materials and methods used for acoustical ceilings combined with drywall installation. Seismic codes, materials, and requirements are also reviewed. Green building rating systems will be applied to selected acoustical and drywall materials. Installation for various grid systems will be discussed. Students will use the skills learned to complete a drywall-acoustical ceiling project. Open Entry/Open Exit.

Apprenticeship Carpentry 079B
Drywall Applications
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides needed commercial and residential skills to properly handle and install drywall used in specialized applications. Productivity techniques will be discussed and practiced under jobsite conditions. Wall framing and drywall finishing methods will be incorporated into the hands-on activity. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Carpentry 021A and 021B
Drywall Applications
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides needed commercial and residential skills to properly handle and install drywall used in specialized applications. Productivity techniques will be discussed and practiced under jobsite conditions. Wall framing and drywall finishing methods will be incorporated into the hands-on activity. Open Entry/Open Exit.

Apprenticeship Carpentry 022B
Firestopping Procedures
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers various firestop/fireproofing systems and methods used as fire protection and fire control. Key discussions will highlight applicable fire codes and industry standards for testing firestop/fireproof methods. Manufacturer's guidelines will identify application tool anatomy, instruction for job preparation, loading instructions, operating procedures, maintenance and care of equipment. Basic descriptions of penetration types and the materials used, including non-combustibles and B-Expands, will be covered. Students will apply and test firestop/fireproofing material in a controlled environment. Open Entry/Open Exit.

Apprenticeship Carpentry 028C
Decorative Trims and Textures
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides advanced hand and automatic tool finishing techniques used to apply decorative trims and special surface textures. Training includes product information for metal, paper, plastics and art beads. Special attention will be given to coating and sanding sequence of field and butt joints for selected surface textures. Open Entry/Open Exit.

Apprenticeship Carpentry 083
Door/Door Frames
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
An introduction to the doors and door frames used in the interior systems industry. The course discussions will incorporate applicable regulations governing door openings and door selection. Hardware, controlling and locking devices, and door layout and installation techniques will be included. Basic math and print reading will be covered as will tool-related safety concerns. Students will use the skills presented to complete a selected door and door frame installation project as part of this course. Open Entry/Open Exit.

Apprenticeship Carpentry 083C
Doors/Door Frame
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Carpentry 021A and 021B.
This course covers the installation process from constructing rough openings to hanging and adjusting doors. An emphasis will be placed on print interpretation, door schedules, symbols and hardware recognition. Students will use the methods and procedures presented to install selected frames and doors for wood framing applications. Open Entry/Open Exit.

Apprenticeship Carpentry 085
Supervisory Training
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers the supervisor's role and crew leadership skills required for professional development in the construction industry. Typical work processes, communication methods, project considerations, motivational concepts and problem solving techniques will be presented. When exercised these skills lead to efficient and effective management of projects. Various project scenarios will be used to conduct classroom exercises. Open Entry/Open Exit.

Apprenticeship Carpentry 086A
Exterior Insulation Finish Systems (EIFS)
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course covers both CAL-OSHA and Federal Occupational Safety and Health Administration (OSHA) regulation for safe access, entry and monitoring for confined space work. Upon successful completion, a student will be issued United Brotherhood of Carpenters (UBC) Confined Space Qualification Card. Grade: Pass/No Pass.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
APPRENTICESHIP CARPENTRY PILE DRIVER (ACP0)

Division of Business and Career Education
Interim Dean: Elizabeth Arteaga

Apprenticeship Carpentry-Pile Driver

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry Pile Driver are designed to provide the required related and supplemental classroom instruction in the technical skills and knowledge required in the trade. Pile drivers work with pile-driving rigs—those big machines that look like cranes, but shake the ground as they drive metal, concrete or wood piling into the earth during the early stages of construction. Usually, pile drivers are the first workers at the construction site. They drive metal sheet piling to hold back the dirt during excavations. They drive concrete and metal piling as part of the foundation system upon which skyscrapers are built, and they drive wood and concrete piling to hold up docks, wharfs and bridges. In some cases they work on off-shore oil rigs and as commercial divers involved in underwater construction. Pile drivers are also required to install heavy timbers and weld or cut large metal beams. Successful completion may result in journeyworker status. Interested apprentices should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

Certificate of Achievement

Apprenticeship Carpentry-Pile Driver (31589)

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to:
• Be eligible to work as a Pile Driver journeyworker.
• Continue their college education, using the units earned.

Certificate requirements

Select four (4) courses from the following:
Apprenticeship Carpentry Pile Driver 028B, Bridge and Deck Forms B (1.5)
Apprenticeship Carpentry Pile Driver 029A, Structural Welding-AWS A (1.5)
Apprenticeship Carpentry Pile Driver 029B, Structural Welding-AWS B (1.5)
Apprenticeship Carpentry Pile Driver 030, Print Reading (2)
Apprenticeship Carpentry Pile Driver 031A, Welding Fabrication A (1.5)
Apprenticeship Carpentry Pile Driver 031B, Welding Fabrication B (1.5)
Apprenticeship Carpentry Pile Driver 021C, Basic Wall Framing (1.5)
Apprenticeship Carpentry Pile Driver 024D, Transit Level/Laser (2)
Apprenticeship Carpentry Pile Driver 027D, Stairs and Ramp Forming (1.5)
Apprenticeship Carpentry Pile Driver 029A, Rigging (1.5)
Apprenticeship Millwright 026, Cutting and Burning (1.5)

TOTAL 25-26

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Courses

**Apprenticeship Carpentry Pile Driver 021**  
Orientation  
Unit(s): 2.0  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Must be a State-indentured Pile Driver Union Apprentice. This course examines fundamental trade skills, employee-employer roles and responsibilities, and safe work practices needed for entry level performance for pile drivers in the construction industry. While an emphasis will be placed on attaining standard industry safety credentials, the course is designed to provide students with practical experience using construction terminology, math operations and basic measuring techniques, and tool identification and use in preparation for the next level of training. Safety will cover OSHA training for jobsite hazard recognition, accident prevention, and safe tool and equipment operation. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 022**  
Safety and Health Certifications  
Unit(s): 2.0  
Class Hours: 30 Lecture total, 10 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021. This course is designed to increase the pile driver students’ awareness of construction hazard communication systems, proper tool/equipment operation and will emphasize the importance of the individual responsibility for workplace safety and health. The students will discern that the construction environment has a higher potential for injuries and accidents than most workplaces and therefore requires the ability to assess danger, employ prevention measures, and take appropriate action in emergencies. This training will expose students to various health emergencies scenarios, and provide students with ample opportunities to practice the appropriate CPR and first aid response. Because many injuries are the result of improper tool and equipment use, students will be trained on how to correctly select, inspect, use, and operate fall protection systems, tools, and powered lift equipment. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 023**  
Tool/Equipment Applications  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022. This course promotes hand/power tool and equipment skill development for various construction applications. Scaffolding building and aerial lift safety and operating procedures will also be covered. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Aerial Lift and Scaffold Erector-Welded Frame Qualification Cards. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 024A**  
Piles and Hammers A  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 021 and 022. This course provides an overview of the types of piles used in construction as load bearing support for commercial buildings, bridges and piers when ground stratum is insufficient in strength. The rigging methods, driving techniques, and pile hammers utilized in the installation process will be presented. Students will use the proper procedures to install a lap-joint wood sheet pile system during this part of training. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 024B**  
Piles and Hammers B  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022. This course provides an overview of the types of piles used in construction as load bearing support for commercial buildings, bridges and piers when ground stratum is insufficient in strength. The rigging methods, driving techniques, and pile hammers utilized in the installation process will be presented. Students will use the proper procedures to install a tongue and groove wood sheet pile system during this part of training. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 026A**  
Falsework A  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 021 and 022. As part one of two courses, training will focus on bridge falsework construction. The techniques for bent assemblies, base sub-assemblies, deck soffits and hardware installation will be presented. The procedures presented will include timber construction methods and alignment techniques to install and level base and bent assemblies. Students will develop skills using sand jacks, transit levels and rigging procedures to set corbels, beams and posts. Related safety, math and print reading will be covered in the training. Grade: Pass/No Pass. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 026B**  
Falsework B  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022. As part two, this course continues the focus on box girder bridge falsework construction. The techniques for bent assemblies, base sub-assemblies, deck soffits and hardware installation will be reviewed. During this part of the training procedures will include setting and installation of deck soffit assemblies. Students will develop skills using layout and rigging procedures to set and secure cap beams, stringers and joists supports. Related safety, math and print reading will be covered in the training. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 027A**  
Abutment A  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 20 Laboratory total.  
Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 021 and 022. This course provides students with the skills needed to layout abutment formwork and construction of footings to industry standards. A close look at assembly components will describe key terms and abutment anatomy. The importance of earth strata in the construction of footings, piers and retaining walls will be covered. The techniques for laying out keyway centerline, and footing formwork construction will be the main focus during this part of abutment training. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
**Apprenticeship Carpentry Pile Driver 027B**

**Abutment B**

Unit(s): 1.5

Class Hours: 20 Lecture total, 20 Laboratory total.

Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022.

This course provides students with the skills needed to layout, and to construct abutment wall panel formwork to industry standards. A close look at assembly components will describe key terms and abutment anatomy. The importance of earth strata in the construction of footings, piers and retaining walls will be covered. The techniques for layout, and keyway, wing/head wall panel formwork construction will be the main focus during this part of abutment training. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 028A**

**Bridge and Deck Forms A**

Unit(s): 1.5

Class Hours: 20 Lecture total, 20 Laboratory total.

Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 021 and 022 022.

This course provides students with an overview of basic bridge and deck construction. Descriptions for exterior and interior girders; edge forms; bulkheads; hinge and deck forms will be presented. Bridge and deck formwork project will include bridge panel construction, assembly, and hardware attachment tasks. Related safety, math and print reading will be covered in the training. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 028B**

**Bridge and Deck Forms B**

Unit(s): 1.5

Class Hours: 20 Lecture total, 20 Laboratory total.

Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022.

This course provides students with an overview of basic bridge and deck construction. Descriptions for exterior and interior girders; edge forms; bulkheads; hinge and deck forms will be presented. Bridge and deck formwork project will include bridge panel construction, assembly, and hardware attachment tasks. Related safety, math and print reading will be covered in the training. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 029A**

**Structural Welding-AWS B**

Unit(s): 1.5

Class Hours: 20 Lecture total, 20 Laboratory total.

Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 021 and 022 022.

This course is designed to be compliant with American Welding Society (AWS) D1.1 code requirements and provide workers with industry recognized structural welding credentials. A careful examination of the applicable codes will include terminology, shielded metal arc welding processes (SMAW), equipment and safety requirement, electrode identification and applications, welding positions and deposits. Practical experience will include symbol identification, print interpretation, code citation, safe equipment set-up and operation, and recognition/remediation of welding flaws. This course will focus on the written examination and production of practical test plates required for AWS D1.1 certification. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 029B**

**Structural Welding-AWS B**

Unit(s): 1.5

Class Hours: 20 Lecture total, 20 Laboratory total.

Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022.

This course provides practical experience for structural welding skills used in commercial and industrial construction. Instruction will include a review of welding terminology, welding processes, welding equipment and safety requirements. Key discussions will be used to identify electrode characteristics and metal inert gas/tungsten inert gas (MIG/TIG) welding applications. Practical experience will include safety procedures, proper equipment set-up and operation, electrode selection, fillet and groove weld formation in three positions, and recognition/remediation of welding flaws. This course will focus on developing the manipulative ability required for producing test plates acceptable for AWS D1.1 certification. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 030**

**Print Reading**

Unit(s): 2.0

Class Hours: 30 Lecture total, 10 Laboratory total.

Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022.

This course introduces print reading skill as a basic communication tool of the trades. Material covered will focus on developing the students ability to interpret two dimensional views in such a way to convey the shape and characteristics of construction elements, and provide an overview of the scope of the project. Students will be able to recognize standard drawing methods, pictorial views, and how to read visual and verbal communication cues. Student will develop skills through a series of exercises including identifying parts of drawings, locating building, pier, and heavy highway features, calculating dimensions, and using views to determine construction methods. Open Entry/Open Exit.

**Apprenticeship Carpentry Pile Driver 031A**

**Welding Fabrication A**

Unit(s): 1.5

Class Hours: 20 Lecture total, 20 Laboratory total.

Prerequisite: Must be a State-indentured Pile Driver Union Apprentice. Must be a State-indentured Pile Driver Union Apprentice. Apprenticeship Carpentry Pile Driver 021 and 022.

This course provides students with the skills needed to layout, and to construct abutment wall panel formwork to industry standards. A close look at assembly components will describe key terms and abutment anatomy. The importance of earth strata in the construction of footings, piers and retaining walls will be covered. The techniques for layout, and keyway, wing/head wall panel formwork construction will be the main focus during this part of abutment training. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
College Credit / 83

APPRENTICESHIP CARPENTRY PLASTERER (ACPL)

Division of Business and Career Education
Interim Dean: Elizabeth Arteaga

Apprenticeship Carpentry-Plastering

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry Plastering provide the required related and supplemental instruction for apprentice plasterers in the technical skills and knowledge required in the trade. Plasterers apply various wet materials over surfaces on both exterior and interior walls, ceilings and other surfaces in the construction industry. Successful completion may result in journeycarrier status. Those interested should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

Associate of Science
Plastering (31705)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
- Safely operate tools and equipment used by plasterers in the construction industry.
- Interpret prints to determine the appropriate use of construction methods and materials consistent with plastering industry standards.

Major requirements*  Units
Apprenticeship Carpentry 071A, Orientation  2
Apprenticeship Carpentry 071B, Safety and Health Certifications  2
Apprenticeship Carpentry 074A, Print Reading  2
Apprenticeship Carpentry Plastering 023, Tool/Equipment Applications  1.5
Apprenticeship Carpentry Plastering 025, Basic Plastering  1.5
Apprenticeship Carpentry Plastering 026, Exterior Plastering  1.5
Apprenticeship Carpentry Plastering 027, Dot and Screed Techniques  1.5
Apprenticeship Carpentry Plastering 028, Interior Plastering  1.5
Apprenticeship Carpentry Plastering 029, Tender and Plastering Equipment  1.5
Apprenticeship Carpentry Plastering 030, Exterior Insulation Finish Systems (EIFS)  1.5
Apprenticeship Carpentry Plastering 031, Ornamental Plastering  1.5
Apprenticeship Carpentry Plastering 032, Plastering Equipment Application  1.5

Select four (4) courses from the following:  6-7.5
Apprenticeship Carpentry 072B, Basic Lathing (1.5)
Apprenticeship Carpentry 074B, Advanced Print Reading (2)
Apprenticeship Carpentry 074C, Air, Moisture and Thermal Barrier (1.5)
Apprenticeship Carpentry 082B, Firestopping Procedures (1.5)
Apprenticeship Carpentry Plastering 033, Finish Applications (1.5)
Apprenticeship Carpentry Plastering 034, Theme Plastering (1.5)
Apprenticeship Modular Furnishings Installation 030, Crew Lead Customer Service Training (2.5)

TOTAL 25.5-27

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Certificate of Achievement

Plastering (31706)

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to

- Safely operate tools and equipment used by plasterers in the construction industry.
- Interpret prints to determine the appropriate use of construction methods and materials consistent with plastering industry standards.

Prerequisite: Must be a state-indentured Plasterer apprentice. Must be a state-indentured Plasterer apprentice.

This course will teach the basic working knowledge and technical skills needed to successfully install Exterior Insulation and Finish Systems (EIFS) to meet industry specifications and standards. Introduction to the proper usage of products and materials will be discussed and used. Open Entry/Open Exit.

Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Carpentry Plasterer 031
Ornamental Plastering
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Plasterer apprentice.
This course provides practical experience using applied geometry for plastering ornamental designs. Students will use the plastering skills presented to create molds and complete an ornamental installation to print specifications. Open Entry/Open Exit.

Apprenticeship Carpentry Plasterer 032
Plastering Equipment Application
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Plasterer apprentice.
This course identifies the materials, application methods and techniques for operating a plaster pump. Students will complete a three-coat work application to industry standards. An emphasis will be placed on proper pump set-up, washout and maintenance. Open Entry/Open Exit.

Apprenticeship Carpentry Plasterer 033
Finish Applications
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Plasterer apprentice. Must be a state-indentured Plasterer apprentice.
This course covers the coating techniques for various types of finishing materials used in the plastering industry. Students will review construction drawings and specifications to identify finish materials and surface placement. Instruction will include mixing proportions, consistency, additives, and application procedures. The techniques for cement based, acrylic, and specialty materials will be a focus of the class. Students will coat multiple surfaces using the correct material and finishes detailed on project prints. Open Entry/Open Exit.

Apprenticeship Carpentry Plasterer 034
Theme Plastering
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Plasterer apprentice. Must be a state-indentured Plasterer apprentice.
This course is designed to encourage development of artistic skills and the ability to plan and execute the plastered imitation of natural rock formations. Students will study irregular surfaces, cracks, and color variations of real rock formations to aid the creative process. Students will employ specialty tooling and material techniques to replicate live like rock features. Painting, highlighting, and carving skills will be explored and utilized to complete assignments. Open Entry/Open Exit.

APPRENTICESHIP COSMETOLOGY (ACS)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga
Apprenticeship Cosmetology
The Certificate of Achievement in Apprenticeship Cosmetology prepares students to obtain their license. The program is designed to offer the required related and supplemental classroom instruction as outlined by the apprenticeship agreement provided by the Division of Apprenticeship Standards and the State Board of Barbering and Cosmetology. All students must be indentured by the State of California. Interested apprentices should contact the Apprenticeship Office at Santiago Canyon College and the Orange County Barber and Cosmetology Joint Apprenticeship Committee.

Certificate of Achievement
Cosmetology (11991)
Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Begin a career as a licensed cosmetologist.
• Have a basis for further college education.

Cosmetology Apprentice
Unit(s): 0.5-14.0
Class Hours: 8-224 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for cosmetology apprentices leading to a cosmetology license. 0.5 unit earned for each 8 hours of successfully completed coursework. Grade: Pass/No Pass. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
APPRENTICESHIP ELECTRICITY (AEL)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

Apprenticeship Electricity-Industrial

The Associate of Science degree and Certificate of Achievement in Apprenticeship Electricity Industrial provide the required related and supplemental instruction for state-indentured electrical inside wiremen apprentices. They install conduit, electrical wiring, fixtures and electrical apparatus inside commercial buildings and in a multitude of industrial settings. They use many different kinds of tools, ranging from simple one- and two-hand tools to power-assisted tools. Interested apprentices should contact the Orange County Electrical Apprenticeship Training Committee and the Apprenticeship Office at Santiago Canyon College. Successful completion may result in journeyworker status. Meets the state requirements as an electrician trainee program.

Certificate of Achievement

Industrial (11985)

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to:

- Begin a career as a journeyworker electrician.
- Have a basis for further college education.

Apprenticeship Electricity-Sound Installer

The Associate of Science degree and Certificate of Achievement in Apprenticeship Electricity Sound Installer provide related and supplemental instruction for electrical apprentices who have been recommended by the Joint Apprenticeship Committee. Interested apprentices should contact the committee and the Apprenticeship Office at Santiago Canyon College. Successful completion may lead to state journeyworker certification.

Associate of Science
Sound Installer (19588)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Begin a career as a journeyworker electrician.
• Have a basis for further college education.

TOTAL 36

Courses

Apprenticeship Electrician 021
Sound and Communication Apprentice 1
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for Sound Electrician Apprentices in the structure and requirements of the International Brotherhood of Electrical Workers (IBEW) and the National Electrical Contractors Association (NECA) Apprenticeship program, tools and test instruments and electricity in Direct Current (DC) Theory Series Circuits. Open Entry/Open Exit.

Apprenticeship Electrician 022
Sound and Communication Apprentice 2
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for indentured Sound Electrician Apprentices in Commercial Building Telecommunications Cable Standards, Residential and Light Commercial Telecommunications Wiring and Fiber Optic Cabling. Open Entry/Open Exit.

Apprenticeship Electrician 023
Sound and Communication Apprentice 3
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for indentured Sound Electrician Apprentices in Commercial Building Telecommunications Cable Standards, Residential and Light Commercial Telecommunications Wiring and Fiber Optic Cabling. Open Entry/Open Exit.

Apprenticeship Electrician 024
Sound and Communication Apprentice 4
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for indentured Sound Electrician Apprentices in commercial building grounding and bonding requirements for telecommunications, security systems and installing Local Area Networks (LAN). Open Entry/Open Exit.

Apprenticeship Electrician 025
Sound and Communication Apprentice 5
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for indentured Sound Electrician Apprentices in basic semiconductor diodes, transistors and rectifiers in electronic applications and Closed Circuit Television (CCTV) distribution systems. Open Entry/Open Exit.

Apprenticeship Electrician 026
Sound and Communication Apprentice 6
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for indentured Sound Electrician Apprentices in Closed Circuit Television Cameras (CCTV), Fiber Optic Certification, and prepares students for state required Fire Alarm and Voice Data Video Exam. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Electrician 027
Sound and Communication Apprentice 7
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.

Apprenticeship Electrician 028
Sound and Communication Apprentice 8
Unit(s): 4.5
Class Hours: 68 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.

Apprenticeship Electrician 031
Intelligent Transportation Systems Electrician Apprentice 1
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state indentured apprentice.
Provides the related and supplemental instruction required for apprentice electricians in the intelligent transportation industry in tools and fasteners, National Electrical Code (NEC), math, building materials, conduit bending, electrical safety and proper use of tools and ladders. Open Entry/Open Exit.

Apprenticeship Electrician 032
Intelligent Transportation Systems Electrician Apprentice 2
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state indentured apprentice.
Provides the related and supplemental instruction for Intelligent Transportation Apprentice Electricians in Direct Current (DC) theory, the National Electrical Code, safe work practices, series circuits, combination circuits and hand bending. Open Entry/Open Exit.

Apprenticeship Electrician 033
Intelligent Transportation Systems Electrician Apprentice 3
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction for Intelligent Transportation Apprentice Electricians in Codelogy, Direct Current (DC), Alternating Current (AC) and commercial blueprints. Continued study of Caltrans Plans and Specifications. Open Entry/Open Exit.

Apprenticeship Electrician 034
Intelligent Transportation Systems Electrician Apprentice 4
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction for Intelligent Transportation Apprentice Electricians in Electrical Alternating Current (AC) theory, transformers and National Electrical Code applications. Continued study of Caltrans Plans and Specifications. Open Entry/Open Exit.

Apprenticeship Electrician 035
Intelligent Transportation Systems Electrician Apprentice 5
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Intelligent Transportation Apprentice Electricians in Rigging, Hoisting, Signaling, National Electrical Code, Grounding and Bonding and Electrical Safety Related Work Practices. Continued study of Caltrans Plans and Specifications. Open Entry/Open Exit.

Apprenticeship Electrician 036
Intelligent Transportation Systems Electrician Apprentice 6
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Intelligent Transportation Apprentice Electricians in grounding and bonding, fire alarm systems, transformers and electrical safety-related work practices for Intelligent Transportation Apprentices. Continued study of Caltrans Plans and Specifications. Open Entry/Open Exit.

Apprenticeship Electrician 037
Intelligent Transportation Systems Electrician Apprentice 7
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Intelligent Transportation Apprentice Electricians in Code Calculations, Blueprints, Electrical Grounding and Bonding and Motors. Open Entry/Open Exit.

Apprenticeship Electrician 038
Intelligent Transportation Systems Electrician Apprentice 8
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.

Apprenticeship Electrician 039
Intelligent Transportation Systems Electrician Apprentice 9
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Ninth semester of a five-year program. Provides related and supplemental instruction in becoming a Journeyworker in the Intelligent Transportation Systems Industry. Torquing methods and requirements for electrical equipment, Solid State Systems and OSHA 30 safety practices in construction for intelligent transportation systems apprentices. Open Entry/Open Exit.

Apprenticeship Electrician 040
Intelligent Transportation Systems Electrician Apprentice 10
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction required for Intelligent Transportation Apprentice Electricians in Torquing methods and requirements for electrical equipment, Photovoltaic Systems and OSHA 30 safety practices in construction for inside wireman apprentices. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Electrician 051
Inside Wireman 1
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
First semester of a five-year program. Provides related and supplemental instruction in tools and fasteners, National Electrical Code (NEC), math, building materials, conduit bending, electrical safety, and proper use of tools and ladders required for entry-level inside wireman apprentices. Open Entry/Open Exit.

Apprenticeship Electrician 052
Inside Wireman 2
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Second semester of a five-year program. Provides related and supplemental instruction in Direct Current (DC) theory, the National Electrical Code, safe work practices, series circuits, parallel circuits, combination circuits and hand bending conduit for inside wireman apprentices. Open Entry/Open Exit.

Apprenticeship Electrician 053
Inside Wireman 3
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Third semester of a five year program. Provides related and supplemental instruction in codeology, Direct Current (DC), Alternating Current (AC), and commercial blueprints, for inside wireman apprentices. Open Entry/Open Exit.

Apprenticeship Electrician 054
Inside Wireman 4
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Fourth semester of a five year program. Provides related and supplemental instruction in electrical alternating current (ac) theory, transformers, and National Electrical Code application for inside wireman apprentices. Open Entry/Open Exit.

Apprenticeship Electrician 055
Inside Wireman 5
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Fifth semester of a five year program. Provides related and supplemental instruction in rigging, hoisting and signaling, national electric code, grounding and bonding, electrical safety related work practices and blueprints for inside wireman apprentices. Open Entry/Open Exit.

Apprenticeship Electrician 056
Inside Wireman 6
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Sixth semester of a five year program. Provides related and supplemental instruction in Grounding and Bonding, Fire Alarm Systems, Transformers and Electrical Safety Related Work Practices for inside wireman apprentices. Open Entry/Open Exit.

Apprenticeship Electrician 057
Inside Wireman 7
Unit(s): 4.5
Class Hours: 62 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Seventh semester of a five year program. Provides related and supplemental instruction in Code Calculations, Blueprints, Electrical Grounding and Bonding and Motors. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
APPRENTICESHIP INSULATOR (AIN)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

Apprenticeship Carpentry, Insulator

The Associate of Science degree and Certicate of Achievement in Apprenticeship Carpentry, Insulator provide the highest quality training to those interested in a career in the various carpentry fields. This training offers a pathway to career opportunities for the next generation of insulators to meet the challenges of the rapidly changing technology in our industry, while achieving broadly marketable skills.

Associate in Science
Apprenticeship Carpentry, Insulator (35233)

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

• 1. Be eligible to work as an Insulator journeyworker.

TOTAL 25.5-27

Courses

Apprenticeship Insulator 021
Orientation

Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
This course provides an overview of the construction industry, safety, and green building awareness. Upon successful completion, students will receive Occupational Safety and Health Administration (OSHA) 10 hour and Powder Actuated Tool certification, and United Brotherhood of Carpenters (UBC) Fall Protection qualification cards. Open Entry/Open Exit.

Apprenticeship Insulator 022
Safety and Health Certifications

Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021.
This course covers the safe and appropriate use of scaffolds, aerial lift and fork lift equipment, and emergency response procedures. Upon successful completion, students will be issued American Red Cross First Aid and Cardiopulmonary Resuscitation (CPR) certification and United Brotherhood of Carpenters (UBC) scaffold, Aerial Lift and Forklift Qualification Cards. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Insulator 023
Insulation Basics
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course provides an introduction into insulation as an energy efficiency technology and covers common types of insulating materials designed to absorb, diffuse, disperse and/or control sound. How sound travels and/or is absorbed by building materials will be presented. Students will calculate and prepare materials, and utilize the proper installation techniques during shop exercises. Open Entry/Open Exit.

Apprenticeship Insulator 024
Construction Methods
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course presents the theory, methods, and procedures required to frame basic walls. Hands-on practice using proper tools and techniques and appropriate materials will enhance fundamental skill development. Open Entry/Open Exit.

Apprenticeship Insulator 025A
Print Reading
Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course introduces basic visualization skills needed for reading and interpreting construction prints. Views, elevations and the role of specifications as they relate to insulation details on prints will be discussed. Open Entry/Open Exit.

Apprenticeship Insulator 025B
Advanced Print Reading
Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
In this course, students will analyze multi-view drawings to determine construction type, locate benchmark and building elements; review codes, references, and perform calculations for construction/insulation planning. Open Entry/Open Exit.

Apprenticeship Insulator 026
Sound Control and Weatherstripping
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course explores building construction systems and materials used to control sound. How sound travels and/or is absorbed by building materials will be presented. Practical experience will be gained during installation of wall systems, weatherstripping, and insulating materials designed to absorb, diffuse, disperse and/or control sound. Open Entry/Open Exit.

Apprenticeship Insulator 027
Flexible Foam Insulation
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course covers the identification of flexible foam materials, installation methods, and industry applications. The procedures and tool techniques used to fabricate and install several types of equipment covers using flexible foam insulation will be presented and practiced shop floor exercises. Open Entry/Open Exit.

Apprenticeship Insulator 031
Green Building and Weatherization
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course explains in detail building envelope science. Audit procedures, as well as testing and reporting mechanisms used to measure inefficiencies will be covered. Training will provide novice workers with fundamental skills to properly install the beneficial ['green'] and cost effective energy efficient retro-fits for residential buildings. Open Entry/Open Exit.

Apprenticeship Insulator 032
Specialty Insulation
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 or 022.
This course describes insulation systems materials and installation methods that usually performed by specialty contractors. Instruction will include refrigeration, curtain walls, plenums, access hatches, and spray systems. Students will calculate and prepare materials, and utilize the proper installation techniques during shop exercises. Open Entry/Open Exit.

Apprenticeship Insulator 033
Energy Audit
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course covers the building envelope science, audit procedures, testing and reporting mechanisms used to measure inefficiencies and identify beneficial and cost effective energy efficient retro-fits for residential buildings. Open Entry/Open Exit.

Apprenticeship Insulator 034
Firestop/Fireproofing Procedures
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course will focus on the correct methods, technical skills, and firestop/fireproofing materials required in the work place today. Strict building codes mandate the importance of certified training. Open Entry/Open Exit.

Apprenticeship Insulator 035
Infiltration and Moisture Control
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course covers air infiltration and how it affects the energy efficiency of a building, as well as the techniques, strategies and insulation installation skills designed to prevent energy loss, and damage due to condensation and infiltration described as ‘moisture build up’ inside the building envelope. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Insulator 036
Loose Fill and Spray Insulation
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course presents the differences between batt, ridged, loose-fill, and spray types of thermal insulation. The product distinctions, thermal advantages, and variation of typical installation practices will be covered. An in depth discussion of safety precautions and operating procedures for spray equipment and blow rigs (trucks) used in loose fill applications will be presented. Open Entry/Open Exit.

Apprenticeship Insulator 037
Rigid Foam and Cellular Glass Insulation Installations
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course covers the identification of rigid and cellular glass materials, installation methods, and industry applications. The proper handling and installation techniques for molded and extruded polystyrene foam boards, and cellular glass insulation will be stressed during shop exercises. Open Entry/Open Exit.

Apprenticeship Insulator 041
Supervisory Training
Unit(s): 2.5
Class Hours: 40 Lecture total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course covers the supervisory and leadership skills required for professional development, including the typical work processes, communication methods, motivational concepts and problem solving techniques, that when employed, result in efficient and effective management of construction projects. Open Entry/Open Exit.

Apprenticeship Insulator 043
Tool/Equipment Applications
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Insulator apprentice.
Apprenticeship Insulator 021 and 022.
This course promotes hand/power tool and equipment skill development for various construction applications. Scaffold building and aerial lift safety and operating procedures will also be covered. Upon successful completion, interior systems students will be issued United Brotherhood of Carpenters (UBC) Aerial Lift and Scaffold Erector-Welded Frame Qualification Cards. Open Entry/Open Exit.

APPRENTICESHIP MAINTENANCE ELECTRICIAN (AME)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga

Associate of Science
Maintenance Electrician (11982)
The Associate of Science degree in Maintenance Electrician provides the related and supplemental instruction required for the Metropolitan Water District (MWD) Maintenance Electrician apprentices who have been selected by the apprenticeship committee. Those interested should contact the Maintenance Electrician apprenticeship committee or the Apprenticeship Office at Santiago Canyon College.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
- Begin a career as a journeyworker maintenance mechanic.
- Have a basis for further college education.

Certificate of Achievement
Maintenance Electrician (21653)
The Certificate of Achievement in Maintenance Electrician provides the related and supplemental instruction required for the Metropolitan Water District (MWD) Maintenance Electrician apprentices who have been selected by the apprenticeship committee. Those interested should contact the Maintenance Electrician apprenticeship committee or the Apprenticeship Office at Santiago Canyon College.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
- Begin a career as a journeyworker maintenance mechanic.
- Have a basis for further college education.

TOTAL 36

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Courses

Apprenticeship Maintenance Electrician 021
Period 1
Unit(s): 4.5
Class Hours: 64 Lecture total, 24 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the first level Maintenance Electrician Apprentice in mathematics, industrial safety and health, using hand and portable power tools, basic measurements, basic electricity, and basic mechanics. Open Entry/Open Exit.

Apprenticeship Maintenance Electrician 052
Period 2
Unit(s): 4.5
Class Hours: 64 Lecture total, 40 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the second level Maintenance Electrician Apprentice in basic principles of electricity, Direct Current (DC) circuit components and calculations, electric power and energy, batteries, electromagnetism, electrical safety in the workplace (NFPA 70E), electrical protective devices, introduction to industrial rigging for electricians, and introduction to the National Electric Code (NEC). Open Entry/Open Exit.

Apprenticeship Maintenance Electrician 053
Period 3
Unit(s): 4.5
Class Hours: 64 Lecture total, 24 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the third level Maintenance Electrician Apprentice in reading blueprints, schematics, symbols, drawings and diagrams; rigging principles and practices for electricians; AC/DC equipment and controls; AC generation, transmission and distribution; over-current protective devices; and continuing education with the NEC and NFPA 70E Workplace Electrical Safety. Open Entry/Open Exit.

Apprenticeship Maintenance Electrician 054
Period 4
Unit(s): 4.5
Class Hours: 64 Lecture total, 40 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the fourth level Maintenance Electrician Apprentice in the application of code requirements; intermediate electricity; single phase motors; three phase systems; AC/DC equipment control and generators; and electrical troubleshooting skills. Open Entry/Open Exit.

Apprenticeship Maintenance Electrician 055
Period 5
Unit(s): 4.5
Class Hours: 64 Lecture total, 24 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the fifth level Maintenance Electrician Apprentice in the application of code requirements, variable frequency drives (VFD), VFD faults and troubleshooting, input/output devices, semi-conductors, and power supplies. Open Entry/Open Exit.

Apprenticeship Maintenance Electrician 056
Period 6
Unit(s): 4.5
Class Hours: 64 Lecture total, 40 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the sixth level Maintenance Electrician Apprentice in the application of code requirements, introductory programming, programmable logic controllers (PLC), and advanced electricity. Open Entry/Open Exit.

Apprenticeship Maintenance Electrician 057
Period 7
Unit(s): 4.5
Class Hours: 64 Lecture total, 24 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the seventh level Maintenance Electrician Apprentice in water treatment plant and water distribution system operations and advanced electricity and electrical systems. Open Entry/Open Exit.

Apprenticeship Maintenance Electrician 058
Period 8
Unit(s): 4.5
Class Hours: 64 Lecture total, 40 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for the eighth level Maintenance Electrician Apprentice in the application of code requirements, advanced electricity and electrical systems, maintenance and operations procedures, project planning, layout, estimating and scheduling. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
APPRENTICESHIP MAINTENANCE MECHANIC (AMM)

Division of Business and Career Education
Interim Dean: Elizabeth Arteaga

Associate of Science
Maintenance Mechanic (16839)

The Associate of Science degree in Maintenance Mechanic provides the related and supplemental instruction required for the Metropolitan Water District (MWD) Maintenance Mechanic apprentices who have been selected by the apprenticeship committee. Those interested should contact the Maintenance Mechanic apprenticeship committee or the Apprenticeship Office at Santiago Canyon College.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
- Begin a career as a journeyworker maintenance mechanic.
- Have a basis for further college education.

Major requirements*  Units
Apprenticeship Maintenance Mechanic 021, Period 1  4.5
Apprenticeship Maintenance Mechanic 022, Period 2  4.5
Apprenticeship Maintenance Mechanic 023, Period 3  4.5
Apprenticeship Maintenance Mechanic 024, Period 4  4.5
Apprenticeship Maintenance Mechanic 025, Period 5  4.5
Apprenticeship Maintenance Mechanic 026, Period 6  4.5
Apprenticeship Maintenance Mechanic 027, Period 7  4.5
Apprenticeship Maintenance Mechanic 028, Period 8  4.5

TOTAL  36

Certificate of Achievement
Maintenance Mechanic (21651)

The Certificate of Achievement in Maintenance Mechanic provides the related and supplemental instruction required for the Metropolitan Water District (MWD) Maintenance Mechanic apprentices who have been selected by the apprenticeship committee. Those interested should contact the Maintenance Mechanic apprenticeship committee or the Apprenticeship Office at Santiago Canyon College.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
- Begin a career as a journeyworker maintenance mechanic.
- Have a basis for further college education.

Certificate requirements  Units
Apprenticeship Maintenance Mechanic 021, Period 1  4.5
Apprenticeship Maintenance Mechanic 022, Period 2  4.5
Apprenticeship Maintenance Mechanic 023, Period 3  4.5
Apprenticeship Maintenance Mechanic 024, Period 4  4.5
Apprenticeship Maintenance Mechanic 025, Period 5  4.5
Apprenticeship Maintenance Mechanic 026, Period 6  4.5
Apprenticeship Maintenance Mechanic 027, Period 7  4.5
Apprenticeship Maintenance Mechanic 028, Period 8  4.5

TOTAL  36

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
**Apprenticeship Maintenance Mechanic 026**  
**Period 6**  
Unit(s): 4.5  
Class Hours: 64 Lecture total, 32 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides the related and supplemental instruction required for the sixth level Maintenance Mechanic Apprentice in machine shop safety; milling, drilling, and shaping with the mill and lathe; layout work; precision measurements; and cutting tool geometry. Open Entry/Open Exit.

**Apprenticeship Maintenance Mechanic 027**  
**Period 7**  
Unit(s): 4.5  
Class Hours: 64 Lecture total, 24 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides the related and supplemental instruction required for the seventh level Maintenance Mechanic Apprentice in water treatment plant operations; water distribution systems; automatic control valves; backflow prevention; surge protection; dewatering sequence; and cross connection. Open Entry/Open Exit.

**Apprenticeship Maintenance Mechanic 028**  
**Period 8**  
Unit(s): 4.5  
Class Hours: 64 Lecture total, 24 Laboratory total.  
Prerequisite: Must be a state-indentured apprentice.  
Provides the related and supplemental instruction required for the eighth level Maintenance Mechanic Apprentice in mechanical systems; maintenance and operations procedures; and project planning, layout, estimating, and scheduling. Open Entry/Open Exit.

**APPRENTICESHIP MILLWRIGHT (AMW)**

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

**Apprenticeship Carpentry-Millwrighting**

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry Millwrighting provide the required related and supplemental classroom instruction in the technical skills and knowledge required in the trade for state-indentured apprentices. The work of the Millwright involves installing conveyor systems, escalators, gas and steam turbines, and generators. Millwrights install and do maintenance on machinery in factories and do much of the precision work in nuclear power plants. Skilled construction Millwright mechanics study and interpret prints or working drawings, and then apply their knowledge and expertise to move, assemble, and erect machinery and rotating equipment. Interested apprentices should contact the Millwright Apprenticeship and Training Committee and the Apprenticeship Office at Santiago Canyon College.

**Associate of Science Millwrighting (11986)**

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to

- Be eligible to work as a Millwright journeyworker.
- Continue their college education, using the units earned.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Millwright 028
Machinery Shaft Alignment
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course covers the terms, characteristics, and methods for aligning machine shafts. Conventional dial indicator and computer aided methods will be included in the training. Open Entry/Open Exit.

Apprenticeship Millwright 029
Structural Welding - AWS A
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course is designed to prepare the student to obtain an American Welding Society (AWS) structural welding certificate per AWS D1.1 Structural Welding Code, the welding of plates that are 1/8" to unlimited thickness. Open Entry/Open Exit.

Apprenticeship Millwright 029B
Structural Welding - AWS B
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course is designed to prepare the student to obtain an American Welding Society (AWS) structural welding certificate per AWS D1.1 Structural Welding Code, the welding of plates that are 1/8" to unlimited thickness. Practical assignments will include metal inert gas (MIG) and tungsten inert gas (TIG) welding. Open Entry/Open Exit.

Apprenticeship Millwright 030
Rigging Hardware and Procedures
Unit(s): 1.5
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course presents both lifting theory and practical rigging methods and procedures. Rigging attachment procedures, lifting equipment, limits of operation and communication practices will be covered. Successful students will receive United Brotherhood of Carpenters (UBC) Rigging Qualification Cards. Open Entry/Open Exit.

Apprenticeship Millwright 031
Turbine Familiarization
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
Students will explore the machines and auxiliary equipment used in the power production industry. This course will highlight the function and performance of a typical gas turbine, and will include hydraulic bolting procedures. Open Entry/Open Exit.

Apprenticeship Millwright 032
Pumps
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course will cover the identification, application, and installation skills for typical systems found in the petro-chemical industry. Demonstrations and practice exercises will focus on pump types, gaskets, seals and fans. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Millwright 039
Compressor Theory and Maintenance
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course will cover the compressor operating principles, safety, assembly, and maintenance skills for industrial compressors. Exercises will focus on the disassembly, inspection, and reassembly of compressor components. Open Entry/Open Exit.

Apprenticeship Millwright 040
Wind Turbine Installations
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course covers the design and function of wind turbine equipment. The methods, sequences and procedures for housings, bolting, power, drive assembly and other components will be presented. Open Entry/Open Exit.

Apprenticeship Millwright 043
Tool/Equipment Applications
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course promotes hand/power tool and equipment skill development for various construction applications. Scaffold building and aerial lift safety and operating procedures will also be covered. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Aerial Lift and Scaffold Erector-Welded Frame Qualification Cards. Open Entry/Open Exit.

Apprenticeship Millwright 051
Solar Installer Level 1
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured Millwright apprentice.
Apprenticeship Millwright 021 and 022.
This course covers the design and function of several types of solar installation. The methods, sequences and procedures for mounting layout, elevation/positioning, and assembly for solar construction will be presented to apprentices. Open Entry/Open Exit.

Apprenticeship Modular Furnishings Installation (AMF)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga
Courses
Apprenticeship Modular Furnishings Installation 021
Orientation
Unit(s): 2.0
Class Hours: 30 Lecture total, 10 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course provides an overview of the construction industry, safety, and green building awareness. Upon successful completion, students will receive Occupational Safety and Health Administration (OSHA) 10 Hour and Powder Actuated Tool Certifications, and United Brotherhood of Carpenters (UBC) Aerial Lift and Scaffold Erector-Welded Frame Qualification Card. Open Entry/Open Exit.

Apprenticeship Modular Furnishings Installation 022
Safety and Health Certifications
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course promotes hand/power tool and equipment skill development for various construction applications. Scaffold building and equipment operating procedures will also be covered. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Scaffold Erector-Welded Frame Qualification Card. Open Entry/Open Exit.

Apprenticeship Modular Furnishings Installation 023
Modular Cabinets, Doors and Drawers
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course details cabinetry fabrication from design and function through the complete production process. Students will use the methods and procedures presented to build a typical base unit. Open Entry/Open Exit.

Apprenticeship Modular Furnishings Installation 023C
Tool/Equipment Applications
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice. Apprenticeship Modular Furnishings Installation 021 and 022.
This course promotes hand/power tool and equipment skill development for various construction applications used in the installation of modular furnishings. Scaffold building and Aerial lift safety and operating procedures will also be covered. Upon successful completion, students will be issued United Brotherhood of Carpenters (UBC) Aerial Lift and Scaffold Erector-Welded Frame Qualification Cards. Open Entry/Open Exit.

Apprenticeship Modular Furnishings Installation 024
Introduction to Modular Furnishing
Unit(s): 1.5
Class Hours: 20 Lecture total, 20 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
This course introduces the students to modular furnishing design concepts. Students will identify the elements that are incorporated into a basic educational design for functionality, productivity and durability. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
### Apprenticeship Modular Furnishings Installation 025
**Educational and Seismic Installations**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course showcases modern modular furnishing designs for creating interactive educational spaces. In addition, students will be presented with state and local seismic codes, and those that are site specific for schools, hospitals and/or required by building engineers. Open Entry/Open Exit.

### Apprenticeship Modular Furnishings Installation 026
**Hospital Modular Installations**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

Modular furnishing design concepts for hospital environments will be a focus of this course. Students will identify job planning and ‘best practices’ procedures to facilitate special requirements for installations in the healthcare industry. Multi-Station layouts, components, specialty accessories, and finishes will be included. Open Entry/Open Exit.

### Apprenticeship Modular Furnishings Installation 029
**Wall and Overhead Attachments**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course will highlight the use of various wall and overhead attachments and explain how they are integrated into the modular designed space. Students will identify the wall and overhead elements that are incorporated into a multi-station design using selected manufacturers’ products. Open Entry/Open Exit.

### Apprenticeship Modular Furnishings Installation 030
**Crew Lead Customer Service Training**

- **Unit(s):** 2.5
- **Class Hours:** 40 Lecture total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course covers the supervisory and crew leadership skills required for professional development in the modular furnishing industry. An emphasis will be placed on the importance of providing excellent customer service. Open Entry/Open Exit.

### Apprenticeship Modular Furnishings Installation 031
**Modular Glass: Handling and Installation**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course covers the applications, methods, and procedures required to install modular glass products. Learn hands-on practice using proper tools, product handling techniques and appropriate sequence of installation will provide students with fundamental skills. Open Entry/Open Exit.

### Apprenticeship Modular Furnishings Installation 032
**Basic Framing and Retro-Fits**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice.

This course presents the methods and procedures required to frame basic walls for retro-fit of modular interior spaces. Hands-on practice using proper tool techniques and materials will provide experience in the framing and finishing of a basic wall. Open Entry/Open Exit.

### Apprenticeship Modular Furnishings Installation 034
**Solid Surface and Stone Countertops**

- **Unit(s):** 1.5
- **Class Hours:** 20 Lecture total, 20 Laboratory total.
- **Prerequisite:** Must be a state-indentured apprentice. Apprenticeship Modular Furnishings Installation 021 and 022.

This course covers both basic and advanced assembly and installation techniques for solid surface, natural stone and manufactured materials. Various products, designs, materials, accessories, and safety considerations will be included. Students will use the procedures presented to fabricate countertops with backsplash, and create a design inlay. Open Entry/Open Exit.

---

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
APPRENTICESHIP OPERATING ENGINEERS (AOE)
Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

Apprenticeship Operating Engineers-
Construction Safety Inspector

The Associate of Science degree and Certificate of Achievement in Apprenticeship Operating Engineers Construction Safety Inspector provide the related and supplemental instruction required for state-indentured operating engineer apprentices. Construction Safety Inspectors perform the equipment and jobsite inspections that ensure safe and proper procedures and regulations are being followed. Interested apprentices should contact the Operating Engineers Joint Apprenticeship and Training Committee and the Apprenticeship Office at Santiago Canyon College. Successful completion may result in journeyworker status, and OSHA 10, OSHA 30, CPR and First Aid certification.

Associate of Science
Construction Safety Inspector (31503)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
• Meet the related and supplemental instruction requirements for operating engineer apprentices to become journeyworkers.
• Have a foundation for furthering their college education.

Major requirements* Units
Apprenticeship Operating Engineers 011, Construction Safety Inspector Apprentice 1 4
Apprenticeship Operating Engineers 012, Construction Safety Inspector Apprentice 2 4
Apprenticeship Operating Engineers 013, Construction Safety Inspector Apprentice 3 4
Apprenticeship Operating Engineers 014, Construction Safety Inspector Apprentice 4 4
Apprenticeship Operating Engineers 015, Construction Safety Inspector Apprentice 5 4
Apprenticeship Operating Engineers 016, Construction Safety Inspector Apprentice 6 4

TOTAL 24

Certificate of Achievement
Construction Safety Inspector (31574)

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Meet the related and supplemental instruction requirements for operating engineer apprentices to become journeyworkers.
• Have a foundation for furthering their college education.

Certificate requirements Units
Apprenticeship Operating Engineers 011, Construction Safety Inspector Apprentice 1 4
Apprenticeship Operating Engineers 012, Construction Safety Inspector Apprentice 2 4
Apprenticeship Operating Engineers 013, Construction Safety Inspector Apprentice 3 4
Apprenticeship Operating Engineers 014, Construction Safety Inspector Apprentice 4 4
Apprenticeship Operating Engineers 015, Construction Safety Inspector Apprentice 5 4
Apprenticeship Operating Engineers 016, Construction Safety Inspector Apprentice 6 4

TOTAL 24

Apprenticeship Operating Engineers-
Heavy Duty Repairer

The Associate of Science degree and Certificate of Achievement in Apprenticeship Operating Engineers Heavy Duty Repairer provide the required related and supplemental instruction for state-indentured operating engineer apprentices. Interested apprentices should contact the Operating Engineers Joint Apprenticeship and Training Committee and the Apprenticeship Office at Santiago Canyon College. Successful completion may result in journeyworker status.

Associate of Science
Heavy Duty Repairer (17687)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Major requirements* Units
Apprenticeship Operating Engineers 031, Heavy Duty Repairer 1 3
Apprenticeship Operating Engineers 032, Heavy Duty Repairer 2 3
Apprenticeship Operating Engineers 033, Hydraulics 3
Apprenticeship Operating Engineers 034, Advanced Hydraulics 3
Apprenticeship Operating Engineers 035, Heavy Duty Repairer 5 3
Apprenticeship Operating Engineers 036, Disassembly and Assembly 3

TOTAL 18

Certificate of Achievement
Heavy Duty Repairer (21654)

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Certificate requirements Units
Apprenticeship Operating Engineers 031, Heavy Duty Repairer 1 3
Apprenticeship Operating Engineers 032, Heavy Duty Repairer 2 3
Apprenticeship Operating Engineers 033, Hydraulics 3
Apprenticeship Operating Engineers 034, Advanced Hydraulics 3
Apprenticeship Operating Engineers 035, Heavy Duty Repairer 5 3
Apprenticeship Operating Engineers 036, Disassembly and Assembly 3

TOTAL 18

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Operating Engineers-
Heavy Equipment/Landscape Operator Engineer

The Associate of Science degree and Certificate of Achievement in Apprenticeship Operating Engineers Heavy Equipment/Landscape Operator Engineer provide the related and supplemental instruction required for state-indentured apprentices. Heavy equipment/landscape operator engineers are highly trained, skilled professionals who operate heavy construction equipment on high-rise buildings, roads, and freeways. Interested apprentices should contact the Operating Engineers Apprenticeship Training Trust and the Apprenticeship Office at Santiago Canyon College. Successful completion may result in journeyworker status.

Associate of Science
Heavy Equipment/Landscape Operator Engineer (11983)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Major requirements* Units
Apprenticeship Operating Engineers 041, Introduction to Apprenticeship 3
Apprenticeship Operating Engineers 042, Grade Checking 3
Apprenticeship Operating Engineers 043, Equipment Operator 3
Apprenticeship Operating Engineers 044, Plan Reading 3
Apprenticeship Operating Engineers 045, Equipment Operator 5
Apprenticeship Operating Engineers 046, Hazmat 6

TOTAL 18

Certificate of Achievement
Heavy Equipment/Landscape Operator Engineer (21655)

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Certificate requirements Units
Apprenticeship Operating Engineers 041, Introduction to Apprenticeship 3
Apprenticeship Operating Engineers 042, Grade Checking 3
Apprenticeship Operating Engineers 043, Equipment Operator 3
Apprenticeship Operating Engineers 044, Plan Reading 3
Apprenticeship Operating Engineers 045, Equipment Operator 5
Apprenticeship Operating Engineers 046, Hazmat 6

TOTAL 18

Apprenticeship Operating Engineers-Plant Equipment/ Rock, Sand and Gravel

The Associate of Science degree and Certificate of Achievement in Apprenticeship Operating Engineers Plant Equipment/Rock, Sand and Gravel provide the required related and supplemental instruction for state-indentured operating engineer apprentices. Interested apprentices should contact the Operating Engineers Joint Apprenticeship and Training Committee and the Apprenticeship Office at Santiago Canyon College. Successful completion may result in journeyworker status.

Associate of Science
Plant Equipment/Rock, Sand and Gravel (17686)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Major requirements* Units
Apprenticeship Operating Engineers 021, Plant Equipment Operator 1 4
Apprenticeship Operating Engineers 022, Plant Equipment Operator 2 4
Apprenticeship Operating Engineers 023, Plant Equipment Operator 3 4
Apprenticeship Operating Engineers 024, Plant Equipment Operator 4 4
Apprenticeship Operating Engineers 025, Plant Equipment Operator 5 4
Apprenticeship Operating Engineers 026, Plant Equipment Operator 6 4

TOTAL 24

Certificate of Achievement
Plant Equipment/Rock, Sand and Gravel (21656)

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Certificate requirements Units
Apprenticeship Operating Engineers 021, Plant Equipment Operator 1 4
Apprenticeship Operating Engineers 022, Plant Equipment Operator 2 4
Apprenticeship Operating Engineers 023, Plant Equipment Operator 3 4
Apprenticeship Operating Engineers 024, Plant Equipment Operator 4 4
Apprenticeship Operating Engineers 025, Plant Equipment Operator 5 4
Apprenticeship Operating Engineers 026, Plant Equipment Operator 6 4

TOTAL 24

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Operating Engineers-Special Inspector

The Associate of Science degree and Certificate of Achievement in Apprenticeship Operating Engineers Special Inspector provide the required related and supplemental instruction for state-indentured operating engineer apprentices. Interested apprentices should contact the Operating Engineers Joint Apprenticeship and Training Committee and the Apprenticeship Office at Santiago Canyon College. Successful completion may result in journeyworker status.

Associate of Science Special Inspector (17688)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Major requirements* Units
Apprenticeship Operating Engineers 075A, Soils Inspection and Testing 4
Apprenticeship Operating Engineers 076A, Structural Plan Reading for Inspectors 4
Select four (4) courses from the following: 16
Apprenticeship Operating Engineers 071A, Reinforced Concrete (4)
Apprenticeship Operating Engineers 072A, Prestressed Concrete (4)
Apprenticeship Operating Engineers 073A, Structural Steel/Welding (4)
Apprenticeship Operating Engineers 074A, Structural Masonry (4)
Apprenticeship Operating Engineers 077A, ICC Soils Special Inspector (4)

TOTAL 24

Certificate of Achievement Special Inspector (21665)

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Begin a career as a journeyworker operating engineer.
• Have a basis for further college education.

Certificate requirements Units
Apprenticeship Operating Engineers 075A, Soils Inspection and Testing 4
Apprenticeship Operating Engineers 076A, Structural Plan Reading for Inspectors 4
Select four (4) courses from the following: 16
Apprenticeship Operating Engineers 071A, Reinforced Concrete (4)
Apprenticeship Operating Engineers 072A, Prestressed Concrete (4)
Apprenticeship Operating Engineers 073A, Structural Steel/Welding (4)
Apprenticeship Operating Engineers 074A, Structural Masonry (4)
Apprenticeship Operating Engineers 077A, ICC Soils Special Inspector (4)

TOTAL 24

Courses

Apprenticeship Operating Engineers 011 Construction Safety Inspector Apprentice 1
Unit(s): 4.0
Class Hours: 48 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in CPR, first aid, safety and safety forms. Open Entry/Open Exit.

Apprenticeship Operating Engineers 012 Construction Safety Inspector Apprentice 2
Unit(s): 4.0
Class Hours: 48 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in CPR, first aid, safety and safety forms. Open Entry/Open Exit.

Apprenticeship Operating Engineers 013 Construction Safety Inspector Apprentice 3
Unit(s): 4.0
Class Hours: 48 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in CPR, first aid, safety and safety forms. Open Entry/Open Exit.

Apprenticeship Operating Engineers 014 Construction Safety Inspector Apprentice 4
Unit(s): 4.0
Class Hours: 48 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in CPR, first aid, safety and safety forms. Open Entry/Open Exit.

Apprenticeship Operating Engineers 015 Construction Safety Inspector Apprentice 5
Unit(s): 4.0
Class Hours: 48 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in CPR, first aid, safety and safety forms. Open Entry/Open Exit.

Apprenticeship Operating Engineers 016 Construction Safety Inspector Apprentice 6
Unit(s): 4.0
Class Hours: 48 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in CPR, first aid, safety and safety forms. Open Entry/Open Exit.

Apprenticeship Operating Engineers 021 Plant Equipment Operator 1
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in CPR, first aid, safety and safety forms. Open Entry/Open Exit.

Apprenticeship Operating Engineers 021J Plant Equipment Operator 1 - Journeyworker
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Active Union Member.
Provides journeyworkers instruction required for Operating Engineers in safety, first aid, industry terminology, operation and maintenance of equipment used in the aggregate processing industry; emphasis on preventive maintenance. This course explores advanced topics and focuses on specific types of equipment used in various situations. Grade: Pass/No Pass.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Operating Engineers 022
Plant Equipment Operator 2
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Operating Engineer Apprentices in the safe use of oxyacetylene cutting equipment, the technique of brazing and electric arc welding. Open Entry/Open Exit.

Apprenticeship Operating Engineers 022J
Plant Equipment Operator 2 - Journeyworker
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Active Union Member.
Provides the journeyworker instruction required for Operating Engineer Apprentices in safety practices, pre-shift inspection, lubrication, maintenance and heavy equipment operation. Introduce the Apprentice to Green Technologies pertaining to this field. Emphasizes practical experience in performing the work processes. Open Entry/Open Exit.

Apprenticeship Operating Engineers 023
Plant Equipment Operator 3
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Operating Engineer Apprentices in safety practices, pre-shift inspection, lubrication, maintenance and heavy equipment operation. Introduce the Apprentice to Green Technologies pertaining to this field. Emphasizes practical experience in performing the work processes. This course explores advanced topics and focuses on specific types of equipment used in various situations. Grade: Pass/No Pass.

Apprenticeship Operating Engineers 023J
Plant Equipment Operator 3 - Journeyworker
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Active Union Member.
Provides the journeyworker instruction required for Operating Engineer Apprentices in safety practices, pre-shift inspection, lubrication, maintenance and heavy equipment operation. Introduce the Journeyworker to Green Technologies pertaining to this field. Emphasizes practical experience in performing the work processes. This course explores advanced topics and focuses on specific types of equipment used in various situations. Grade: Pass/No Pass.

Apprenticeship Operating Engineers 024
Plant Equipment Operator 4
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Operating Engineer Apprentices in pneumatics, power hydraulics, filtration, piping/sealing devices and electricity, emphasizing troubleshooting three industrial motor control systems. Open Entry/Open Exit.

Apprenticeship Operating Engineers 024J
Plant Equipment Operator 4 - Journeyworker
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Active Union Member.
Provides the journeyworker instruction required for Operating Engineer Apprentices in pneumatics, power hydraulics, filtration, piping/sealing devices and electricity, emphasizing troubleshooting three industrial motor control systems. This course explores advanced topics and focuses on specific types of equipment used in various situations. Grade: Pass/No Pass.

Apprenticeship Operating Engineers 025
Plant Equipment Operator 5
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Operating Engineer Apprentices in disassembly, diagnosis, repair, assembly/adjustment of cone crushers, screens, separators and belt conveyors. Open Entry/Open Exit.

Apprenticeship Operating Engineers 025J
Plant Equipment Operator 5 - Journeyworker
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Active Union Member.
Provides the journeyworker instruction required for Operating Engineer Apprentices in disassembly, diagnosis, repair, assembly/adjustment of cone crushers, screens, separators and belt conveyors. This course explores advanced topics and focuses on specific types of equipment used in various situations. Grade: Pass/No Pass.

Apprenticeship Operating Engineers 026
Plant Equipment Operator 6
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for Operating Engineer Apprentices in the operation of asphalt/concrete plants, material handling, storage, batching tolerances and electrical controls. Ability to identify and service gasoline and diesel engines. Open Entry/Open Exit.

Apprenticeship Operating Engineers 026J
Plant Equipment Operator 6 - Journeyworker
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Active Union Member.
Provides the journeyworker instruction required for Operating Engineer Apprentices in the operation of asphalt/concrete plants, material handling, storage, batching tolerances and electrical controls. Ability to identify and service gasoline and diesel engines. Open Entry/Open Exit.

Apprenticeship Operating Engineers 031
Heavy Duty Repairer 1
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in safe work practices and principles when working around or operating heavy equipment, purposes of organized labor, labor history, first aid, IUOE Local 12 structure, Labor-Management Agreement, Local 12 By-Laws, International Union of Operating Engineers (IUOE) Constitution, and basic machinery maintenance. Open Entry/Open Exit.

Apprenticeship Operating Engineers 032
Heavy Duty Repairer 2
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in the basic safety practices and principles in the use of oxy-acetylene cutting equipment, electric arc welding equipment, and examples/techniques of brazing. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Apprenticeship Operating Engineers 033
Hydraulics
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction required for operating engineer apprentices in the principles of hydraulics, basic hydraulic system nomenclature, and the practical uses of hydraulics. Open Entry/Open Exit.

Apprenticeship Operating Engineers 034
Advanced Hydraulics
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction required for operating engineer apprentices in hydraulic systems, pneumatic systems, and electrical/electronic systems used on heavy equipment and trucks. Open Entry/Open Exit.

Apprenticeship Operating Engineers 035
Heavy Duty Repairer 5
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction required for operating engineer apprentices in basic safety practices and proper maintenance procedures when working with gasoline and/or diesel engines. Specific topics include: internal combustion engine theory for both diesel and gasoline engines, use of appropriate hand tools needed for engine repair, proper procedures for engine disassembly and assembly, and troubleshooting and diagnosing engine failures. Open Entry/Open Exit.

Apprenticeship Operating Engineers 036
Disassembly and Assembly
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction required for operating engineer apprentices, including: basic safety aspects and procedures of working with power transmission components of heavy construction equipment. Additional training includes: clutches, mechanical transmissions, differentials, final drives, crawler-type tractor undercarriage, and crawler-type tractor truck assemblies. Open Entry/Open Exit.

Apprenticeship Operating Engineers 041
Introduction to Apprenticeship
Unit(s): 4.0
Class Hours: 52 Lecture total, 52 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for state-indentured apprentices employed full-time in the operating engineers trade. Covers basic safety procedures when working around heavy equipment; proper attitudes and ethics; procedures for setting a stringline; work practices for cranes; proper maintenance procedures on heavy equipment; history of organized labor; inner workings and benefits of being a member of a local union. Open Entry/Open Exit.

Apprenticeship Operating Engineers 042
Grade Checking
Unit(s): 4.0
Class Hours: 52 Lecture total, 52 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for state-indentured apprentices employed full-time in the operating engineer field. Covers information found on typical grading stakes; using colored ribbons on grade stakes; transferring elevations from one point to another; setting grading stakes for both cut and fill slopes; grading stakes for curb and streets; staking procedures for subdivisions; basic laser set-up; basic GPS set-up. Open Entry/Open Exit.

Apprenticeship Operating Engineers 043
Equipment Operator 3
Unit(s): 4.0
Class Hours: 52 Lecture total, 52 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for state-indentured apprentices employed full-time in the operating engineer field. Covers preventive maintenance and operation of heavy equipment. Open Entry/Open Exit.

Apprenticeship Operating Engineers 044
Plan Reading
Unit(s): 4.0
Class Hours: 52 Lecture total, 52 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for state-indentured apprentices employed full-time in the operating engineer field. Covers reading and interpreting grading plans for highways, streets and subdivisions. Open Entry/Open Exit.

Apprenticeship Operating Engineers 045
Equipment Operator 5
Unit(s): 4.0
Class Hours: 52 Lecture total, 52 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for state-indentured apprentices employed full-time in the operating engineer field. Covers preventive maintenance and operation of heavy equipment. Open Entry/Open Exit.

Apprenticeship Operating Engineers 046
Hazmat 6
Unit(s): 4.0
Class Hours: 52 Lecture total, 52 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for state-indentured apprentices employed full-time in the operating engineer field. Covers information found on typical grading stakes; using colored ribbons on grade stakes; transferring elevations from one point to another; setting grading stakes for both cut and fill slopes; grading stakes for curb and streets; staking procedures for subdivisions; basic laser set-up; basic GPS set-up. Open Entry/Open Exit.

Apprenticeship Operating Engineers 047
Operating Engineers Hazmat 40
Unit(s): 2.0
Class Hours: 28 Lecture total, 12 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Safety regulations, safe work practices for hazardous waste site operations as specified by 29th Code of Federal Regulations, 1910.120 as approved by National Institute of Environmental Safety and Health for the International Union of Operating Engineers, for required certification. Grade: Pass/No Pass. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Operating Engineers 048
Disaster Site Worker
Unit(s): 0.5
Class Hours: 8 Lecture total, 4 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.

Apprenticeship Operating Engineers 054
Tower Crane
Unit(s): 1.0
Class Hours: 16 Lecture total, 16 Laboratory total.
Prerequisite: Must be a state-indentured apprentice or journeyworker.
Provides instruction and training for operating engineers in tower cranes. Covers terminology, basic principles, regulatory agencies, and safety involved with tower crane operation. Grade: Pass/No Pass. Open Entry/Open Exit.

Apprenticeship Operating Engineers 061
Concrete Transportation Construction Inspector
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for apprentices in the Operating Engineers field in concrete transportation construction inspections. Covers transportation systems and applications, preliminary testing, pre-placement inspection, placement inspection, post-placement inspection. Open Entry/Open Exit.

Apprenticeship Operating Engineers 062
Asphalt Inspection
Unit(s): 4.0
Class Hours: 40 Lecture total, 74 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides related and supplemental instruction for apprentices in asphalt inspection. Covers materials inspection, mix design, plant operations, placing operations, compaction, report writing, plan reading, and grade checking. Open Entry/Open Exit.

Apprenticeship Operating Engineers 063A
ACI Laboratory Testing Technician I
Unit(s): 4.0
Class Hours: 40 Lecture total, 74 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in laboratory testing on aggregates used for structural concrete. Open Entry/Open Exit.

Apprenticeship Operating Engineers 064A
ACI Laboratory Testing Technician II
Unit(s): 4.0
Class Hours: 40 Lecture total, 74 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in design parameters for batching structural concrete. Open Entry/Open Exit.

Apprenticeship Operating Engineers 071A
Reinforced Concrete
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in codes and duties, reinforcing steel, blueprinting reading, gunite, report writing, people skills. Apprentices will gain the knowledge, research skills and confidence needed to pass their written and oral exams. Open Entry/Open Exit.

Apprenticeship Operating Engineers 072A
Prestressed Concrete
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in reinforcing steel, codes, blueprints, stressing sheets, plant changes, report writing, people skills, job etiquette and protocol. Apprentices will gain the knowledge, research skills and confidence needed to pass their written and oral exams. Open Entry/Open Exit.

Apprenticeship Operating Engineers 073A
Structural Steel/Welding
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in codes and duties, welding, report writing, people skills, gunite applications. Apprentices will gain the knowledge, research skills and confidence needed to pass their written and oral exams. Open Entry/Open Exit.

Apprenticeship Operating Engineers 074A
Structural Masonry
Unit(s): 4.0
Class Hours: 40 Lecture total, 74 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in reinforcing steel, blueprinting reading, gunite, report writing, people skills. Apprentices will gain the knowledge, research skills and confidence needed to pass their written and oral exams. Open Entry/Open Exit.

Apprenticeship Operating Engineers 075A
Soils Inspection and Testing
Unit(s): 4.0
Class Hours: 40 Lecture total, 74 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in codes and duties, reinforcing steel, plan changes, people skills, jobsite etiquette and protocol, Specialty Inspector. Apprentices will gain the knowledge, research skills and confidence needed to pass their written and oral exams. Open Entry/Open Exit.

Apprenticeship Operating Engineers 076A
Structural Plan Reading for Inspectors
Unit(s): 4.0
Class Hours: 40 Lecture total, 74 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for operating engineer apprentices in structural plan reading, interpretation of structural layout and design engineering for inspectors. Design, printing, and preparation guidelines as detailed in the Uniform Building Code (UBC). Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Operating Engineers 077A
ICC Soils Special Inspector
Unit(s): 4.0
Class Hours: 40 Lecture total, 72 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction required for operating engineer apprentices in the general requirements, laboratory testing, grading plans, site preparation, and fill monitoring techniques used for International Code Council (ICC) Soils Inspections. Open Entry/Open Exit.

Apprenticeship Operating Engineers 079
Certified Welding Inspector
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice or journeyworker.
Provides the instruction necessary to become a Certified Welding Inspector. Topics include welding processes, heat control, welding inspections and flaws, definitions and terminology, utilization of specifications and drawings, safety, testing methods. Open Entry/Open Exit.

Apprenticeship Operating Engineers 080
Structural Concrete Plan Reading
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice or journeyworker.
Provides instruction for operating engineers in the design and engineering requirements of structural buildings and the fundamentals of structural concrete. Open Entry/Open Exit.

Apprenticeship Operating Engineers 081
Structural Reinforced Concrete for Inspectors
Unit(s): 3.0
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice or journeyworker.

APPRENTICESHIP POWER LINEMAN (APL)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

Apprenticeship-Power Lineman

The Associate of Science degree and Certificate of Achievement in Apprenticeship for Power Lineman provide the required related and supplemental instruction for power lineman apprentices. The work of the power lineman involves installing and maintaining power poles, erecting steel towers, stringing wire, building substations, climbing power poles and installing underground and street lighting systems. It's highly skilled work that requires a great deal of concentration, dexterity, and knowledge. Interested apprentices should contact the California-Nevada Joint Apprentice Training Committee and the Apprenticeship Office at Santiago Canyon College.

Associate of Science
Power Lineman (11981)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
- Begin a career as a journeyworker power lineman.
- Have a basis for further college education.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Courses

Apprenticeship Power Lineman 020
Orientation
Unit(s): 3.0
Class Hours: 32 Lecture total, 56 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
- Provides related and supplemental instruction required for entry-level apprentice power linemen. Grade: Pass/No Pass.

Apprenticeship Power Lineman 021
Power Lineman Apprentice 1
Unit(s): 3.0
Class Hours: 32 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
- Provides the related and supplemental instruction required for entry-level power lineman apprentices in the tools, math, theory, and safety required in the power lineman industry. Grade: Pass/No Pass.

Apprenticeship Power Lineman 022
Power Lineman Apprentice 2
Unit(s): 3.0
Class Hours: 32 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
- Provides the related and supplemental instruction in the theory, math, construction methods, and safety required for the second-level power lineman apprentice. Grade: Pass/No Pass.

Apprenticeship Power Lineman 023
Power Lineman Apprentice 3
Unit(s): 3.0
Class Hours: 32 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
- Provides the related and supplemental instruction for third-level power lineman apprentice with emphasis on circuits energized below 750 volts, tower erection, and street lighting systems. Grade: Pass/No Pass.

Apprenticeship Power Lineman 024
Power Lineman Apprentice 4
Unit(s): 3.0
Class Hours: 32 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
- Provides the related and supplemental instruction for the fourth-level lineman apprentice in underground construction, blueprint reading, splicing and sagging conductors, locating faults, and using aerial man-lift equipment. Grade: Pass/No Pass.

Apprenticeship Power Lineman 025
Power Lineman Apprentice 5
Unit(s): 3.0
Class Hours: 32 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
- Provides the related and supplemental instruction for power lineman apprentices in the theory, operation and installation of electrical apparatus and test equipment in power systems. Includes construction and maintenance of energized line and equipment. Grade: Pass/No Pass.

Apprenticeship Power Lineman 026
Power Lineman Apprentice 6
Unit(s): 3.0
Class Hours: 32 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
- Provides the required related and supplemental instruction for power lineman apprentices in the theory, installation, maintenance, and operation of electrical apparatus used for system protection, metering, power factor correction and voltage regulation. Grade: Pass/No Pass.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
APPRENTICESHIP SURVEYING (ASV)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

Apprenticeship Surveying-Chainman

The Associate of Science degree and Certificate of Achievement in Apprenticeship Surveying Chainman prepare students for a career in surveying and provide the related and supplemental instruction required for apprentice surveyors. Successful completion leads to journeyworker certification. Employers include land surveying and civil engineering firms, and general construction contractors throughout Southern California. Those interested should contact the Southern California Surveying Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

Associate of Science

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to
- Begin a career as a journeyworker chainman surveyor.
- Have a basis for further college education.

Apprenticeship Surveying-Chief of Party

The Associate of Science degree and Certificate of Achievement in Apprenticeship Surveying Chief of Party prepare students for career advancement in surveying. If completed with appropriate field experience, completion of the program may lead to employment as party chief and eventually to professional California state licensing as a land surveyor. The Chief of Party leads the work of a survey party in surveying Earth’s surface to determine precise locations and measurements. They are responsible for checking the accuracy of the survey party’s work, making accurate measurements, and solving survey problems. Those interested should contact the Southern California Surveying Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

Associate of Science

Chief of Party (11990)

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to
- Begin a career as a journeyworker party chief surveyor.
- Have a basis for further college education.

TOTAL 24

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Courses

Apprenticeship Surveying 030
Labor Relations
Unit(s): 0.5
Class Hours: 12 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Provides a required related and supplemental instruction for surveying apprentices in apprenticeship rules and regulations; general history of labor/management relations in the United States (US); employer/employee relations; state and federal laws affecting workers. Grade: Pass/No Pass.

Apprenticeship Surveying 031
Supplemental Math for Chairman Apprentices
Unit(s): 1.0
Class Hours: 18 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Review of basic mathematics, algebra and geometry related to surveying; review angles, azimuths, and bearings; stationing and offsets. Grade: Pass/No Pass.

Apprenticeship Surveying 040
Standard First Aid
Unit(s): 0.1
Class Hours: 6 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Enables surveyors to cope with accidents and emergency situations with the goal of protecting and saving lives with special emphasis on those first aid skills unique to the surveying industry. American Red Cross certificate awarded upon successful completion. Grade: Pass/No Pass.

Apprenticeship Surveying 101
Chairman Apprentice 1
Unit(s): 5.0
Class Hours: 66 Lecture total, 48 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for apprentice surveyors in apprentice responsibilities and public relations; identification of monuments; linear measurements; introduction to station and location systems; angles, bearings, and instruments; leveling methods; global positioning system; plan reading and grade sheets; introduction to construction surveys. Open Entry/Open Exit. CSU

Apprenticeship Surveying 102
Chairman Apprentice 2
Unit(s): 5.0
Class Hours: 72 Lecture total, 36 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for apprentice surveyors in apprentice responsibilities and public relations; identification of monuments; linear measurements; introduction to station and location systems; angles, bearings, and instruments; leveling methods; global positioning system; plan reading and grade sheets; introduction to construction surveys. Open Entry/Open Exit. CSU

Apprenticeship Surveying 103
Chairman Apprentice 3
Unit(s): 5.0
Class Hours: 69 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for apprentice surveyors in measuring systems; angles, bearings, and location systems; calculations techniques; trigonometry for surveying; slope staking; electronic distance measuring and recording. Open Entry/Open Exit. CSU

Apprenticeship Surveying 104
Chairman Apprentice 4
Unit(s): 5.0
Class Hours: 72 Lecture total, 30 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the required related and supplemental instruction for apprentice surveyors in coordinate geometry; horizontal and vertical curves; traverse surveys. Open Entry/Open Exit. CSU

Apprenticeship Surveying 105
Chairman Apprentice 5
Unit(s): 5.0
Class Hours: 72 Lecture total, 18 Laboratory total.
Prerequisite: Must be a state-indentured apprentice.
Provides the related and supplemental instruction for apprentice surveyors in safety procedures; U.S. public land surveys; property surveys; subdivisions surveyors; topographic and photogrammetry surveys; staking procedures; heavy construction surveys; ALTA surveys; total stations; public relations; scope of profession and the Chief of Party program. Open Entry/Open Exit. CSU

Apprenticeship Surveying 121
Plane Surveying and Coordinate Geometry
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Advanced field surveying principles and mathematical surveying principles including introduction and review of survey mathematics, measuring systems, coordinate geometry, and modern calculation systems. Open Entry/Open Exit. CSU

Apprenticeship Surveying 122
Advanced Coordinate Geometry
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Advanced field surveying methods and calculation principles involving coordinate geometry, including omitted measurements, intersection problems, three-point resection problems, area calculation problems, complex circular curves, vertical curves, and spiral curves. Open Entry/Open Exit. CSU

Apprenticeship Surveying 123
Laptop Surveying/Aerial Photogrammetry
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Advanced field surveying methods and principles involving laptop surveying, photogrammetry, and topographic surveying. Open Entry/Open Exit. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Apprenticeship Surveying 124
Plan Reading and Subdivision Surveying
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
A study of plan reading and subdivision surveying principles and practices including plan reading basics; typical and unique subdivision plans; survey control; layout and staking of subdivisions; locating plan, calculation and specification errors. Open Entry/Open Exit. CSU

Apprenticeship Surveying 125
Major Project Plans and Survey Layout
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.

Apprenticeship Surveying 126
Control and Geodetic Surveying
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Principles/methods of control and geodetic surveying. Modern positioning systems; triangulation/trilateration for geodetic control; state plane coordinate systems; astronomy for surveyors; note keeping and computational procedures utilizing modern instruments, techniques, communications equipment; dredging and hydrographic surveys. Open Entry/Open Exit. CSU

Apprenticeship Surveying 127
U.S. Public Land Surveys
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Retracement of original surveys and restoration of corners. Reading and interpreting property descriptions. Open Entry/Open Exit. CSU

Apprenticeship Surveying 128
Property Surveys and Legal Descriptions
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Must be a state-indentured apprentice.
Principles, procedures and methods of researching and performing property surveys. Laws affecting surveyors and ethics. Supervision and public relations. Analysis of survey data and drawing the plat. Writing descriptions of real property. Open Entry/Open Exit. CSU

ART (ART)
Division of Arts, Humanities and Social Sciences
Dean: David Vakil
Department Chair, Fine Arts: Robert Miller
Associate in Arts
Studio Arts for Transfer (31715)
The Associate in Arts in Studio Arts for Transfer degree provides students with an opportunity to explore studio arts both conceptually and aesthetically by utilizing critical analysis and experimental practice. Possible careers in fine arts are studio artist, art educator, art designer, gallery personnel, museum technician, illustrator, digital media artist, animator and related fields. Successful completion of the transfer degree in studio arts guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in studio arts or a related field.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate critical analysis of works of art in historical and cultural context.
• Demonstrate the ability to create works of art using a variety of materials and techniques, visual elements and principles of design.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
**Associate of Arts**

**Art (11911)**

The Associate of Arts degree in Art provides students with an opportunity for individual creative stimulus and development. Completion of the associate of arts degree also prepares students to transfer to a four-year institution leading to a baccalaureate degree or into a professional art school. Possible careers in fine arts are art education, interior design, gallery operation, art merchandising, studio artist, illustration, art criticism, computer graphics and animation and related fields.

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to:
- Demonstrate the ability to create works of art using a variety of materials and techniques, visual elements and principles of design.
- Demonstrate critical analysis of works of art in historical and cultural context.

---

**Digital Media Arts Certificates**

The certificate programs in Digital Media Arts reflect the industry standard in the field of advertising/graphic design for printed media, mobile devices, the web, and digital imaging. The programs are designed with a combination of courses from fine art, digital media, computer science, computer information systems, and marketing to develop technical skills and creativity in digital media. Graduates of these programs will find entry into the profession at various levels with employment opportunities in the fields of mobile application design, advertising, graphic design, web design, and digital imaging.

**Certificate of Achievement**

**Digital Media Arts: Graphic Design (21670)**

**Learning Outcome(s)**

Upon successful completion of the requirements for this certificate, students will be able to:
- Demonstrate the ability to create graphic design images using visual elements and principles of design.
- Demonstrate the use of a variety of digital media tools and techniques to create graphic design images.

TOTAL 21

Courses

Art 100
Introduction to Art Concepts
Unit(s): 3.0
Class Hours: 54 Lecture total.
A study of the visual arts in relation to both personal and cultural expressions. Fundamentals of visual organization, color theory, terminology, historical art movements and concepts will be studied. Students are required to visit an art museum during the semester. Required for art majors. CSU/UC (C-ID ARTH 100)

Art 100H
Honors Introduction to Art Concepts
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Enriched exposure to a study of the visual arts in relation to personal and cultural expression with an emphasis on critical thinking and writing. Fundamentals of visual organization, color theory, terminology, historical art movements and concepts will be studied in a seminar format. Students are required to visit an art museum or gallery. CSU/UC (C-ID ARTH 101)

Art 101
Survey of Western Art History I: Prehistory Through the Middle Ages
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: English 101/101H or concurrent enrollment.
The study of art and architecture from Prehistory through the Middle Ages. Cultures and civilizations are studied through visual imagery, lectures, class discussion, reading, and research. Students are required to independently visit an art museum. Field trips may also be required. CSU/UC (C-ID ARTH 110)

Art 101H
Honors Survey of Western Art History I: Prehistory Through the Middle Ages
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: English 101/101H or concurrent enrollment.Prerequisite: A high school or college GPA of 3.0 or above.
Enriched exposure to a study of art and architecture from Prehistory through the Middle Ages with an emphasis on critical thinking and writing. Cultures and civilizations are studied through visual imagery, lectures, class discussion, reading, and research. Students are required to independently visit an art museum. Field trips may also be required. CSU/UC (C-ID ARTH 110)

Art 102
Survey of Western Art History II: Renaissance Through the Twentieth Century
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: English 101/101H.
The study of Western art history from the Renaissance through the 20th century. Art movements and individual painters, sculptors, architects and printmakers will be presented within the context of the social, political and intellectual histories of their respective periods. Required for art majors. Students are required to independently visit an art museum. Field trips may also be required. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Art 102H
Honors Survey of Western Art History II: Renaissance Through the Twentieth Century
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: English 101/101HPrerequisite: A high school or college GPA of 3.0 or above.
The study of Western art history from the Renaissance through the 20th century. Art movements and individual painters, sculptors, architects and printmakers will be presented within the context of the social, political and intellectual histories of their respective periods. Required for art majors. Students are required to independently visit an art museum. Field trips may also be required. CSU/UC

Art 110
Two-Dimensional Design
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Introduction to terminology, historical concepts, and aesthetic techniques associated with two-dimensional art and composition, including the study and application of visual elements and principles of design. Application of concepts will be executed through creative projects. Required for art majors. CSU/UC (C-ID ARTS 100)

Art 111
Three-Dimensional Design
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Fundamentals of visual organization as applied to objects in the-round. Visual space problems, structure and dimensional terminology through creative projects in various media. Required for art majors. CSU/UC (C-ID ARTS 101)

Art 122
Graphic Design I
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Recommended Preparation: Art 110 or 195 or an understanding of Photoshop and Illustrator software.
Introduction to basic graphic design concepts, techniques and practices resulting in the production of effective visual communications. Projects combine text with images, using current industry standards in print media, interactive technologies, and other design applications. CSU

Art 128
Introduction to Illustration
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 130.
An introductory course to book illustration, concept art, animation, descriptive rendering, editorial illustration and fashion drawing. Focus is on developing technical and conceptual expertise. Course examines master works by contemporary and historic artists. CSU

Art 129
Introduction to Web Design
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Introduction to the development and design of web sites with an emphasis on the elements and principles of design as they relate to web interfaces. Includes learning the technical requirements for colors, fonts, file optimization, effects, image resolution, and special effects. Includes creative web design projects. CSU

Art 130
Introduction to Drawing
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Introductory course in expressive drawing, exploring line, form, composition, and a variety of media. Drawing from man-made objects and natural forms. Required for art majors. CSU/UC (C-ID ARTS 110)

Art 131
Beginning Life Drawing
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Recommended Preparation: Art 130.
Introduction to drawing the human form by observing live models for studies in anatomy, structure, and composition. Exposure to traditional and contemporary figurative drawing while exploring media and methods. Required for art majors. CSU/UC (C-ID ARTS 200)

Art 141
Beginning Painting
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Recommended Preparation: Art 110 and 130.
Introduction to acrylic and/or oil painting as a creative art form with exposure to historical, traditional and contemporary painting styles. Course includes principles of composition and color theory, materials selection, tools, terminology, and techniques. Students develop basic skills painting a variety of subjects. Required of art majors. CSU/UC (C-ID ARTS 210)

Art 149
Introduction to Digital Photography
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
An introductory course in digital photography and imaging including basic camera functions, natural and artificial lighting, computer imaging, and image editing techniques. Aesthetics and concepts of digital photography will be analyzed in both fine art and commercial applications. Students must provide their own digital cameras. CSU/UC

Art 159
Introduction to Mobile Application Development and Design
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Introduction to the development of mobile applications for smartphones and similar devices. Emphasis will be placed on graphic design standards as they apply to interactive media. Industry-standard multi-platform software will be employed to develop applications that will run on a variety of platforms with an emphasis on iOS. CSU

Art 195
Introduction to Digital Media Arts
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Introduction to digital media arts for artists, photographers, web designers, illustrators, and animators. Includes an overview of Photoshop, Illustrator, InDesign, digital graphics terminology, careers, market applications and design components. CSU/UC (C-ID ARTS 250)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Art 221
Graphic Design II
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 122.
Intermediate level study of concepts in graphic design to assist the artist/designer in formulating aesthetic and purposeful visual communications from roughs through finished art. Creative development of solutions to problems in common print media and other design applications. Explores the combination of images and text, using hand skills, digital technology and current graphics industry standards and practices. CSU

Art 228
Intermediate Illustration
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 128.
Further development of conceptual and technical expertise in book illustration, concept art, animation, descriptive rendering, editorial illustration and fashion drawing. Course examines master works by contemporary and historic artists. Emphasis on developing individual creative style. CSU

Art 229
Multimedia Applications for the Web
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Prerequisite: Art 129.
Introduction to the use of multimedia components, images, typography, motion and audio, for designing websites. Software may include Photoshop, Dreamweaver, SoundEdit 16 and Flash. Projects include conceptualizing, storyboarding, and designing Web page layout. Application of design elements to Web page creation. CSU

Art 230
Intermediate Drawing
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 130.
Continued study in drawing with additional opportunities in graphic expression. Further exploration of media, including colored pencils, oil pastel, charcoal, ink, and mixed media. Continuation of composition concepts with emphasis on individual expression. Field trip for en plein air style of drawing may be required. CSU/ UC (C-ID ARTS 205)

Art 231
Intermediate Life Drawing
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 131.
Continued experience in drawing from the live model with opportunity for development of self-expression. Further exploration of media and techniques. Projects vary each semester. CSU/UC

Art 232
Advanced Life Drawing
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 231.
Intensive study of the figure with further development of drawing skills, composition, technique and media utilizing the live model. Projects vary each semester. CSU/UC

Art 233
Advanced Drawing
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 230 or portfolio review.
To further develop individual graphic expression. Students will plan a series of drawing problems to be executed during the semester under the instructor’s direction. A further exploration of new materials and techniques that are in line with creative concepts. Field trip for en plein air style of drawing may be required. CSU/UC

Art 241
Intermediate Painting
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 141.
An intermediate level class designed to promote and advance the creative development of those with basic skills in painting. Opportunity for further study of historical and contemporary references and to increase experience with new media, methods and techniques. Emphasis on artistic expression and individual creative problems. CSU/UC

Art 242
Advanced Painting
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Prerequisite: Art 241.
An advanced level studio course providing opportunity for further refinement of painting skills with increasing exposure to contemporary styles. Emphasis on research and individual creative problems in painting. Exploration into a personal mode of expression through development of media, technique and style. CSU/UC

Art 249
Intermediate Digital Photography
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Prerequisite: Art 149.
An intermediate course in digital photography and imaging that allows students to take the technical information received from Art 149 and apply it to a variety of concepts. This course focuses on projects that explore photographic subjects including portrait, landscape, still life, and commercial photography. Students must provide their own digital camera with manual controls. CSU

Art 250
Advanced Studio Concepts
Unit(s): 3.0
Class Hours: 36 Lecture total, 72 Laboratory total.
Intensive study in visual arts for majors with studio emphasis. This class offers art majors exposure to contemporary art directions, trends and job markets. Students will be given different studio problems each semester which will help them build a personal portfolio. Field trips are required. CSU

Art 259
Advanced Mobile Application Development and Design
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Prerequisite: Art 159.
Advanced topics in the graphic design of mobile applications viewed on smart phones and similar devices. Industry standard multi platform software will be employed to develop applications that will run on a variety of platforms with a focus on iPads and iPhones. Students will work in development teams to map and storyboard advanced application designs. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
ASTRONOMY (ASTR)

Division of Mathematics and Sciences

Dean: Martin Stringer
Department Co-Chairs, Astronomy: Danielle Martino
Faculty: Morrie Barembaum, Danielle Martino

Associate of Science
Astronomy (33223)

The Associate of Science degree in Astronomy provides a foundation in astronomy and physics for students planning to transfer into a baccalaureate program in astronomy, astrophysics or astronomy education leading to a career in astronomy and/or physics research, education, or technology and programming.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to

• Demonstrate an understanding that science is based on observations of the universe and how it is used to understand some basic phenomena of our world.

Major requirements* Units

Astronomy 100L, Astronomy Laboratory 1
Astronomy 102, Introduction to Stars and Galaxies 3
OR
Astronomy 112, Introduction to Cosmology 3
Computer Science 120, Introduction to Programming 3
Physics 250A, Physics for Scientists and Engineers I 5
Physics 250B, Physics for Scientists and Engineers II 5
Physics 250C, Physics for Scientists and Engineers III 5

TOTAL 25

Some colleges, including San Diego State University, also recommend taking Chemistry 209.

Courses

Astronomy 100L
Astronomy Laboratory
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Prerequisite: Astronomy 102 or 103 or 112 or concurrent enrollment.
Explores techniques used to study properties of celestial objects and astronomical phenomena. Field trips to local planetaria and/or dark sky locations may be included. CSU/UC

Astronomy 102
Introduction to Stars and Galaxies
Unit(s): 3.0
Class Hours: 54 Lecture total.
Surveys the development of astronomy, current research and observations of stars, galaxies and large-scaled structures in the universe. Explores light and gravity to understand the properties and evolution of stars, neutron stars, black holes, galaxies and the universe structures and changes. CSU/UC

Astronomy 103
Introduction to the Solar System
Unit(s): 3.0
Class Hours: 54 Lecture total.
Surveys the history of astronomy, recent research and space flight observations of the planets, moons, and other solar system objects. Explores light and gravity to understand formation, properties and motion of Solar System objects. CSU/UC

Astronomy 112
Introduction to Cosmology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Concurrent enrollment in Astronomy 140.
Principles of astronomy stressing the origin, structure, and evolution of the universe. Discussions to include light, matter, gravity, stellar evolution, cosmology, relativity, the Big Bang Theory, and the expansion of the universe. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
BIOLOGY (BIOL)

Division of Mathematics and Sciences

Dean: Martin Stringer
Department Co-Chairs, Life Science: Denise Foley, Mark Smith
Faculty: Navanjot Batth, Denise Foley, Kimberly Johnson, Anson Lui, Sandra Sanchez, Mark Smith, Michael Taylor

Associate of Science Biology (11856)
The Associate of Science degree in Biology prepares students for transfer to a four-year institution leading to a baccalaureate degree in biology or disciplines such as microbiology, botany, zoology, and careers in teaching, medicine and health sciences.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
• Demonstrate an understanding of the basic theories of biology.
• Demonstrate a knowledge of and an ability to apply and effectively communicate the scientific method.

Major requirements*

Certificate of Achievement Biotechnology Biomanufacturing Technician (32598)
The Certificate of Achievement in Biotechnology Biomanufacturing Technician is designed for students who wish to obtain the skills required to gain employment in industries influenced by biotechnology as well as for incumbent workers seeking career opportunities. Upon completion of this certificate program, students will be eligible to obtain employment as laboratory assistants or biomanufacturing technicians.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Demonstrate an understanding of and follow workplace safety guidelines.
• Demonstrate proficiency in following standard operating procedures (SOPs).
• Properly maintain a laboratory notebook.
• Understand and correctly operate laboratory equipment.

Other Associate Degrees for Transfer

Associate of Science Biotechnology (32599)
The Associate of Science degree in Biotechnology is designed for students who wish to obtain the skills required to gain employment in industries influenced by biotechnology as well as for incumbent workers seeking career opportunities. Upon completion of this program, students will be eligible to obtain employment as laboratory assistants, biomanufacturing technicians, or research and development technicians. This degree will transfer to the Biomanufacturing B.S. degree at Mira Costa or Solano Community Colleges.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
• Demonstrate an understanding of and follow workplace safety guidelines.
• Demonstrate proficiency in following standard operating procedures (SOPs).
• Properly maintain a laboratory notebook.
• Understand and correctly operate laboratory equipment.

Certificate of Achievement
Biotechnology Laboratory Technician:
Food Safety (32648)

The Certificate of Achievement in Biotechnology Laboratory Technician of Food Safety is designed for students who wish to obtain the skills required to gain employment in industries influenced by biotechnology within the food industry as well as for incumbent workers seeking career opportunities. Upon completion of this certificate program, students will be eligible to obtain employment as laboratory assistants, biomanufacturing technicians, or research and development technicians.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Demonstrate an understanding of and follow workplace safety guidelines.
• Demonstrate proficiency in following standard operating procedures (SOPs) as it pertains to food safety.
• Properly maintain a laboratory notebook.
• Understand and correctly operate laboratory equipment.

Certificate of Proficiency
Biotechnology Lab Assistant

The Certificate of Proficiency in Biotechnology Lab Assistant is designed for students who wish to obtain the skills required to gain employment in industries influenced by biotechnology as well as for incumbent workers seeking career opportunities. Upon completion of this certificate program, students will be eligible to obtain employment as laboratory assistants.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Develop knowledge necessary to select and develop Science, Technology, Engineering & Mathematics (STEM) careers.

TOTAL 12

Courses

Biology 097
Introduction to Work Experience
Unit(s): 0.5-3.0
Class Hours: 30-180 Laboratory total.
This course is an introduction to work experience with an on campus, supervised volunteer experience in the biosciences including an introduction to new or expanded responsibilities. 60 hours of unpaid work equals one unit. Course may be taken 3 times for a maximum of 3 units of introductory occupational cooperative work experience credit. May be repeated. Grade: Pass/No Pass. Open Entry/Open Exit.

Biology 109
Fundamentals of Biology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Concurrent enrollment in Biology 109L. Principles of biology stressing the relationship of all organisms from anatomical, physiological and ecological points of view. Includes cell machinery, genetics, reproduction, embryology, animal behavior, botany, ecology, evolution and human physiology. Designed for non-biology majors. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Biology 109H
Honors Fundamentals of Biology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above
Recommended Preparation: Concurrent enrollment in Biology 109L/109HL.

Traditional Biology enriched in breadth and depth by extensive outside reading assignments and guest lecture presentations. Emphasis is on individual preparation for discussion and analysis of pertinent topics using critical oral and written expression. Designed for non-biology majors. Field trips may be required. CSU/UC

Biology 109HL
Honors Fundamentals of Biology Laboratory
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Prerequisite: Biology 109/109H or concurrent enrollment and a high school or college GPA of 3.0 or above.

Hands-on laboratory experiments to identify and illustrate significant organisms and their structures. Emphasis is placed on the relationship of all organisms from an anatomical, physiological, and ecological framework. Content correlates to Biology 109/109H lecture material. Field trips required. CSU/UC

Biology 109L
Fundamentals of Biology Laboratory
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Prerequisite: Biology 109/109H or concurrent enrollment.

Laboratory experiments to identify and illustrate significant organisms and their structures. Emphasis is placed on the relationship of all organisms from an anatomical, physiological, and ecological framework. The course is taught from an inquiry-based strategy using active learning. Field trips required. CSU/UC

Biology 115
Concepts in Biology for Educators
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.

An investigation in the basic principles of Biology and Science with content appropriate for future multiple-subject teachers and secondary through high school. The course material is presented within the context of the human experience and includes cell biology, physiology, genetics, evolution, ecology, and the interaction of humans with the environment. The course is taught from an inquiry-based strategy using active learning. Field trips may be required. CSU/UC

Biology 139
Health Microbiology
Unit(s): 4.0
Class Hours: 54 Lecture total, 64 Laboratory total.
Recommended Preparation: Biology 109 or 149.

Presents practical and theoretical aspects of medical microbiology to meet the needs of those in allied health professions. Presents basic knowledge of the microbial world by covering diversity, structure, metabolic and genetic characteristics, cultivation and control. Emphasis is placed on human-microbe interactions especially infectious diseases. Laboratory deals with identification, growth, and control of microorganisms. Field trips may be required. CSU/UC

Biology 149
Human Anatomy and Physiology
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.

Introduces human anatomy and physiology stressing the interrelationships between normal and abnormal structure and function. Laboratory may include the dissection of mammalian tissues. Designed for students in the allied health sciences, and as a life science general education course. May not meet requirements for kinesiology or Bachelor of Science in Nursing (BSN) majors. CSU/UC

Biology 177
Human Genetics
Unit(s): 3.0
Class Hours: 54 Lecture total.

Introductory course in genetics. Topics include the principles of Mendelian genetics, mechanisms of mitosis and meiosis, process of transcription, translation and protein synthesis, non-Mendelian patterns of inheritance, the cell cycle, and cell structure. Discussions relevant to current social concerns about genetics covering topics such as cloning, DNA profiling, genetic engineering, prenatal diagnosis, gene therapy, and genomics. CSU/UC

Biology 190
Introduction to Biotechnology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Mathematics 080.

Introduction to the field of biotechnology including a history of its origin and development, a survey of modern industrial applications and accomplishments, ethical considerations, and career paths. CSU/UC

Biology 190L
Introduction to Biotechnology Lab
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Corequisite: Biology 190.
Prerequisite: Biology 190.

This laboratory is a general examination of biology as it relates to the field of biotechnology. The laboratory addresses basic skills and techniques common to the biotechnology industry. Topics include the measurement of activity and quantity of proteins, growth and manipulation of bacteria, genetic engineering and antibody methods. The course is intended as a laboratory class for students majoring in applied biology and as a general education laboratory option for all students. CSU/UC

Biology 191
Biotech A: Basic Lab Skills
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Recommended Preparation: Mathematics 080.

Introduction to the fundamental skills necessary for any biotechnology laboratory. Skills include maintenance of an industry standard notebook; preparation and sterilization of solutions, reagents, and media; utilization of good aseptic technique, proper use and maintenance of laboratory equipment, adherence to quality control protocols, and laboratory safety regulations. CSU

Biology 192
Biotech B: Proteins
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: Biology 191.

Fundamental skills in applied biotechnology necessary for any biotechnology laboratory but particularly focused on downstream manufacturing processes in biomaterials. Skills include maintenance of an industry standard notebook, preparation and sterilization of solutions, reagents and media; utilization of good aseptic technique, proper use and maintenance of laboratory equipment, adherence to quality control protocols, lab safety regulations, in vitro translation, large scale expression, purification, modification, western blot analysis, enzyme-linked immunosorbent assay (ELISA), antibody tagging, and fluorescent microscopy. Compliance with industry standards and regulations will be incorporated into course procedures. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Biology 193
Biotech C: Nucleic Acids
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: Biology 191.
This course introduces the fundamental skills in applied biotechnology focusing on the upstream research and development process. Skills include the maintenance of an industry standard notebook; preparation and sterilization of solutions, reagents, and media; utilization of good aseptic technique; proper use and maintenance of laboratory equipment; adherence to quality control protocols, lab safety regulations; DNA/RNA extraction and purification, bioinformatics, polymerase chain reaction, electrophoresis, DNA sequencing, recombinant DNA technology, DNA cloning, fluorescence in situ hybridization, Southern blot analysis, and in vitro transcription. Compliance with industry standards and regulations will be incorporated into course procedures. CSU

Biology 194
Quality and Regulatory Compliance in Biosciences
Unit(s): 2.0
Class Hours: 36 Lecture total.
This course will cover quality assurance and regulatory compliance for the biosciences industries. Topics will span quality control and Federal Drug Administration (FDA) regulations for the biotechnology, biopharmaceutical, biomedical device and food industries. Theories and application of quality assurance and quality control will be presented and several different quality systems will be discussed such as GMP (good manufacturing practices), ISO9000 (International Standards Organization), Six Sigma and Lean. CSU

Biology 196
Food Safety and Microbiology
Unit(s): 2.0
Class Hours: 36 Lecture total.
This course covers the regulatory agencies that oversee the methodologies prescribed to ensure a safe food supply. The Food Safety Modernization Act, hazard analysis critical control points (HACCP), product traceability, food allergens, and food contaminants including microorganisms are presented. Discussion of illnesses known to result from ingestion of contaminated foods occurs. Laboratory exercises stress aseptic technique, microscopy, and identification of microbial contaminants in foods using media, PCR, and immunological methods. CSU

Biology 197
Science, Technology, Engineering and Mathematics (STEM) Internship
Unit(s): 1.0-4.0
Class Hours: 60-240 Laboratory total.
Prerequisite: Successful completion of 10 units within the Biotechnology Program.
This is an Internship of supervised paid or unpaid work experience in the student’s major which could include new or expanded responsibilities. 75 hours paid work or 60 hours of unpaid work equals one unit. A maximum of 4 units is allowed per semester. Limitation of 16 units in occupational cooperative education courses. May be repeated. Grade: Pass/No Pass. Open Entry/Open Exit. CSU

Biology 200
Environment of Man
Unit(s): 3.0
Class Hours: 54 Lecture total.
A biological and physical science introduction to environmental problems such as energy, resources, pollution, land use, population and food, including economic and political factors. A natural science elective. CSU/UC

Biology 202
Cell Culture Techniques
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Biology 191.
Students will learn eukaryotic cell culture techniques that include working under aseptic conditions, sterile techniques, media preparation, quantification and passage of cell lines. Laboratory experience prepares students for work in industry. CSU

Biology 211
Cellular and Molecular Biology
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Mathematics 080 and Chemistry 200A/200AH
Recommended Preparation: Eligible for English 101.
An investigation into the molecular and cellular basis of life, including the evolution of cells, cell structure and function, energy and information flow, cellular reproduction, genetics, and the molecular basis of inheritance. Required of majors in Biology, Medicine, Forestry, and Agriculture. CSU/UC (C-ID BIOL 190)

Biology 212
Animal Diversity and Ecology
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Biology 211.
A study of ecological principles, and relationships between animal diversity and ecosystems. Habitat, populations, ecological interactions, and environmental influences are stressed while surveying animal diversity and addressing structure, function, behavior, and adaptation of major taxonomic groups. Required of majors in biology, medicine, forestry and agriculture. Field trips required. CSU/UC

Biology 214
Plant Diversity and Evolution
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Biology 211.
Principles and processes of evolution leading to biodiversity. Survey of the Bacteria, Archaea, and the Eukarya domains, emphasizing the kingdoms Protista, Fungi, and Plantae with a detailed view of the evolutionary adaptations of the anatomy, physiology, and life cycles of these organisms. Field trips required. CSU/UC

Biology 221
Animal Diversity and Evolution
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Mathematics 080
Recommended Preparation: Biology 211.
This course is intended for biology majors and surveys the diversity, structure, function, evolution and taxonomy of the major animal phyla. Topics also include behavior, development, comparative anatomy, and evolutionary relationships with an emphasis on the principles and mechanisms of microevolution and macroevolution accentuating molecular and morphological phylogeny. Field trips are required. CSU/UC (C-ID BIOL 130S) (BIOL 221 + BIOL 231)

Biology 229
General Microbiology
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Biology 109/109H and 109L or 139 or 149 or 211 or 239 or 249 or Chemistry 100.
Introduction to microorganisms, their classification, structure, biochemistry, growth, control and their interactions with other organisms and the environment. Designed for biology, preprofessional, and prenursing (BSN) majors. This course may also include an optional field trip. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Biology 231
Plant Diversity and Ecology
Units: 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Mathematics 080 or equivalent course from qualifying profile from the math placement process
Recommended Preparation: Biology 211.
This course is intended for biology majors and surveys the diversity, structure, function and taxonomy of the kingdoms Protista, Fungi, and Plantae. Topics include development, morphology, physiology, taxonomy and systematics, and the principles of population, community, and ecosystem ecology. Field trips required. CSU/UC (C-ID BIOL 130S) (BIOL 221 + BIOL 231)

Biology 239
General Human Anatomy
Units: 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Structure of the human body. Systems, organs, and tissues are studied from human skeletons, models, charts, slides and computer programs. Laboratory includes the dissection of a cat and periodic demonstrations of a prossected cadaver as available. CSU/UC (C-ID BIOL 110B)

Biology 249
Human Physiology
Units: 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: Biology 239.
Microscopic, macroscopic and dynamic view of the human physiological processes. The lecture portion includes a thorough consideration of both cell and systems physiology. Laboratory work includes the use of techniques used in basic research, an introduction to the use of standard medical equipment, and the performance of medical lab tests. Non-invasive experiments are performed on students enrolled in the class. CSU/UC (C-ID BIOL 120B)

Biology 259
Environmental Biology
Units: 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Environmental Biology includes the study of ecosystems, population dynamics, classification, diversity of plant and animal species, effects of pollutants at both the cellular and organismal levels, and principles of ecology. Field trips required. CSU/UC

Biology 290
Biochemistry and Molecular Biology
Units: 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Biology 211 and Chemistry 100.
Introduction to biochemistry and molecular biology. Included are discussions of biological macromolecules, energy production, metabolic pathways and regulation, genetic code, genomics, DNA replication, transcription and RNA processing, translation, and gene regulation. Laboratory activities will include use of visible and UV spectroscopy, chromatography, cell fractionation, ultracentrifugation, protein purification, electrophoresis, and recombinant DNA methods. This course is designed for biology majors, health pre-professionals, and biotechnology majors. CSU/UC

Associate in Science
Business Administration for Transfer (31365)

The Associate in Science in Business Administration for Transfer degree provides students with a comprehensive business education in the principles and practices of all phases of business. A student graduating with an Associate in Science in Business for Transfer may transfer to a four-year institution to complete a Bachelor’s Degree. Successful completion of the transfer degree in business administration guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in the field of business, industry or government.

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to:
- Transfer to a four-year institution.
- Have a broad background in the fundamentals of business leading to a career in management, finance, teaching or entrepreneurship.

*California State University campuses have preferences on which courses should be chosen.*

California State University, Fullerton prefers students take Math 150, Business 150 and Business 222.
California State University, Long Beach prefers students take both Math 150 and 219 and either Business 150 or Computer Science 100.
California Polytechnic University, Pomona prefers students take both Math 150 and 219 and Computer Science 100.

Students are advised to check with their college of choice for any other specific course information.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Associate of Science
Business Administration (11857)

The Associate of Science degree in Business Administration enables students to transfer to a four-year institution leading to a baccalaureate degree. Career opportunities exist in many areas of business administration such as accounting, financial planning and analysis, financial service specialties, management, marketing and sales, production and logistics, and systems and technology development.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Prepare for a job or transfer to a four-year institution.

Major requirements* Units
Accounting 101, Financial Accounting 4
Accounting 102, Managerial Accounting 4
Business 105, Legal Environment of Business 3
Business 150, Introduction to Information Systems and Applications 3
Business 222, Business Writing 3
Economics 101, Principles/Micro 3
Economics 102, Principles/Macro 3
Select one (1) course from the following: 3-5
Accounting 100, Accounting for Small Business (3)
Business 100, Fundamentals of Business (3)
Business 120/Management 120, Principles of Management (3)
Marketing 113, Principles of Marketing (3)
Mathematics 150, Calculus for Biological, Management and Social Sciences (5)

TOTAL 26-28

Certificate of Proficiency
Business Management

The Certificate of Proficiency in Business Management is designed to enable students to handle basic problems encountered in managing within a business environment. Entry-level careers include management trainees and assistant managers or supervisors.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Secure entry-level job skills.

Certificate requirements Units
Accounting 100, Accounting for Small Business (3) 3
Accounting 101, Financial Accounting (4) 4
Business 150, Introduction to Information Systems and Applications 3
Business 222, Business Writing 3
Computer Science 100, The Computer and Society 3
Management 122, Business Communications 3
Select one (1) course from the following: 3
Business 100, Fundamentals of Business (3)
Business 120/Management 120, Principles of Management (3)

TOTAL 13

Certificate of Proficiency
Business Information Worker

The certificate of proficiency in Business Information Worker (BIW) is designed to prepare students for entry-level office and administrative support in a variety of job positions, including general office clerks, retail salespersons, customer service representatives, receptionists, and information clerks. With solid foundation in Microsoft Windows and Office, as well as strong digital and web literacy skills, students will be prepared to meet the workforce demands of today's business environment.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Perform basic computer application skills including beginning Excel, Word and Outlook while exhibiting basic oral and written communication skills for basic office employment.

Certificate requirements Units
Business 100, Fundamentals of Business 3
Business 105, Legal Environment of Business 3
Business 121/Management 121, Human Relations and Organizational Behavior (3)
Business 127, Introduction to E-Commerce (3)
Business 150, Introduction to Information Systems and Applications (3)
Management 135, Human Resource Management (3)

TOTAL 12

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Business Management-Entrepreneurship

The Associate of Science degree and Certificate of Achievement in Entrepreneurship are designed to assist the student in the development of fundamental skills necessary to open and operate a small business and/or to continue the pursuit of a bachelor’s degree at a four-year college or university. Students intending to obtain a bachelor’s degree in Entrepreneurship should consult the major requirements for upper-division study listed under the Business Administration major.

Associate of Science Entrepreneurship (11860)

Career Opportunities in Business
Self employment, employment in small businesses.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Launch a small business or determine that the potential business would not be successful.

Major requirements* Units

| Accounting 100, Accounting for Small Business (3) | 3-4 |
| Accounting 101, Financial Accounting (4) | 3-4 |
| Business 170, Principles of Small Business Management | 3 |

Business 127, Introduction to E-Commerce (3)

TOTAL 17-19

Courses

Business 105
Legal Environment of Business
Unit(s): 3.0
Class Hours: 54 Lecture total.
Fundamental legal principles pertaining to business transactions. Introduction to the law as an instrument of social and political control in society. Topics include sources of law and ethics, contracts, torts, agency, judicial and administrative processes, employment law, forms of business organizations, and domestic and international governmental regulations. CSU/UC (C-ID BUS 120)

Business 120
Principles of Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Principles, methods, and procedures essential to the successful management of human and financial resources. Planning, decision making, staffing, directing, motivating, leading, communicating, controlling, and the application of managerial skills. (Same as Management 120.) CSU

Business 121
Human Relations and Organizational Behavior
Unit(s): 3.0
Class Hours: 54 Lecture total.
The role of the manager and management's relationship to employees. Includes the application of motivational theories, communications, leadership, and organizational structure. (Same as Management 121.) CSU

Business 127
Introduction to E-Commerce
Unit(s): 3.0
Class Hours: 54 Lecture total.
Electronic commerce from a managerial perspective focusing on the retailing, business-to-business and service industries. Topics include: E-Commerce infrastructure, intranets and extranets, electronic payment systems, marketing research, advertising, E-Commerce strategies, and privacy issues. CSU

Business 130
Personal Finance
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course is an integrative approach to personal finance focusing on practical financial decision making as well as the social, psychological, and physiological contexts in which those decisions are made. Students will examine their relationships with money, set personal goals, and develop a plan to meet those goals. Topics include consumerism, debt, healthcare, investing, retirement, long-term care, disability, death, and taxes. CSU

Business 150
Introduction to Information Systems and Applications
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to computer concepts and management information systems. Application software used to solve business problems. CSU (C-ID BUS 140)

Business 170
Principles of Small Business Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Practical business skills needed to start and operate a small business. Includes information on risk management, site location, legal aspects, financing, budgeting, merchandising, promotion, and management techniques. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
BUSINESS / CHEMISTRY

**Business 171**
**Business Plan for Small Business**
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Concurrent enrollment in Business 170.
Business planning for the opening or continued successful operation of a small business through the preparation of a written business plan. **CSU**

**Business 175**
**Online Entrepreneurship**
Unit(s): 3.0
Class Hours: 54 Lecture total.
This class is designed to help potential online entrepreneurs develop startup procedures, explore ideas and implement plans. Students will learn how to build and implement a business strategy for the Internet, including business specific considerations, online marketing and Ecommerce strategies. **CSU**

**Business 222**
**Business Writing**
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: English 101/101H.
Overview of oral and written communication skills used in business; emphasizes guidelines for improving writing and speaking skills, common solutions to common communication problems, ethical issues facing business communicators today, instructions on how to identify areas of legal vulnerability, and tested techniques for communicating successfully in today's high-tech, international business environment. Designed for students transferring to a university. **CSU (C-ID BUS 115)**

**CHEMISTRY (CHEM)**

**Division of Mathematics and Sciences**

**Dean:** Martin Stringer  
**Department Chair, Chemistry:** Denise Bailey, Jeffrey Wada  
**Faculty:** Denise Bailey, Nahla El-Said, Nicole Torneo, Jeffrey Wada

**Associate of Science Chemistry (11933)**

The Associate of Science degree in Chemistry provides basic courses for a wide variety of occupations, or prepares the student to enter a curriculum in a four-year institution leading to a baccalaureate degree. The major fields of chemistry are inorganic and organic chemistry, biochemistry, and chemical engineering. These fields provide career opportunities in industry, research, and teaching, and also entry into graduate or professional programs such as medicine, pharmacy and other related health fields.

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to:

- Solve problems that embody the intellectual principles of Chemistry.
- Critically analyze, and interpret data to draw valid scientific conclusions and communicate those conclusions in a clear and articulate manner.

**Major requirements**

**Courses**

**Chemistry 100**
**Introductory Chemistry**
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: Mathematics 080.

This course prepares students for Biology and Chemistry 200 by exploring the basic concepts of matter such as: atomic structure, formulas, equation writing, nomenclature, gases, and kinetic theory. Properties of solutions and the mole concept in quantitative chemistry will be emphasized. **CSU/UC (C-ID CHEM 101)**

**Chemistry 200A**
**General Chemistry A**
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Chemistry 100 or Chemistry 209 or a passing score on current chemistry placement test and Mathematics 080.

This is the first semester of a year-long sequence covering the fundamental principles and concepts of chemistry and is intended for students studying physical science, life science, and engineering. The topics are to include, but not limited to, atomic structure, quantum theory, periodic properties, stoichiometry, oxidation-reduction, molecular structure and bonding, gas laws, states of matter, solutions, chemical kinetics and chemical equilibrium. This course is a requirement to earn a degree in the physical science, life science, and engineering majors. **CSU/UC (C-ID CHEM 110), (CHEM 120S), (CHEM 200A+200B)**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Chemistry 200AH
Honors General Chemistry A
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Chemistry 100 or Chemistry 209 or a passing score on current chemistry placement test and Mathematics 080 and A high school or college GPA of 3.0 or above.
An in-depth Honors study of the fundamental principles and concepts of chemistry. This course is intended for students studying physical science, life science, and engineering. The topics are to include, but not limited to, atomic structure, quantum theory, periodic properties, stoichiometry, oxidation-reduction, molecular structure and bonding, gas laws, states of matter, solutions, chemical kinetics and chemical equilibrium. This course is a requirement to earn a degree in the physical science, life science, and engineering majors. CSU/UC (C-ID CHEM 120S), (CHEM 200AH+200B), (CHEM 110)  

Chemistry 200B
General Chemistry B
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Chemistry 200A/200AH or Chemistry 219.
Continuation of Chemistry 200A, including but not limited to ionic equilibrium, acid and base equilibrium, thermodynamics, electrochemistry, nuclear chemistry, organic chemistry and descriptive chemistry. CSU/UC(C-ID CHEM 120S), (CHEM200A+200B)  

Chemistry 280A
Organic Chemistry A
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Chemistry 200B or Chemistry 229.
This course is the first semester of a year of organic chemistry. This course will cover structure and bonding, nomenclature, descriptive chemistry, reaction mechanisms, synthetic methods and IR spectroscopy for different functional groups including alkanes, alkenes, alkynes, alkyl halides, organometallics, alcohols, and ethers. Laboratory will include separations/purifications identification, and simple syntheses. CSU/UC (C-ID CHEM 150), (CHEM 160S), (CHEM 280A+280B)  

Chemistry 280B
Organic Chemistry B
Unit(s): 5.0
Class Hours: 54 Lecture total, 108 Laboratory total.
Prerequisite: Chemistry 280A.
This course is the second semester of a year of organic chemistry (continuation of Chemistry 200A). It includes units on structure elucidation, aromatic compounds, carbonyl compounds, carboxylic acids and their derivatives, amines, and classes of biologically important compounds. More complex synthetic routes are explored. Laboratory work includes multi-step syntheses and unknown identification. Reaction mechanisms and use of spectroscopic techniques continue to be emphasized. This course is intended for science majors. CSU/UC (C-ID CHEM 160S), (CHEM 280A+280B)  

CHICANO STUDIES (CHST)
Division of Arts, Humanities and Social Sciences
Dean: David Vakil  
Department Chair, Chicano Studies: Tiffany Gause  
Faculty: Erika Gutierrez  

Courses
Chicano Studies 101
Introduction to Chicano Studies
Unit(s): 3.0
Class Hours: 54 Lecture total.
This introductory course will take an intersectional and interdisciplinary approach to the examination of the cultural, economic, educational, and political issues that may impact Chicanas/os/x. Topics that will be addressed include, but are not limited to, Chicano history, identity construction, gender, class, sexual orientation, religion, language, educational attainment, generational status, immigration, and labor. CSU/UC  

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
CHILD DEVELOPMENT (CDEV)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga
Department Chair, Child Development: Regina Lamourelle

The early childhood certificates offer students fundamental knowledge about the young child from conception through the early elementary years, providing developmentally appropriate learning opportunities to meet the social, emotional, physical, cognitive, and education needs of the child. The early childhood certificates emphasize infant/toddler, preschool, and school-age courses necessary for employment in state-licensed Title 22, publicly funded Title 5 programs and religious affiliated programs. These certificates are also recommended courses for those who work as licensed family child care providers, nannies, or recreation child care workers (cruise, exercise, or retail child care establishments).

The Infant/Toddler and Preschool certificates prepare students for extended study in infant/toddler or early learning to obtain an associate or a baccalaureate degree in child development or employment as an infant-toddler or preschool program director, teacher, or other specialist working with young children and families. The school age certificate of proficiency prepares students who are seeking to work with elementary age children in an afterschool, camp, cruise, or family day care setting. All three certificates lead to child development permits and require that students show negative TB test results.

Associate in Arts
Child and Adolescent Development for Transfer (35593)

The Associate in Arts in Child and Adolescent Development for Transfer (AA-T) prepares a student to enter a California State University (CSU) as a junior to complete a baccalaureate degree in Child Development, Human Development, Child and Adolescent Studies, or Early Childhood Education. Upon completion of the AA-T in Child and Adolescent Development, students will have a general understanding of developmental theories as they pertain to the development, care, and education of young children. Students will demonstrate knowledge in preparing developmentally-appropriate environments, curriculum, and assessments as they work professionally with families and team members and qualify for a Children’s Center Permit.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:

- Demonstrate skill and knowledge in child observation, documentation, and effective assessment strategies that positively influence the development of children.

Associate in Science
Early Childhood Education for Transfer (35614)

The Associate Degree in Science in Early Childhood Education prepares students to transfer into a baccalaureate degree program in Child Development or a related field of study. Students will gain general knowledge and experience in early childhood education topics enabling them to obtain a Child Development Center Permit and meet the standards set forth by the National Association for the Education of Young Children for appropriate teaching practices in early learning settings.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:

- Demonstrate a knowledge of early childhood curriculum, program practices, and the development of young children.
- Apply for and receive a Child Development Center permit.

Certificate of Proficiency
Early Childhood Leadership and Administration

The Early Childhood Administrative Certificate provides the educational coursework that prepares directors, supervisors, and managers for early childhood work settings serving children from infancy through age 8. Topics include: communication, curriculum, documentation and interpretation, culturally relevant approaches to teaching and learning that include developmentally appropriate, respectful, supportive relationships with children and families, administration, marketing, and management issues, and self-care and work-life balance related to the operation of center-based early childhood education programs. Fieldwork or field-based assignments may be required. Updated immunizations per state regulations are required.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:

- Demonstrate knowledge of developmentally appropriate curriculum planning, environments, observation and guidance to assess one’s own strengths in working with young children in order to implement quality care for young children in group setting.
- Demonstrate basic knowledge of staffing, budgets, enrollment, professional development, and program planning for privately and publicly funded early childhood education programs.

TOTAL 15

A NEGATIVE TB TEST RESULT AND STATE-MANDATED IMMUNIZATIONS ARE REQUIRED FOR CERTIFICATE COMPLETION.

Certificate of Proficiency
Infant/Toddler

The Certificate of Proficiency in Infant/Toddler meets the minimum requirements for beginning early learning professionals employed or seeking employment as teachers and/or aides in privately owned or religious affiliated (Title 22) or publically funded (Title 5) programs serving infants and toddlers. This certificate is also recommended for licensed Family Day Care Providers or Nannies.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Demonstrate skill and mastery of child development theories and proficiency in application in a simulated/real infant/toddler setting or scenario.
• Develop a portfolio of developmentally appropriate activities, programming, and assessment strategies for infants and toddlers in the cognitive, psychosocial, and biosocial domains.

Certificate requirements Units
Child Development 107, Child Growth and Development (DS1) 3
Child Development 108, Observation and Assessment for Early Learning and Development (DS3) 3
Child Development 110, Child, Family and Community (DS2) 3
Child Development 111A, Principles and Practices of Teaching Young Children 3
Child Development 111B, Introduction to Curriculum for Young Children 3

TOTAL 15

A NEGATIVE TB TEST RESULT AND STATE-MANDATED IMMUNIZATIONS ARE REQUIRED FOR CERTIFICATE COMPLETION.

Certificate of Proficiency
Preschool

The Certificate of Proficiency in Preschool meets the minimum California Community Care Licensing requirements for beginning early learning professionals employed or seeking employment as teachers and/or aides in privately owned or religious affiliated (Title 22) or publically funded (Title 5) programs serving preschoolers 2-5. This certificate is also recommended for licensed family child care providers, nannies, or early childhood recreation workers. Completion of this award leads to the Preschool Children’s Center Permit.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Demonstrate skill and mastery of child development themes, theories, curriculum, and assessment strategies by applying knowledge and skills in a simulated/real preschool setting or scenarios.
• Develop a portfolio of developmentally appropriate curriculum, programming, and assessment strategies for preschoolers in the cognitive, psychosocial, and biosocial domains.

Certificate requirements Units
Child Development 107, Child Growth and Development (DS1) 3
Child Development 108, Observation and Assessment for Early Learning and Development (DS3) 3
Child Development 110, Child, Family and Community (DS2) 3
Child Development 111A, Principles and Practices of Teaching Young Children 3
Child Development 111B, Introduction to Curriculum for Young Children 3

TOTAL 15

A NEGATIVE TB TEST RESULT AND STATE-MANDATED IMMUNIZATIONS ARE REQUIRED FOR CERTIFICATE COMPLETION.

Certificate of Proficiency
The School-Age Child

The Certificate of Proficiency in the School-Age Child is intended to prepare students to meet California Community Care Licensing requirements for positions requiring practical skills and knowledge to work with school-age children (PreK-Grade 3) in Title 22 (privately owned), Title 5 (publically funded) or religious affiliated after-school programs, family child care homes, cruise or camp settings, or nannies. Completion of this certificate leads to a School-Age Children’s Center Permit.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Demonstrate skill and mastery of applying school-age child development themes, theories, and concepts in real/simulated school-age settings or scenarios.
• Develop a portfolio of developmentally appropriate school-age activities and programming including discipline strategies, health and safety, social interaction, parent communication, media influences and assessment strategies for the cognitive, psychosocial, and biosocial domains.

Certificate requirements Units
Child Development 110, Child, Family and Community (DS2) 3
Child Development 112, Health, Safety, and Nutrition for Children 3
Child Development 120A, Development of the School-Age Child (DS5) 3
Child Development 120B, School-Age Child Care and Recreation Activities (DS5) 3
Child Development 221, Living and Teaching in a Diverse Society 3

TOTAL 15

Certificate of Proficiency
Level I - Early Childhood Exceptional Needs

The Level I - Early Childhood Exceptional Needs Certificate of Proficiency is an introductory professional development certificate for students working with children with disabilities and special needs in public (Title 5) and private (Title 22) early intervention, special education, and educational settings that serve children with typical and atypical development and their families. This certificate will focus on defining typical and atypical development, the historical and societal influences, regulations, and the identification and referral processes leading to appropriate intervention. Field trips may be required. All state-mandated vaccinations must be completed.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:

- Examine the field of special education, relevant philosophies, principles and theories, laws, and policies as they relate to educating learners with exceptional needs.
- Explore the exceptional learning conditions and their effects on an individual's learning in school and life to establish the foundation for designing empathetic individualized and meaningful learning environments.

Certificate of Proficiency
Level II - Early Childhood Exceptional Needs

The Level II - Early Childhood Exceptional Needs Certificate of Proficiency is an intermediate professional development certificate for students working with children with disabilities and special needs in public and private early intervention, special education, and educational settings that serve children with typical and atypical development and their families. This certificate will focus on the role of the teacher in designing and implementing curriculum and strategies that support young children's development. Typical and atypical development, the historical and societal influences, regulations, and the identification and referral processes leading to appropriate intervention and strategies will be addressed. Field trips may be required. All state-mandated vaccinations must be completed.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:

- Examine the learning environment of children with special needs that support emotional well-being limiting classroom induced trauma and promoting positive and prosocial interactions. Students will examine research-based strategies to create motivational and instructional interventions for exceptional learners augmenting their efforts to learn and respond effectively.
- Examine the role that effective and culturally responsive collaboration with families, other educators and providers, ancillary services, and personnel from community agencies have on families and children with exceptional learning abilities.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Child Development 111B
Introduction to Curriculum for Young Children
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Child Development 107 and 108 and 111A (CDEV 111A may be previously or concurrently enrolled).

This course examines developmentally appropriate curriculum and environments for young children. Explores teaching strategies and curriculum development based on theoretical frameworks, observation and assessment. Emphasizes the teacher's role in supporting development and learning across the curriculum. Emphasizes the teacher's role in supporting development and learning across the curriculum, including content areas. Field trips and field-based assignments may be required. A negative TB test result and state-mandated immunizations are required for some fieldwork assignments and certificate completion. CSU (C-ID ECE 130)

Child Development 112
Health, Safety and Nutrition for Children
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Six (6) units of Child Development classes.

Introduction to the laws, regulations, standards, policies and procedures, and best practices related to child health safety and nutrition in early childhood programs. Includes prevention strategies, nutrition and meal planning for various ages and abilities and planning educational experiences integrated into daily routines designed to teach children positive health, safety, and nutrition habits. Field trips and field-based assignments may be required. A negative TB test result and state-mandated immunizations are required for some fieldwork assignments and certificate completion. CSU (C-ID ECE 220)

Child Development 116A
Infant/Toddler Growth and Development (DS4)
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Child Development 107 and 108.

A study of infants and toddlers from pre-conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development. Partially fulfills the requirements for state licensing. With Child Development 116B, this class fulfills infant/toddler specialization for Child Development Center permits. Field trips and field-based assignments may be required. A negative TB test result and state-mandated immunizations are required for some fieldwork assignments and certificate completion. CSU/UC

Child Development 116B
Care and Education for Infants and Toddlers (DS3)
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Child Development 107 and 108 and 116A (CDEV 116A may be previously or concurrently enrolled).

Applies current theory and research to the care and education of infants and toddlers in group settings. Examines essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months. This class partially fulfills the requirements for state licensing. With Child Development 116A, this course fulfills infant/toddler specialization for Child Development Center permit. Field trips and field-based assignments may be required. A negative TB test result and state-mandated immunizations are required for some fieldwork assignments and certificate completion. CSU

Child Development 120A
Development of the School-Age Child (DS5)
Unit(s): 3.0
Class Hours: 54 Lecture total.

Examines the physical, cognitive/language, and psychosocial development of children five to twelve years old emphasizing the interactions between maturational processes and environmental factors. Using developmental theory and investigative research methodologies, students will observe and evaluate children addressing issues of typical and atypical development and diversity. Fulfills partial requirements for the School Age Child Development Permit. Not offered every semester. Field trips to local child development centers may be included. A negative TB test result and state-mandated immunizations are required for certificate completion. CSU/UC

Child Development 120B
School-Age Child Care and Recreation Activities (DS5)
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Child Development 120A (CDEV 120A may be previously or concurrently enrolled).

Focuses on school-age creative activities including planning and implementing an appropriate before and after school curriculum. Attention will be paid to integrating academics, recreation and creative activities suitable for school-age child care programs. Field trips and field-based assignments may be required. CSU

Child Development 200
Introduction to Technology in Early Childhood Education
Unit(s): 3.0
Class Hours: 54 Lecture total.

This course provides students knowledge about and experience with technological tools used in early childhood settings. Students will have the opportunity to evaluate the impact of technology as it relates to growth and development of children and developmentally appropriate practices. Emphasis will be on basic knowledge and practice in a wide variety of current and emerging technologies and how to integrate them into the learning environment. Field trips and fieldwork assignments may be required. By the third week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required. CSU

Child Development 205
Introduction to Children with Special Needs
Unit(s): 3.0
Class Hours: 54 Lecture total.

Introduces the variations in development of children with special needs ages birth through eight and the resulting impact on families. Includes an overview of historical and societal influences, laws relating to children with special needs, and the identification and referral process. Field trips and field-based assignments may be required. CSU

Child Development 206
Curriculum and Intervention Strategies for Children with Special Needs
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Child Development 205 205.

This course focuses on the curriculum and intervention strategies desirable for supporting young children's individual needs in partnership with their families. Focuses on the use of observation and assessments in meeting the individualized needs of children in inclusive and natural environments. Includes the role of the teacher as an intentional professional working with families, collaborating with interdisciplinary teams, and demonstrating cultural competence. Field trips and field-based assignments may be required. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Child Development 207
Supporting and Empowering Families of Children with Special Needs
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course will provide teachers, intervention assistants, administrators, and parents the tools necessary to support and empower families of children with disabilities and other special needs in early childhood and school age programs. Techniques, strategies, and resources will be provided to support children in a natural and/or inclusive educational setting and to help guide parents to be advocates of their children. Field trips may be required. Vaccinations as mandated by state statutes are required. Grade: Pass/No Pass. CSU

Child Development 215
Administration I: Programs in Early Childhood Education (DS6)
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Twelve (12) units in early childhood education.
Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws, development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program. Field trips and field-based assignments may be required. A negative TB test result and state-mandated immunizations are required for certificate completion. CSU

Child Development 216
Administration II: Personnel and Leadership in Early Childhood Education (DS6)
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Child Development 215 and twelve (12) units in early childhood education.
This course acquaints students with effective strategies for personnel management and leadership in early care and education settings. Includes legal and ethical responsibilities, supervision techniques, professional development, and reflective practices for a diverse and inclusive early care and education program. Field trips and field-based assignments may be required. A negative TB test result and state-mandated immunizations are required for certificate completion. CSU

Child Development 217
Creative Music and Performing Arts for Early Learners
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to the performing arts domain of the California Preschool Learning Foundations and Frameworks including strands of music, drama, and dance. Provides practical strategies for implementing the curriculum frameworks developed for this domain. Explores musical expression through songs and ballads, the elements of music, and diverse types of instruments as used in the early childhood curriculum. Includes the study of musical growth and development in young children and the use of music as a classroom management tool. Applicable to required or professional development units for Child Development Permit holders, pre-school, transitional kindergarten, and early-primary teachers. Field trips and fieldwork assignments may be required. By the third week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required. CSU

Child Development 218
Visual Art Experiences for Early Learning Environments
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to the visual arts domain of the California Preschool Learning Foundations and Frameworks including artistic expression and response, and skills using various art media. Emphasizes the child's ability (ages 2 through 8 years) to represent and expressively use art mediums and techniques. Includes theoretical, as well as, practical applications and explores the role of adults in fostering creativity. Provides practical strategies for implementing the curriculum frameworks developed for this domain. Applicable to required and/or professional development units for Child Development Permit holders, preschool, transitional kindergarten, and early-primary teachers. Field trips and fieldwork assignments may be required. By the third week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required. CSU

Child Development 220
The Child As Victim
Unit(s): 3.0
Class Hours: 54 Lecture total.
Exploration of battered, molested, and neglected children from five vantage points: child, law, parents, social services and education. CSU

Child Development 221
Living and Teaching in a Diverse Society
Unit(s): 3.0
Class Hours: 54 Lecture total.
Examines the impact of various societal influences on the development of children's social identity. Covers developmentally appropriate, inclusive and anti-bias approaches. Self examination and reflection on issues related to social identity, stereotypes, and bias will be emphasized. Field trips and field-based assignments may be required. CSU/UC (C-ID ECE 230)

Child Development 229
Brain Development and Learning
Unit(s): 2.0
Class Hours: 36 Lecture total.
This class explores the development of the brain for children from birth through adolescence, and how behavior and learning are affected. Brain-based learning strategies will be used to teach new ways of approaching learning including how to understand diverse learning styles. This course is designed for educators, parents, and students who are interested in knowing more about how the brain operates and how the environment affects the brain. Field trips and fieldwork assignments may be required. By the third week of the semester, verification of the state-mandated Tdap vaccination, MMR immunization, and negative TB test will be required. CSU

Child Development 230
Child Guidance and Classroom Management
Unit(s): 2.0
Class Hours: 36 Lecture total.
This course will explore expectations about young children's behavior and the importance of teacher interaction skills in addressing and managing behavior issues. Behavior expectations will be defined, skills for managing various behaviors will be developed and a file of community resources in regards to behavioral issues will be created. It is advised that participants take this course in conjunction with working in a classroom setting. Field-work and state required immunizations may be required. CSU

CHINESE (CHNS)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Modern Languages: Lourdes Fajardo

Chinese 101
Elementary Chinese I
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Practice and integration of pronunciation, grammar, vocabulary, and common idioms through listening, speaking, reading, and writing to begin to express thoughts orally and in writing. The class will also introduce students to cultural, social and linguistic items appropriate to Chinese-speaking societies. Chinese 101 is equivalent to two years of high school Chinese. CSU/UC

Chinese 102
Elementary Chinese II
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Prerequisite: Chinese 101 or two years of high school Chinese with a grade of C or better.
Continuation of Chinese I which furthers training in language skills providing avenues for the expression of ideas in both oral and written forms and provides enhanced study of cultural and socio-linguistic knowledge aspects appropriate to Chinese-speaking societies. Chinese 102 is equivalent to the third year of high school Chinese. CSU/UC

CINEMA STUDIES (CINE)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga
Facilitator: David Echols

Courses

Cinema Studies 103
History of Film to 1945
Unit(s): 3.0
Class Hours: 54 Lecture total.
A survey course exploring film as an art form and developing an appreciation of historical, artistic and technical advances from the 1890s to 1945. CSU/UC

Cinema Studies 104
History of Film From 1945 to Present
Unit(s): 3.0
Class Hours: 54 Lecture total.
A lecture/visual aids course exploring film as an art form and developing appreciation of historical, artistic and technical advances. CSU/UC

Cinema Studies 105
Mass Media and Society
Unit(s): 3.0
Class Hours: 54 Lecture total.
Exploration of the history, effects, and role of mass media in U.S. society. Examines major media forms (TV, radio, film, newspapers, magazines, ads, internet) in our information-conscious culture. Field trips may be required. CSU/UC (C-ID JOUR 100)

Cinema Studies 107
Great Directors
Unit(s): 3.0
Class Hours: 54 Lecture total.
This class involves a survey and critical analysis of films by various film directors within the Film Industry. The class will deconstruct a film director’s work (instructor’s choice) throughout the course of the semester, focusing specifically on technical, thematic and socio-cultural similarities that span the director's career. Students will be expected to articulate specific insights into the director's work through essay writing and exams. Emphasis on auteur theory, film style and visionary contributions to film history. CSU/UC

Cinema Studies 108
Film Genres
Unit(s): 3.0
Class Hours: 54 Lecture total.
Critical survey of a variety of film genres, including gangster, musical, comedy, film noir, Westerns, and others. Hollywood, independent and international examples, from different time periods. CSU/UC

Cinema Studies 122
Screenwriting for Digital Media
Unit(s): 3.0
Class Hours: 54 Lecture total.
Writing scripts for digital media. Scriptwriting fundamentals, format, dramatic structure; and applying skills to use in the form of non-narrative and narrative scripts for clients and employers. CSU
Cinema Studies 124
Introduction to Digital Media Production
Unit(s): 3.0
Class Hours: 36 Lecture total, 54 Laboratory total.
This course introduces Digital Single Lens Reflex (DSLR) video acquisition, dual channel audio acquisition, lighting and non-linear digital editing equipment. Students will use professional procedures from pre-production through post-production to develop, produce and execute to completion various commercial and industrial video formats applicable to digital production. **CSU**

Cinema Studies 130
Film Appreciation
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course provides a background in understanding the aesthetics used in television, motion pictures, video games, and digital media and explores the development and impact of mediated messages. The interplay and structuring of elements of sight, sound, and motion as message components, and their capacity to generate impressions, stimulate feelings, shape attitudes, and convey information are examined. **CSU/UC**

Cinema Studies 150A
Film/TV Producing I
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to all aspects of planning the production of film and TV projects. Students are taught the skills to estimate, calculate, negotiate and evaluate all costs, legal concerns, insurance issues, permits, and pitfalls. Project budgets and organization for shorts, music videos, commercials, documentaries, and low-budget narrative films are examined. **CSU**

Cinema Studies 150B
Film/TV Producing II
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Cinema Studies 150A. Continued study of planning the production of feature film and large-scale TV projects. Students are taught the skills to estimate, calculate, negotiate and evaluate all costs, legal concerns, insurance issues, permits, and pitfalls. Project budgets and organization for feature films are examined. **CSU**

**COMMUNICATION (COMM)**

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Communication: Tara Kubicka-Miller
Faculty: Ralph Castellanos, Michael DeCarbo, Jared Kubicka-Miller, Tara Kubicka-Miller, Melinda Womack

Associate in Arts
Communication Studies for Transfer (30558)
The Associate in Arts in Communication Studies for Transfer degree provides training to build and maintain personal and professional relationships through effective communication. Completion of the transfer degree in Communication prepares students to: (1) Communicate with clarity and accuracy in diverse environments, (2) Act with awareness of self amongst local and global communities, (3) Think critically, creatively and reflectively, and (4) Learn about the self in professional and interpersonal relationships. Successful completion of the transfer degree in Communication guarantees the student acceptance to the California State University system to pursue a baccalaureate degree, in the field of business, industry, government, social service, and/or education in such areas as teaching, public speaking, consulting, law, announcing, and public relations.

**Learning Outcome(s)**
Upon successful completion of the major requirements for this degree, students will be able to:
- Better manage apprehension in communication settings.
- Present the self appropriately and effectively through verbal and nonverbal communication.

**Major requirements**

### Associate of Arts

**Communication (11929)**

The associate degree curriculum in communication provides training for communicating and dealing with people. Completion of the associate in arts degree in communication prepares students to:

1. Communicate with clarity and accuracy, and in diverse environments.
2. Act with awareness of self and both the local and global communities of persons.
3. Think critically, creatively and reflectively.
4. Learn about self and others, academic and professional issues. The associate in arts in communication degree prepares the student to move into a curriculum at a four-year institution leading to a baccalaureate degree, and then into careers in the field of business, industry, government, social service, or education in such areas as teaching, public speaking, consulting, law, announcing, public speaking and public relations.

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to:

- Better manage apprehension in communication settings.
- Present the self appropriately and effectively through verbal and nonverbal communication.

#### Major requirements

- **Relationship Emphasis, 3 units**
  - Communication 100/100H, Introduction to Interpersonal Communication (3)
  - Communication 101, Group Dynamics (3)

- **Delivery Emphasis, 3 units**
  - Communication 110, Public Speaking (3)
  - Communication 111, Argumentation and Debate (3)

- **Diversity Emphasis, 3 units**
  - Communication 120, Introduction to Intercultural Communication (3)
  - Communication 225/225H, Gender Communication (3)

- **Performance Emphasis, 3 units**
  - Communication 130, Forensics Team (4-6)
  - Communication 134, Oral Interpretation (3)
  - Communication 135, Reader’s Theatre (3)
  - Communication 230, Advanced Forensics Team (4-6)

- **Required Electives, 6 units:**
  - Any of the above courses not already completed, but no more than 2 additional units of Communication 130, or Communication 230 (3.5-6)
  - Library & Information Studies 103, Advanced Internet Research (1)

**TOTAL 18**

COMPUTER INFORMATION SYSTEMS (CIS)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga
Department Co-Chairs, Business: Steven Deeley, Stewart Myers
Faculty: Ronald Kessler, Stewart Myers, Andy Salcido

The Associate of Science degree and Certificate of Achievement in Computer Information Systems are concerned with the development of procedures which are effective and efficient, computer languages suitable for starting these procedures, and systems for executing the procedures. This may include the ability to write programs in Visual BASIC, C++ or Java and applications such as Excel. Graduates of the program are prepared for employment as trainees in information systems, computer programming, and systems analysis. Completion of the degree provides background for curriculum at a four-year institution such as the California State University system at Fullerton or Pomona.

Students intending to obtain a bachelor’s degree in Computer Information Systems should consult the major requirements for upper-division standing listed under the Business Administration major at the school of their choice.

Associate of Science

Computer Information Systems (11902)

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to
- Demonstrate knowledge and practice of CIS systems and computer science.
- Demonstrate knowledge of software applications.

| Accounting 102, Managerial Accounting                                  | (4)   |
| Computer Information Systems 103, Microsoft Word                       | (3)   |
| Computer Information Systems 108, Microsoft Access                     | (3)   |
| Computer Information Systems 110, Introduction to Microsoft Project    | (3)   |
| OR Public Works 110, Introduction to Microsoft Project                 | (3)   |
| Computer Science 121, Programming Concepts                            | (3)   |
| Computer Science 213, C# Programming                                  | (3)   |

TOTAL 22-23

Courses

Computer Information Systems 101
Introduction to Microsoft Office
Unit(s): 3.0
Class Hours: 54 Lecture total.
Learn the basics of Microsoft Office, a suite of applications for Windows (Word, Excel, Access and PowerPoint). Acquire skills for creating, formatting, printing and editing business documents. CSU

Computer Information Systems 103
Microsoft Word
Unit(s): 3.0
Class Hours: 54 Lecture total.
Step-by-step procedures are taught for creating, editing, and printing business documents with Microsoft Word. CSU

Computer Information Systems 105
Introduction to Microsoft Excel
Unit(s): 1.5
Class Hours: 27 Lecture total.
Introduction to Excel spreadsheets including formatting, graphics, and formulas common to business applications. Prepares student for MS Excel Certification. CSU

Computer Information Systems 106
Microsoft Excel
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to Microsoft Excel and how it facilitates solving business problems. Covers data management and reporting using spreadsheets, charts, database tools and macros. CSU

Computer Information Systems 108
Microsoft Access
Unit(s): 3.0
Class Hours: 54 Lecture total.
Relational Database Management using Microsoft Access. Includes design, creation and maintenance of a Relational Database Management System (RDBMS), reports and form generation, queries, importing and exporting data, macros and modules using Access. CSU

Computer Information Systems 110
Introduction to Microsoft Project
Unit(s): 3.0
Class Hours: 54 Lecture total.
Provides basic knowledge of how to plan a project, identify and create tasks, estimate workloads and duration, setup project schedules, maintain the schedule, assign resources, connect resources to tasks, setup a project budget, track progress utilize reports and close a project using Microsoft Project software. (Same as Public Works 110.) CSU

Computer Information Systems 111
Python Programming
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course is an introduction to fundamental concepts and techniques for writing software in the Python programming language. This course covers the syntax and semantics of data types, expressions, exceptions, control structures, input/output, methods, classes, and pragmatics of Python programming. CSU/UC

Computer Information Systems 159
Introduction to iOS/iPhone Mobile App Development
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to mobile application development for iPhones and other iOS devices using beginning programming concepts and skills. CSU

Computer Information Systems 259
Advanced iOS/iPhone Mobile App Development
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Computer Information Systems 159 or similar programming experience.
Advanced techniques for mobile application development for iPhones and other iOS devices using Objective-C programming. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
COMPUTER SCIENCE (CMPR)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga
Department Co-Chairs, Business: Steven Deeley, Stewart Myers
Faculty: Ronald Kessler, Stewart Myers

Computer science courses are designed to meet the varying goals of students interested in employment or education in the computer field. There are courses on specific languages for professionals who want to supplement their skills with the knowledge of a current programming language (PC assembler, C++, Visual BASIC, Java). A certificate in computer science can be earned by those students desiring to enter the workplace at entry-level positions. Also, an associate degree can be earned by those students desiring to transfer to a four-year institution with a major in Computer Science.

The computer science courses provide instruction in low level and high level languages, intermediate and advanced techniques in programming, and hardware organization.

Associate in Science

Computer Science for Transfer (33379)

The Associate in Science in Computer Science for Transfer degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree. Employment opportunities are available as programmers in government, business and education. Successful completion of the transfer degree in Computer Science guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in Computer Science or a related field.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

- Apply knowledge of mathematics, science, and computer science to identify, formulate, and solve computer science problems.

NOTE: Only IGETC for the UC and CSU (Plan C) will be accepted towards completion of the general education portion of this degree. Unlike other Associate Degrees for Transfer, CSU GE Breadth (Plan B) completion will not be accepted.

An Oral Communication course, IGETC Area 1C, must be completed in order to meet CSU admission requirements.

Certificate of Achievement

Computer Science (21649)

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to

- Demonstrate knowledge and practice of computer science.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Certificate of Proficiency
Applied Robotics and Embedded Programming

The Certificate of Proficiency in Applied Robotics and Embedded Programming will lead to entry-level employment in computer science, engineering and other areas where high aptitude in computer programming is recognized. The program prepares students for careers as robotics technicians, engineering technicians, and junior programmers.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Demonstrate and apply knowledge of common microprocessors and design software applications which can be used in industry-standard embedded devices.

Courses

Computer Science 100
The Computer and Society
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introduction to the area of computers and their relationship to today’s information society. Examines a broad overview of topics including: hardware, software, networking, information technology, and the internet. The student will explore the implication and effect of technology on society, careers and ethics. **CSU/UC**

Computer Science 105
Visual BASIC Programming
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to programming and Visual BASIC. Emphasis on programming fundamentals and the creation of applications with Visual BASIC. No previous programming experience required. **CSU/UC**

Computer Science 112
Java Programming
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to object-oriented program design. Overview of the Java programming language, including developing applications for web pages and stand-alone applications. **CSU/UC**

Computer Science 120
Introduction to Programming
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Prerequisite: Mathematics 080.
Introduction to programming concepts including data types, mathematical operations, elementary input/output, and the basic control structures of sequence, selection, iteration and functions. Program design techniques utilizing structured and object-oriented methodologies will be emphasized. **CSU/UC**

Computer Science 121
Programming Concepts
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Prerequisite: Computer Science 120.
Continuing introduction to programming concepts, development of algorithms utilizing functions, classes and the primary control structures. Program I/O; strings and arrays; data types: classes and objects. Documentation techniques. **CSU/UC**

Computer Science 122
Programming Concepts and Methodology I
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Computer Science 120.
Introduces the discipline of computer science using a high-level language, utilizing programming and practical hands-on problem solving. This is the first course in a sequence of courses that is compliant with the standards of the Association for Computing Machinery (ACM). **CSU (C-ID COMP 122)**

Computer Science 129
Introduction to Computer Organization
Unit(s): 4.0
Class Hours: 72 Lecture total.
Recommended Preparation: Computer Science 120 or equivalent.
Presents the organization and structure of computers at hardware and software levels: analysis and synthesis of combinatorial and sequential logic, data representation and manipulation, language structures and translation, and process administration and management. **CSU/UC**

Computer Science 131
Data Structures Concepts
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Computer Science 121.
Application of simple Data Structures Concepts (ADT’s) including linked structures, stacks, queues and trees. Use of pointers, recursion, sorting algorithms, classes and object-oriented programming to implement Data Structures. **CSU/UC**

Computer Science 132
Programming Concepts and Methodology II
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Computer Science 122.
Application of software engineering techniques to the design and development of large programs: data abstraction and structures and associated algorithms. This is the second course in a sequence of courses that is compliant with the standards of the Association of Computing Machinery (ACM). **CSU (C-ID COMP 132)**

Computer Science 149
Discrete Structures for Computer Science
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Computer Science 122
Recommended Preparation: Mathematics 105 or 140 or 219/219H or 220.
This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: Functions; Relations and Sets; Basic Logic; Proof Techniques; Basics of Counting; Graphs and Trees; and Discrete Probability. This course is compliant with the standards of the Association for Computing Machinery (ACM). **CSU (C-ID COMP 152)**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Computer Science 154
Computer Architecture and Organization
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Computer Science 122.
The organization and behavior of real computer systems at the assembly language level. Topics include number systems and data representation, addressing techniques, memory management, interrupt handling, recursion, subroutines, arrays, and the implementation of high-level language constructs at the machine-language level. This course is compliant with the standards of the Association for Computing Machinery (ACM). CSU/UC (C-ID COMP 142)

Computer Science 157
Introduction to Robotics
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to Robotics Programming using the LEGO Mindstorms platform. Basic mechanical, electronics, and control issues in Robotics are discussed, including the design and implementation of robotic systems. Students program a robot using several programming languages including the LEGO "NXT-G" programming language, as well as Robot C. CSU

Computer Science 213
C# Programming
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Computer Science 121.
Study of C# programming. Topics covered include the .NET environment, object-oriented programming, relational databases, and creation of graphical user interfaces. CSU/UC

Computer Science 257
Applied Robotics and Embedded Programming
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to microprocessors for devices used in robotics, telephones, tablet PC’s, the automotive industry, and home automation. The Basic Stamp and Propeller microprocessors and Single-Board Computers (SBC) will be used to design and implement robotic systems using PBasic and RobotC programming languages. CSU

COSMETOLOGY (COSM)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga
The Associate of Science degree in Cosmetology is designed to exceed minimum California Board of Barbering and Cosmetology standards. Students will experience a combination of lecture and laboratory instruction covering various topics such as hairdressing, chemical waving and straightening, haircutting and shaping, hair coloring, scalp and hair treatments, facials, manicuring, and operation of a beauty salon. Proficiencies to be developed include principles of sanitation in compliance with laws and administrative regulations. Courses are offered on an open enrollment basis and students may enroll at any time. Students are required to purchase a basic cosmetology kit.

If you are enrolled in the Cosmetology program and have been awarded Federal Financial Aid, your payments will be calculated at the federal formula conversion rate according to the current Federal Student Aid Handbook. This formula is used to calculate the timing of financial aid award disbursements. The Esthetician program is not eligible for federal financial aid. If you have questions, please contact the SCC Financial Aid Office at 714-628-4876.

Associate of Science
Cosmetology (11948)
Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
- Demonstrate and apply knowledge of principles, procedures and practices of cosmetology according to the California Board of Barbering and Cosmetology.

Requirements* Units
Cosmetology 005, Health and Safety 7
Cosmetology 040, Cosmetology 35.5
TOTAL 42.5

Certificate of Achievement
Cosmetology (21674)
Learning Outcome(s)
- Demonstrate and apply knowledge of principles, procedures and practices of cosmetology according to the California Board of Barbering and Cosmetology.

Requirements* Units
Cosmetology 005, Health and Safety 7
Cosmetology 040, Cosmetology 35.5
TOTAL 42.5

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Certificate of Achievement
Esthetician (36520)

The Certificate of Achievement in Esthetician is designed to exceed minimum California Board of Barbering and Cosmetology standards. Students will experience a combination of lecture and laboratory instruction covering various topics such as manual, electrical, and chemical facials. Proficiencies to be developed include principles of sanitation, client management as well as compliance with laws and administrative regulations. Courses are offered on an open enrollment basis and students may enroll at any time. Students are required to purchase a basic cosmetology kit.

Learning Outcome(s)
• Demonstrate and apply knowledge of principles, procedures and practices of skin care according to the California Board of Barbering and Cosmetology.

Cosmetology 005
Health and Safety
Unit(s): 0.5-7.0
Class Hours: 4-100 Lecture total, 12-100 Laboratory total.
Instruction in the theory and practical applications of health and safety practices for Cosmetology and Esthetician as required by Section 7316 of the Barbering and Cosmetology Act. Must be enrolled in the Cosmetology or Esthetician program. Students are required to purchase a basic supply kit as part of the program. Open Entry/Open Exit.

Cosmetology 040
Cosmetology
Unit(s): 0.5-35.5
Class Hours: 4-270 Lecture total, 12-1130 Laboratory total.
Principles and practices in cosmetology. Preparation for Board Examination for licensing by the State of California Board of Barbering and Cosmetology. Laboratory participation includes student demonstration that all performance objectives have been met. Students are required to purchase a basic cosmetology kit. Open Entry/Open Exit.

Cosmetology 050
Manicuring
Unit(s): 0.5-13.5
Class Hours: 4-125 Lecture total, 12-275 Laboratory total.
Principles and practices in cosmetology. Preparation for Board Examination for licensing by the State Board of Barbering and Cosmetology for licensure preparation. Open Entry/Open Exit.

Cosmetology 070
Barbering
Unit(s): 0.5-48.0
Class Hours: 4-385 Lecture total, 12-1115 Laboratory total.
Principles and practices in barbering. Preparation for Board Examination for licensing by the State of California Board of Barbering and Cosmetology. Laboratory participation includes student demonstration that all performance objectives have been met. Basic cosmetology kit at student’s expense. Open Entry/Open Exit.

Cosmetology 080
Esthetician
Unit(s): 0.5-9.0
Class Hours: 4-120 Lecture total, 12-280 Laboratory total.
Instruction in the theory and practical applications of all practices of an esthetician as required by Section 7316 of the Barbering and Cosmetology Act. Students are required to purchase a basic esthetician kit. Open Entry/Open Exit.

*Counseling Department offers counseling classes that provide students an opportunity to discover their interests, values, personality and skills. These courses allow students to learn more about themselves as they explore careers and majors and to develop comprehensive student education plans to help them reach their educational goals.

Associate in Arts
Social Work and Human Services for Transfer (37164)

The Social Work and Human Services Associate in Arts Degree for Transfer provides an interdisciplinary exploration of courses and content that prepares students to transfer to a four-year university as either Social Work or Human Services majors. This program allows students to blend theory with fieldwork experience while incorporating critical thinking and self-exploration. Successful completion of this degree will guarantee admission to a California State University that has a similar degree program, but not to a particular campus, and allow students to complete a bachelor’s degree. Students are strongly encouraged to meet with a counselor to discuss transfer options.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate knowledge and understanding of theoretical perspectives, legal and ethical principles and social issues related to Social Work and Human Services fields.
• Develop communication skills and cultural competencies as a foundation to success in the fields of Social Work and Human Services. Demonstrate familiarity with gender theories, concepts, findings, assessments, problems, institutions, history, and trends within the field of Social Justice and Gender Studies.

Sociology 116, Social Problems (3)

TOTAL 29-30

Courses

Counseling 101
Educational, Personal, Cultural, and Career Exploration
Unit(s): 3.0
Class Hours: 54 Lecture total.
   This comprehensive course is designed to promote academic success by exploring the students’ development from an educational, sociological, psychological and physiological perspective. Students will learn critical thinking strategies and communication techniques for their educational, professional, and interpersonal achievement. Students will also cultivate effective learning strategies that will assist them in developing study habits for college academic success. Students will be introduced to lifestyle techniques that will promote a healthy work/ life balance as it pertains to their current lives as college students and to their future working adult lives. CSU

Counseling 106
Inquiries Into Higher Education
Unit(s): 1.0
Class Hours: 18 Lecture total.
   A comprehensive and advanced study of selecting and completing an academic plan, developing goals and objectives and choosing a college major. Topics include: study techniques, assessing interests and skills and planning a major. Grade: Pass/No Pass. CSU/UC

Counseling 110
University Transfer Research
Unit(s): 0.5-2.0
Class Hours: 9-36 Lecture total.
   Development and enhancement of decision-making strategies for transfer students. Identification of education/career goals. Analysis, comparison, and evaluation of university admission, major, and post-graduate requirements and student services. On-site research/field study at universities. Field trips required. CSU

Counseling 113
Learning Strategies for College Success
Unit(s): 3.0
Class Hours: 54 Lecture total.
   This comprehensive course is designed to promote academic success by exploring the students’ development from an educational, sociological, psychological and physiological perspective. Students will learn critical thinking strategies and communication techniques for their educational, professional, and interpersonal achievement. Students will also cultivate effective learning strategies that will assist them in developing study habits for college academic success. Students will be introduced to lifestyle techniques that will promote a healthy work/ life balance as it pertains to their current lives as college students and to their future working adult lives. CSU

Counseling 116
Career/Life Planning and Personal Exploration
Unit(s): 3.0
Class Hours: 54 Lecture total.
   The course is designed to assist students in successfully establishing and achieving education, career and life goals. Students are guided through a reflective process that focuses on values, interests, personality, skills and learning styles. Career and education options are researched, and students are exposed to college resources and support services. Decision making models and goal setting techniques are examined and will be used to develop short and long term education, career and life plans. Materials fee required. CSU/UC

Counseling 118
Self Exploration and the Teaching Profession
Unit(s): 2.0
Class Hours: 36 Lecture total.
   An exploration of ‘self’ through a reflective process that focuses on values, interests, skills and personality as applied to the teaching profession and alternate professional choices. Topics include personal effectiveness, increasing cultural sensitivity, psychological and sociological forces within the workplace, career ladders and options, and academic preparation required for employment. Decision making models and goal setting techniques are examined and will be used to develop short and long term education, career and life plans. Materials fee required. CSU

Counseling 150
Introduction to Human Services
Unit(s): 3.0
Class Hours: 54 Lecture total.
   The history and philosophy of human services including theoretical frameworks, the function and orientation of human services organizations and the roles and qualifications of human services workers. A study of the target populations served by the human services and the professional, ethical and cultural issues facing the human services field. CSU

Counseling 160
Fieldwork Experience for the Helping Professions
Unit(s): 3.0
Class Hours: 18 Lecture total, 108 Laboratory total.
   This comprehensive course is designed to promote academic success by exploring the students’ development from an educational, sociological, psychological and physiological perspective. Students will learn critical thinking strategies and communication techniques for their educational, professional, and interpersonal achievement. Students will also cultivate effective learning strategies that will assist them in developing study habits for college academic success. Students will be introduced to lifestyle techniques that will promote a healthy work/ life balance as it pertains to their current lives as college students and to their future working adult lives. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
CRIMINAL JUSTICE (CJ)
Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

Courses
Criminal Justice 101
Introduction to Criminal Justice
Unit(s): 3.0
Class Hours: 54 Lecture total.
A survey of the philosophy and history of the criminal justice system (law enforcement, courts, corrections); processes of justice from detection of crime to parole; evaluation of modern criminal justice delivery systems. CSU/UC (C-ID AJ 110)

DANCE (DNCE)
Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Performing Arts: Binh Vu

Courses
Dance 100
Dance History and Appreciation
Unit(s): 3.0
Class Hours: 54 Lecture total.
The development of dance in Western Europe and the U.S. from ancient times to the present. Explores dance as an emerging art form from the Renaissance to the 21st century. Emphasizes the contemporary dance heritage of the United States. Field trips may be required. CSU/UC

Dance 106A
Modern Dance Fundamentals
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
An introduction to modern dance emphasizing movement technique, dance vocabulary and creative individual expression. Includes an introduction to choreographic principles and the historical/cultural context of American modern dance. For the student with little or no dance experience. CSU/UC

Dance 106B
Intermediate Modern Dance
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Recommended Preparation: Dance 106A.
This course further explores the technical and expressive elements of modern dance. Students will practice floor exercises, axial/positional movements and locomotor patterns at an intermediate level. Deepening an understanding of historical significance, dance vocabulary and creative individual expression. Strengthening an understanding of choreographic principles and cultural context of American modern dance. CSU/UC

Dance 108A
Ballet Fundamentals
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Introduction to basic ballet emphasizing movement technique, dance vocabulary, and creative individual expression. Student learns basic ballet barre exercises, center work, and short dance works. Includes an introduction to choreographic principles and cultural context of ballet. For the student with little or no dance experience. CSU/UC

Dance 108B
Intermediate Ballet
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Prerequisite: Dance 108A.
This course further explores the technical and expressive elements of ballet technique, dance vocabulary, and creative individual expression. Students will practice ballet barre exercises, center work, and short dance works at an intermediate level. Strengthening an understanding of historical significance, choreographic principles and cultural context of ballet. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Dance 115A
Tap Dance Fundamentals
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Introduction to basic tap dance technique. Focuses on the mastery of basic tap steps and simple dance combinations. Recommended for theatre and dance majors. For the student with little or no dance experience. Field trips may be required. CSU/UC

Dance 115B
Intermediate Tap Dance
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Recommended Preparation: Dance 115A.
This course further explores the technical and expressive elements of tap dance. Students will practice skills necessary for execution of traditional tap dance steps and sequences at an intermediate level. Strengthening intermediate steps leading to combination work in complete dances. CSU/UC

Dance 119A
Jazz Dance Fundamentals
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Introduction to jazz dance technique emphasizing elementary movement technique, vocabulary and creative expression. Includes an introduction to composition and cultural context of jazz. For students with little or no dance experience. CSU/UC

Dance 119B
Intermediate Jazz Dance
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
This course further explores the technical and expressive elements of jazz dance. Students will practice body alignment, locomotor movements, hitch kicks and leaps. Deepening an understanding of jazz dance, movement technique, vocabulary and creative expression. Strengthening an understanding of composition and cultural context of traditional and contemporary jazz dance forms. CSU/UC

Dance 204A
Dance Production
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
Concert dance production experience culminating in public performances. Includes production basics, with an emphasis on performance techniques and working with faculty/student choreographers to create original dances. By audition only prior to enrollment. CSU/UC

Dance 204B
Dance Production
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Dance 204A.
Continued study in concert dance production culminating in public performances. Includes a range of production basics and advanced dance production methods, with an emphasis on choreography to create original dance work. Course differs from 204A. CSU/UC

Dance 205
Performance Ensemble
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
Pre-professional ensemble to provide performance experience for advanced students. Concert tour/performance field trips may be required. Repertoire and casting vary each semester. CSU/UC

Dance 250A
Hip Hop Dance I
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Introduction to hip-hop dance emphasizing movement technique, vocabulary, and creative expression. Includes an introduction to choreographic principles, improvisation, and cultural context of hip-hop. CSU/UC

Dance 250B
Hip-Hop Dance II
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Recommended Preparation: Dance 250A Successfully complete DNCE 250A with a minimum grade of C.
Continued study in hip-hop dance emphasizing movement technique, vocabulary, and creative expression. Includes improvisation, more difficult combinations, student compositions, and the cultural context of hip-hop. Movement repertoire differs from 250A. CSU/UC

Dance 251
Hip Hop Dance III
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Recommended Preparation: Dance 250B Successfully complete DNCE 250B with a minimum grade of C.
Instruction for the continuing dance student in advanced level hip-hop dance technique and further development of performance skills. Emphasis will be placed on combinations, choreography, performance style, and cultural context of hip-hop. Dance 250B is recommended prior to enrollment in this course. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
**EARTH SCIENCES (ERTH)**

Division of Mathematics and Sciences

Dean: Martin Stringer
Department Chair, Earth Sciences: Debra Brooks
Faculty: Debra Brooks

**Associate of Science**

**Earth Sciences (11934)**

The Associate of Science in Earth Sciences degree is designed to provide students who need or want broad knowledge of the Earth sciences for their profession, but do not necessarily plan on becoming professional geoscientists. In addition to the geosciences, professions where such knowledge could prove to be useful include environmental sciences, urban planning and land use, transportation, travel and tourism, education, park rangers and other recreation professionals.

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to

- Demonstrate an understanding of geoscience processes based upon observation of Earth materials and features.
- Demonstrate an understanding of the basic principles of the geosciences.

**Major requirements**

**Associate in Science**

**Geology for Transfer (32044)**

The Associate in Science in Geology for Transfer degree prepares students for transfer to a four-year college or university to complete a baccalaureate degree in a geoscience major. Geoscientists find employment with environmental companies that clean up and monitor pollution problems. Geotechnical companies also employ geoscientists to evaluate risk from earthquakes, landslides, and other geological hazards. Oil and mining companies employ geoscientists to find new resources. The federal, state, county, and city governments also employ geoscientists for many of the same functions, as well as for geoscience research, and to monitor compliance with environmental regulations. Universities, colleges, and museums offer opportunities for teaching and/or research.

Successful completion of the Associate in Science in Geology for Transfer guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in geology or a related field. While it does not guarantee the student acceptance to the University of California system, it does provide the major preparation needed by geology students transferring to a University of California campus in geology or related fields.

**Learning Outcome(s)**

Upon successful completion of the major requirements for this degree, students will be able to

- Demonstrate an understanding of geological processes based upon observation of Earth materials and features.
- Demonstrate an understanding of the basic principles of geology.

**Major requirements**

Students are encouraged to take additional articulated major preparation courses prior to transfer such as, Physics 250A and 250B and Biology 211. While these additional courses are not required for this degree, completion of these courses will better prepare students for upper-division Geology courses at a CSU or a UC. It is highly recommended that students meet with an SCC counselor to discuss possible courses for major preparation for either the CSU system or the UC system, because CSU campuses do not all have identical requirements, and CSU requirements are also not identical to UC requirements.

**Courses**

**Earth Sciences 100**

**Physical Geology**

Unit(s): 3.0

Class Hours: 54 Lecture total.

Recommended Preparation: Concurrent enrollment in Earth Sciences 100L.

Introduction to physical geology with an emphasis on the processes that change and shape Earth both internally and externally. Appropriate for students in any major. Field trips may be required.  

**CSU/UC (C-ID GEOL 100)**

---

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Earth Sciences 100L
Physical Geology Laboratory
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Prerequisite: Earth Sciences 100 or concurrent enrollment.
Identification of common minerals and rocks, topographic and geologic map exercises demonstrating the work of water, wind, ice, gravity, and effects of tectonic activity. Content correlates to Earth Science 100 lecture material. Field trips may be required. CSU/UC (C-ID GEOL 100L)

Earth Sciences 111
Historical Geology
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Introduction to historical geology investigating the history of Earth as preserved in the rock record with an emphasis on North America. Appropriate for students in any major. Field trips may be required. CSU/UC (C-ID GEOL 111)

Earth Sciences 120
Earth Sciences
Unit(s): 3.0
Class Hours: 54 Lecture total.
Investigating the processes that shape and form Earth and define its place in the solar system through the sciences of geology, oceanography, meteorology and astronomy. Appropriate for students in any major. Field trips may be required. Not open to students who are enrolled in or have credit in Earth Science 121. CSU/UC (C-ID GEOL 120)

Earth Sciences 121
Earth Sciences for Educators
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Investigating the processes that shape and form Earth and define its place in the solar system through the sciences of geology, oceanography, meteorology and astronomy. This course is appropriate for students in any major, but oriented towards enhancing the Earth sciences knowledge of future teachers. Field trips may be required. Not open to students who are enrolled in or have credit in Earth Sciences 120. CSU/UC

Earth Sciences 130
Environmental Geology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introductory geology course emphasizing the fundamentals of environmental geology and the Earth system, including the interaction between, and impacts of, humans with the geological environment. Also emphasized are the interconnections among the geosphere, hydrosphere, atmosphere, and biosphere. Appropriate for students in any major. Field trips may be required. CSU/UC (C-ID GEOL 130)

Earth Sciences 160
Oceanography
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to oceanography and the processes that form, shape and change Earth's oceans. Appropriate for students in any major. Field trips may be required. CSU/UC

Earth Sciences 200
Geology of California
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Earth Sciences 100 or 120 or 121 or Geography 101H.
Introduction to the geology of California emphasizing tectonic processes, geologic structures, physiographic provinces, landforms, natural resources, geologic history, rocks and minerals, and the natural hazards of our state. Appropriate for students in any major. Field trips may be required. CSU/UC (C-ID GEOL 200)

Earth Sciences 212
San Andreas Fault System Geology Field Study
Unit(s): 1.0
Class Hours: 18 Lecture total.
Introductory exploration of the geology and tectonic history of the San Andreas Fault in California. Appropriate for students in any major. Mandatory orientation along with two, one-day field trips. CSU

Earth Sciences 214
Orange County Geology Field Study
Unit(s): 1.0
Class Hours: 18 Lecture total.
Introductory exploration of the geology of Orange County, California. Included are its geologic history such as mountain building, volcanic activity, faulting, coastal processes, stratigraphy and mineral resources. Appropriate for students in any major. Mandatory orientation along with two, one-day field trips. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
ECONOMICS (ECON)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Co-Chairs, Economics: Vanessa Engstrom, Alexander Taber
Faculty: Alexander Taber

Associate in Arts
Economics for Transfer (32968)

The Associate in Arts in Economics for Transfer degree provides students with a program of basic courses which enables students to experience a seamless transition into a curriculum at a four-year institution leading to a baccalaureate degree in economics. Economics is the social science that studies how individuals, businesses, and governments make choices to cope with scarcity and the incentives that influence and reconcile those choices.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

• Identify and explain the fundamental economic problem of allocating scarce resources and the role of positive economics in explaining choices.
• Communicate using basic economic terminology, interpret relevant economic data, and follow and construct fundamental economic arguments.

Major requirements* Units

Economics 101, Principles/Micro 3
Economics 102, Principles/Macro 3
Mathematics 219/219H, Statistics and Probability 4
Mathematics 150, Calculus for Biological, Management and Social Sciences (5) 4-5
OR
Mathematics 180/180H, Single Variable Calculus I (4)

Select one (1) course from the following (List A): 4
Accounting 101, Financial Accounting (4)
Mathematics 185, Single Variable Calculus II (4)

Select one (1) course from the following (List B): 3-5
An additional course from List A (may not be a course used to satisfy the requirements in List A)
Accounting 102, Managerial Accounting (4)
Business 150, Introduction to Information Systems and Applications (3)
Business 222, Business Writing (3)
Mathematics 280, Intermediate Calculus (4)
Mathematics 287, Introduction to Linear Algebra and Differential Equations (5)
Mathematics 290, Linear Algebra (3)

TOTAL 21-24

Associate of Arts
Economics (11943)

The Associate of Arts degree in Economics is a program of basic courses which enable students to move into a curriculum in a four-year institution leading to a baccalaureate degree in economics. Economics prepares the student for a number of career opportunities such as accounting and marketing in the areas of business, government and teaching.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

• Describe the economic approach to analyzing and explaining human behavior, communicate using basic economic terminology, interpret relevant economic data, and follow and construct fundamental economic arguments using verbal, graphical, and basic mathematical tools.
• Apply analytical reasoning and problem solving skills to formulate predictions and deduce cause-and-effect relationships in hypothetical scenarios and actual real world situations.
• Identify study skills, methods, and strategies that are effective for the student’s learning style and likely to be effective for the student in further study of economics and other fields.

Major requirements* Units

Economics 101, Principles/Micro 3
Economics 102, Principles/Macro 3
Accounting 101, Financial Accounting 4
Accounting 102, Managerial Accounting 4
OR
Business 150, Introduction to Information Systems and Applications (3) 3-5
Mathematics 150, Calculus for Biological, Management and Social Sciences (5) 4

TOTAL 21-23

Mathematics course chosen should be determined by the requirements of the intended upper division school of the student's choice.

Courses

Economics 101
Principles/Micro
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Mathematics 080.
Introduction to microeconomics, including basic economic concepts, analysis of markets, efficiency, consumer and firm behavior, industry structures, market failure, and resource markets. For economics, business, and certain engineering and computer science majors. CSU/UC (C-ID ECON 201)

Economics 102
Principles/Macro
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Mathematics 080.
Introduction to macroeconomics, including basic economic concepts, analysis of markets, national income accounting, employment, inflation, short run business cycle fluctuations, long run growth trends, monetary and fiscal policies, and international economic issues. Intended for economics, business, and certain engineering/computer science majors. CSU/UC (C-ID ECON 202)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
## EDUCATION (EDUC)

### Division of Counseling and Student Support Services

**Dean:** Ruth Babeshoff  
**Department Chair, Education:** Janis Perry

### Education/Teaching

Students planning to teach in the elementary and secondary schools may begin preparation at Santiago Canyon College. The college offers programs of study which fulfill lower-division requirements for most university teacher credential programs.

### Suggested Elementary Teaching Emphasis

Liberal Studies and Child Development are the two most common university majors of students who are planning to enter teacher preparation programs for an elementary teaching credential. However, any transfer major leading to a bachelor's degree will fulfill admission requirements for teacher credential programs. Students should work with an SCC Pathways to Teaching counselor to assist them in choosing general education courses that will support their subject matter competency. Some universities offer students the option of obtaining a bachelor's degree and a credential simultaneously. These programs are called “integrated” teaching programs and are best for students who have decided early to pursue a teaching credential. Planning for this type of program involves specific courses for the major and general education. Students are advised to work with an SCC Pathways to Teaching counselor to plan this course of study.

Santiago Canyon College offers two elementary education degrees, the Associate of Arts Degree in Elementary Teacher Education for Transfer, that has been designed to assist students in meeting the course requirements for transfer with a guarantee to CSU elementary teaching programs and prepares them for California multiple subject matter requirements. SCC also offers an Associate of Arts Degree in Elementary Education which incorporates courses such as, Counseling 118 - Self-Exploration and the Teaching Profession, Education 110 - The Teaching Experience: Exploration and Education 113 - Tutoring that have been developed to assist students in making career decisions related to teaching, inform students about the process of entering the profession and/or to investigate alternate career choices. This degree also offers more flexibility in general education choices for students.

### Associate in Arts

**Elementary Teacher Education for Transfer (31735)**

The Associate in Arts in Elementary Teacher Education for Transfer degree is designed to prepare students for seamless transfer to a California State University traditional or integrated teacher preparation program, most commonly found in the Liberal Studies major. It incorporates the elementary subject matter competency requirements as established by the California Commission for Teacher Credentialing. The AA-T degree program requirements and the recommended electives prepare students in content areas for the California Subject Examinations for Teachers (CSET) of Multiple Subjects. Additionally, the degree curriculum may also serve as preparation for paraprofessional positions in the K-12 classroom and other educational programs.

#### Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to:

- Identify elements of diversity and diverse learning styles in student populations and discover how teachers and schools can promote learning for all students.
- Demonstrate proficiency in 14 content areas required for subject matter competency for elementary teachers.

#### Major Requirements*

| Education 200, Introduction to Elementary Classroom Teaching | 3 |
| Biology 115, Concepts in Biology for Educators | 3 |
| Communication 110, Public Speaking | 4 |
| English 101/101H, Freshman Composition | 4 |
| English 102/102H, Literature and Composition | 4 |
| Earth Sciences 121, Earth Sciences for Educators | 4 |
| Geography 100/100H, World Regional Geography | 3 |
| History 101/101H, World Civilizations to the 16th Century | 3 |
| History 120/120H, The United States to 1877 | 3 |
| Child Development 107, Child Growth and Development (DS1) | 3 |
| Mathematics 203, Fundamental Concepts of Elementary Mathematics | 4 |
| Political Science 101/101H, American Government and Politics | 3 |
| Physical Science 100, Survey of Chemistry and Physics | 4 |

**Select one (1) course from the following (List A):**

- English 103/103H, Critical Thinking and Writing (4)
- Philosophy 110, Critical Thinking (4)

**Select one (1) course from the following (List B):**

- Art 100/100H, Introduction to Art Concepts (3)
- Dance 100, Dance History and Appreciation (3)
- Music 101/101H, Music Appreciation (3)
- Theatre Arts 100, Introduction to Theatre (3)

Up to eight (8) units from the following (List C): 0-8

- Education 101, American Schools and Society (3)
- Education 110, The Teaching Experience: Exploration (3)
- Education 204, Proficiency in Educational Technologies for Secondary Teachers (3)
- Anthropology 104, Language and Culture (3)
- English 231, Survey of English Literature I (3)
- English 232, Survey of English Literature II (3)
- English 241, Survey of American Literature, 1600-1865 (3)
- English 242, Survey of American Literature, 1865-Present (3)
- English 270, Children’s Literature (3)
- English 271, Survey of World Literature I (3)
- English 272, Survey of World Literature II (3)
- Ethnic Studies 101, Introduction to Ethnic Studies (3)
- French 102, Elementary French II (5)
- History 133, History of California (3)
- Mathematics 105, Mathematics for Liberal Arts Students (3)
- Mathematics 219/219H, Statistics and Probability (4)
- Philosophy 106/106H, Introduction to Philosophy (3)
- Philosophy 108, Ethics (3)
- Philosophy 112, World Religions (3)
- Spanish 102, Elementary Spanish II (5)

**TOTAL 52-60**

*California State University campuses have preferences on which List C courses should be chosen.*

- California State University Fullerton prefers one of the following: Anthropology 104 or English 270 or English 231, 232, 241, or 242
- California State University Long Beach prefers these courses: Ethnic Studies 101, Education 204, and Philosophy 106 or 108 or 112.

At SCC Mathematics 105 is a prerequisite to Mathematics 203 and may reduce the number of elective units in List C to 5 units.

---

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Associate of Arts
Elementary Education (17759)

The Associate in Arts in Elementary Teacher Education for Transfer degree is designed to prepare students for seamless transfer to a California State University traditional or integrated teacher preparation program, most commonly found in the Liberal Studies major. It incorporates the elementary subject matter competency requirements as established by the California Commission for Teacher Credentialing. The degree program requirements and the recommended general education electives prepare students in content areas for the California Subject Examinations for Teachers (CSET) of Multiple Subjects. Additionally, the degree curriculum may also serve as preparation for paraprofessional positions in the K-12 classroom and other educational programs.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
- Identify elements of diversity and diverse learning styles in student populations and discover how teachers and schools can promote learning for all students.
- Demonstrate proficiency in academic content areas required for subject matter competency for elementary teachers.

TOTAL 25-27

For those students following transfer patterns for elementary education programs the following general education electives are recommended to meet content area knowledge for the CSET. They may also be used to meet certain categories of the general education requirements for students not transferring and completing Plan A for the associate's degree: Communication 110, English 103, Mathematics 105, History 101, History 120, Political Science 101, Geography 100, History 133, Anthropology 104; and Art 100 or Dance 100 or Music 101 or Theatre 100; and English 231, 232, 241, 242, 271 or 272.

Suggested Secondary Teaching Emphasis
Teaching at the secondary level (high school and middle school) requires a single subject credential. Students major in the subject they plan to teach and pass a subject matter competency exam or complete a state approved list of courses in the discipline. Students are advised to work with an SCC counselor to plan this course of study. Education 204 and Education 210, offered at SCC, are recommended prerequisites for secondary credential programs.

Certificate of Achievement
in After School Program Assistant (38157)
The Certificate of Achievement in After School Program Assistant is intended to prepare a student for an entry-level position requiring practical skills and knowledge to work with children in an after-school care, tutoring, or mentoring program. Completion of this certificate leads to state certification for a School Age Assistant Permit.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
- Demonstrate knowledge of the practical skills and requirements to work at an entry-level with children, assisting a teacher, in an after-school care, tutoring, or mentoring program.

Certificate of Achievement
After School Program Associate Teacher (37911)
The Certificate of Achievement in After School Program Associate Teacher is intended to provide students with advanced skills necessary to work with K-12 students in an after-school setting, provide tutoring/homework assistance, and assist in academic enrichment programs. In combination with the completion of the SCC After School Program Assistant Certificate, this certificate of completion leads to state certification for the School Age Associate Teacher Permit.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
- Demonstrate the advanced skills necessary to work with students in an after school program setting that includes knowledge of academic support/enrichment and activity programming.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Certificate of Achievement in Special Education Paraprofessional (38158)

The Certificate of Achievement in Special Education Paraprofessional will prepare the student for an entry-level position requiring practical skills and knowledge to work with persons with disabilities in a variety of educational settings. This certificate program also supports the requirements of federal legislation that all paraprofessionals/instructional assistants/aides in Title I schools be "highly qualified." In addition, the courses introduce the student to career opportunities in special education or other disability-related fields and/or provide major preparation for transfer to four-year institutions to continue a course of study in special education.

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to:

• Demonstrate analysis and knowledge of the personal and team roles and responsibilities of the Special Education Paraeducator in the public school which includes diagnosis and implementation strategies for students with special needs.

TOTAL 14-15

Students planning to transfer to CSU Fullerton's Human Services major—Person's with Disabilities Track will receive up to 17 units of credit toward the major if they have satisfactorily completed the requirements for this certificate.

Certificate of Achievement

Bilingual Instructional Aide: Spanish (37913)

The Certificate of Achievement in Bilingual Instructional Aide is designed to prepare a student for an entry-level position requiring bilingual ability, practical skills, and knowledge to work with teachers to support students/individuals in K-12 or adult education settings. This certificate program supports the requirements of federal legislation for Title I schools that all paraprofessionals/instructional aides be "highly qualified." In addition, the courses introduce the student to career opportunities such as Bilingual Teacher and in other educational settings requiring bilingual abilities.

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to:

• Demonstrate knowledge of the practical skills and knowledge required to work in an educational setting requiring bilingual abilities.

TOTAL 6-11

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Education 210
The Teaching Experience: Secondary Education
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to the history, philosophy, and sociology of secondary education. This course will cover the California Teaching Performance Expectation and Assessment; needs of special populations, English learners, and struggling readers; content standards; and major curriculum reform documents. Students participate in 40 hours of structured observation and internship in a local secondary classroom. CSU/UC

Education 211
Classroom Practices for Diverse Learners
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prepares individuals to assist teachers in various settings to support diverse learners (individuals who have disabilities, are second language learners, are gifted, etc.). Topics will include lesson planning, adapting academics: reading, mathematics, science, art, job coaching, behavioral support, etc. CSU

**ELECTRICIAN (ELCT)**

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga

General Electrician

The Associate of Science degree and Certificate of Achievement in General Electrician provide instruction for those seeking a career as an electrician. This meets the state requirements as an electrician trainee program.

Associate of Science
General Electrician (18791)

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to
- Recertify health and safety, first aid and legally mandated electrical training required to maintain journeyworker status.

**TOTAL** 31.5

Courses

Electrician 041
General Electrician 1
Unit(s): 3.0
Class Hours: 35 Lecture total, 45 Laboratory total.
First semester of a five-year program for certified electrical trainees. Covers tools and fasteners, knot tying, math and materials, building materials and safety, and residential blueprints. Meets the requirement as a state-certified training course. Open Entry/ Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
**Electrician 042**  
General Electrician 2  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 041.  
Second semester of a five-year program for certified electrical trainees. Covers DC theory, series circuits, parallel circuits and combination circuits. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 043**  
General Electrician 3  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 042.  
Third semester of a five-year program for certified electrical trainees. Covers electrical theory, transformers, and National Electrical Code application. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 044**  
General Electrician 4  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 043.  
Fourth semester of a five-year program for certified electrical trainees. Covers codeology, test instruments and sine waves, three-phase systems, residential and commercial blueprints, mechanical bending. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 045**  
General Electrician 5  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 044.  
Fifth semester of a five-year program for certified electrical trainees. Covers the National Electrical Code, grounding, industrial blueprints, and earth testing. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 046**  
General Electrician 6  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 045.  
Sixth semester of a five-year program for certified electrical trainees. Covers advanced motor control and code as applied to motor protection. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 047**  
General Electrician 7  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 046.  
Seventh semester of a five-year program for certified electrical trainees. Covers electronics and programmable logic controllers. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 048**  
General Electrician 8  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 047.  
Eighth semester of a five-year program. Provides related and supplemental instruction in code calculations and electrical grounding and bonding. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 049**  
General Electrician 9  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 048.  
Ninth semester of a five-year program for certified electrical trainees. A cover-to-cover study of the National Electrical Codebook to prepare for the California State Electrical Examination. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 050**  
General Electrician 10  
Unit(s): 3.0  
Class Hours: 35 Lecture total, 45 Laboratory total.  
Prerequisite: Electrician 049.  
Final semester of a five-year program. Provides related and supplemental instruction in jobsite management and photovoltaic systems. Meets the requirement as a state-certified training course. Open Entry/Open Exit.

**Electrician 051**  
Quality Safety Program and First Aid  
Unit(s): 1.5  
Class Hours: 20 Lecture total, 10 Laboratory total.  
OSHA workplace requirements, the identification and use of safe work practices, coping with accidents and emergency situations, and one person CPR for inside wireman apprentices. American Red Cross certificate available upon successful completion. Grade: Pass/No Pass. Open Entry/Open Exit.

**Electrician 080**  
Electrical Safety and First Aid  
Unit(s): 1.5  
Class Hours: 26 Lecture total.  
Meets the needs of electricians already working in the trade. Covers Occupational Safety and Health Administration (OSHA), Quality Safety Program (QSP) and Red Cross first aid and CPR training. Upon successful completion, students will earn American Red Cross First Aid CPR certification. Grade: Pass/No Pass. Open Entry/Open Exit.

**Electrician 081**  
Codeology  
Unit(s): 2.0  
Class Hours: 32 Lecture total.  
Meets the needs of electricians already working in the trade. Covers the National Electrical Code (NEC), definitions and interpretations, using the NEC for calculations, mandatory and fine print rules. Grade: Pass/No Pass. Open Entry/Open Exit.

**Electrician 082**  
NEC Study Level 1  
Unit(s): 2.0  
Class Hours: 32 Lecture total.  
Meets the needs of electricians already working in the trade. Offers a complete study of the National Electrical Code Book from Article 90 through Article 450. Grade: Pass/No Pass. Open Entry/Open Exit.

**Electrician 083**  
Code Calculations  
Unit(s): 2.0  
Class Hours: 32 Lecture total.  
Meets the needs of electricians already working in the trade. Takes the student through all the calculations an electrician may use when referencing the National Electrical Code. Grade: Pass/No Pass. Open Entry/Open Exit.

**Electrician 084**  
Math Skills for the Electrician  
Unit(s): 2.0  
Class Hours: 32 Lecture total.  
Meets the needs of electricians already working in the trade. Covers fractions/decimals and basic algebra. Grade: Pass/No Pass. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
ENGLISH (ENGL)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, English: Elizabeth Elchlepp
Faculty: Rick Adams, Lynnette Beers-McCormick, Lisa Dela Cusack, Elizabeth Elchlepp, Corinna Evett, Sara Gonzalez, Kathy Hall, Kathryn Kosuth-Wood, William Lennertz, Ryan Murphy, Nidzara Pecenkovic, Maureen Roe, Roberta Tragarz

Associate in Arts

English for Transfer (31366)

The Associate in Arts in English for Transfer degree enables students to develop proficiency in written communication and in the understanding of human nature through the study of language and literature. Completion of the transfer degree in English prepares students to (1) communicate effectively, (2) exercise critical thinking and reasoning, (3) read and write to express creativity, and (4) explore the history of significant literary works. Successful completion of the transfer degree in English guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in English or a related field.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

- Analyze and evaluate texts, written, visual, and oral, for structure, soundness, and creativity.
- Compose texts that focus on specific purposes for specific audiences and that demonstrate effective organization, development, grammatical precision, clarity, originality, and correct use of sources.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
English 278, Survey of Literature by Women (3)

Students planning to transfer to 4-year schools should consult with English departments at those institutions regarding specific lower-division requirements and unit limits.

Courses

English N59
Fundamentals of Reasoning and Writing
Unit(s): 4.0
Class Hours: 72 Lecture total, 18 Laboratory total.
Corequisite: English N58.
Prepares students for academic reading, critical reasoning, and the expository and argumentative writing expected in transfer and associate degree classes. Additional hours in Writing Center required for extended practice in refining drafts with an emphasis on sentence skills and grammar.

English 061
Introduction to Composition
Unit(s): 4.0
Class Hours: 72 Lecture total, 18 Laboratory total.
Prerequisite: English N60 or recommendation from the qualifying profile from the English placement process.
Expository paragraph and essay writing emphasizing various methods including argumentation. Practice in refining sentence skills and grammar. 16 additional hours in Writing Center required (one hour per week for 16-week semester sections).

English 099
Introduction to Composition with Integrated Support
Unit(s): 4.5
Class Hours: 72 Lecture total, 36 Laboratory total.
Prepares students for academic reading, critical reasoning, and the expository and argumentative writing expected in transfer and associate degree classes. Additional hours in the Writing Center required for an advanced review of the principles of standard English grammar, sentence and paragraph structure as well as strategies to approach, develop, and refine various writing assignments.

English 100
Freshman Composition with Integrated Support
Unit(s): 4.5
Class Hours: 72 Lecture total, 36 Laboratory total.
Prerequisite: American College English 116 or English N59 or qualifying profile from English placement process.
This course is designed for students who want to develop competence in college-level composition through extended instruction and practice. Students read, analyze, discuss, and think critically using various sources in order to compose in a variety of academic, professional, and civic contexts, including digital environments. Additional hours in the Writing Center are required for practice in refining sentence skills, grammar, research, study habits, and reading strategies. CSU/UC

English 101
Freshman Composition
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: American College English 116 or English 061 or qualifying profile from the English placement process.
This course emphasizes expository and argumentative essays and the research paper, allowing students to gain familiarity with learning approaches connected to successful writing and to compose in a variety of academic, professional, and civic contexts, including digital environments. CSU/UC (C-ID ENGL 100)

English 101H
Honors Freshman Composition
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: American College English 116 or English 061 or qualifying profile from English placement process and a high school or college GPA of 3.0 or above.
This course provides an enriched exposure to expository and argumentative essays and the research paper, requiring in-depth analysis of issues and substantive treatment of student-selected topics. CSU/UC (C-ID ENGL 100)

English 102
Literature and Composition
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: English 101/101H.
A second semester course in composition and literature that uses literature to develop critical thinking skills with extensive readings selected from the four major genres. CSU/UC (C-ID ENGL 110), (ENGL 120)

English 102H
Honors Literature and Composition
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: English 101/101H and A high school or college GPA of 3.0 or above.
An enriched approach designed for honors students. A second semester course in composition and literature that uses literature to develop critical thinking skills with extensive readings selected from the four major genres. CSU/UC (C-ID ENGL 110, ENGL 120 - Introduction To Literature (02/24/2017)

English 103
Critical Thinking and Writing
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: English 101/101H.
This course focuses on developing critical thinking, reading, and writing skills by studying established argumentative methods and models and applying them to contemporary issues. Emphasis will be on logical reasoning and analytical and argumentative skills necessary for critical writing. CSU/UC (C-ID ENGL 105)

English 103H
Honors Critical Thinking and Writing
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: English 101/101H and A high school or college GPA of 3.0 or above.
This course will emphasize an enriched and intensive exploration of historical and contemporary issues as well as encourage an application of critical thinking, writing and reading skills to established argumentative methods and models through student-initiated discussion and problem-solving in a seminar setting. CSU/UC (C-ID ENGL 105)

English 213
Creative Writing
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: English 101/101H.
This course offers an introduction to writing techniques focusing on the four literary genres: poetry, drama, short story, and novel. Class will be conducted in a workshop format with an emphasis on writing and critiquing. CSU/UC (C-ID ENGL 200)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.

ETHNIC STUDIES (ETHN)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Ethnic Studies: Tiffany Gause
Faculty: Erika Gutierrez

Courses

Ethnic Studies 101
Introduction to Ethnic Studies
Unit(s): 3.0
Class Hours: 54 Lecture total.
This introductory course will take an intersectional and interdisciplinary approach to the examination of the cultural, economic, educational, and political issues that impact various ethnic/racial groups within the United States. Using a socio-historical perspective, this course will analyze how racial formations have been constructed and contested, as well as, provide theories and tools to understand and combat racism across multiple relations of power. CSU/UC

Ethnic Studies 110
Introduction to Asian Pacific American Studies
Unit(s): 3.0
Class Hours: 54 Lecture total.
This introductory course will take an intersectional and interdisciplinary approach to the examination of the cultural, economic, educational, and political issues that may impact Asian and Pacific Islander Americans. Topics that will be addressed include, but are not limited to, Asian Pacific American history, identity construction, gender, class, sexual orientation, religion, language, stereotypes, sovereignty, anti-Asian violence, generational status, immigration, labor, and social justice. CSU/UC

Ethnic Studies 120
Introduction to African American Studies
Unit(s): 3.0
Class Hours: 54 Lecture total.
This introductory course will take an intersectional and interdisciplinary approach to the examination of the cultural, economic, educational, and political issues that may impact African Americans. Topics that will be addressed include, but are not limited to, origins of African Studies, African American history, gender, class, sexual orientation, religion, family dynamics, educational attainment, labor, empowerment, and social justice. CSU/UC

FRENCH (FREN)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Modern Languages: Lourdes Fajardo

Courses

French 101
Elementary French I
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
A college-level French course focusing on fundamentals of pronunciation, grammar, basic vocabulary, idioms, and simple conversation and composition, including supplementary cultural readings. French 101 is equivalent to two years of high school French. CSU/UC

French 102
Elementary French II
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Prerequisite: French 101 or two years of high school French with a grade of C or better.
A college-level French course focusing on further training in pronunciation, more extensive vocabulary development, conversation, grammar, reading and composition. French 102 is equivalent to the third year of high school French. Sixteen additional hours in the Modern Language Lab required. CSU/UC

French 194
Conversation and Composition I
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: French 101 or two years of high school French with a grade of C or better.
Course emphasizes extensive practice in oral expression and listening comprehension in the context of French culture, daily life, and topics of current interest. CSU

French 201
Intermediate French I
Unit(s): 5.0
Class Hours: 90 Lecture total.
Prerequisite: French 102 or three years of high school French with a grade of C or better.
A college-level French class focusing on expansive review of usage and grammar, discussion in French of interpretive reading material, and conversation and composition. CSU/UC

French 202
Intermediate French II
Unit(s): 5.0
Class Hours: 90 Lecture total.
Prerequisite: French 201 or four years of high school French with a grade of C or better.
A college-level French class focusing on a specialized review of grammar and composition; discussion in French of history and culture based on literary materials. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
GEMOLOGY (GEM)
Division of Business and Career Education

Interim Dean: Elizabeth Arteaga
Facilitator: Diana Sanders Cinamon

The Associate of Science degree and Certificate of Achievement in Gemology provide technical and practical theory and knowledge in diamonds and colored stones including laboratory grading, identification and evaluation of gems. Employment opportunities upon completion of this program: jewelry appraiser, diamond and colored stones sales, jewelry buyer, jewelry wholesaler and laboratory gemologist.

Associate of Science
Gemology (11874)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate the theory and practice of gemology.
• Demonstrate knowledge of the business of gem stones.

Major requirements* Units
Gemology 011, Introductory Colored Stones 4
Gemology 012, Advanced Colored Stones 4
Gemology 020, Diamonds 4
Gemology 030, Antique and Period Jewelry 3
Gemology 050, Pearls 3

TOTAL 18

Certificate of Achievement
Gemology (21644)

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Demonstrate the theory and practice of gemology.
• Demonstrate knowledge of the business of gem stones.

Certificate requirements Units
Gemology 011, Introductory Colored Stones 4
Gemology 012, Advanced Colored Stones 4
Gemology 020, Diamonds 4
Gemology 030, Antique and Period Jewelry 3
Gemology 050, Pearls 3

TOTAL 18

Courses

Gemology 011
Introductory Colored Stones
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.

Introduction to identification, appreciation, and evaluation of colored gemstones. Overview of the world colored-stone industry. Experience using gemological testing equipment and procedures to identify the most commonly seen varieties of natural and synthetic-finished gemstones.

Gemology 012
Advanced Colored Stones
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Advanced identification, appreciation and evaluation of colored gemstones. Overview of the world colored-stone industry. Further experience using gemological testing equipment to identify the most commonly seen varieties of both natural and synthetic-finished gemstones.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
GENDER, SEXUALITY AND WOMEN'S STUDIES (GSWS)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Gender, Sexuality, and Women's Studies: Tiffany Gause
Faculty: Melissa Govea-Von Velasco, Shereen Siddiqui

Associate of Arts
Gender, Sexuality, and Women's Studies (11938)

The Associate of Arts degree in Gender, Sexuality, and Women's Studies is a liberal arts major offering interdisciplinary perspectives on the importance of gender and sexualities in relation to issues such as race, class, ethnicity, nationality, religion, age, (dis)ability, labor, multiculturalism, globalization, and the environment. Utilizing a variety of theoretical and methodological approaches in their study of the intersections of gender and sexuality with multiple identities, students are empowered to make theoretically informed personal, social, cultural, and institutional changes. Completion of the associate of arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
- Understand the socio-historic context of gender and its intersection with sexuality, race, class, nationality, ability, and other dimensions of differences.
- Articulate interdisciplinary perspectives of gender and sexuality through writing, digital, and oral presentations.

Major requirements* Units

Gender, Sexuality, and Women's Studies 101, Introduction to Women's Studies 3
Gender, Sexuality, and Women's Studies 102, Money, Sex, and Power 3
History 127, Women in U.S. History 3
Interdisciplinary Studies 155, Human Sexuality 3
Sociology 220, Introduction to Gender and Sexualities 3

Select three (3) to four (4) units from the following: 3-4

Communication 225/225H, Gender Communication (3)
Counseling 116, Career/Life Planning and Personal Exploration (3)
English 278, Survey of Literature by Women (3)
Kinesiology 110, Women's Health Issues (3)
Library & Information Studies 103, Advanced Internet Research (1)
Philosophy 108, Ethics (3)
Political Science 221, Women in American Politics (3)
Psychology 180, Psychology of Gender (3)
Sociology 130, Relationships, Marriages, and Family Dynamics (3)

TOTAL 18-19

Courses

Gender, Sexuality and Women's Studies 101
Introduction to Women's Studies
Unit(s): 3.0
Class Hours: 54 Lecture total.
A multicultural survey of social trends, issues, opportunities, and topics of special interest to women. Discussion includes sex, sex-role stereotyping, family problems, work, law, gender equity, physical and mental health, feminism, rape, and women in arts, sciences, history, and business. Field trips may be required. CSU/UC (C-ID SJS 120)
GENERAL EDUCATION CERTIFICATES
CSU/IGETC
Division of Counseling and Student Support Services
Interim Dean: Jennifer Coto
Articulation Officer: Leonor Aguilera

California State University (CSU) General Education Breadth Certificate of Achievement (18117)
Complete all CSU General Education Breadth Requirements (Plan B) to a minimum of 39 units as outlined on page 46.

Intersegmental General Education Transfer Curriculum (IGETC) Certificate of Achievement (18118)
Complete all Intersegmental General Education Transfer Curriculum Requirements (Plan C) to a minimum of 37 units as outlined on page 47.

GEOGRAPHY (GEOG)
Division of Arts, Humanities and Social Sciences
Dean: David Vakil
Department Co-Chairs, Geography: Vanessa Engstrom
Faculty: Vanessa Engstrom

Associate in Arts Geography for Transfer (32364)
The Associate in Arts in Geography for Transfer degree provides students with an interdisciplinary background for entry into a curriculum at a four-year institution leading to a baccalaureate degree with career opportunities in a wide range of jobs in government, such as Bureau of Census, Central Intelligence Agency (CIA), Drug Enforcement Administration (DEA), United States Geological Survey (USGS), United States Citizenship and Immigration Services (USCIS), United States Immigration and Customs Enforcement (ICE), United States Department of State, and in private industry, such as planning market research, land use analysis, transportation, travel and tourism, and education.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
- Communicate using basic terminology, interpret spatial patterns as indicated on maps, graphs and charts, and utilize tabular and textual information as a means to produce basic maps.
- Apply knowledge of the fundamentals of global and regional political, economic, social, and cultural systems to academic, professional and everyday endeavors.
- Integrate fundamentals of physical and social sciences within a spatial network of human-environment interactions.

Major requirements* Units
Geography 101/101H, Physical Geography 3
Geography 101L, Physical Geography Laboratory 1
Geography 102/102H, Cultural Geography 3
Select two (2) courses from the following (List A): 4-6
Geography 100/100H, World Regional Geography (3)
Geography 130/130H, Introduction to Weather and Climate (3)
Geography 140, California Geography (3)
Geography 150, Exploring Maps and Geographic Technologies (3)
Geography 155, Introduction to Geographic Information Systems (3)
OR
Survey/Mapping Sciences 155, Introduction to Geographic Information Systems (3)
Geography 160, Regional Field Studies (1)
Select two (2) courses from the following (List B): 6
Any list A course not already used.
Anthropology 100/100H, Introduction to Cultural Anthropology (3)
Biology 109/109H, Fundamentals of Biology (3)
Earth Sciences 100, Physical Geology (3)
Earth Sciences 160, Oceanography (3)
Political Science 220, International Politics (3)
Sociology 150, Introduction to Race and Ethnicity (3)
TOTAL 17-19

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Courses

Geography 100
World Regional Geography
Unit(s): 3.0
Class Hours: 54 Lecture total.
The study of major world political and natural regions. The location of the regions on earth, the physical and cultural elements that lend the regions with their identities, and ways in which these elements related to the regions’ inhabitants and economies. **CSU/UC (C-ID GEOG 125)**

Geography 100H
Honors World Regional Geography
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: .
Enriched and intensive study, including seminar approach with individual written and oral presentations of major world political and natural regions. The location of the regions on earth, the physical and cultural elements which provide the regions with their identity and ways in which these elements relate to the regions’ inhabitants and economies. **CSU/UC (C-ID GEOG 125)**

Geography 101
Physical Geography
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to the physical elements of geography: maps, earth/sun relationships, meteorology and climatology, natural vegetation, soils, and geomorphology. **CSU/UC (C-ID GEOG 110)**

Geography 101H
Honors Physical Geography
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Introduction to the physical elements of geography: maps, earth/sun relationships, meteorology and climatology, natural vegetation, soils, and geomorphology. **CSU/UC**

Geography 101L
Physical Geography Laboratory
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Prerequisite: Geography 101/101H or concurrent enrollment
Recommended Preparation: Mathematics N60.
Laboratory exercises and experiments designed to explore and understand the primary areas of physical geography. Exercises and applications related to map scales and projections, stereoscopic, topographic and aerial photo interpretation, meteorological tools and models and weather prognostication, geomorphologic models and processes, and landform interpretation. Field trips may be required. **CSU/UC (C-ID GEOG 111)**

Geography 102
Cultural Geography
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introductory survey of the geography of culture, and the influences of the physical environment on culture, along with the impact of human activity on the environment, and the role of culture within societies and social groups. The course includes global patterns of population, migration, religion, language, agriculture, politics, customs, resources, and urban and rural settlement. **CSU/UC (C-ID GEOG 120)**

Geography 102H
Honors Cultural Geography
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
An enriched and intensive study, including seminar approach with individual written and oral presentations on the geography of culture, and the influences of the physical environment on culture, along with the impact of human activity on the environment, and the role of culture within societies and social groups. The course includes global patterns of population, migration, religion, language, agriculture, politics, customs, resources, and urban and rural settlement. **CSU/UC**

Geography 130
Introduction to Weather and Climate
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course examines Earth’s weather and climate patterns from a geographic perspective. Students explore the basic principles of weather and climate as well as causes and effects. Emphasis is placed on understanding various elements and controls of weather and climate. Techniques and principles involved in interpreting weather data, weather charts and maps, and weather forecasting will also be introduced. Field trips may be required. **CSU/UC (C-ID GEOG 130)**

Geography 130H
Honors Introduction to Weather and Climate
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Enriched and intensive study, including seminar approach with individual written and oral presentations on Earth’s weather and climate patterns from a geographic perspective. Students explore the basic principles of weather and climate as well as causes and effects. Emphasis is placed on understanding various elements and controls of weather and climate. Techniques and principles involved in interpreting weather data, weather charts and maps and weather forecasting will also be introduced. Field trips may be required. **CSU/UC**

Geography 140
California Geography
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Geography 100/100H.
A thematic approach to California’s geographical issues, processes and topics relevant to geography including climate, landforms, natural vegetation, water resources, cultural landscape, ethnic diversity, urban and agricultural regions, and the economy. This course explores the physical and human landscapes that have evolved as a result of the human-environmental interface. Field trips may be required. **CSU/UC (C-ID GEOG 140)**

Geography 150
Exploring Maps and Geographic Technologies
Unit(s): 3.0
Class Hours: 54 Lecture total.
This class is an introduction to maps, images and geospatial techniques and technologies. The technologies covered in this course include map and aerial photograph interpretation, tabular data, spatial statistics, cartography, Global Positioning Systems (GPS), Internet mapping, remote sensing and Geographic Information System (GIS), all of which aid in data collection, analysis and presentation. Field trips may be required. **CSU/UC (C-ID GEOG 150)**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Geography 155
Introduction to Geographic Information Systems
Unit(s): 3.0
Class Hours: 45 Lecture total, 27 Laboratory total. Recommended Preparation: Familiarity with PC and Windows operating environment.

This course introduces basic scientific principles of Geographic Information Systems (GIS) as they relate to working with data that have important spatial orientation and organization. Geographic concepts and theories are used to develop scientific methods for proper communication of the data and the solution of problems that have spatial relationships. The adaptability of GIS to a wide variety of applications useful for many disciplines is presented. The course covers basic concepts in mapping and orientation, the development of map scales and comparison of different coordinate systems and data error analysis. CSU/UC (C-ID GEOG 155)

Geography 160
Regional Field Studies
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.

This lecture and laboratory field course studies the cultural and physical geography of a region. Students will observe and interpret the physical and cultural processes of the region. Topographical maps will be utilized to interpret land use and terrain. Specific content will vary by geographic region. Field Trips are required. CSU (C-ID GEOG 160)

GEOLOGY (GEOL)
(see Earth Sciences)

Division of Mathematics and Sciences
Dean: Martin Stringer
Department Chair, Earth Sciences: Debra Brooks
Faculty: Debra Brooks

Associate in Science
Geology for Transfer (32044)

The Associate in Science in Geology for Transfer degree prepares students for transfer to a four-year college or university to complete a baccalaureate degree in a geoscience major. Geoscientists find employment with environmental companies that clean up and monitor pollution problems. Geotechnical companies also employ geoscientists to evaluate risk from earthquakes, landslides, and other geological hazards. Oil and mining companies employ geoscientists for many of the same functions, as well as for geoscience research, and to monitor compliance with environmental regulations. Universities, colleges, and museums offer opportunities for teaching and/or research.

Successful completion of the Associate in Science in Geology for Transfer guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in geology or a related field. While it does not guarantee the student acceptance to the University of California system, it does provide the major preparation needed by geology students transferring to a University of California campus in geology or related fields.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:

- Demonstrate an understanding of geological processes based upon observation of Earth materials and features.
- Demonstrate an understanding of the basic principles of geology.

TOTAL 26

Students are encouraged to take additional articulated major preparation courses prior to transfer such as, Physics 250A and 250B and Biology 211. While these additional courses are not required for this degree, completion of these courses will better prepare students for upper-division Geology courses at a CSU or a UC. It is highly recommended that students meet with an SCC counselor to discuss possible courses for major preparation for either the CSU system or the UC system, because CSU campuses do not all have identical requirements, and CSU requirements are also not identical to UC requirements.

HISTORY (HIST)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, History: Scott Howell
Faculty: Scott Howell, Rachel Petrocelli, Narges Rabii-Rakin, Stephen Reed

Associate in Arts
History for Transfer (31720)

The Associate in Arts (in History for Transfer degree provides a basic program to aid a student in thinking critically about one's self, one's cultural heritage, social and economic processes, and national and international affairs. Successful completion of the transfer degree in History guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in History or a related field to pursue careers in a variety of government agencies, nongovernmental organizations (NGO), nonprofit organizations (NPO), international government organization (IGO), libraries or museums, and research programs.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to

- Develop analytical skills by evaluating key historical decisions, testing hypotheses, and choosing among contending viewpoints.
- Develop communication skills through writing exercises and discussions of critical historical events.
- Act as better informed citizens and knowledgeable voters through the study of U.S. political traditions and concepts of citizenship.
- Discuss, analyze, compare and contrast, diverse world cultural, religious, and political traditions.

TOTAL 18

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
History 121  
**The United States Since 1877**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
A critical analysis of American history. Includes industrial and technological development, the changing nature of society, cultural patterns, domestic politics, artistic attainments, and America's expanded world role. Credit will not be given to students who already earned credit for History 122. **CSU/UC (C-ID HIST 140)**

History 121H  
**Honors the United States Since 1877**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Prerequisite: A high school or college GPA of 3.0 or above.  
Seminar-style, content-enriched course for honors students exploring a critical analysis of American history including industrial and technological development, the changing nature of society, cultural patterns, domestic politics, artistic attainments, and America's expanded world role. Credit will not be given to students who already earned credit for History 122. **CSU/UC (C-ID HIST 140)**

History 122  
**American History-Dynamics of Change**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Survey of the main cultural, economic, social, and political changes in American history. Fulfills the American institutions requirement for graduation. Credit will not be given to students who already earned credit for History 120/120H or 121/121H. **CSU/UC**

History 124  
**Mexican-American History in the United States**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Survey of Mexican-American history in the U.S. from the Pre-Columbian period to the present. Emphasis on Mexican-American contributions to the political, social, economic, and cultural development of the U.S. Will also examine the relationship of Mexican-Americans to other cultural groups. **CSU/UC**

History 126  
**United States since 1945**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: History 121.  
This course covers the history of the United States from the end of World War II to contemporary times, emphasizing developments in politics, society, economics, and culture, including the role of race, sex, gender, and class issues. The politics of government policy and the foreign relations of the United States also receive attention. The history of the American people and the nation will be considered in the larger context of world history. **CSU/UC**

History 127  
**Women in U.S. History**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Women of European, African, Native, Hispanic, and Asian backgrounds examined in the United States (U.S.) History 1607-present. Emphasis on individuation, social status, family, reproduction, child care, slavery, jobs, gender politics, and political activism. Legal impact and theories of patriarchal oppression raised. **CSU/UC**

History 132  
**Modern African History**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
This course surveys sub-Saharan African history from 1850 to the present, addressing such topics as the end of the slave trade; African resistance to conquest; experiences of colonialism; settler colonialism in Southern Africa; the rise of national liberation movements and achievement of independence; and the challenges of post-colonial nation building. It examines contemporary Africa through a review of economic, political, social, cultural, and intellectual history. **CSU/UC**

History 133  
**History of California**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
A survey of California history from 1607-present. Emphasis on the indigenous period to the present. Special attention given to regional issues, ethnic or cultural groups, constitutional matters, cultural change, and California's connection with the Pacific Basin. **CSU/UC**

History 152  
**Latin American History**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
A survey of Latin American History from the Indian and European origins to the 21st century with a focus on the historical background of the countries studied. Emphasis placed upon the interplay of Iberian, African and Indian influences upon social and cultural evolution. Also stressed are the Latin American relations with the United States in the 19th and 20th centuries. **CSU/UC**

History 162  
**Asian Civilizations**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
A historical survey of Asian civilizations from the earliest time to the present. Topics include an analysis which contrasts and compares Asian cultures with a focus on geographic and demographic patterns and the dynamics of primitive, modern and transitional societies. Asian religions, rituals and thought, also included. Emphasis will be given to Islam, Hinduism, Shintoism, Daoism, Confucianism and Buddhism. **CSU/UC**

History 240  
**Introduction to Peace and Conflict Studies**  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: Political Science 101/101H or 220.  
Historical, social and economic development of the world order along with a wide range approach integral to the examination of global studies, peace and conflict resolution. The study of peace and conflict areas to include the war system, war prevention, nonviolence, human rights, social justice, environmental sustainability and the role of the United Nations and other international governing bodies. **CSU/UC**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
INTERDISCIPLINARY STUDIES (IDS)
Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Interdisciplinary Studies: Tiffany Gause

Santiago Canyon College offers multiple interdisciplinary degrees and certificates which span the boundaries of traditional academic majors. Students are provided with opportunities to pursue areas of emphases deriving from the interaction of different disciplines. The sequences of courses lead to degrees and certificates which incorporate concepts from the humanities and arts, the natural sciences and the social sciences. The broad framework of these awards enables students to explore the range of human knowledge.

Each degree and certificate includes a focused study in at least one established interdisciplinary core. Each award specifies the requirements necessary to earn the degree or the certificate.

For the Liberal Arts degrees, the areas of inquiry are referred to as “emphasis requirements”. Major requirements for the associate degrees are in addition to the general education requirements. Certificates of Achievement do not require general education.

The interdisciplinary degrees and certificates can be found on:
Liberal Arts, pages 170-171
Modern Languages, page 179

Courses

Interdisciplinary Studies 155
Human Sexuality
Unit(s): 3.0
Class Hours: 54 Lecture total.

An interdisciplinary review of the biological, historical, social, and psychological influences on human sexuality across the lifespan. This course will more closely focus on the gender spectrum, anatomy, sexual orientations, attraction, love, reproduction, conception, contraception, sexually transmitted infections, sexual coercion, and overall sexual health. CSU/UC

ITALIAN (ITAL)
Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Modern Languages: Lourdes Fajardo

Courses

Italian 101
Elementary Italian I
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
A college-level Italian course focusing on fundamentals of pronunciation, grammar, basic vocabulary, idioms, and simple conversation and composition, including supplementary cultural readings. Italian 101 is equivalent to two years of high-school Italian. CSU/UC

Italian 102
Elementary Italian II
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Prerequisite: Italian 101 or two years of high school Italian.
A college-level Italian course focusing on further training in pronunciation, more extensive vocabulary development, conversation, grammar, reading and composition. Italian 102 is equivalent to the third year of high school Italian. CSU/UC

Italian 194
Conversation and Composition
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Italian 101 or two years high school Italian with grade of C or better.

Reinforcement of conversational and composition skills. Implementation of language structure through conversation, reading and composition. Discussions of Italian culture. CSU

Italian 195
Advanced Conversational Italian
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Italian 102.

Further development of conversational skills. Review of language structures as well as reinforcement of new vocabulary and idioms through conversation, reading, and composition. Discussions of Italian culture. CSU/UC

Italian 201
Intermediate Italian I
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Prerequisite: Italian 102 or three years of high school Italian.
A college-level Italian class focusing on expansive review of usage and grammar, discussions of interpretive readings, conversation, and composition. CSU/UC

Italian 202
Intermediate Italian II
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Prerequisite: Italian 201 or four years of high school Italian.
A college-level Italian class focusing on a specialized review of grammar and composition along with discussions in Italian of history and culture based on literary materials. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
### KINESIOLOGY (KIN)

**Division of Mathematics and Sciences**

**Dean:** Martin Stringer  
**Department Co-Chairs, Kinesiology:** Lisa Camarco, Ian Woodhead  
**Faculty:** Lisa Camarco, Shawn Cummins, Ian Woodhead

#### Associate in Arts  
**Kinesiology for Transfer (32434)**

The Associate in Arts in Kinesiology for Transfer prepares students to transfer to a four-year institution leading to a baccalaureate degree in Kinesiology. Completion of the degree also provides guaranteed admission with junior status to the CSU system in the Kinesiology major.

Please consult a counselor regarding specific course requirements for your transfer institution.

Upon completion of the Associate in Arts in Kinesiology for Transfer degree, students will have a general understanding of the human anatomy, human physiology, and mechanics of human movement, and be able to apply fitness-based concepts.

#### Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to:

- Demonstrate a general understanding of human anatomy, human physiology, and the mechanics of human movement.
- Demonstrate practical application of fitness concepts.

#### Major requirements*

Select three (3) units from the following:  
- Must select one (1) unit course from three different areas: Aquatics, Combatives, Dance, Fitness, or Team Sports.

**Aquatics**  
- Kinesiology 185A, Basic Swimming (1)
- Kinesiology 185B, Intermediate Swimming (1)
- Kinesiology 185C, Advanced Swimming (1)
- Kinesiology 189A, Basic Aqua Aerobics (1)

**Combatives**  
- Kinesiology 125A, Basic Cardio Kickboxing (1)
- Kinesiology 125B, Intermediate Cardio Kickboxing (1)

**Dance**  
- Dance 106A, Introduction to Modern Dance (1)
- Dance 106B, Introduction to Modern Dance (1)
- Dance 108A, Introduction to Ballet (1)
- Dance 108B, Introduction to Ballet (1)
- Dance 115A, Introduction to Tap Dance (1)
- Dance 115B, Introduction to Tap Dance (1)
- Dance 119A, Introduction to Jazz Dance (1)
- Dance 119B, Introduction to Jazz Dance (1)

**Fitness**  
- Kinesiology 119, Personal Fitness Evaluation (1)
- Kinesiology 120A, Basic Aerobics (1)
- Kinesiology 120B, Intermediate Aerobics (1)
- Kinesiology 121A, Basic Step Aerobics (1)
- Kinesiology 126A, Basic Spin (1)
- Kinesiology 126B, Intermediate Spin (1)
- Kinesiology 127A, Basic Yoga (1)
- Kinesiology 127B, Intermediate Yoga (1)
- Kinesiology 127C, Advanced Yoga (1)
- Kinesiology 128A, Basic Tai Chi (1)
- Kinesiology 140A, Basic Circuit Weight Training (1)
- Kinesiology 140B, Intermediate Circuit Weight Training (1)
- Kinesiology 140C, Advanced Circuit Weight Training (1)
- Kinesiology 146A, Basic Strength Training (1)
- Kinesiology 146B, Intermediate Strength Training (1)
- Kinesiology 146C, Advanced Strength Training (1)
- Kinesiology 147, Strength Training for Women (1)
- Kinesiology 200, Conditioning for Athletes-Men (1)
- Kinesiology 201, Conditioning for Athletes-Co-Ed (1)
- Kinesiology 202, Conditioning for Athletes-Women (1)
- Kinesiology 203, Speed and Agility-Men (1)
- Kinesiology 204, Speed and Agility-Women (1)

**Team Sports**  
- Kinesiology 160A, Basic Basketball (1)
- Kinesiology 160B, Intermediate Basketball (1)
- Kinesiology 163A, Basic Indoor Soccer (1)
- Kinesiology 168A, Basic Volleyball (1)
- Kinesiology 168B, Intermediate Volleyball (1)

**TOTAL 21-24**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Kinesiology 100
Introduction to Kinesiology
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course is an introduction to the interdisciplinary approach to the study of human movement. An overview of the importance of the sub-disciplines in kinesiology will be discussed along with career opportunities in the areas of teaching, coaching, allied health, and fitness professions. CSU (C-ID KIN 100)

Kinesiology 101
First Aid and CPR
Unit(s): 3.0
Class Hours: 54 Lecture total.
The theory and detailed demonstration of first aid care for the injured, centered on assessing a victim's condition and incorporating proper treatment. Standard first aid, CPR, and automated external defibrillator (AED) certification(s) will be granted upon successful completion of the requirements. CSU/UC (C-ID KIN 101)

Kinesiology 102
Nutrition and Fitness
Unit(s): 2.0
Class Hours: 36 Lecture total.
An applied nutrition course designed to help improve the nutrition and health of active individuals. The course focuses on the prevention of disease, weight control, and improved physical and mental performance. CSU/UC

Kinesiology 104
Healthful Living
Unit(s): 3.0
Class Hours: 54 Lecture total.
Comprehensive look at factors that impact people's health, longevity and lifetime wellness. Areas covered will be personal fitness, nutrition, drugs, alcohol and tobacco, AIDS and sexually transmitted diseases, and degenerative diseases including cancer, heart disease, strokes and diabetes. CSU/UC

Kinesiology 109
Sport in US Society
Unit(s): 3.0
Class Hours: 54 Lecture total.
A comprehensive look at sport in US society and how various, ethnic and minority groups have influenced sport at the local, state and national levels. The influences of other cultures outside of the US will be reviewed and analyzed. A review of sport history will be conducted with communication and media influences also examined. CSU

Kinesiology 110
Women's Health Issues
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course is designed to address health concepts as they apply to women. The topics range from personal fitness and nutrition habits to substance abuse; female reproductive structure and function; intimate and abusive relationships; disease transmission, prevention and aging. CSU/UC

Kinesiology 111
Sports Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
An academic and practical examination of the psychological aspects of sport. Specific methods will be taught to enhance athletic performance through mental preparation and practice. CSU

Kinesiology 119
Personal Fitness Evaluation
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
Personal evaluation of your fitness level. Each student completes appointments that evaluate flexibility, strength, blood pressure, body composition, pulmonary function, resting electrocardiogram, and a graded exercise test. Students are required to record 24 hours of instructor supervised exercise. Designed for healthy individuals with no heart problems. Grade: Pass/No Pass. CSU/UC

Kinesiology 120A
Basic Aerobics
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
Aerobic exercises, strength routines and stretching activities set to music designed to improve cardiovascular endurance and enhance muscular strength and flexibility. CSU/UC

Kinesiology 120B
Intermediate Aerobics
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
This course provides instruction in various aerobic and stretching movements set to music. Designed to tone the body, improve cardiovascular endurance, and increase one's ability to exercise safely and effectively. CSU/UC

Kinesiology 121A
Basic Step Aerobics
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
An aerobic exercise program that improves flexibility, aerobic conditioning, muscular strength and endurance by utilizing a platform for stepping up and down. Includes a variety of stepping routines and upper body strength training exercises in controlled rhythmic patterns set to music. CSU/UC

Kinesiology 123A
Basic Stretch, Flex, and Tone
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
A combination of beginning stretching and toning exercises to increase strength, flexibility, and overall body fitness. CSU/UC

Kinesiology 123B
Intermediate Stretch, Flex, and Tone
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
Intermediate level course designed to challenge and improve upon the individual's level of flexibility, muscle tone, and strength. CSU/UC

Kinesiology 125A
Basic Cardio Kickboxing
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
A series of combative boxing and kickboxing maneuvers designed to improve muscle tone, cardiovascular endurance, and self defense. CSU/UC

Kinesiology 125B
Intermediate Cardio Kickboxing
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
This intermediate level Cardio Boxing class will emphasize combative maneuvers that will enhance the cardiovascular fitness level as well as the personal safety of the students at an enhanced level of instruction. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Kinesiology 126A  
Basic Spin  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
Students will be guided through workout phases on the bike with a basic introduction to warm ups, up-tempo cadences, sprints, climbs and cool downs. **CSU/UC**

Kinesiology 126B  
Intermediate Spin  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
Students will be guided through intermediate level spin routines that challenge the cardiovascular and muscular endurance through varying cadence, resistance, and revolutions per minute (RPMs) set to up-tempo music. **CSU/UC**

Kinesiology 127A  
Basic Yoga  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
This basic yoga class is an exercise program that emphasizes the practice of postures that strengthen the body, improve flexibility and create a feeling of well-being. **CSU/UC**

Kinesiology 127B  
Intermediate Yoga  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
This intermediate level yoga class is an exercise program that emphasizes the practice of postures that strengthen the body, improve flexibility and create a feeling of well-being. **CSU/UC**

Kinesiology 127C  
Advanced Yoga  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
This advanced yoga class is an exercise program that emphasizes the practice of postures that strengthen the body, improve flexibility and create a feeling of well-being. **CSU/UC**

Kinesiology 128A  
Basic Tai Chi  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
This course is designed to give instruction in the ancient Chinese art of Tai Chi. Students will learn movement patterns designed to generate, circulate and harmonize internal energy flows for mental and physical health enhancement. **CSU/UC**

Kinesiology 140A  
Basic Circuit Weight Training  
Unit(s): 0.5-1.0  
Class Hours: 24-54 Laboratory total.  
This course introduces the basic principles related to the acquisition of muscular strength and endurance. Students will explore training techniques through the use of body weight and light weight equipment. Instruction is provided in the areas of functional fitness and the physiological adaptation process that occurs as a result of circuit training. Grade: Pass/No Pass. **CSU/UC**

Kinesiology 140B  
Intermediate Circuit Weight Training  
Unit(s): 0.5-1.0  
Class Hours: 24-54 Laboratory total.  
This course is designed for students with prior resistance training experience. Principles and training techniques for the development of muscle tone, muscle strength, and muscular endurance will be taught, as well as the use of weight-bearing exercises to promote cardiovascular health benefits. Students will utilize weights, variable resistance machines, and other resistance equipment to advance their total body fitness. Grade: Pass/No Pass. **CSU/UC**

Kinesiology 140C  
Advanced Circuit Weight Training  
Unit(s): 0.5-1.0  
Class Hours: 24-54 Laboratory total.  
This course is designed for students possessing advanced knowledge and experience with resistance training exercises. Students will utilize weights, variable resistance machines, and a wide variety of weight-bearing activities and equipment to perform high intensity exercise. Muscular development will be achieved through implementation of a resistance training program built upon advanced modes of training and the principles of exercise physiology. Grade: Pass/No Pass. **CSU/UC**

Kinesiology 146A  
Basic Strength Training  
Unit(s): 0.5-1.0  
Class Hours: 27-54 Laboratory total.  
This course introduces students to the basic principles of resistance training through the use of free weight barbells and dumbbells. Emphasis is placed on the development of muscular strength and muscular endurance. Instruction is provided in the areas of free weight safety and practical application of basic strength training concepts. Grade: Pass/No Pass. **CSU/UC**

Kinesiology 146B  
Intermediate Strength Training  
Unit(s): 0.5-1.0  
Class Hours: 27-54 Laboratory total.  
This high intensity strength training course is designed for students who possess significant experience in the use of free weight equipment. Students will apply proper weight lifting techniques and training periodization to develop muscular strength and power through the use of dumbbells and Olympic bar weights. Instruction is provided in advanced strength training theory. Grade: Pass/No Pass. **CSU/UC**

Kinesiology 146C  
Advanced Strength Training  
Unit(s): 0.5-1.0  
Class Hours: 27-54 Laboratory total.  
This course is designed for students with advanced knowledge and extensive experience in free weight strength training. Instruction will focus on training methods applicable to multi-joint powerlifting, Olympic lifting, and sport strength and conditioning. Students will develop individualized workout programs that emphasize the development of muscular strength, power, agility, and explosiveness. Grade: Pass/No Pass. **CSU/UC**

Kinesiology 147  
Strength Training for Women  
Unit(s): 0.5-1.0  
Class Hours: 27-54 Laboratory total.  
This course is designed to teach students the health and fitness benefits of a regular strength training program. Instruction will focus on the development of muscular strength and endurance, muscle toning, and improvement of body composition and joint stability through the use of free weight exercises and equipment. Emphasis is placed on the lifelong benefits of strength training for the female population. Grade: Pass/No Pass. **CSU/UC**

Kinesiology 160A  
Basic Basketball  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
To introduce and establish basketball fundamentals with a view to encouraging life-time fitness. **CSU/UC**

---

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Kinesiology 160B
Intermediate Basketball
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
Intermediate level course to further develop passing, dribbling and various types of shooting. Emphasis will be placed on small group defense, small group offense, rules, special situations and strategies. **CSU/UC**

Kinesiology 163A
Basic Indoor Soccer
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
A basic level soccer course to develop fundamental soccer skills in an indoor facility. **CSU/UC**

Kinesiology 168A
Basic Volleyball
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
This course introduces the fundamental strategies and skills of volleyball, including setting, passing, spiking, blocking and serving, as well as the beginning concepts of team and tournament play. **CSU/UC**

Kinesiology 168B
Intermediate Volleyball
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
An intermediate volleyball class to improve volleyball skills, in the areas of passing, setting, hitting, serving and blocking, as well as basic offensive and defensive systems of play. The course includes discussions of rules and strategy. **CSU/UC**

Kinesiology 185A
Basic Swimming
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
Introductory basic swimming skills, with an emphasis on water safety. **CSU/UC**

Kinesiology 185B
Intermediate Swimming
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
Intermediate swim skills, emphasizing the four competitive swim strokes. Speed and endurance swimming will also be emphasized in a training environment. **CSU/UC**

Kinesiology 185C
Advanced Swimming
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
Advanced swim skills developed with emphasis on the five competitive swim strokes. Advanced speed and endurance training will be emphasized in a training environment. **CSU/UC**

Kinesiology 189A
Basic Aqua Aerobics
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
A class designed to improve muscle tone, flexibility and cardiovascular endurance through exercises using water as a means of resistance. **CSU/UC**

Kinesiology 200
Conditioning for Athletes-Men
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
An instructor supervised exercise program designed for athletes who participate in men's sports. Emphasis will be on the development of speed, endurance, flexibility, and strength. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 201
Conditioning for Athletes-Co-Ed
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
An instructor supervised exercise program designed for athletes who participate in women's sports. Emphasis will be on the development of speed, endurance, flexibility, and strength. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 202
Conditioning for Athletes-Women
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
An instructor supervised exercise program designed for athletes who participate in women's sports. Emphasis will be on the development of speed, endurance, flexibility, and strength. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 203
Speed and Agility-Men
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
This class is designed for male athletes to increase running speed. This class includes instruction on linear speed, non-linear speed, and jumping ability using state of the art plyometric training and speed specific training tools. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 204
Speed and Agility-Women
Unit(s): 0.5-1.0
Class Hours: 32-54 Laboratory total.
This class is designed for female athletes to increase running speed. This class includes instruction on linear speed, non-linear speed, and jumping ability using state of the art plyometric training and speed specific training tools. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 240
Basketball Team- Men
Unit(s): 3.0
Class Hours: 162 Laboratory total.
A high-level competitive program in Basketball for male athletes with exceptional athletic talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to competing. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Kinesiology 241  
**Basketball Team- Women**  
Unit(s): 3.0  
Class Hours: 162 Laboratory total.  
A high-level competitive program in Basketball for female athletes with exceptional athletic talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to competing. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 242  
**Basketball Team Off-Season Men**  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
A high-level, competitive practice and skills program in basketball for male students with exceptional athletic talent. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 245  
**Volleyball Team- Men**  
Unit(s): 3.0  
Class Hours: 162 Laboratory total.  
A high-level, competitive program in Volleyball for male athletes with exceptional athletic talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to competing. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 246  
**Volleyball Team- Women**  
Unit(s): 3.0  
Class Hours: 162 Laboratory total.  
A high-level competitive program in Volleyball for female athletes with exceptional athletic talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to competing. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 247  
**Volleyball Team Off-Season - Men**  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
A high-level, competitive practice and skills program in volleyball for male students with exceptional athletic talent. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 248  
**Volleyball Team Off-Season - Women**  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
A high-level, competitive practice and skills program in volleyball for female students with exceptional athletic talent. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 255  
**Cross Country Team-Men**  
Unit(s): 3.0  
Class Hours: 162 Laboratory total.  
A high-level, competitive program for male students with exceptional cross country talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to participation. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 256  
**Cross Country Team-Women**  
Unit(s): 3.0  
Class Hours: 162 Laboratory total.  
A high-level, competitive program for female students with exceptional cross country talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to participation. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 257  
**Cross Country Team-Off Season**  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
This course teaches the fundamental principles and techniques of efficient, high intensity distance running. The course helps develop and improve physical fitness and performance in terms of both running endurance and running speed. Optional field trips may be offered. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 265  
**Golf Team-Men**  
Unit(s): 3.0  
Class Hours: 162 Laboratory total.  
A high-level, competitive program for male students with exceptional golf talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to participation. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 266  
**Golf Team-Off Season**  
Unit(s): 0.5-1.0  
Class Hours: 32-54 Laboratory total.  
Application of advanced golf techniques as they relate to practice techniques and competitive play in the sport of golf. The class will focus on playing lessons on regulation golf courses. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

Kinesiology 270  
**Soccer Team-Men**  
Unit(s): 3.0  
Class Hours: 162 Laboratory total.  
A high-level, competitive program in soccer for male athletes with exceptional athletic talent. Students must meet California Community College Athletic Association (CCCAA) eligibility requirements and pass a health screening prior to participation. May be repeated. Students may take a maximum of 350 hours of any team sport, team off-season course or conditioning course per academic year. **CSU/UC**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
LIBERAL ARTS

Associate of Arts/Science

Liberal Arts

The integrated curriculum of the Liberal Arts degree provides a broad exposure to the arts, humanities, sciences, and social sciences, while offering the opportunity for depth of knowledge within an area of emphasis. The program will enable students to develop an appreciation and understanding of the logic, aesthetic, and ethical values that have shaped and enriched our culture and to develop intellectual maturity, a deeper understanding of themselves, others, and the world. The curriculum provides a basic framework for lifelong individual study as well as preparation for university study.

Emphasis requirements*  

Complete a minimum of 18 units selected from one of the following areas of emphasis: Arts, Humanities and Communication; Mathematics and Sciences; Multi-Cultural Studies; or Social and Behavioral Sciences.

Students are encouraged to select two or more courses within a single discipline in an “area of emphasis” to expand their depth of knowledge within a discipline. All courses in the area of emphasis must be completed with a letter grade of “C” or better. Students are advised to meet with a counselor to select the area of emphasis most appropriate to their educational goal.

In addition to the area of emphasis, students are required to complete a general education pattern (Plan A, B, or C). Students are advised to meet with a counselor to select the general education pattern most appropriate to their educational goals.

Units used to satisfy an area of emphasis may be used to satisfy general education requirements.

Associate of Arts in Arts, Humanities and Communication (18317)

These courses emphasize the study of cultural literacy, humanistic activities and the artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will also learn to value aesthetic judgments. This area of emphasis will prepare students for a variety of majors within the Humanities discipline including Creative Writing, English, Foreign Language, Humanities and Art, and Philosophy. It will also provide lower-division preparation for a wide range of majors with the Communications discipline.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to:

• Think critically in terms of constructing arguments and presenting evidence to support their views through oral, artistic and written communication.
• Understand and articulate how culture, society, and diversity shape the role of the individual within society and human relations across cultures and disciplines.

Emphasis requirements  

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Associate of Science in Mathematics and Sciences (18318):
The science courses in this category examine the physical universe, its life forms and its natural phenomena. These courses will assist the student in developing an appreciation of the scientific method and encourage an understanding of the relationships between science and other human activities. The mathematics courses will encourage the understanding of mathematical concepts through the development of quantitative reasoning skills. **Students are required to complete at least one mathematics course within this area of emphasis.** This area of emphasis will provide students with lower-division preparation for a variety of majors within the scientific disciplines, including Astronomy, Biology, Chemistry, Earth Sciences, Geology, and Physics and will provide preparation for Mathematics majors. Additionally, students may undertake preparation for Nursing, Kinesiology, Public Health and other Health Science majors. Many of the courses will also assist students in prerequisite preparation for graduate programs within the Health Sciences.

**Learning Outcome(s)**
Upon successful completion of the major requirements for this degree, students will be able to:
- Demonstrate an ability to analyze and evaluate scientific and mathematical topics.
- Clearly communicate scientific and mathematical reasoning and qualitative problem solving skills using appropriate vocabulary, methodologies and diverse technologies.

**Emphasis requirements (18 units minimum)**
Anthropology 101; Astronomy 100L, 102, 103, 112; Biology 109/109H, 109L, 115, 139, 149, 177, 200, 211, 212, 214, 221, 229, 231, 239, 249, 259; Chemistry 100, 200A/200AH, 200B, 280A, 280B; Earth Sciences 100, 100L, 111, 120, 121, 130, 160, 200; Engineering 220, 225, 230; Geography 101; Mathematics 080, 086, 105, 140, 150, 170, 180/180H, 185, 219/219H, 280, 287, 290, 295; Physical Science 100; Physics 100, 150A, 150AC, 150B, 150BC, 250A, 250B, 250C

Associate of Arts in Multi-Cultural Studies (18319):
These inter-disciplinary courses promote an appreciation of multi-cultural influences in contemporary society. Courses in this category encourage students to acquire the knowledge, skills and attitude needed to function effectively in a pluralistic democratic society and to interact, negotiate and communicate with peoples from diverse groups in order to create a civic and moral community that works for the common good. This emphasis will provide students with lower-division major preparation for disciplines within the area of study devoted to culture and society. These majors would include Chicano Studies, Ethnic Studies, Foreign Language, Gender, Sexuality, and Women’s Studies, Global Studies, and International Development.

**Learning Outcome(s)**
Upon successful completion of the major requirements for this degree, students will be able to:
- Appreciate the multi-cultural influences on our contemporary culture and society.
- Communicate effectively with individuals and groups from diverse populations.
- Demonstrate knowledge, skills, and attitudes to function positively and productively within a diverse society and within upper division coursework.

**Emphasis requirements (18 units minimum)**
American Sign Language 110, 111, 116, 210; Anthropology 100/100H, 104; Art 101/101H, 102; Chicano Studies 101; Communication 120/120H, 225/225H; Counseling 101, 116, 118, 150; Education 101; English 246, 271, 272, 278; Ethnic Studies 101; French 101, 102, 194, 196, 201, 202; Gender, Sexuality, and Women’s Studies 101, 102; History 124, 127, 152, 162; Italian 101, 102, 194, 195, 201, 202; Kinesiology 110; Music 103; Philosophy 112; Political Science 221; Psychology 170; Spanish 101/101H, 101A, 101B, 102, 110, 111, 194, 195A, 195B, 201, 202

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
LIBRARY & INFORMATION STUDIES (LIBI)
Division of Institutional Effectiveness, Library & Learning Support Services
Dean: Aaron Voelcker
Department Co-Chairs, Library: Barbara Sproat, Lana Wong
Faculty: Seth Daugherty, Alice Ho, Linda Martin, Barbara Sproat, Lana Wong

Courses

Library & Information Studies 100
Library Research Fundamentals
Unit(s): 1.0
Class Hours: 18 Lecture total.
This course is an introduction to college-level research skills for effective use of traditional and electronic library resources. Instruction includes print and non-print information sources such as reference books, scholarly material, online subscription databases and the Internet. Students will visit a library to complete hands-on exercises. \textit{CSU/UC}

Library & Information Studies 103
Advanced Internet Research
Unit(s): 1.0
Class Hours: 18 Lecture total.
Learn essential library research strategies for effectively locating and evaluating online information on the Internet. Core topics are designing and performing successful search strategies, evaluating online information using critical thinking skills, identifying the ethical and legal aspects of using online sources, and citing web sources using a standard documentation style. \textit{CSU/UC}

MANAGEMENT (MGMT)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga
Department Co-Chairs, Business: Steven Deeley, Stewart Myers
Faculty: Steven Deeley, Andy Salcido

The Associate of Science degree and Certificates in Management are designed to prepare students for various management positions in business, government, and public organizations; to aid existing managers in upgrading their skills; and to assist employees for promotion to management/supervision positions.

Associate of Science
General Management (11861)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Qualify for a management position.

Courses

Management 120
Principles of Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Principles, methods, and procedures essential to the successful management of human and financial resources. Planning, decision making, staffing, directing, motivating, leading, communicating, controlling, and the application of managerial skills. (Same as Business 120.) CSU

Management 121
Human Relations and Organizational Behavior
Unit(s): 3.0
Class Hours: 54 Lecture total.
The role of the manager and management’s relationship to employees. Includes the application of motivational theories, communications, leadership, and organizational structure. (Same as Business 121.) CSU

Management 122
Business Communications
Unit(s): 3.0
Class Hours: 54 Lecture total.
Professional and conversational oral and written communication skills used in business. Emphasis on writing and speaking skills, solutions to communication problems, ethical issues, and techniques for communicating successfully in today’s business environment. Designed for professionals seeking career advancement. Not intended for students seeking an AST in Business Administration. CSU

Management 123
Supervision
Unit(s): 3.0
Class Hours: 54 Lecture total.
A practical, skill building approach to learning and understanding first-line management and supervision. Designed to provide beginning and experienced supervisors with a hands-on situational approach using supervisory skills. CSU

Management 135
Human Resource Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introductory course covers the goals, activities, and challenges of human resources. Includes equal employment opportunity and diversity, recruitment and selection, leadership and motivation, training and development, compensation, employee and labor/management relations. CSU

MARKETING (MKTG)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga
Department Co-Chairs, Business: Steven Deeley, Stewart Myers
Faculty: Lynda Armbruster, Andy Salcido

The Associate of Science degree and Certificates in Marketing are designed to prepare students for various marketing, sales, and retail store management positions; to assist existing marketing managers and sales professionals in upgrading their skills; and to open up new career opportunities within the marketing field. Program content includes selection and buying of merchandise, advertising, sales, product distribution, customer relations, and pricing. The student will then specialize in one of the option areas: general marketing, professional selling, advertising, or retailing management. The certificate program provides practical skills for the student within specific areas of marketing.

Associate of Science
General Marketing (11866)

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Have the skills for an entry-level marketing position.

TOTAL 9

Courses

Marketing 112
Principles of Advertising
Unit(s): 3.0
Class Hours: 54 Lecture total.
A study of the impact of advertising on the American economy and how it fits within the broader disciplines of business and marketing and how it relates to journalism and the field of communication and the use of persuasive techniques with products, services, or ideas. Discover what advertising people do and how they do it, the artistic creativity and technical expertise required and career opportunities within the field. CSU

Marketing 113
Principles of Marketing
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introduction to modern marketing concepts and issues in an organization as well as the effects of marketing on society. Content includes an overview of marketing in the global business environment, buyer behavior, target marketing and the marketing mix. CSU

Marketing 114
Professional Selling
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introductory course covering sales presentations, communication styles, techniques and practices. Includes using sales techniques during job interviews and other aspects of “Selling Yourself” for career enhancement. Covers objectives in selling from the perspective of the consumer, business and society. CSU

Marketing 115
Consumer Behavior
Unit(s): 3.0
Class Hours: 54 Lecture total.
The investigation and analysis of why consumers select, purchase, use, and dispose of goods and services to satisfy their personal and business needs. CSU

Marketing 135
Web Marketing and Promotion
Unit(s): 3.0
Class Hours: 54 Lecture total.
How to include the Internet in a business marketing plan. Covers advertising and promoting products, services or ideas on the Internet, audience identification, search engine strategies and other basics of increasing business effectiveness with Internet usage. CSU

Marketing 172
Small Business Marketing and Advertising
Unit(s): 3.0
Class Hours: 54 Lecture total.
Techniques for small business marketing including planning, customer research, advertising, media selection, budgeting and scheduling, and the evaluation of marketing effectiveness. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
MATHEMATICS (MATH)

Division of Mathematics and Sciences

Dean: Martin Stringer
Department Co-Chairs, Mathematics: Alicia Frost, Vanessa Jones, Scott Sakamoto
Faculty: Cher Carrera, Matthew Cotter, Veselka Danova, Darlene Diaz, Alicia Frost, Anne Hauscarrique, Vanessa Jones, Jessica Kramer, Kathleen Moore, Scott Sakamoto, Randy Scott, Joyce Wagner, Laney Wright

Associate in Science
Mathematics for Transfer (31040)

The Associate in Science in Mathematics for Transfer degree prepares students to transfer to a four-year institution leading to a baccalaureate degree. Employment opportunities are available as mathematicians in government, health, industry and education. Successful completion of the transfer degree in Mathematics guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in Mathematics or a related field.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to

• Create mathematical models of real world phenomena, apply those models to make predictions about the behavior of the phenomena, apply appropriate problem solving techniques and critically evaluate the veracity of the obtained results.
• Clearly communicate mathematical reasoning and problem solving skills using a variety of formats, diverse technologies, and appropriate mathematical vocabulary and notation.
• Integrate into educational and professional conduct a calm, confident, and ethical approach to mathematical reasoning and problem solving while taking personal responsibility for mathematical success.

Major requirements* Units
Mathematics 180/180H, Single Variable Calculus I 4
Mathematics 185, Single Variable Calculus II 4
Mathematics 280, Intermediate Calculus 4

Select one (1) course from the following (List A): 3-5
Mathematics 287, Introduction to Linear Algebra and Differential Equations (5)
Mathematics 290, Linear Algebra (3)
Mathematics 295, Differential Equations (3)

Select one (1) course from the following (List B): 3-5
Computer Science 112, Java Programming (3)
Computer Science 120, Introduction to Programming (3)
Computer Science 213, C# Programming (3)
Mathematics 219/219H, Statistics and Probability (4)
Physics 250A, Physics for Scientists and Engineers I (5)

TOTAL 18-22

Courses
Mathematics N40
Intermediate Algebra Support Course
Unit(s): 0.5
Class Hours: 36 Laboratory total.
Corequisite: Mathematics 080 or 140.
A review of the algebraic, geometric, and arithmetic skills needed in Math 080. Practice reading and identifying important information for solving application problems, and implementing study skills to promote success in Math 080. This course is designed to provide just-in-time remediation for students who did not place directly into Math 080, or for students that would like to supplement their learning with prerequisite skills needed for Math 080. Grade: Pass/No Pass.

Mathematics N41
Precalculus Support Course
Unit(s): 0.5
Class Hours: 36 Laboratory total.
Corequisite: Mathematics 170 or 171 or 180/180H.
A review of mathematics needed to be successful in Precalculus. Topics are drawn from Algebra and Trigonometry. Intended for students who did not directly place into Math 170 or for students who would like to supplement their learning with prerequisite skills. Grade: Pass/No Pass.

Mathematics N43
Statistics and Probability Support Course
Unit(s): 0.5
Class Hours: 36 Laboratory total.
Corequisite: Mathematics 219/219H or Sociology 125/125H.
A review of core mathematical skills needed to be successful in Math 219, Statistics and Probability. Topics include concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and critical thinking skills from descriptive statistics which supports introductory concepts of college-level statistics and probability. Intended for students who did not directly place into Math 219, or for students that would like to supplement their learning with prerequisite skills needed for Math 219. Grade: Pass/No Pass.

Mathematics N73L
Math Review
Unit(s): 0.2
Class Hours: 11 Laboratory total.
Students requiring specific math knowledge in courses outside the math department (such as water science, surveying, physics, accounting, etc.) will receive individual instruction of mathematical topics based on their individual need. Not applicable to associate degree. Grade: Pass/No Pass. Open Entry/Open Exit.

Mathematics 080
Intermediate Algebra
Unit(s): 5.0
Class Hours: 90 Lecture total.
Prerequisite: Mathematics N55 or N60 or placement into Mathematics 080 on the Mathematics level 2 placement exam and a course equivalent to Mathematics N55 or N60.
A second course in algebra that includes systems of equations, inequalities, graphs and functions, radicals, quadratics, polynomials, rational expressions, exponential and logarithmic functions, conics, and problem solving. This course meets the prerequisites for Math 140 and 160.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Mathematics 086
Intermediate Algebra for Statistics and Liberal Arts
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics N55 or N60 or placement into
Mathematics 086 on the Mathematics level 2 placement exam and a
course equivalent to Mathematics N55 or N60.

An intermediate algebra course for students who are planning
to take Statistics or Math for Liberal Arts Students. Topics include
equations, inequalities, graphs and functions, radicals, quadratics,
polynomials, rational expressions and equations, exponential and
logarithmic functions, data analysis, and probability. Emphasis will
be on modeling and solving applications. This course is designed
for students planning to take Math 105 or Math 219. Students
planning to take Math 140 or 160 should take Math 080.

Mathematics 105
Mathematics for Liberal Arts Students
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Mathematics 080 or 086 or equivalent skills as
measured by the Mathematics Level 3 Exam and a course equivalent to
Mathematics 080 or 086.

An overview of mathematics for the liberal arts student. Topics
will include problem solving, financial management, probability,
statistics, and selected other topics such as set theory, geometry, logic,
mathematical modeling, and the history of mathematics. CSU/UC

Mathematics 140
College Algebra
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics 080 or 086 or equivalent skills as measured
by the Mathematics Level 3 Exam and a course equivalent to
Mathematics 080.

Survey of advanced topics in algebra: equations, inequalities and
functions involving polynomials, rationals, exponentials, and
logarithms with applications and graphing; sequences and series.
CSU/UC

Mathematics 150
Calculus for Biological, Management and Social Sciences
Unit(s): 5.0
Class Hours: 90 Lecture total.
Prerequisite: Mathematics 140 or placement into Mathematics
150 on the Mathematics Level 3 placement exam and a course equivalent to Mathematics 140.

Single and multi-variable calculus including limits, derivatives,
integrals, exponentials and logarithmic functions and partial
derivatives. Applications are drawn from Biology, Social Science
and Business. CSU/UC (C-ID MATH 140)

Mathematics 170
Pre-Calculus Mathematics
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics 160.

Advanced algebraic topics. Study of rational, trigonometric,
exponential and logarithmic functions, polar coordinates, and
analytic geometry. Preparation for the Calculus sequence. CSU/UC

Mathematics 171
Precalculus and Trigonometry
Unit(s): 5.0
Class Hours: 90 Lecture total.
Prerequisite: Mathematics 080 or qualifying profile from
Mathematics placement process.

Study of polynomial, rational, absolute value, exponential,
logarithmic, and trigonometric functions, their graphs and
applications. Use of trigonometric identities. Polar coordinates and
complex numbers, parametric equations, and analytic geometry. An
introduction to vectors, sequences, series, and limits. Preparation
for the Calculus sequence. CSU/UC

Mathematics 180
Single Variable Calculus I
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics 170 or equivalent skills as measured by
Mathematics Level 4 Exam and a course equivalent to Mathematics
170.

Limits and continuity, derivatives and integrals of algebraic,
trigonometric, and other transcendental functions. Applications
including extrema tests, related rates and areas. CSU/UC (C-ID
MATH 900S), (MATH 180+185), (MATH 210)

Mathematics 180H
Honors Single Variable Calculus I
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics 170 or equivalent skills as measured by
Mathematics Level 4 Exam and a course equivalent to Mathematics
170 and A high school or college GPA of 3.0 or above.

An in-depth honors level study of limits and continuity, derivatives
and integrals of algebraic, trigonometric, and transcendental
functions with the emphasis on theory and challenging problems.
Applications include extrema tests, related rates and areas. CSU/
UC (C-ID MATH 210)

Mathematics 185
Single Variable Calculus II
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics 180/180H.
Applications of integrals, including volumes, work, arc
length, and surface area. Integration techniques, differential
equations, conics, parametric equations, polar coordinates,
improper integrals, sequences and infinite series. CSU/UC
(C-ID MATH 220 ), (MATH 900S), (MATH 180 or 180H +185)

Mathematics 199
Mathematics Independent Study
Unit(s): 1.0
Class Hours: 18 Lecture total.
Prerequisite: Mathematics 080
Corequisite: Enrollment in at least one other class at either Santa
Ana College or Santiago Canyon College and must show evidence
of competence in their academic major and the area in which they
propose to do independent study. Students can increase their knowledge in particular areas of
mathematics through independent study and/or small groups under
the direction of a mathematics professor. Science, Technology,
Engineering and Mathematics (STEM) majors and future teachers
are encouraged to enroll in independent study for mathematics.
Divisional approval required. Grade: Pass/No Pass. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Mathematics 203
Fundamental Concepts of Elementary Mathematics
Unit(s): 4.0
Class Hours: 72 Lecture total, 18 Laboratory total.
Prerequisite: Mathematics 080 or 086 or qualifying profile from Mathematics placement process.

This course emphasizes problem solving techniques and mathematical structure associated with numeration, set theory, elementary number theory, the real number system, ratio, proportion and patterns. Designed for prospective elementary teachers, this course includes activity-based explorations implementing the common core state curriculum standards. **CSU/UC (C-ID MATH 120)**

Mathematics 219
Statistics and Probability
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics 080 or 086 or placement into Mathematics 219 on the Mathematics Level 3 placement exam and a course equivalent to Mathematics 080 or 086.

First course in statistical reasoning. Includes descriptive statistics, graphical displays of data, probability and sampling distributions, confidence intervals, hypothesis testing, regression, contingency tables, ANOVA, and non-parametric statistics. Includes the use of technology. **CSU/UC (C-ID MATH 110)**

---

**Mathematics Course Sequences By Career Path**

**Math/Science/Engineering/Technology (STEM)**

1. Math 171 Pre-calculus
2. Calculus Sequence
   - Math 110: Single Variable Calculus I
   - Math 185: Single Variable Calculus II
   - Math 280: Intermediate Calculus
3. Math 290 Linear Algebra
4. Math 295 Differential Equations
5. Math 287 Linear Algebra & Differential Equations

**Business**

1. Math 140 College Algebra
2. Math 150 Business Calculus

**Social Science/Liberal Arts/Teacher Education**

1. Math 105 Liberal Arts Math
2. Math 203 For Elementary Teachers
3. Math 219 or 219H Statistics and Probability

**Need help in your math class?**

ENROLL IN THE MATH SUCCESS CENTER!
- Help is available for all levels of math, including Statistics
- Staffed by qualified Instructors, Instructional Assistants, and Student Tutors
- Private Study Rooms & Quiet Room
- Workshops
- Computers available for online homework and online courses
- FREE to all Students!

**SCC Continuing Education Mathematics Courses**
All developmental Math Courses (Arithmetic through Algebra I)

- HSMTH 176: College Preparation Algebra I
- HSMTH 177: College Preparation Algebra II

**Optional SCC Developmental Mathematics Courses (Limited Offerings)**

- Math 086: Intermediate Algebra for Statistics and Liberal Arts
- Math 089: Intermediate Algebra for BSTEM

---

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Mathematics 220
Statistics and Probability with Integrated Review
Unit(s): 4.0
Class Hours: 64 Lecture total, 36 Laboratory total.
Prerequisite: Mathematics 080 or 086 or qualifying profile from the math placement process.
First course in statistical reasoning. Includes descriptive statistics, graphical displays of data, probability and sampling distributions, confidence intervals, hypothesis testing, regression, contingency tables, ANOVA, and non-parametric statistics. Includes the use of technology. A review of core mathematical skills needed to be successful in Statistics. Integrated review includes concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and critical thinking skills from descriptive statistics that are needed to understand the basics of college-level statistics. Intended for students who did not directly place into Math 219 or for students that would like to supplement their learning with prerequisite skills needed for Statistics. CSU/UC

Mathematics 280
Intermediate Calculus
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: Mathematics 185.
Vectors and three-dimensional space, functions of several variables, partial derivatives and multiple integrals. Vector calculus, Green's Theorem, Stoke's Theorem, and the Divergence Theorem. CSU/UC (C-ID MATH 230)

Mathematics 287
Introduction to Linear Algebra and Differential Equations
Unit(s): 5.0
Class Hours: 90 Lecture total.
Prerequisite: Mathematics 280.
Topics include matrices, determinants, vector spaces, linear systems of equations, linear product spaces, first and second order differential equations, systems of differential equations, and the Laplace transform. CSU/UC (C-ID MATH 910S)

Mathematics 290
Linear Algebra
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Mathematics 185
Recommended Preparation: 280 or concurrent enrollment.
Systems of linear equations, matrix algebra, matrix theory, determinants, vector spaces, inner products, orthogonality, eigenvalues, eigenvectors, linear transformations, applications, and proofs of elementary properties of linear algebra. CSU/UC (C-ID MATH 910S), (MATH 290 + MATH 295), (MATH 240)

Mathematics 290L
Linear Algebra Math Lab
Unit(s): 0.2
Class Hours: 11 Laboratory total.
Corequisite: Mathematics 290.
Students in Mathematics 290L will receive individual and/or group instruction. The course is designed to review, enhance and/or advance the students' mathematical knowledge based on their individual need in linear algebra. Grade: Pass/No Pass. Open Entry/Exit. CSU

Mathematics 295
Differential Equations
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Mathematics 280
Recommended Preparation: Adult Basic Education 008 test.
Introduction to ordinary differential equations including both quantitative and qualitative methods as well as applications from a variety of disciplines. Introduces the theoretical aspects of differential equations, including establishing when solution(s) exist, and techniques for obtaining solutions including series solutions, singular points, Laplace transforms and linear systems. CSU/UC (C-ID MATH 910S), (MATH 290 + MATH 295), (MATH 240)
MODERN LANGUAGES

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Modern Languages: Charlie Malone
Faculty: Lourdes Fajardo

Associate of Arts
Modern Languages (11925)

The Associate of Arts degree in Modern Languages is designed to meet the needs of both the student who wishes to transfer to a four-year institution and the student who wishes to achieve basic conversational ability in the language. Completion of the associate of arts degree prepares students to transfer to a four-year institution leading to a baccalaureate degree and to possible careers requiring proficiency in multiple languages.

The associate degree in modern languages requires the following:
1) Completion of a minimum of 21 units total
2) Completion of a minimum of 13 units in any one language including the courses numbered 201 and 202.
3) Completion of 5 units in a second language.
4) Completion of a minimum of 3 units of restricted electives

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Comprehension and application of grammatical structures, appropriate vocabulary, idiomatic expressions, cultural perspectives and mores of the target language to communicate orally and in writing in the target language in culturally appropriate ways.
• Synthesize, analyze and evaluate target language to derive meaning of implicit and explicit written material and spoken messages in authentic cultural context.

Major requirements*  Units
Courses in one of the languages listed below 13
Course(s) in a second language from the list below 5
Restricted Electives  3-5

French Courses
French 101, Elementary French I (5)
French 102, Elementary French II (5)
French 194, Conversation and Composition I (3)
French 201, Intermediate French I (5)
French 202, Intermediate French II (5)

Italian Courses
Italian 101, Elementary Italian I (5)
Italian 102, Elementary Italian II (5)
Italian 194, Conversation and Composition (3)
Italian 195, Advanced Conversational Italian (3)
Italian 201, Intermediate Italian I (5)
Italian 202, Intermediate Italian II (5)

Spanish Courses
Spanish 101/101H, Elementary Spanish I (5)
Spanish 101A, Elementary Spanish IA (2.5)
Spanish 102, Elementary Spanish II (5)
Spanish 110, Spanish for Spanish Speakers 1 (5)
Spanish 111, Spanish for Spanish Speakers 2 (5)
Spanish 194, Beginning Conversational Spanish (3)
Spanish 195A, Advanced Conversational Spanish (3)
Spanish 195B, Advanced Conversational Spanish (3)
Spanish 201, Intermediate Spanish I (5)
Spanish 202, Intermediate Spanish II (5)
Spanish 213, College Spanish Composition (3)

Restricted Electives:
Any course listed above in a third language (3-5)
Anthropology 100/100H Introduction to Cultural Anthropology (3)
Art 101, Survey of Western Art History I:
  Prehistory Through the Middle Ages (3)
Art 102, Survey of Western Art History II:
  Renaissance Through the Twentieth Century (3)
Chinese 101, Elementary Chinese I (5)
Chinese 102, Elementary Chinese II (5)
Communication 100/100H, Introduction to Interpersonal Communication (3)
English 102/102H, Literature and Composition (4)
English 271, Survey of World Literature I (3)
English 272, Survey of World Literature II (3)
Geography 100/100H, World Regional Geography (3)
History 101/101H, World Civilizations to the 16th Century (3)
History 102/102H, World Civilizations Since the 16th Century (3)
History 124, Mexican-American History in the United States (3)
Political Science 101/101H, American Government and Politics (3)
Political Science 220, International Politics (3)

TOTAL 21-23

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Music 061
Basic Piano Skills
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Group instruction for beginners emphasizing note reading, basic keyboard skills, and sight reading. Practice outside of class required. Practice pianos available on campus. Grade: Pass/No Pass.

Music 101
Music Appreciation
Unit(s): 3.0
Class Hours: 54 Lecture total.
Designed to increase awareness and appreciation of music from the European classical tradition in relation to general culture and history. Develops basic understanding of musical elements and deepens students’ experience of music. Recommended for non music majors. Field trips may be required. CSU/UC (C-ID MUS 100)

Music 101H
Honors Music Appreciation
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
An enriched approach designed for honors students. The European classical music tradition through study of musical elements, stylistic features, culture and history. Readings, guided listening assignments, required concert attendance and special projects. Recommended for non-music majors. Field trips may be required. CSU/UC (C-ID MUS 100)

Music 102
World Music
Unit(s): 3.0
Class Hours: 54 Lecture total.
Music from the Far East, Southeast Asia, Africa, the Middle East, Europe and the Americas. Students are guided to enjoy and to understand music from diverse cultures. Investigation of the interconnections of cultural aesthetics and musical styles. Concert attendance and assigned listening required. Field trips may be required. CSU/UC

Music 103
Jazz in America
Unit(s): 3.0
Class Hours: 54 Lecture total.
A historical survey of the development and evolution of jazz in America from its earliest roots in African and European music. The study will also include the social and economic conditions which influenced this art form. Field trips may be required. CSU/UC

Music 104
Rock Music History and Appreciation
Unit(s): 3.0
Class Hours: 54 Lecture total.
Historical survey of rock music from its beginning in the ‘50s to the present. All Rock and Pop styles will be discussed. Personalities and musical styles will be related to the sociology of the time period being studied. Field trips are required. CSU/UC

Music 112
Intermediate Voice
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Prerequisite: Music 121.
Group instruction designed to develop intermediate principles of solo and choral voice production, diction, breath control and posture. Vocal analysis of each student emphasized. Practice outside of class required. Song literature matched to student level II. Designed for both music majors and non music majors. Field trips are required. CSU/UC

Music 123
Advanced Vocal Production and Repertoire
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Prerequisite: Music 122.
Advanced principles of solo and choral vocal production. Vocal exercises and song literature in English and other languages included. Practice outside of class required. Recommended for non music majors and for music majors not studying privately. Field trips are required. CSU/UC

Music 126
Concert Chorale
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Recommended Preparation: Students should be able to repeat musical phrases given to him/her from musical instrument or from vocal singing.
Mixed chorus for general interest singers. Rehearses and performs a variety of music, including classical, folk tunes, and songs from Broadway musicals. Each semester requires performance of a variety of new repertoire. Field trips are required. May be repeated. CSU/UC

Music 127
Concert Chorale
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Recommended Preparation: Some music reading ability is recommended. Students should have one or two semesters of vocal technique class (Music 121, 122 or 123).
Rehearsal and performance of standard and current choral classic repertoire (Renaissance, Baroque, Classical, Romantic and Contemporary). Designed to train students in mixed ensemble singing. Public performance emphasized. Each semester requires performance of a variety of new and different repertoire. Designed for students who have basic singing skills. Field trips required. May be repeated. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Music 128
Masterworks Chorale
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Recommended Preparation: Some music reading ability is recommended. Students should have one or two semesters of vocal technique class (Music 121, 122 or 123).
Rehearsal and performance of standard and current masterworks repertoire. Designed to train students in oratorio ensemble singing. Public performance emphasized. Each semester requires performance of a variety of new and different repertoire. Designed for students who have basic singing skills. Field trips are required. May be repeated. CSU/UC

Music 129
Chamber Choir
Unit(s): 1.0
Class Hours: 72 Laboratory total.
Recommended Preparation: Some music reading ability is recommended. Students should have one or two semesters of vocal technique class (Music 121, 122 or 123).
Rehearsal and performance of chamber choir repertoire from various historical periods. Course designed for festival and concert performance. Each semester requires the performance of new repertoire. Field trips are required. May be repeated. CSU/UC

Music 161
Class Piano I
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Recommended Preparation: Music 163A and Students should have access to a piano or a keyboard to practice his/her assignments outside of class.
Group instruction for beginners emphasizing note reading, basic keyboard skills, chord patterns, and sight-reading. Practice outside of class required. Practice pianos available on campus. Required for music majors whose principal instrument is not piano. CSU/UC

Music 162
Class Piano II
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Recommended Preparation: Music 161 or 161.
Group instruction for those possessing basic piano skills but still classified as beginners. Emphasizes note reading, keyboard technique, chord patterns, sight-reading. Daily practice required. Practice pianos available on campus. Required for music majors whose principal instrument is not piano. CSU/UC

Music 163
Class Piano III
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Recommended Preparation: Music 162 and Students should have access to a piano or a keyboard to practice his/her assignments outside of class.
Instruction for students who have completed two semesters of piano and are ready for the intermediate level. Emphasizes building technique, sight-reading, and performance. Daily practice required. Practice pianos available on campus. CSU/UC

Music 164A
Intermediate Piano Repertoire I
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Recommended Preparation: Music 163.
Instruction for intermediate level students. Emphasizes solo material, technique, sight-reading, interpretation, and performance. Daily practice required. Practice pianos available on campus. CSU/UC

Music 164B
Intermediate Piano Repertoire II
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Recommended Preparation: Music 164A and Students should have access to a piano or a keyboard to practice his/her assignments outside of class.
Continuation of instruction for advanced intermediate level students. Emphasizes solo material, technique, sight-reading, and performance. Daily practice required. Practice pianos available on campus. CSU/UC

Music 182
Musical Ensemble
Unit(s): 1.0
Class Hours: 54 Laboratory total.
Prerequisite: Audition.
Study and performance of standard and contemporary music literature. Public concerts on campus and in community each semester. Concert tour/performance field trips may be required. May be repeated. CSU/UC

Music 185
Beginning Classical Guitar
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Recommended Preparation: Music 186.
Basic instruction in guitar technique and music nomenclature as related to performance of entry level solo and ensemble repertoire. Student must furnish nylon string guitar. CSU/UC

Music 186
Intermediate Classical Guitar
Unit(s): 1.0
Class Hours: 18 Lecture total, 18 Laboratory total.
Recommended Preparation: Music 185.
Intermediate instruction in solo, duo and trio repertoire. Emphasizes technique studies and performance styles of 18th century music. Student must provide nylon string guitar. CSU/UC

Music 187
Advanced Classical Guitar
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Recommended Preparation: Music 186.
Instruction at the advanced level in solo, duo and trio repertoire. Emphasizes advanced technical studies and etudes and performance styles of 16th through 20th century music. Student must provide nylon string guitar. CSU/UC

Music 188
Advanced Classical Guitar Technique and Repertoire
Unit(s): 1.0
Class Hours: 9 Lecture total, 27 Laboratory total.
Recommended Preparation: Music 187.
Further develops advanced technique and solo performance through study of Renaissance, Baroque, and Classic ornamentation and various performance styles of 16th through 20th century music. Student must provide nylon string guitar. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
NUTRITION & FOOD (NUTR)
Division of Mathematics and Sciences
Dean: Martin Stringer
Department Co-Chairs, Kinesiology: Lisa Camarco, Ian Woodhead

Associate in Science
Nutrition and Dietetics for Transfer (35735)
The Associate in Science in Nutrition and Dietetics for Transfer degree prepares students to transfer to a four-year institution leading to a baccalaureate degree in Nutrition and Dietetics or similar major. Completion of the degree also provides guaranteed admission with junior status to the CSU system in Nutrition and Dietetics or similar major.

Please consult a counselor regarding specific course requirements for your transfer institution.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Effectively demonstrate knowledge of nutrition science including an analysis of information sources, and an examination of the scientific method in relation to current nutrition research.
• Analyze and explain the relationship between diet, lifestyle, and health outcomes, within the framework of cultural and social influences.

A multi-cultural perspective on traditional and contemporary food choices. The class considers customs associated with food in relation to religion, health/medicine, human survival and symbolism. The impact of socio-economics, historical events, population movements, and geography are also discussed. CSU/UC

PHILOSOPHY (PHIL)
Division of Arts, Humanities and Social Sciences
Dean: David Vakil
Department Chair, Philosophy: Marcelo Pimentel
Faculty: Douglas Deaver, James Granitto, Marcelo Pimentel

Associate in Arts
Philosophy for Transfer (32042)
The Associate in Arts in Philosophy for Transfer degree prepares students to transfer to a four-year institution leading to a baccalaureate degree. Successful completion of the transfer degree in Philosophy guarantees the student acceptance to the California State University system to pursue a baccalaureate degree. The transfer degree prepares students who plan to teach philosophy, or who plan to study theology or law, and establishes a foundation for graduate studies in the areas of liberal arts, critical theory, international relations, cognitive science and specialized historical studies.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate knowledge of the discipline of philosophy.
• Demonstrate an ability to analyze and evaluate topics and problems in a way that comports with philosophical method.

A survey of historical and contemporary ideas on how to live the good life. CSU/UC (C-ID PHIL 100)

Philosophy 106H
Honors Introduction to Philosophy
Unit(s): 3.0
Class Hours: 54 Lecture total.

Prerequisite: A high school or college GPA of 3.0 or above.
An enriched approach designed for honors students in a seminar setting. A survey of historical and contemporary ideas on how to live the good life. CSU/UC (C-ID PHIL 100)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Philosophy 108
Ethics
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction to key historical and modern theories of philosophical ethics and the application of these theories to ethical issues facing society today. Assists in clarifying our thinking about morality/ethics. Course increases awareness of values in personal and contemporary issues. CSU/UC (C-ID PHIL 120)

Philosophy 110
Critical Thinking
Unit(s): 4.0
Class Hours: 72 Lecture total.
Prerequisite: English 101/101H.
College level critical thinking, reading and composition. Promotes rational self awareness, independent thinking, and improved academic expression. Examines philosophical methods of reasoning and composition, and the uses of informal logic and criticism in personal life, college, work, and democratic society. CSU/UC

Philosophy 111
Introductory Logic
Unit(s): 4.0
Class Hours: 72 Lecture total.
Beginning course in formal and applied logic. Covers cognitive language, formal argument, proof, basic propositional and predicate logic, and philosophy of logic. Emphasizes active student involvement and practical application to college life. CSU/UC (C-ID PHIL 110)

Philosophy 112
World Religions
Unit(s): 3.0
Class Hours: 54 Lecture total.
A philosophical overview of the world's great religions. Includes historical origin and growth of each religion, major doctrines, and influence. Religions dealt with include Primitive, Hinduism, Jainism, Buddhism, Taoism, Confucianism, Judaism, Christianity and Islam. CSU/UC

Philosophy 115
Philosophy of Religion
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introduction to the philosophical analysis of religious beliefs and concepts, including the nature of religion, the nature and existence of some kind of ultimate reality, the problem of evil, the meaning of religious language, the authenticity of religious experiences, the relation between religion and ethics, the relation between religion and science, and religious diversity. CSU/UC

Philosophy 118
History of Philosophy
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introduction to philosophy from a historical perspective: getting acquainted with the thoughts of the world's great philosophers. Provides a survey of the dominant philosophies of the ancient, medieval, and modern worlds. CSU/UC

Philosophy 120
Introduction to Social and Political Philosophy
Unit(s): 3.0
Class Hours: 54 Lecture total.
A critical examination of rights theory, liberty, justice, individualism, community, state power, political authority, natural law, property, social contract theory, ideology, obedience, alienation, and various forms of social order (e.g. democracy, totalitarianism, theocracy, socialism) from the perspective of social and political philosophy, including multi-cultural and feminist viewpoints and critiques. CSU/UC

PHYSICS (PHYS) & PHYSICAL SCIENCE (PSC)

Division of Mathematics and Sciences

Dean: Martin Stringer
Department Chair, Physics and Engineering: Cynthia Swift
Faculty: Craig Rutan, Cynthia Swift

Associate in Science

Physics for Transfer (31039)

The Associate in Science in Physics for Transfer degree provides a foundation in physics and mathematics for students planning to transfer into a baccalaureate program in physics or physics education. Successful completion of the transfer degree in Physics guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in Physics or a related field.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

• Perform various scientific experiments and analyze data to check agreement with theoretical predictions.
• Apply appropriate physical laws and mathematical techniques to analyze various physical situations.

TOTAL 27

It is highly recommended for students to meet with an SCC counselor to discuss other possible courses that are part of major preparation at a local CSU campus. Students are encouraged to take some additional courses, that may be articulated major preparation, prior to transfer such as Mathematics 287, Mathematics 290, Chemistry 200A, and Computer Science 120. While these additional courses are not required for this degree, completion of these courses will better prepare students for upper-division Physics courses at a CSU.

Physical Science Courses

Physical Science 100
Survey of Chemistry and Physics
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Recommended Preparation: Mathematics 080 or qualifying profile from the Mathematics placement process.

An introduction to the basic principles of physics and chemistry including matter, physical and chemical properties, energy, motion, thermodynamics, electricity and magnetism, light, atomic structure, bonding, solutions and chemical reactions. The inter-dependence of chemistry and physics will be emphasized. Designed for non-science majors, concepts are introduced in lab through inquiry and further developed during discussion. CSU/UC (C-ID PHYS 140)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Physics Courses

Physics 100
Conceptual Physics
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Recommended Preparation: Mathematics N60.
A conceptual introduction to physics. Topics include: mechanics, fluids, thermodynamics, sound, light, electricity, magnetism, and modern physics. Recommended for all students interested in a conceptual approach to physics or students planning to take more advanced courses in physics. CSU/UC

Physics 150A
Introductory Physics I
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: Mathematics 171.
A trigonometry-based physics course. Topics include: mechanics, thermodynamics, fluids, oscillatory motion, and sound. Students that have successfully completed Physics 210 or Physics 279 may not enroll in Physics 150A. CSU/UC (C-ID PHYS 105), PHYS 100S AB (PHYS 150A+150B)

Physics 150AC
Introductory Physics I - Calculus
Unit(s): 1.0
Class Hours: 18 Lecture total.
Prerequisite: Mathematics 180/180H
Corequisite: Physics 150A.
This course expands on the topics covered in Physics 150A by adding the application of calculus to problems in physics. Topics will include motion graphs, motion with non-constant acceleration, variable forces, wave motion, and thermodynamics. CSU/UC

Physics 150B
Introductory Physics II
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Prerequisite: Physics 150A.
A trigonometry-based physics course. Topics include: light, electricity, magnetism and modern physics. Students that have successfully completed Physics 211 may not enroll in Physics 150B. CSU/UC (C-ID PHYS 110), PHYS 100S AB (PHYS 150A+150B)

Physics 150BC
Introductory Physics II - Calculus
Unit(s): 1.0
Class Hours: 18 Lecture total.
Prerequisite: Physics 150A and 150AC
Corequisite: 150B.
This course expands on the topics covered in Physics 150B by adding the application of calculus to problems in physics. Topics will include electric fields, Gauss' Law, Ampere's Law, Faraday's Law, light, and quantum mechanics. CSU/UC

Physics 250A
Physics for Scientists and Engineers I
Unit(s): 5.0
Class Hours: 72 Lecture total, 54 Laboratory total.
Prerequisite: Mathematics 180/180H
Recommended Preparation: Physics 100 or High School Physics.
Principles of classical mechanics including particle dynamics, forces, work, energy, momentum, rotational motion, equilibrium, harmonic motion, gravity and fluid dynamics. This course is designed for students majoring in physical sciences and engineering. CSU/UC (C-ID PHYS 205 A), PHYS 200S ABC (PHYS 250A+250B+250C)

PHYSICS COURSE SEQUENCES

A Note to Transfer Students: Most college and universities prefer students complete an entire sequence before transferring to a four-year institution. For students planning to transfer to public universities in California (CSU & UC), please check with assist.org to determine which of the three sequences is required for your school and major. Students planning to transfer to private or out-of-state institutions should check the individual school requirements.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Physics 250B
Physics for Scientists and Engineers II
Unit(s): 5.0
Class Hours: 72 Lecture total, 54 Laboratory total.
Prerequisite: Physics 250A and Mathematics 185.
Introduces the basic principles of thermodynamics, electricity and magnetism. The main topics are the laws of thermodynamics, kinetic theory of gases, electrostatics, circuits, magnetism, electro-magnetic induction, and Maxwell’s equations. This course is designed for students majoring in physical sciences and engineering. CSU/UC (C-ID PHYS 210 B), PHYS 200S ABC (PHYS 250A+250B+250C)

Physics 250C
Physics for Scientists and Engineers III
Unit(s): 5.0
Class Hours: 72 Lecture total, 54 Laboratory total.
Prerequisite: Physics 250B
Recommended Preparation: Mathematics 280.
Introduces the basic principles of mechanical waves, sound, light, geometrical and wave optics, special relativity and quantum mechanics. This course is designed for students majoring in physical sciences and engineering. CSU/UC (C-ID PHYS 215 C), PHYS 200S ABC (PHYS 250A+250B+250C)

POLITICAL SCIENCE (POLT)

Division of Arts, Humanities and Social Sciences
Dean: David Vakil
Department Chair, Political Science: Nooshan Shekarabi
Faculty: Brenda Carpio, Cale Crammer, Michael Parrella, Narges Rabii-Rakin, Nooshan Shekarabi

Associate in Arts
Political Science for Transfer (31730)
The Associate in Arts in Political Science for Transfer degree prepares students to transfer to a four-year institution leading to a baccalaureate degree. Successful completion of the transfer degree in Political Science guarantees the student acceptance to the California State University system to pursue a baccalaureate degree that prepares students for law school, teaching, public relations, journalism, government service on the local, state and national levels, and private employment where government institutions are involved.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate critical thinking skills and formulate a thesis in a written and/or oral format.
• Demonstrate a basic knowledge of political institutions and processes of American government.
• Demonstrate how individuals by applying their political science skills can make a difference in their local communities.

Major requirements*

Students must take the following (List A):
- Political Science 201, Introduction to Comparative Politics (3)
- Political Science 220, International Politics (3)
- Political Science 230, Political Theory (3)

Select two (2) courses from the following (List B):
- Anthropology 100/100H, Introduction to Cultural Anthropology (3)
- Economics 101, Principles/Micro (3)
- Economics 102, Principles/Macro (3)
- History 101/101H, World Civilizations to the 16th Century (3)
- Political Science 221, Women in American Politics (3)
- Sociology 100/100H, Introduction to Sociology (3)

TOTAL 18

Courses

Political Science 101
American Government and Politics
Unit(s): 3.0
Class Hours: 54 Lecture total.
Study of United States national government and California state and local governments. Satisfies graduation requirement for American institutions and state requirements for California state government. CSU/UC (C-ID POLS 110)

Political Science 101H
Honors American Government and Politics
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above A high school or college GPA of 3.0 or above.
A student-oriented exploration of the historical and contemporary principles of American government and politics. Study groups and individual computer-based research focus on basic political concepts of American national and state governments. Satisfies graduation requirement for American Institutions and state requirements for California state government. CSU/UC (C-ID POLS 110)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Political Science 110  
Introduction to Political Science  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
An introduction to political science designed to familiarize students with basic political concepts, political ideologies, political systems, and subfields within political science.  
**CSU/UC**

Political Science 150  
Introduction to Model United Nations  
Unit(s): 4.0-6.0  
Class Hours: 54 Lecture total, 54-162 Laboratory total.  
Recommended Preparation: Political Science 101/101H or 220.  
**CSU**

Political Science 200  
American Political Thought  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
An inquiry into the major influences that have shaped American political thought. Emphasis is on an historical analysis of political thought contributing to contemporary politics. A thorough examination of the significance of political thought on political parties and political events is conducted.  
**CSU/UC**

Political Science 201  
Introduction to Comparative Politics  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
A study of the histories, political cultures, and governmental arrangements of various nations and regions around the world. Comparative study is made of the industrialized democracies, the former communist countries, and the developing, and non-developing countries.  
**CSU/UC (C-ID POLS 130)**

Political Science 220  
International Politics  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Introduction to basic principles and issues of international politics. Focus is on concepts of security, power, diplomacy, war, terrorism and globalization. Examines problems of rich versus poor nations in context of the new world order.  
**CSU/UC (C-ID POLS 140)**

Political Science 221  
Women in American Politics  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: Political Science 101/101H.  
A historical and philosophical study of the role women play in the politics of the United States as voters, policy makers, and activists. Attention will be devoted to topics of gender in education and the workplace, the politics of abortion, same sex marriage, and surrogate motherhood. The course will consider how race, class, age, and education affect the politicization of women.  
**CSU/UC**

Political Science 230  
Political Theory  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
The course will explore the history of political theory from Plato to the present. Such concepts as liberty, equality, power, authority and justice will be examined.  
**CSU/UC (C-ID POLS 120)**

Political Science 250  
Advanced Model United Nations  
Unit(s): 4.0-6.0  
Class Hours: 54 Lecture total, 54-162 Laboratory total.  
Prerequisite: Political Science 150.  
An advanced course in the study of the United Nations. The focus will be on mentorship of novice members, advanced research, team events training, individual events training and research for intercollegiate United Nations conferences and competitions. Non-Governmental Organizations (NGOs), Intergovernmental Organizations (IGOs), International Criminal Court (ICC), International Court of Justice (ICJ) and various other international bodies are covered. Prepares students for international current event debates, parliamentary debate and conflict resolution. Students are required to attend Model United Nations conferences. May be repeated.  
**CSU**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
PSYCHOLOGY (PSYC)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Psychology: Christine Umali Kopp
Faculty: Emma Breeden, Cari Cannon, Christine Umali Kopp

Associate in Arts

Psychology for Transfer (31041)

The Associate in Arts in Psychology for Transfer degree prepares students to transfer to a four-year institution leading to a baccalaureate degree for specialization in any of more than twenty branches of psychology including: child, clinical, personality, vocational, marriage and family counseling, industrial, mental health, and college teaching. Completion of the two-year program is appropriate for students whose vocational plans include helping people, i.e., teaching, social welfare, probation, criminology, nursing, law, and personnel work. Successful completion of the transfer degree in Psychology guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in Psychology or a related field.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

- Demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
- Respect and use critical thinking, skeptical inquiry, and when possible, the scientific approach to solve problems related to behavior and mental processes.
- Develop insight into their own and others' behavior and mental processes and apply effective strategies for self-management and self-improvement.

Major requirements*  Units

Psychology 100/100H, Introduction to Psychology 3
Psychology 220, Introduction to Research Methods in Psychology 4
Mathematics 219/219H, Statistics and Probability 4

Select one (1) course from the following (List A):

- Psychology 110, Introduction to Biological Psychology 3
- Biology 109/109H, Fundamentals of Biology 3

Select one (1) course from the following (List B):

- An additional course from List A (may not be a course used to satisfy the requirements in List A)
- Psychology 157, Introduction to Child Psychology (3)
- Child Development 107, Child Growth and Development (DS1) (3)
- Psychology 240, Introduction to Social Psychology (3)
- Sociology 240, Introduction to Social Psychology (3)

Students may not earn credit for both Sociology 240 and Psychology 240. Students may not earn credit for both Child Development 107 and Psychology 157.

Select one (1) course from the following (List C):

- Any list A or B course not already used. 3-4

(may not be a course used to satisfy the requirements in List A or B)

Anthropology 100/100H, Introduction to Cultural Anthropology (3)
Anthropology 101, Introduction to Physical Anthropology (3)
Philosophy 110, Critical Thinking (4)
Philosophy 111, Introductory Logic (4)
Psychology 160, Introduction to Lifespan Psychology (3)
Psychology 170, Multicultural Psychology (3)
Psychology 180, Psychology of Gender (3)
Psychology 230, Psychology and Effective Behavior (3)
Psychology 250, Introduction to Abnormal Psychology (3)
Sociology 100/100H, Introduction to Sociology (3)

TOTAL 20-21

Courses

Psychology 100
Introduction to Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introduction to the major theories, methods, concepts, ethical issues, and findings in the major fields in psychology including (but not limited to): research methods, biological bases of behavior, perception, learning, memory, cognition, emotion, motivation, development, personality, social, and abnormal psychology. **CSU/UC (C-ID PSY 110)**

Psychology 100H
Honors Introduction to Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
Content-enriched course for honors students emphasizing application and critical analysis of psychological concepts. An introduction to the major theories, methods, concepts, ethical issues, and findings in the major fields in psychology including (but not limited to): research methods, biological bases of behavior, perception, learning, memory, cognition, emotion, motivation, development, personality, social, and abnormal psychology. **CSU/UC (C-ID PSY 110)**

Psychology 157
Introduction to Child Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Survey of human development from conception through adolescence. Covers major theories of development (cognition, perception, language, personality, etc.) and their application to parenting, teaching, and other interactions with children. (No credit if student has taken Child Development 107.) **CSU/UC (C-ID CDEV 100)**

Psychology 160
Introduction to Lifespan Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
An overview of human development from conception through death, including biological and environmental influences. Psychological theories and research regarding physical, cognitive, social and emotional development over the lifespan will be examined. **CSU/UC (C-ID PSY 180)**

Psychology 170
Multicultural Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduces students to important issues related to cultural diversity in the field of psychology. Major areas of psychology will be explored from a multicultural perspective, including research, mental health, social psychology, and identity development. Exploration of historically underrepresented populations in the U.S. will be emphasized. **CSU/UC**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Psychology 180  
Psychology of Gender  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
This course will examine psychological research and theory on gender with consideration of sociocultural and historical influences. Topics to be covered will include, but will not be limited to, the following: gender identity development, masculinity and femininity, sexual orientation, gender roles, stereotypes, prejudice, and discrimination, as well as gender differences in physiology, communication, mental health, the workplace and relationships. Additional focus will be given to the effects of race, ethnicity, socioeconomic status and other forms of culture on gender. **CSU/UC**

Psychology 190  
Psychology of Human Sexuality  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
An overview of human sexuality through a psychological lens with additional focus on biological, sociocultural, and historical perspectives and influences. Topics to be explored will include, but will not be limited to, the following: sexual anatomy and physiological arousal; sexual attitudes and values; sexual behaviors, dysfunction, disorders and treatments; relationships and communication; interconnections to cultural identities (e.g. race, gender identity, sexual orientation, age, religion, etc.); sexual violence; contraception and pregnancy; and sexually transmitted infections and prevention. Current sex norms and various aspects of interpersonal and individual sexual adjustment will also be discussed. (No credit if a student has taken IDS 155.) **CSU/UC (C-ID PSY 130)** - *This course is an introductory overview of the field of human sexuality. Human sexuality will be examined from psychological, biological, sociocultural, and historical perspectives. Students will be encouraged to become aware of their own sexual attitudes, values, and behaviors and to evaluate the consistency of their behaviors within their own moral frameworks. Current sex norms and various aspects of interpersonal and individual sexual adjustment will be explored.*

Psychology 200  
Introduction to Biological Psychology  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Prerequisite: Psychology 100/100H.  
Explores relationships between physiological structures of the body and human behavior. Focuses on the organization and function of the brain, spinal cord, peripheral nervous system, glands, sensory and perceptual systems. Relates physiological functioning to motivated behavior, addiction, and psychological disorders. **CSU/UC (C-ID PSY 150)**

Psychology 220  
Introduction to Research Methods in Psychology  
Unit(s): 4.0  
Class Hours: 54 Lecture total, 54 Laboratory total.  
Prerequisite: Psychology 100/100H and Mathematics 219/219H.  
Emphasizes methods of study in psychology including: sound and ethical experimental design, analysis of variables contributing to experimental results, data treatment, and communicating findings. **CSU/UC (C-ID PSY 200)**

Psychology 230  
Psychology and Effective Behavior  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Application of theory and research in psychology to deal effectively with the adjustment demands of everyday life. Covers topics such as: interpersonal relationships, stress, health, time-management, and working. Includes exercises for increasing self-awareness, self-motivation, and self-management of everyday problems. **CSU/UC**

Psychology 240  
Introduction to Social Psychology  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
An exploration of individual human behavior in relation to the social environment, examining the power of the situation, social interaction and social groups. Emphasized topics will include: aggression, prejudice, attraction, attitudes, group dynamics, self-development and social cognition. (No credit if student has taken Sociology 240.) **CSU/UC (C-ID PSY 170)**

Psychology 250  
Introduction to Abnormal Psychology  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Prerequisite: Psychology 100/100H  
Recommended Preparation: English 061.  
This course is an introduction to the scientific study of psychopathology and atypical behaviors. An investigation of abnormal behavior from an integrative approach utilizing the biological, psychological and sociocultural perspectives. A comprehensive survey of theory and research in abnormal psychology with identification, etiology, intervention and prevention being presented. **CSU/UC (C-ID PSY 120)**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
PUBLIC WORKS (PBLC)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga
Facilitator: Carlos Castellanos

Associate of Science
Construction Inspection (32319)

Public Works Inspectors entering the field or advancing within the field have a designated course of study to improve their employability. Course content is specifically designed to provide the inspectors with coursework relative to the field of inspection and related responsibilities.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Be eligible for employment in high wage, high growth careers as demonstrated by the biennial review process in Construction Inspection.

Major requirements* Units
Public Works 050, Fundamentals of Public Works 3
Public Works 051, Infrastructure Construction and Maintenance 3
Public Works 061, Plan Interpretation and Cost Estimating 3
Public Works 063, Construction Materials and Testing 3
Public Works 070, Construction Inspection 3
Business 222, Business Writing 3
OR Management 122, Business Communications 3
Computer Information Systems 101, Introduction to Microsoft Office 3

Courses
Public Works 050
Fundamentals of Public Works
Unit(s): 3.0
Class Hours: 54 Lecture total.
Provides basic knowledge of Public Works, including history and development, department functions, careers opportunities and future trends. Emphasis is placed on math problems, communication and computer application.

Public Works 051
Infrastructure Construction and Maintenance
Unit(s): 3.0
Class Hours: 54 Lecture total.
Focuses on the infrastructure construction and maintenance processes of public facilities including equipment and material procurement, scheduling, financing, project management, and permitting.

Public Works 061
Plan Interpretation and Cost Estimating
Unit(s): 3.0
Class Hours: 54 Lecture total.
Reading and interpreting plans related to public works projects, including roadway, water, sewer, storm drain and traffic projects. Related concepts include basic mathematical formulas and conversions, construction materials and equipment, surveying, project management, contract documents, costing, quantifying and computer applications.

Public Works 063
Construction Materials and Testing
Unit(s): 3.0
Class Hours: 54 Lecture total.
Provides basic knowledge properties of methods of use and testing procedures of construction materials used in Public Works. Common materials of construction include portland cement concrete, masonry, timber, iron, steel, plastic, soil and bituminous materials. Optional field trip may be offered.

Public Works 067
Environmental Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Provides an overview of the processes and requirements to obtain environmental clearance for Public Works construction projects, including other non-environmental related permits. Emphasis is placed on studies as they relate to impacts and mitigations.

Public Works 068
Fundamentals of Storm Water Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Provides basic knowledge of regulatory storm water discharge permits administered by Regional Water Quality Control Board. Emphasis is placed on permit compliance requirements for contractors, business owners, residents and government agencies.

Public Works 069
Green Infrastructure Construction
Unit(s): 3.0
Class Hours: 54 Lecture total.
Presents practice of alternative methods for stormwater management. Practices to maintain healthy waters, provide environmental benefits and support sustainable communities while providing flood mitigation, energy use reduction and air quality management.

Public Works 070
Construction Inspection
Unit(s): 3.0
Class Hours: 54 Lecture total.
Certification focuses on inspection techniques and procedures for examining materials and evaluating methods used in Public Works construction projects. Emphasis is placed on evasive compliance with contract documents.

Public Works 074
Contract Administration
Unit(s): 3.0
Class Hours: 54 Lecture total.
Presents techniques, methods and processes used to manage Public Works construction projects. Emphasis placed on planning, scheduling, execution, controlling and closure, and evaluation of extra work, claims, disputed work and project documentation.

Public Works 080
Principles of Project Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Utilizing project planning tools and techniques, learn how to define, plan, execute and deliver projects of all types and sizes. Emphasizes practical application using case studies to organize, schedule and manage projects effectively. Industry guest speakers included. (Same as Business 090.)

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Public Works 085
Code Enforcement Officer
Unit(s): 3.0
Class Hours: 54 Lecture total.

This course is designed to provide academic and professional training for code enforcement personnel and/or individuals seeking employment in Public Sector Agencies such as Public works, Planning & Building, Community Development, and any municipal agency that provide code compliance dealing directly with the public. Course topics will include, Role of a Public Service employee, interdepartmental functions; Code Enforcement Officer training and inspection protocols; Understanding Public Safety Standards; Ethics and Legal Aspects; and a complete review of compliance enforcement tools used currently used in municipal government. An overview of the Health and Safety Code, International Code Council Property Maintenance and Zoning will be covered in this course.

Public Works 086
Basic Code Enforcement Officer
Unit(s): 1.0
Class Hours: 5 Lecture total, 35 Laboratory total.

This basic code enforcement class is designed to provide standardized academic and professional training for current California code enforcement officers or individuals seeking employment as a code enforcement officer. Course topics include enforcement ethics, inspection best-practices, planning and zoning, basic construction concepts, vehicle abatement, right of entry, inspection warrants, documenting investigations, and legal aspects of criminal, civil, and administrative case preparation. Grade: Pass/No Pass.

Public Works 087
Intermediate Code Enforcement Officer
Unit(s): 1.0
Class Hours: 5 Lecture total, 35 Laboratory total.

The intermediate code enforcement class is designed to provide standardized academic and professional training for current California code enforcement officers or individuals seeking employment as a code enforcement officer. Course topics include the abatement of sub-standard or hazardous buildings, hazardous materials, residential construction, use of force, self-defense and chemical agents, criminal law, and methods to collaborate with the community. Grade: Pass/No Pass.

Public Works 088
Advanced Code Enforcement Officer
Unit(s): 1.0
Class Hours: 5 Lecture total, 35 Laboratory total.

The advanced code enforcement course is designed to provide standardized academic and professional training for current California code enforcement officers or individuals seeking employment as a code enforcement officer. Course topics include effective communications, vectors and animal safety, developing staff reports and new ordinances, building, residential, mechanical, plumbing, and fire codes, and gang and drug awareness and officer safety. Optional field trips may be included. Grade: Pass/No Pass.

Public Works 089
Code Enforcement Officer-Supervision
Unit(s): 1.0
Class Hours: 5 Lecture total, 35 Laboratory total.

The supervisory code enforcement class is designed to provide standardized academic and professional training for current California code enforcement officers or individuals seeking promotion to a senior or supervising code enforcement officer. Course topics include diversity, ethics, and communication for supervisors; performance management best-practices, employment law, assertive leadership, budgets, finance, and grant administration; promoting an agency, critical incident management, strategic planning, and internal investigations. Grade: Pass/No Pass.

Public Works 110
Introduction to Microsoft Project
Unit(s): 3.0
Class Hours: 54 Lecture total.

Provides basic knowledge of how to plan a project, identify and create tasks, estimate workloads and duration, setup project schedules, maintain the schedule, assign resources, connect resources to tasks, setup a project budget, track progress utilize reports and close a project using Microsoft Project software. (Same as Computer Information Systems 110.)

Public Works 199
Cooperative Work Experience Education
Unit(s): 1.0-4.0
Class Hours: 60-300 Laboratory total.

Corequisite: Six (6) units in Public Works courses.

This course will provide students majoring in the Public Works the opportunity to apply knowledge and skills gained from college courses in an actual work setting. Students must be enrolled in a minimum of six Public Works units. Job site experience will train the student in additional job skills that will transfer classroom learning to the workplace. Credit may be accrued at the rate of one (1) to four (4) units per semester for a maximum of sixteen (16) units. Additionally, students must work 75 paid hours or 60 non-paid hours per unit earned. Grade: Pass/No Pass. Open Entry/Open Exit.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
READING (READ)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Reading: Amy Freese

The Reading program offers a comprehensive set of courses designed to help students develop and enhance reading comprehension and critical thinking skills for greater success in college courses. Reading courses assist students in building academic vocabulary, enhancing reading comprehension across disciplines and developing critical analysis and interpretation of college-level text.

Courses

Reading N96
Foundation for College Reading
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduces strategies for developing vocabulary and reading comprehension skills. Word recognition, context clues and dictionary skills are addressed. Comprehension skills such as finding main idea and supporting details, and recognizing patterns and structures are presented. Includes strategies for effective reading practices and overcoming reading anxiety.

Reading 097
Advanced College Reading
Unit(s): 3.0
Class Hours: 54 Lecture total.
Designed to expand reading comprehension, increase knowledge of academic vocabulary, develop basic critical reading skills, improve reading rate and build confidence and positive attitudes toward reading. Includes strategies for effective reading practices and overcoming reading anxiety.

Reading 101
Introduction to Academic Reading
Unit(s): 3.0
Class Hours: 54 Lecture total.
Instruction toward students' mastery of higher-level vocabulary, reading comprehension at the level of proficiency, critical evaluation of college-level text, and improvement of reading rate. CSU

Reading 102
Academic Reading
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduces a repertoire of reading strategies aimed at preparing students for comprehension of complex college-level reading material. Advanced reading strategies provide the foundation for the development of critical reading and the recognition of patterns of academic thought. Reading strategies for specific disciplines, including the Social Sciences, Business, Humanities and the Arts, Mathematics and the Natural Sciences are presented. CSU

Reading 129
Refining ESL Reading Skills
Unit(s): 1.0
Class Hours: 18 Lecture total.
Recommended Preparation: Students are advised to concurrently enroll in American College English 102.
This course is designed to help students approach low-advanced reading materials in their content area courses by introducing several effective reading strategies, such as those from the Reading Apprenticeship Project. This is a support course for American College English (ACE) courses, including: ACE 093 and ACE 102. CSU

Reading 130
Reading Strategies for Across the Curriculum
Unit(s): 1.0
Class Hours: 18 Lecture total.
Recommended Preparation: Students should be concurrently enrolled in another discipline course.
This course is designed to help students approach difficult reading materials in their content area courses by introducing several effective reading strategies, such as those from the Reading Apprenticeship Project. This is a support course for discipline specific courses. CSU

Reading 131
Reading in Apprenticeship
Unit(s): 1.0
Class Hours: 18 Lecture total.
Recommended Preparation: Students should be concurrently enrolled in an SCC Apprenticeship course.
This course is designed to help students approach challenging and varied reading tasks on topics related to Apprenticeship courses by introducing several effective reading strategies, such as those from the Reading Apprenticeship Project. This is a support course for discipline-specific courses in Career Education-Apprenticeship, which includes: Carpentry, Cosmetology, Electrician, Maintenance Mechanic, Operating Engineers, Power Lineman, and Surveying. CSU

Reading 132
Reading in Career Education
Unit(s): 1.0
Class Hours: 18 Lecture total.
Recommended Preparation: Students should be concurrently enrolled in an SCC Career Education (CE) course.
This course is designed to help students approach challenging and varied reading tasks on topics related to Career Education courses by introducing several effective reading strategies, such as those from the Reading Apprenticeship Project. This is a support course for discipline-specific courses in Career Education (CE), which includes: American Sign Language, Biotechnology, Business and Computer Related Programs, Careers in Education, Child Development, Code Enforcement, Criminal Justice, Digital Media Arts, Graphic Design, Gemology, Public Works, Real Estate, Survey/Mapping Sciences, TV/Video Communications, and Water Utility Science. CSU

Reading 134
Reading in the Social Sciences
Unit(s): 1.0
Class Hours: 18 Lecture total.
Recommended Preparation: Students should be concurrently enrolled in an SCC Cultural, Behavioral, or Social Science course.
This course is designed to help students approach challenging and varied reading tasks on topics related to Social Science areas by introducing several effective reading strategies, such as those from the Reading Apprenticeship Project. This is a support course for discipline-specific courses in Cultural, Behavioral, and Social Sciences, which includes: Anthropology, Chicano Studies, Economics, Ethnic Studies, Gender Sexuality, and Women’s Studies, Geography, History, Global Studies, International Development, Political Science, Psychology, and Sociology. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Reading 136
Reading in STEM
Unit(s): 1.0
Class Hours: 18 Lecture total.
Recommended Preparation: Students should be concurrently enrolled in an SCC STEM course.
This course is designed to help students approach challenging and varied reading tasks on topics related to STEM areas by introducing several effective reading strategies, such as those from the Reading Apprenticeship Project. This is a support course for discipline-specific courses in Science, Technology, Engineering, and Mathematics (STEM), which includes: Anatomy, Astronomy, Biology, Chemistry, Environmental Science, Geology/Earth Science, Kinesiology, Microbiology, Nutrition and Dietetics, Oceanography, Physics, and Computer Science; Aerospace, Architectural, Biomedical, Chemical, Civil, Computer, Electrical, Environmental, Geomatics, Industrial, and Mechanical Engineering; Algebra, Calculus, Liberal Arts Math, Statistics and Probability, and Trigonometry. CSU

Reading 138
Reading in the Humanities
Unit(s): 1.0
Class Hours: 18 Lecture total.
Recommended Preparation: Students should be concurrently enrolled in an SCC Humanities course.
This course is designed to help students approach challenging and varied reading tasks on topics related to the Humanities areas by introducing several effective reading strategies, such as those from the Reading Apprenticeship Project. This is a support course for discipline-specific courses in the Humanities, which includes: Art, Communication, English, Literature, Modern Languages, Performing Arts, and Philosophy. CSU

Reading 150
Critical Reading
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: English 101/101H or concurrent enrollment.
This course addresses the relationship between critical reading and critical thinking, including emphasis on the development of critical reading and thinking skills that facilitate the interpretation, analysis, criticism, and advocacy of ideas encountered in academic reading. CSU

REAL ESTATE (RE)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga
Facilitator: Alana Gates
The Associate of Science degree in Real Estate is designed for individuals interested in careers in real estate as salespersons, brokers, and real estate industry professionals including mortgage brokers, property managers, title officers, developers and as government employees. The program is intended to meet the mandatory and elective course requirements students need to pass the California Real Estate Sales Associate Exam.

Associate of Science
Real Estate (11869)
Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Be prepared to pass the California Real Estate Sales Associate Exam.
• Be prepared to obtain an entry-level job in a Real Estate field of their choice.
• Transfer to a four-year institution.

Major requirements* Units
Real Estate 102, Real Estate Principles 3
Real Estate 103, Legal Aspects of Real Estate 3
Real Estate 105, Real Estate Practice 3
Real Estate 106, Real Estate Finance 3
Real Estate 110, Real Estate Economics 3
Real Estate 112, Real Property Management 3
Real Estate 114, Appraisal Principles and Procedures 3.5
Select one (1) course from the following: 1-4
Accounting 100, Accounting for Small Business (3)
Accounting 101, Financial Accounting (4)
Real Estate 116, Residential Real Estate Appraisal (3.5)
Real Estate 117, Residential Report Writing and Case Studies (1)
Real Estate 151, Fundamentals of Escrow (3)
TOTAL 22.5-25.5

Individuals interested in obtaining a California real estate salesperson or broker license are directed to contact the State of California Bureau of Real Estate at www.dre.ca.gov to ensure they are meeting both current and their individual requirements for licensing and taking the exam.

Certificate of Achievement
Real Estate (21639)
The Certificate of Achievement in Real Estate is designed for individuals interested in careers in real estate as salespersons, brokers, and real estate industry professionals including mortgage brokers, property managers, title officers, developers and as government employees. The program is intended to meet the mandatory and elective course requirements students need to pass the California Real Estate Sales Associates Exam.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Be prepared for the California Real Estate Sales Associate Exam.
• Be prepared for an entry-level job into the Real Estate field of their choice.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Certificate requirements

Real Estate 102, Real Estate Principles 3
Real Estate 103, Legal Aspects of Real Estate 3
Real Estate 105, Real Estate Practice 3
Real Estate 106, Real Estate Finance 3
Real Estate 110, Real Estate Economics 3
Real Estate 112, Real Property Management 3
Real Estate 114, Appraisal Principles and Procedures 3.5

Select one (1) course from the following:
- Accounting 100, Accounting for Small Business (3)
- Accounting 101, Financial Accounting (4)
- Real Estate 116, Residential Real Estate Appraisal (3.5)
- Real Estate 117, Residential Report Writing and Case Studies (1)
- Real Estate 151, Fundamentals of Escrow (3)

TOTAL 22.5-25.5

Individuals interested in obtaining a California real estate salesperson or broker license are directed to contact the State of California Bureau of Real Estate at www.dre.ca.gov to ensure they are meeting both current and their individual requirements for licensing and taking the exam.

Certificate of Proficiency

Real Estate Appraisal

The Certificate of Proficiency in Real Estate Appraisal is designed for individuals interested in a career in real estate appraisal of both residential and commercial property. The program is intended to prepare students for the California real estate appraiser license exam, certified residential exam and certified general exam. As well as it provides coursework for real estate professionals.

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to
- Demonstrate and apply knowledge of methods, concepts and standards according to USPAP (Uniform Standards of Professional Appraisal Practice.)

Certificate requirements

Real Estate 102, Real Estate Principles 3
Real Estate 103, Legal Aspects of Real Estate 3
Real Estate 110, Real Estate Economics 3
Real Estate 114, Appraisal Principles and Procedures 3.5
Real Estate 116, Residential Real Estate Appraisal 3.5
Real Estate 117, Residential Report Writing and Case Studies 1

TOTAL 14

Individuals interested in obtaining a Real Estate Appraiser Trainee and Residential license or a Real Estate Appraiser Certified Residential or General license are directed to contact the California State Office of Real Estate Appraisers (OREA) at www.OREA.ca.gov to ensure they are meeting both current and their individual educational and other requirements for licensing and taking the exam.

Certificate of Proficiency

Real Estate Salesperson

The Certificate of Proficiency in Real Estate Salesperson provides students with the coursework necessary to meet the state DRE (Department of Real Estate) educational requirements that qualify an individual to sit for the Salesperson's license exam. It also includes the basic information for a successful career in real estate sales.

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to
- Demonstrate and apply knowledge of principles, procedures and practices of real estate sales according to DRE (Department of Real Estate) standards.

Certificate requirements

Real Estate 102, Real Estate Principles 3
Real Estate 105, Real Estate Practice 3
Real Estate 110, Real Estate Economics 3
Real Estate 114, Appraisal Principles and Procedures 3.5

TOTAL 12.5

Courses

Real Estate 053
Real Estate License Preparation
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Real Estate 102 or 105.
- Real estate licensure preparation. Fundamental information regarding practice of real estate with emphasis on real estate law, principles, practice, and other topics covered in the state licensure examination. Important preparation for those intending to take the California real estate salesperson's or broker's license examination.

Real Estate 102
Real Estate Principles
Unit(s): 3.0
Class Hours: 54 Lecture total.
- Provides basic information about real estate and prepares students for advanced study in specialized courses. Includes deeds, titles, agency, contracts, mathematics, finance, appraisal, escrow, leases. Required for the California real estate salesperson license. CSU

Real Estate 103
Legal Aspects of Real Estate
Unit(s): 3.0
Class Hours: 54 Lecture total.
- California real estate law including contracts, ownership, estates, easements, landlord-tenant, trust deeds, liens, agency, security devices, and land use. Applies towards: (1) required course for the California real estate salesperson licensing and (2) California real estate broker's license requirements. CSU

Real Estate 105
Real Estate Practice
Unit(s): 3.0
Class Hours: 54 Lecture total.
- Operation of the real estate business and the role of the agent. Includes listing, prospecting, sales techniques, use of current real estate forms; financing, title insurance, escrow and taxation. This course is required for the educational requirement for the California real estate salesperson license and may be applied toward the California real estate broker license requirements. CSU
Real Estate 106
Real Estate Finance
Unit(s): 3.0
Class Hours: 54 Lecture total.
Analysis of real estate financing. Covers the mortgage market, lenders, conventional and government-backed loans, processing and closing loans, foreclosures. Applies towards the partial fulfillment for the educational requirements for (1) California real estate salesperson license and (2) California real estate broker license. CSU

Real Estate 110
Real Estate Economics
Unit(s): 3.0
Class Hours: 54 Lecture total.
Covers the factors influencing real estate values. Includes business cycles, regional and community growth, influences on real estate development. Applies towards the partial fulfillment for the educational requirements for (1) California real estate salesperson license and (2) California real estate broker license. CSU

Real Estate 112
Real Property Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Principles and practices of managing residential, apartment, commercial and income properties. Covers property management, leases and contracts, collections, rent schedules, tenant selection and supervision, and budgets. Applies towards the partial fulfillment for the educational requirements for (1) California real estate salesperson license and (2) California real estate broker license. CSU

Real Estate 114
Appraisal Principles and Procedures
Unit(s): 3.5
Class Hours: 63 Lecture total.
The principles and procedures of appraisal used to estimate market values; location analysis, standards and ethics, and the sales comparison, cost, and income approaches for residential properties. Course applies 60 hours of educational instruction towards the requirements for licensure from the California Office of Real Estate Appraisal (OREA). Course is required for the appraisal licenses for Trainee, Residential, Certified Residential, and Certified General license. Course meets the requirement for the Department of Real Estate (DRE) Brokers License and qualifies as one of the required courses for the Salespersons License. CSU

Real Estate 116
Residential Real Estate Appraisal
Unit(s): 3.5
Class Hours: 63 Lecture total.
Studies in residential market analysis and highest and best use; residential appraiser site valuation and cost approach; and residential sales comparison and income approach. Course applies 60 hours of educational instruction towards the requirements for licensure from the California Office of Real Estate Appraisal (OREA). Course is required for the appraisal licenses for Trainee, Residential, Certified Residential, and Certified General license. Course meets the requirement for the Department of Real Estate (DRE) Brokers License and qualifies as one of the required courses for the Salespersons License. CSU

Real Estate 117
Residential Report Writing and Case Studies
Unit(s): 1.0
Class Hours: 18 Lecture total.
Residential report writing and case studies in appraisal to include theories, techniques, and procedures of using various residential forms and reports for appraisal. Course applies 16 hours of educational instruction towards the requirements for licensure from the California Office of Real Estate Appraisal (OREA). Course is required for the appraisal licenses for Trainee, Residential, Certified Residential, and Certified General license. CSU

Real Estate 151
Fundamentals of Escrow
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course covers the principles and current practices of the escrow process in California. Topics include terminology, documentation, escrow instructions, encumbrances, interest adjustments, reconveyance, mortgages, insurance, taxes, and fees, other processing details pertinent to the handling of an escrow from inception to closing including fiduciary and ethical responsibilities. This course is one of the elective courses for the real estate salesperson or broker license requirement as set forth by the California Bureau of Real Estate (BRE). CSU

Real Estate 171
Real Estate Cooperative Work Experience/Career Internship
Unit(s): 1.0-4.0
Class Hours: 60-300 Laboratory total.
Recommended Preparation: Real Estate 102 and 105. Through a set of learning objectives established by the student, on-the-job supervisor and instructor, students will extend their classroom-based occupational learning by working at a job related to their major and to their occupational goal. One to four units of Real Estate Cooperative Work Experience/Career Internship require 60 - 240 non-paid hours of work or 75 - 300 paid hours of work per semester. May be repeated. Open Entry/Open Exit. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
SOCIOMETRY (SOC)
Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Sociology: Tiffany Gause
Faculty: Tiffany Gause, Melissa Govea-Von Velasco, Erika Gutierrez, Shereen Siddiqui

Associate in Arts
Sociology for Transfer (30600)

The Associate in Arts in Sociology for Transfer degree is an interdisciplinary social science program providing students an understanding of interpersonal behavior and social structure, a critical appreciation of contemporary social life, and a form of reference for an analysis of human behavior. Successful completion of the transfer degree in Sociology guarantees the student acceptance to the California State University system to pursue a baccalaureate degree in Sociology or a related field.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate familiarity with the theoretical perspectives, concepts, findings, problems, institutions, history, and trends in the field of sociology.

Major requirements* Units
Mathematics 219/219H, Statistics and Probability 4
Sociology 100/100H, Introduction to Sociology 3
Sociology 116, Social Problems 3
Select two (2) courses from the following (List A): 6
Sociology 130, Relationships, Marriages, and Family Dynamics (3)
Sociology 240/Psychology 240, Introduction to Social Psychology (3)
Select one (1) course from the following (List B): 3-4
Anthropology 100 /100H, Introduction to Cultural Anthropology (3)
English 103/103H, Critical Thinking and Writing (4)
Psychology 100/100H, Introduction to Psychology (3)
Sociology 115, Death and Dying (3)
Sociology 220, Introduction to Gender and Sexualities (3)

TOTAL 19-20

Associate in Arts
Social Justice Studies: General for Transfer (37161)
The Associate in Arts in Social Justice for Transfer degree is an interdisciplinary social science and humanities program providing students an understanding of intersectional identities, marginalized groups, social structure, critical race studies, gender and women's studies, and ethnic studies through both a historic and contemporary lens. This degree will enable students to understand and critique systematic oppression within social structures. Successful completion of the transfer degree in Social Justice guarantees the student acceptance into the California State University system to pursue a baccalaureate degree in Social Justice or a related field.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate familiarity with theories and theoretical perspectives, concepts, findings, assessments, problems, institutions, history, and trends within the field of Social Justice.
• Articulate perspectives of social justice, institutional oppression, marginalized groups, intersectional identities, and social institutions

Major requirements* Units
Sociology 150, Introduction to Race and Ethnicity 3
Sociology 220, Introduction to Gender and Sexualities 3
Select one (1) course from the following (Core): 3
Chicano Studies 101, Introduction to Chicano Studies (3)
Ethnic Studies 101, Ethnic Studies (3)
Select three (3) courses from at least two (2) of the following areas (List A): 9-10
Area 1: History and Government
History 118, Social and Cultural History of the United States (3)
History 124, Mexican-American History in the United States (3)
History 127, Women in U.S. History (3)
History 132, Modern African History (3)
Political Science 221, Women in American Politics (3)
Area 2: Arts and Humanities
English 246, Survey of Chicano Literature (3)
English 278, Survey of Literature by Women (3)
History 152, Latin American History (3)
History 162, Asian Civilizations (3)
Philosophy 120, Introduction to Social and Political Philosophy (3)
Area 3: Social Science
Communication 120/120H, Intercultural Communication (3)
Communication 225/225H, Gender Communication (3)
History 240, Introduction to Peace and Conflict Studies (3)
Psychology 170, Multicultural Psychology (3)
Psychology 180, Ptoology of Gender (3)
Area 4: Quantitative Reasoning and Research Methods
Mathematics 219/219H, Statistics and Probability (4)
Sociology 120, Introduction to Sociological Research Methods (3)
Area 5: Major Preparation (may not be a course used to satisfy the core requirements)
Chicano Studies 101, Introduction to Chicano Studies (3)
Ethnic Studies 101, Ethnic Studies (3)

TOTAL 18-19

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Associate in Arts
Social Justice Studies: Chicano Studies for Transfer (37132)

The Associate of Arts in Social Justice: Chicano Studies for Transfer degree is an interdisciplinary social science and humanities program providing students an understanding of intersectional identities, marginalized groups, social structure, critical race studies, intersectional feminist studies within Chicana/o studies through both a historic and contemporary lens. This degree will enable students to understand and critique systematic oppression within social structures affecting the Chicana/o populations. Successful completion of the transfer degree in Social Justice: Chicano Studies guarantees the student acceptance into the California State University system to pursue a baccalaureate degree in Social Justice or a related field.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to
• Demonstrate familiarity with theories and theoretical perspectives, concepts, findings, assessments, problems, institutions, history, and trends within the field of Social Justice: Chicano Studies.
• Articulate theoretical perspectives of social justice in Chicano studies, institutional oppression, marginalized groups, intersectional identities, decolonialism, and social institutions.

Major requirements* Units
Chicano Studies 101, Introduction to Chicano Studies 3
Sociology 150, Introduction to Race and Ethnicity 3
Sociology 220, Introduction to Gender and Sexualities 3
Select three (3) courses from at least two (2) of the following areas (List A): 9

Area 1: History and Government
History 118, Social and Cultural History of the United States (3)
History 124, Mexican-American History in the United States (3)

Area 2: Arts and Humanities
English 246, Survey of Chicano Literature (3)
English 278, Survey of Literature by Women (3)
History 152, Latin American History (3)
History 162, Asian Civilizations (3)

Area 3: Social Science
Communication 120/120H, Intercultural Communication (3)
Psychology 170, Multicultural Psychology (3)

Area 4: Quantitative Reasoning and Research Methods
Sociology 120, Introduction to Sociological Research Methods (3)

Area 5: Major Preparation
Ethnic Studies 101, Ethnic Studies (3)
TOTAL 18

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.

Associate in Arts
Social Justice Studies: Ethnic Studies for Transfer (37162)

The Associate of Arts in Social Justice: Ethnic Studies for Transfer degree is an interdisciplinary social science and humanities program providing students an understanding of intersectional identities, marginalized groups, social structure, critical race studies, intersectional feminist studies, and ethnic studies through both a historic and contemporary lens. This degree will enable students to understand and critique systematic oppression within social structures. Successful completion of the transfer degree in Social Justice: Ethnic Studies guarantees the student acceptance into the California State University system to pursue a baccalaureate degree in Social Justice or a related field.

Learning Outcome(s)

• Demonstrate familiarity with theories and theoretical perspectives, concepts, findings, assessments, problems, institutions, history, and trends within the field of Social Justice: Ethnic Studies.
• Articulate theoretical perspectives of social justice in ethnic studies, institutional oppression, marginalized groups, intersectional identities, decolonialism, and social institutions.

Major requirements* Units
Ethnic Studies 101, Ethnic Studies 3
Sociology 150, Introduction to Race and Ethnicity 3
Sociology 220, Introduction to Gender and Sexualities 3
Select three (3) courses from at least two (2) of the following areas (List A): 9

Area 1: History and Government
History 118, Social and Cultural History of the United States (3)
History 124, Mexican-American History in the United States (3)

Area 2: Arts and Humanities
English 246, Survey of Chicano Literature (3)
English 278, Survey of Literature by Women (3)
History 152, Latin American History (3)
History 162, Asian Civilizations (3)

Area 3: Social Science
Communication 120/120H, Intercultural Communication (3)
Psychology 170, Multicultural Psychology (3)
Psychology 180, Psychology of Gender (3)

Area 4: Quantitative Reasoning and Research Methods
Sociology 120, Introduction to Sociological Research Methods (3)

Area 5: Major Preparation
Chicano Studies 101, Introduction to Chicano Studies (3)
TOTAL 18
Associate in Arts

Social Justice Studies: Gender Studies for Transfer (37133)

The Associate in Arts in Social Justice Studies: Gender Studies for Transfer degree is an interdisciplinary social science and humanities program providing students with an intersectional understanding of gender studies through both a historic and contemporary lens. This degree will enable students to use a gendered lens to understand and critique multiple forms of oppression within social structures. Successful completion of the transfer degree in Social Justice guarantees the student acceptance into the California State University System to pursue a baccalaureate degree in Social Justice or a related field.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to

• Demonstrate familiarity with gender theories, concepts, findings, assessments, problems, institutions, history, and trends within the field of Social Justice and Gender Studies.

• Articulate perspectives of social justice, institutional oppression, marginalized groups, intersectional identities, and social institutions through a gendered lens.

Major requirements* Units

| Sociology 150, Introduction to Race and Ethnicity | 3 |
| Sociology 220, Introduction to Gender and Sexualities | 3 |

Select one (1) course from the following (Core):

- Chicano Studies 101, Introduction to Chicano Studies (3)
- **OR**
- Ethnic Studies 101, Ethnic Studies (3)
- Gender, Sexuality and Women's Studies 101, Introduction to Women's Studies (3)

Select three (3) courses from at least two (2) of the following areas (List A):

| Area 1: History and Government | 9 |
| History 127, Women in U.S. History (3) |
| Political Science 221, Women in American Politics (3) |

| Area 2: Arts and Humanities | 3 |
| English 278, Survey of Literature by Women (3) |
| Philosophy 120, Introduction to Social and Political Philosophy (3) |

| Area 3: Social Science | 3 |
| Communication 225/225H, Gender Communication (3) |
| Psychology 180, Psycology of Gender (3) |

| Area 4: Quantitative Reasoning and Research Methods | 3 |
| Sociology 120, Introduction to Sociological Research Methods (3) |

| Area 5: Major Preparation (may not be a course used to satisfy the core requirements) | 3 |
| Chicano Studies 101, Introduction to Chicano Studies (3) |
| Ethnic Studies 101, Ethnic Studies (3) |
| Gender, Sexuality and Women's Studies 101, Introduction to Women's Studies (3) |
| Gender, Sexuality and Women's Studies 102, Money, Sex, and Power (3) |

TOTAL 18

Associate of Arts

Sociology (11947)

The Associate of Arts degree in Sociology is an interdisciplinary social science program providing students an understanding of interpersonal behavior and social structure, a critical appreciation of contemporary social life, a form of reference for an analysis of human behavior. Completion of the associate of arts degree prepares students to move into a curriculum at a four-year institution leading to a baccalaureate degree.

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to

• Learn to implement perspectives in dealing with social dynamics.

• Learn the application of research methods in investigating social problems.

• Understand group interaction, including gender, ethnicity, age differences, and social class.

• Learn the influence of social institutions on individuals and groups.

Major requirements* Units

| Anthropology 100/100H, Introduction to Cultural Anthropology | 3 |
| Psychology 100/100H, Introduction to Psychology | 3 |
| Sociology 100/100H, Introduction to Sociology | 3 |
| Sociology 116/116H, Social Problems | 3 |

Select two (2) courses from the following:

| Anthropology 101, Introduction to Physical Anthropology (3) |
| Anthropology 104, Language and Culture (3) |
| Mathematics 219/219H, Statistics and Probability |
| Psychology 157, Introduction to Child Psychology (3) |
| Psychology 240/Sociology 240, Introduction to Social Psychology (3) |
| Sociology 130, Relationships, Marriages, and Family Dynamics (3) |

TOTAL 18-19

Courses

Sociology 100
Introduction to Sociology
Unit(s): 3.0

Class Hours: 54 Lecture total.
The scientific study of human societies and behavior focusing on the process of social interaction, patterns of social inequality, and the influence of social institutions on individuals as members of social groups. Special emphasis provided to explain factors promoting social stability and social change. Field trips may be required.

**CSU/UC (C-ID SOCI 110)**

Sociology 100H
Honors Introduction to Sociology
Unit(s): 3.0

Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.

A seminar-style, content enriched course to provide a critical and extensive exploration of the sociological perspective, methods, and theories of social interaction, stability and change. Focuses on the importance of sociology for understanding individuals in a social context and provides a comprehensive understanding of and scientific way of thinking about society. Field trips may be required.

**CSU/UC (C-ID SOCI 110)**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Sociology 115
Death and Dying
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course includes various perspectives on death, both cross-cultural and historical. Examines beliefs, traditions, rituals and practices surrounding death in American society; health care systems (the hospital and the dying patient, hospice, etc.); death and the process of dying; biotechnics - dying in the technology age; euthanasia, suicide, funerals, grief, and bereavement; the law and death, including living wills, organ donation, and autopsies; and life after death - old and new meanings. Field trips may be required. CSU/UC

Sociology 116
Social Problems
Unit(s): 3.0
Class Hours: 54 Lecture total.
An extensive survey of contemporary social trends and problems through sociological analysis concentrating on their causes, complexities, consequences, and possible solutions. Special emphasis will be placed on the problems in the U.S. with consideration of the global perspective. Field trips may be required. CSU/UC (C-ID SOCI 115)

Sociology 120
Introduction to Sociological Research Methods
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Sociology 100/100H
Recommended Preparation: Mathematics 219/219H or Mathematics 220.
This course introduces students to the principles of sociological research and design. Students will examine the roles of variables, hypotheses, and sociological theory in research, and discuss issues of ethics in research. It will review quantitative and qualitative methods of data collection, analysis, and reporting, including survey, observational, and experimental research methods. Optional field trips may be offered. CSU/UC (C-ID SOCI 120)

Sociology 125
Introduction to Statistics in Sociology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Mathematics 080 or 086 or qualifying profile from the math placement process.
An introduction to the basic statistical methods and analyses commonly used in sociological and social justice research. Topics include: descriptive and inferential statistics usually include levels and types of measurement; measures of central tendency and dispersion; normal, t, and chi-square distributions; probability and hypothesis testing; correlation and regression. Applications of statistical software to sociology and/or other social science and social justice data required.

Sociology 125H
Honors Introduction to Statistics in Sociology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Mathematics 080 or 086 or qualifying profile from the math placement process. A high school or college GPA of 3.0 or above.
An introduction to the basic statistical methods and analyses commonly used in sociological and social justice research. Topics include: descriptive and inferential statistics usually include levels and types of measurement; measures of central tendency and dispersion; normal, t, and chi-square distributions; probability and hypothesis testing; correlation and regression. Applications of statistical software to sociology and/or other social science and social justice data required.

Sociology 130
Relationships, Marriages, and Family Dynamics
Unit(s): 3.0
Class Hours: 54 Lecture total.
In-depth examination of the sociological study of the process of developing intimate relationships leading to committed partnerships and marriages with emphasis on the intersectionality of communication, understanding relationship dynamics, parenting and reproduction, diverse family systems, familial conflict and stress, and changing familial structures. In addition, this course will determine the role of social institutions in establishing cultural norms around the development of relationships, marriages, and families. CSU/UC (C-ID SOCI 130)

Sociology 150
Introduction to Race and Ethnicity
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Sociology 100.
This course focuses on the application of sociological theories and concepts to the study of race, ethnicity, and racism within an intersectional context. It includes an examination of the cultural, political, historical, and economic practices and institutions that construct, perpetuate, or challenge racism, racialized inequalities, and interactive dynamics within and between various racial and ethnic groups. Special attention will be extended to the impacts of globalization, immigration, miscegenation, identity formation, and strategies to combat and decrease prejudice and discrimination. CSU/UC (C-ID SOCI 150)

Sociology 220
Introduction to Gender and Sexualities
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course applies sociological theory and method to the study of gender and sexuality in cross-cultural perspective. It includes historical and contemporary analysis of masculinities and femininities and their relationship to social institutions, such as the family, schools, the military, religion, mass media, and popular culture. It examines the impact of economic and political change on sexuality, and gender expectations and practices. The approach uses macro-level analysis of institutional effects on gender construction and sexuality, and micro-level analysis of socialization and "doing gender." It considers how the intersecting axis of race, class, gender, and sexuality shape individual and group experience. Field trips may be required. CSU/UC (C-ID SOCI 140)

Sociology 240
Introduction to Social Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
An exploration of the interlocking dynamics of the individual & society, and sociology. Through an examination of the power of the situation, social interaction, and social groups, topics include: aggression, prejudice, attraction, attitudes, group dynamics, self-development and social cognition. Field trips may be required. (No credit if student has taken Psychology 240.) CSU/UC (C-ID PSY 170)

Sociology 240H
Honors Introduction to Social Psychology
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: A high school or college GPA of 3.0 or above.
An exploration of the interlocking dynamics of the individual & society, and sociology. Through an examination of the power of the situation, social interaction, and social groups, topics include: aggression, prejudice, attraction, attitudes, group dynamics, self-development, and social cognition. Field trips may be required. (No credit if a student has taken Psychology 240.) CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Sociology 286
Introduction to LGBTQ Studies
Unit(s): 3.0
Class Hours: 54 Lecture total.

The Introduction to LGBTQ Studies offers an intersectional examination of issues related to the gay, lesbian, bisexual, transgender, and queer experience. Taught from the sociological perspective, this course includes historical and contemporary analyses of the LGBTQ+ community and their relationship to social institutions, and institutional power. The Introduction to LGBTQ Studies also surveys political, legal, and cultural values and actions with a focus on social justice. Field trips may be required. CSU/UC

SPANISH (SPAN)

Division of Arts, Humanities and Social Sciences
Dean: David Vakil
Department Chair, Modern Languages: Lourdes Fajardo

Associate in Arts
Spanish for Transfer (32045)

The Associate in Arts in Spanish for Transfer degree is designed for students who wish to transfer to the California State University system. Successful completion of the transfer degree in Spanish guarantees the student acceptance to the California State University campus leading to a baccalaureate degree in Spanish or similar major. The Associate in Arts in Spanish for Transfer Degree develops competence in the ability to understand, read, write and speak Spanish. In addition, it provides the foundation for student to acquire a better understanding and appreciation of the Spanish language and cultures of all Spanish speaking countries. Upon successful completion of the degree, student is also prepared to pursue a career in healthcare, law enforcement, public safety, public service, education, U.S. government, translation and/or interpreting, business, international relations, food services, teaching English in Spanish speaking countries, hospitality, travel industry, and other related fields

Learning Outcome(s)
Upon successful completion of the major requirements for this degree, students will be able to:
• Demonstrate understanding of the cultural perspectives and mores of Spanish speakers in Latin America and Spain.
• Demonstrate understanding of the Spanish language through the synthesis, analysis and evaluation of the target language to derive meaning of implicit and explicit written material and spoken messages in authentic cultural context.

Major requirements (Option 1) Units

*If student places out of any of the courses mentioned in Option 1, student will need to take additional courses from LIST A to fulfill the unit requirement.

Spanish 101/101H, Elementary Spanish I (5)

OR

Spanish 101A, Elementary Spanish IA (2.5)
Spanish 101B, Elementary Spanish IB (2.5)

AND

Spanish 102, Elementary Spanish II (5)
Spanish 201, Intermediate Spanish I 5
Spanish 202, Intermediate Spanish II 5

Major requirements (Option 2: Native Speaker) Units

In addition to the required core courses for Option 2, student will need to take additional courses from LIST A to fulfill the 23-25 unit requirement for this major.

Spanish 110, Spanish for Spanish Speakers 1 5
Spanish 111, Spanish for Spanish Speakers 2 5

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Select one (1) course from the following (List A):

- Anthropology 100/100H, Introduction to Cultural Anthropology (3)
- Chicano Studies 101, Introduction to Chicano Studies (3)
- Communications 120/120H, Introduction to Intercultural Communication (3)
- English 246, Survey of Chicano Literature (3)
- Ethnic Studies 101, Introduction to Ethnic Studies (3)
- Geography 100/100H, World Regional Geography (3)
- History 124, Mexican-American History in the United States (3)
- French 101 Elementary French 1 (5)
- Italian 101 Elementary Italian I (5)
- Sociology 100/100H Introduction to Sociology (3)
- Sociology 220 Introduction to Gender and Sexualities (3)
- Spanish 194, Beginning Conversational Spanish (3)
- Spanish 195A, Advanced Conversational Spanish (3)
- Spanish 195B, Advanced Conversational Spanish (3)
- Spanish 213, College Spanish Composition (3)

TOTAL 23-25

Courses

- **Spanish NS1**
  - **Spanish for Public Personnel**
  - Unit(s): 3.0
  - Class Hours: 54 Lecture total.
  - Designed for those needing basic Spanish conversation and vocabulary in a specific field of work, such as law enforcement, fire safety, health, and education. Includes clear and concise communication for emergency situations. Not applicable to associate degree.

- **Spanish 101**
  - **Elementary Spanish I**
  - Unit(s): 5.0
  - Class Hours: 90 Lecture total, 18 Laboratory total.
  - A college level Spanish class. Practice and integration of pronunciation, grammar, vocabulary, common idioms, listening, speaking, reading and writing techniques for the expression of ideas orally and in writing. Introduction to Hispanic culture. Spanish 101 is equivalent to two years of high school Spanish. **CSU/UC (C-ID SPAN 100)**

- **Spanish 101A**
  - **Elementary Spanish IA**
  - Unit(s): 2.5
  - Class Hours: 45 Lecture total, 8 Laboratory total.
  - Spanish class focusing on pronunciation, grammar essentials, basic vocabulary including common idioms, listening, speaking, reading and writing techniques to provide avenues for the expression of ideas orally and in writing. Introduction to Hispanic culture is included. Spanish 101A and Spanish 101B together are equivalent in units and content to Spanish 101 and equivalent to two years of high school Spanish. **CSU/UC (C-ID SPAN 100)**

- **Spanish 101B**
  - **Elementary Spanish IB**
  - Unit(s): 2.5
  - Class Hours: 45 Lecture total, 8 Laboratory total.
  - Prerequisite: Spanish 101A.
  - Spanish class focusing on pronunciation, grammar essentials, basic vocabulary including common idioms, listening, speaking, reading and writing techniques to provide avenues for the expression of ideas orally and in writing. Introduction to Hispanic culture is included. Spanish 101A and Spanish 101B together are equivalent in units and content to Spanish 101 and equivalent to two years of high school Spanish. **CSU/UC (C-ID SPAN 100) (SPAN 101A + 101B)**

- **Spanish 101H**
  - **Honors Elementary Spanish I**
  - Unit(s): 5.0
  - Class Hours: 90 Lecture total, 18 Laboratory total.
  - Prerequisite: A high school or college GPA of 3.0 or above.
  - Enhanced and intensive practice and integration of pronunciation, grammar, vocabulary, common idioms, listening, speaking, reading and writing techniques for the expression of ideas orally and in writing. Enriched introduction of Hispanic culture. Spanish 101H is equivalent to two years of high school Spanish. **CSU/UC (C-ID SPAN 100)**

- **Spanish 102**
  - **Elementary Spanish II**
  - Unit(s): 5.0
  - Class Hours: 90 Lecture total, 18 Laboratory total.
  - Prerequisite: Spanish 101/101H or 101A and 101B or two years of high school Spanish.
  - A college level Spanish class focusing on further training in language skills providing avenues for the expression of ideas orally and in writing. Additional study of Hispanic culture. Spanish 102 is equivalent to the third year of high school Spanish. **CSU/UC (C-ID SPAN 110)**

- **Spanish 110**
  - **Spanish for Spanish Speakers 1**
  - Unit(s): 5.0
  - Class Hours: 90 Lecture total.
  - The course is designed for heritage speakers of Spanish or other linguistically qualified students. It provides instruction that builds upon the existing four basic language skills: listening, speaking, reading, and writing; placing emphasis on acquiring proficiency using formal Spanish at the intermediate level. The course will also focus on language challenges particular to heritage speakers such as orthography, the inappropriate mix of English and Spanish, and contrasts between standard Spanish and regional variations. It will also increase awareness of linguistic registers, discuss items beyond the familiar routine and develop an appreciation for Hispanic cultures as manifested in Spanish speaking countries and in the United States. This course is entirely conducted in Spanish. **CSU/UC (C-ID SPAN 220)**

- **Spanish 111**
  - **Spanish for Spanish Speakers 2**
  - Unit(s): 5.0
  - Class Hours: 90 Lecture total.
  - Prerequisite: Spanish 110.
  - This course continues to provide instruction that builds upon the existing reading, writing, speaking and listening skills, with emphasis on the mastery of formal written communication at the intermediate-advanced level while integrating authentic cultural and literary readings. The course will also continue to increase awareness of linguistic registers, discuss items beyond the familiar routine and expand upon their appreciation for Hispanic cultures as manifested in Spanish speaking countries and in the United States. This course is entirely conducted in Spanish. **CSU/UC (C-ID SPAN 230)**

- **Spanish 115**
  - **Practical Communication in Spanish for Teachers**
  - Unit(s): 2.0
  - Class Hours: 36 Lecture total.
  - Recommended Preparation: Spanish 101/101H or 101B.
  - Course emphasizes development of basic reading, oral, and written communication skills in Spanish for realistic situations in a classroom environment, and familiarizes students with the culture of Spanish-speakers. **CSU**

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Spanish 194
Beginning Conversational Spanish
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Spanish 101/101H or 101B or two years of high school Spanish.

Spanish 195A
Advanced Conversational Spanish
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Spanish 102/102H.

Spanish 195B
Advanced Conversational Spanish
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Spanish 195A.

Spanish 201
Intermediate Spanish I
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Prerequisite: Spanish 102/102H or three years of high school Spanish.

Spanish 202
Intermediate Spanish II
Unit(s): 5.0
Class Hours: 90 Lecture total, 18 Laboratory total.
Prerequisite: Spanish 201 or four years of high school Spanish.

Spanish 213
College Spanish Composition
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Spanish 201 (may be taken concurrently) or three years of high school Spanish.

Survey/Mapping Sciences (SURV)
Division of Business and Career Education
Interim Dean: Elizabeth Arteaga
Facilitator: Mark Counts

The Associate of Science degree and Certificate of Achievement in Land Surveying provide the student a thorough background in land surveying and mapping in addition to an introduction to collection, manipulation, formatting and mapping of geospatial data. The successful graduate of this program will have the technical expertise necessary for an entry level position in the fields of Geographic Information Systems, Land Surveying, and Digital Photogrammetry. The program also assists those students preparing for the State Land Surveyor-In-Training and Land Surveyor’s Exams. The State Board for Professional Engineers and Land Surveyors will grant one year of experience credit for students completing an Associate Degree in Survey/Mapping Sciences.

Certificate of Achievement
Land Surveying (21668)

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
- Be prepared for careers in Geographical Information Systems, Land Surveying, and Digital Photogrammetry.

TOTAL 23

Courses

Survey/Mapping Sciences 118
Plane Surveying
Unit(s): 4.0
Class Hours: 54 Lecture total, 54 Laboratory total.
Recommended Preparation: Mathematics 160.

History of and careers in surveying. Introduction to survey measurements, distance, direction and elevations with math review. Fundamentals of traverse computations and adjustment. Recording field measurements by hand and electronically. CSU/UC

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Survey/Mapping Sciences 119  
Advanced Plane Surveying  
Unit(s): 4.0  
Class Hours: 54 Lecture total, 54 Laboratory total.  
Prerequisite: Survey/Mapping Sciences 118 or possession of a valid Certificate as a Land Surveyor-In-Training (LSIT) issued by any state.  
Recommended Preparation: Mathematics 160.  
CSU  
Survey/Mapping Sciences 155  
Introduction to Geographic Information Systems  
Unit(s): 3.0  
Class Hours: 45 Lecture total, 27 Laboratory total.  
Recommended Preparation: Familiarity with PC and Windows operating environment.  
This course introduces basic scientific principles of Geographic Information Systems (GIS) as they relate to working with data that have important spatial orientation and organization. Geographic concepts and theories are used to develop scientific methods for proper communication of the data and the solution of problems that have spatial relationships. The adaptability of GIS to a wide variety of applications useful for many disciplines is presented. The course covers basic concepts in mapping and orientation, the development of map scales and comparison of different coordinate systems and data error analysis. (Same as Geography 155.)  
CSU  
Survey/Mapping Sciences 205  
Computer Aided Drafting Fundamentals For Surveyors  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: Survey/Mapping Sciences 119.  
A first course in computer drafting with applications in land surveying specifically intended for students with land surveying training or experience.  
CSU  
Survey/Mapping Sciences 221  
Advanced Problems in Surveying I  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: Survey/Mapping Sciences 119 and Mathematics 160.  
Measurement analysis, adjustments, geodesy, state plane coordinates, global position system. Prepares students for land survey exams.  
CSU  
Survey/Mapping Sciences 222  
Advanced Problems in Surveying II  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: Survey/Mapping Sciences 119 and 221 and Mathematics 160.  
Introduction to photogrammetry emphasizing concepts and calculations. Route surveying includes horizontal and vertical curves, volume calculations and construction staking. Prepares students for land survey exams.  
CSU  
Survey/Mapping Sciences 229  
Legal Aspects of Land Surveying I  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: Survey/Mapping Sciences 119.  
Basic elements of the U.S. Public Land Survey System, including background, history, and subdivisions of sections and restoration of lost corners. Principles of preparing land descriptions for surveyors and title company personnel. Common pitfalls and how to avoid them.  
CSU  
Survey/Mapping Sciences 230  
Legal Aspects of Land Surveying II  
Unit(s): 3.0  
Class Hours: 54 Lecture total.  
Recommended Preparation: Survey/Mapping Sciences 229.  
Principles and techniques of boundary control. Interpretation of land descriptions, voluntary and involuntary transfer of property, senior rights, simultaneous conveyances, sequential conveyances, and case law pertaining to boundary disputes.  
CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
THEATRE ARTS (THEA)

Division of Arts, Humanities and Social Sciences

Dean: David Vakil
Department Chair, Performing Arts: Binh Vu

Courses

Theatre Arts 100
Introduction to Theatre
Unit(s): 3.0
Class Hours: 54 Lecture total.
An introduction to the art and concepts of theatre through a study of modern and historical theories of dramatic structure, playwriting, directing, design, and acting. Attendance at live theatre is required. CSU/UC (C-ID THTR 112)

Theatre Arts 110
Acting Fundamentals
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
A study of acting involving the development of acting techniques, styles and disciplines. Provides the student with theory and practical experience with varied characterizations. Emphasizes individual growth and acquired skills necessary to the acting craft. CSU/UC

Theatre Arts 111
Intermediate Acting
Unit(s): 3.0
Class Hours: 54 Lecture total, 18 Laboratory total.
Recommended Preparation: Theatre Arts 110.
Further study in the art of acting for the stage, investigating in-depth character study, role portrayal, special problems, and personal technique. Acting skills developed through use of exercises, monologues, and scenes from contemporary theatre. CSU/UC (C-ID THTR 152)

Theatre Arts 118
Fundamentals of Scene Study
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Recommended Preparation: Theatre Arts 110 Audition/Interview.
A continued study for the novice actor in the preparation and presentation of scenes from contemporary drama. Students prepare scenes with partners for performance and critique. Recommended for acting majors. Field trips may be required. CSU/UC

Theatre Arts 121
Beginning Performance Ensemble
Unit(s): 2.5
Class Hours: 36 Lecture total, 36 Laboratory total.
Prerequisite: Audition.
A study of the standards and expectations for an actor in auditions, casting, rehearsal and performance in a departmental production. All students will be cast in project plays for public presentation. CSU/UC

Theatre Arts 122
Beginning Production Showcase
Unit(s): 3.0
Class Hours: 36 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
A study of the performer's process in the development of a character in a live stage performance. Rehearsal and performance hours arranged. Additional hours are required for technical rehearsals, dress rehearsals and performances. CSU/UC

Theatre Arts 180A
Rehearsal and Performance: Drama - Minor/Supporting Role
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
Recommended Preparation: Theatre Arts 110.
This course provides experience in the preparation and public performance of a minor or supporting role in a dramatic theatrical production. Students will discover the complexities of working as an ensemble member, while learning to craft a role that is believable and dimensional. CSU

Theatre Arts 180B
Rehearsal and Performance: Drama - Leading Role
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
Recommended Preparation: Theatre Arts 110.
This course provides intensive experience in the preparation and public performance of a leading role in a dramatic theatrical production. Students will develop their acting techniques and personal process, while learning to negotiate the demanding responsibilities necessary to sustain them through rehearsal and production alike. CSU

Theatre Arts 181A
Rehearsal and Performance: Comedy - Minor/Supporting Role
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
Recommended Preparation: Theatre Arts 110.
This course provides experience in the preparation and public performance of a minor or supporting role in a comedic theatrical production. Students will learn the requisites of comedic performance and learn how to craft a role that is both dimensional and engaging. CSU

Theatre Arts 181B
Rehearsal and Performance: Comedy - Leading Role
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
Recommended Preparation: Theatre Arts 110.
This course provides intensive experience in the preparation and public performance of a leading role in a comedic theatrical production. Students will learn the skills and timing needed to play in diverse comedic genres while developing personal process through acquired comedic techniques. CSU

Theatre Arts 182A
Rehearsal and Performance: One-Act Plays
Unit(s): 2.0
Class Hours: 18 Lecture total, 54 Laboratory total.
Prerequisite: Audition.
Recommended Preparation: Theatre Arts 110.
This course provides experience in the preparation and public performance of one or more roles in a series of One-Act plays. Students will learn the techniques of creating and performing multiple characters and will further develop their personal performance techniques in plays of diverse styles. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Theatre Arts 182B  
Rehearsal and Performance: Original One-Act Plays  
Unit(s): 2.0  
Class Hours: 18 Lecture total, 54 Laboratory total.  
Prerequisite: Audition/Interview.  
Recommended Preparation: Theatre Arts 110.  
This course provides experience in acting, writing and/or directing in one or more original One-Act plays. Students will learn the collaborative process of developing and executing scripts, characters, concepts, and production needs of the short play format, culminating in public performance. CSU

Theatre Arts 183A  
Rehearsal and Performance: Musical - Minor/Supporting Role  
Unit(s): 2.0  
Class Hours: 18 Lecture total, 54 Laboratory total.  
Prerequisite: Audition.  
Recommended Preparation: Theatre Arts 110.  
This course provides experience in the preparation and public performance of a minor or supporting role in a Musical Theatre production. Students will learn to develop the basic acting, dance, and vocal performance skills required for Musical Theatre, while crafting a believable character when working as an ensemble member. CSU

Theatre Arts 183B  
Rehearsal and Performance: Musical - Leading Role  
Unit(s): 2.0  
Class Hours: 18 Lecture total, 54 Laboratory total.  
Prerequisite: Audition.  
Recommended Preparation: Theatre Arts 110.  
This course provides intensive experience in the preparation and public performance of a leading role in a musical theatre production. Students will continue to develop their vocal, dance, and acting skills, techniques, and personal process, while learning to negotiate the demanding responsibilities of musical theatre performance. CSU

Theatre Arts 186A  
Beginning Technical Theatre Production  
Unit(s): 2.0  
Class Hours: 18 Lecture total, 54 Laboratory total.  
Prerequisite: Interview.  
Recommended Preparation: Theatre Arts 110.  
This course is intended for students interested in hands-on training and experience in the various backstage areas of technical support for a major Theatre Arts production. Students will be part of the technical team, working with the director, stage manager, designers, and crew heads, while serving as a production crew member. CSU

Theatre Arts 186B  
Intermediate Technical Theatre Production  
Unit(s): 2.0  
Class Hours: 18 Lecture total, 54 Laboratory total.  
Prerequisite: Interview.  
Recommended Preparation: Theatre Arts 110.  
Students will gain technical theatre experience working as a crew head in one of the following production areas: Stage management, direction/associate, scenery, properties, costuming, makeup, lighting, and/or sound. CSU

Theatre Arts 186C  
Advanced Technical Theatre Production  
Unit(s): 2.0  
Class Hours: 18 Lecture total, 54 Laboratory total.  
Prerequisite: Interview.  
Recommended Preparation: Theatre Arts 110.  
This course explores the artistic and organizational techniques and practices required of a stage manager, assistant director, production manager, and designer/coordinates. Students will be involved as members of a Santiago Canyon College Theatre Arts artistic production team working on a major production. CSU

WATER UTILITY SCIENCE (WATR)

Division of Business and Career Education

Interim Dean: Elizabeth Arteaga  
Facilitator: Stephen McLean

The Associate of Science degree and Certificate of Achievement in Water Utility Science cover basic concepts in the operation of water treatment plants, controlling and monitoring water deliveries, water quality control methods, water and wastewater pumping equipment electrical systems repair, in addition to pump repair and maintenance procedures. The program is designed to train new personnel and to enable those already working in the field to upgrade their skills. Typically, the new employee starts as an entry level worker, then advances to other higher levels including lead operator, Operations and Maintenance Supervision, Superintendent and/or Manager.

Associate of Science  
Water Distribution (11907)

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

• Analyze drinking water distribution systems and practices with respect to their ability to achieve compliance with California public health standards.

Major requirements*

Courses

Water Utility Science 020
Introduction to Water Science
Unit(s): 3.0
Class Hours: 54 Lecture total.
An overview of Water Science topics including water sources and supply, water quality and regulations, water transmission and distribution, and treatment of water and wastewater. Discussions will include applicable science and math principles, current events, and Water careers. Optional field trips may be offered.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Water Utility Science 048
Wastewater Operator Exam Review
Unit(s): 0.5
Class Hours: 9 Lecture total.
Recommended Preparation: Water Utility Science 081
This course provides a comprehensive review of topics from multiple courses in the Water Utility Science program in order to prepare students for the California State Water Resources Control Board, Wastewater Treatment Operator examinations.

Water Utility Science 050
Water Mathematics and Hydraulics
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Mathematics N06 or equivalent skills as measured by the Mathematics Level 1 Exam.
Practical application of mathematics to perform unit conversions and to calculate areas, volumes, flow rates, pressures, velocities, chemical dosages and related hydraulic calculations used in water system operations.

Water Utility Science 052
Water Conservation Practitioner
Unit(s): 3.0
Class Hours: 54 Lecture total.
Theoretical and practical training in applied water use efficiency. Includes residential, commercial, and landscape customers, water uses, budgets, demand management, water audits, best management practices, rate structures, program design and management. Preparation for American Water Works Association (AWWA) Grade 1 and 2 Water Conservation Practitioner certification. Optional field trips may be offered.

Water Utility Science 053
Water Reclamation and Reuse
Unit(s): 3.0
Class Hours: 54 Lecture total.
Fundamentals of reclaimed water, includes case studies and history of reclaimed water development. Planning, design and construction of reclaimed distribution systems. Problems regarding marketing, legislation and regulations for reclaimed water. Includes microbiology and health/safety issues. Optional field trips may be offered.

Water Utility Science 054
Advanced Treatment Exam Preparation
Unit(s): 0.5
Class Hours: 9 Lecture total.
This course provides a comprehensive review of topics from multiple courses in the Water Utility Science program in order to prepare students for the California State Water Resources Control Board, Water Treatment Operator T3 and T4 examinations.

Water Utility Science 056
Treatment Exam Preparation
Unit(s): 0.5
Class Hours: 9 Lecture total.
This course provides a comprehensive review of topics from multiple courses in the Water Utility Science program in order to prepare students for the California State Water Resources Control Board, Water Treatment Operator T1 and T2 examinations.

Water Utility Science 057
Water Distribution Test Preparation
Unit(s): 0.5
Class Hours: 9 Lecture total.
This course provides a comprehensive review of topics from multiple courses in the Water Utility Science program in order to prepare students for the California State Water Resources Control Board, Water Distribution Operator D1 and D2 examinations.

Water Utility Science 059
Advanced Distribution Exam Preparation
Unit(s): 0.5
Class Hours: 9 Lecture total.
This course provides a comprehensive review of topics from multiple courses in the Water Utility Science program in order to prepare students for the California State Water Resources Control Board, Water Distribution Operator D3, D4, and D5 examinations.

Water Utility Science 060
Water Utility Maintenance and Construction
Unit(s): 3.0
Class Hours: 54 Lecture total.
Overview of procedures, equipment, tools, and terminology used in water utility maintenance and construction. Topics include related math calculations and atlas map reading. This course is intended for individuals with minimal field experience who are seeking a career in the Water Industry. Field trips may be required.

Water Utility Science 061
Water Distribution
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Water Utility Science 050 or current certification by the California State Water Resources Control Board as a Water Treatment, Water Distribution, or Wastewater Operator.
Prepares basic concepts of drinking water distribution, including water sources, water quality, and distribution system components. Water mathematics topics addressed include volume, flow rate, velocity, and chemical feeding calculations. Assists in the preparation for the California State Water Resources Control Board level D1 and D2 Water Distribution Operator certification exams. Optional field trips may be offered.

Water Utility Science 062
Advanced Water Distribution
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Water Utility Science 061.
Prerequisite: Water Utility Science 050 or current certification by the California State Water Resources Control Board as a Water Treatment, Water Distribution, or Wastewater Operator.
Prepares advanced concepts of drinking water distribution, including water quality regulations, distribution system components, maps and records, and supervisory and management topics. Advanced water mathematics topics addressed include applied system and pump hydraulics. Assists in the preparation for the California State Water Resources Control Board level D3 and D4 Water Distribution Operator certification exams. Optional field trips may be offered.

Water Utility Science 063
Electrical Wiring and Controls for Operators
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Water Utility Science 061.
Theoretical and practical skills needed to perform preventive maintenance and minor repair of basic electrical wiring and control systems used in water and wastewater facilities. Optional field trips may be offered. CSU

Water Utility Science 064
Pumps and Pumping
Unit(s): 3.0
Class Hours: 54 Lecture total.
Basic pump theory, operation, and repair. Assists operators and technicians in the design, selection, installation and maintenance of various dynamic and positive displacement pumps. Topics include pumps and pump components, hydraulics, and pumping system efficiencies. Optional field trips may be offered.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
Water Utility Science 065
Backflow Prevention Devices
Unit(s): 2.0
Class Hours: 27 Lecture total, 27 Laboratory total.
Theory, testing, and maintenance of backflow prevention devices in water systems. Prepares the journeyman plumber, plant maintenance operator, and water utility operator to become a certified tester in Orange County. Also prepares the student for American Water Works Backflow Prevention certification exam.

Water Utility Science 071
Water Treatment Fundamentals
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Water Utility Science 050 or possession of valid certification from the State Water Resources Control Board as a Water Treatment, Water Distribution, or Wastewater Treatment Operator.
Prerequisitie: Water Utility Science 071.
Examines basic principles of chemistry and microbiology, and applies them to drinking water quality and related state and federal regulations. Successful completion provides student with 48 Certification for Wastewater Professionals (CWEA) contact hours and 8 State Water Resources Control Board (SWRCB) educational points. Prepares student for CWEA Wastewater Collection System exam all Grades. Optional field trips may be offered.

Water Utility Science 072
Advanced Water Treatment
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Water Utility Science 071.
Examines advanced topics in conventional drinking water treatment processes and disinfection, as well as non-conventional treatment processes. Assists in preparation for Grade T1 and T2 Water Treatment Operator certification examination given by the California State Water Resources Control Board, Division of Drinking Water Programs. Optional field trips may be offered.

Water Utility Science 073
Water Quality
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Water Utility Science 050.
Examines basic principles of chemistry and microbiology, and applies them to drinking water quality and related state and federal regulations. Optional field trips may be offered.

Water Utility Science 074
Water Quality Laboratory Analysis
Unit(s): 2.0
Class Hours: 27 Lecture total, 27 Laboratory total.
This course will present the theory and science behind common analytical methods used in drinking water and wastewater laboratories. Pertinent principles of chemistry and biology will be explored in lecture, and actual procedures will be demonstrated and conducted in the laboratory. No previous study in laboratory sciences is required. Field trips may be required.

Water Utility Science 080
Introduction to Wastewater Treatment
Unit(s): 3.0
Class Hours: 54 Lecture total.
This course provides an overview of the basic principles of wastewater treatment including wastewater characteristics, collection systems, preliminary, primary, secondary, and tertiary treatment, wastewater recycling, and residuals handling. It is intended both for students preparing to become certified wastewater treatment operators, as well as students interested in discovering how the environmental impacts of human activities are minimized through modern wastewater treatment technologies. Field trips may be required.

Water Utility Science 081
Wastewater Treatment
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Water Utility Science 050 or possession of valid certification from the State Water Resources Control Board as a Water Treatment, Water Distribution, or Wastewater Treatment Operator.
Prerequisitie: Water Utility Science 071.
Examines advanced operating principles and techniques of conventional wastewater treatment, including preliminary, primary, and secondary treatment processes, as well as wastewater quality assessment, wastewater collection, and wastewater disposal. Successful completion provides student with 48 Certification for Wastewater Professionals (CWEA) contact hours and 8 State Water Resources Control Board (SWRCB) educational points. Prepares student for SWRCB Wastewater Treatment Plant Operator exam-Grades 1 and 2. Optional field trips may be offered.

Water Utility Science 082
Advanced Wastewater Treatment
Unit(s): 3.0
Class Hours: 54 Lecture total.
Prerequisite: Water Utility Science 081.
Examines advanced topics in conventional wastewater treatment processes and disinfection, tertiary treatment and sludge handling. Successful completion provides student with 48 Certification for Wastewater Professionals (CWEA) contact hours and 8 State Water Resources Control Board (SWRCB) educational points. Prepares student for SWRCB Wastewater Treatment Plant Operator exam-Grades 1 and 2. Optional field trips may be offered.

Water Utility Science 083
Collection Systems
Unit(s): 3.0
Class Hours: 54 Lecture total.
Examines elementary hydraulics, pipeline repair, equipment maintenance, communications, and record keeping. Successful completion provides student with 48 CWEA contact hours and 4 SWRCB educational points. Preparation for CWEA Wastewater Collection System exam all Grades. Optional field trips may be offered.

Water Utility Science 091
Cross Connection Control Specialist
Unit(s): 3.0
Class Hours: 54 Lecture total.
Introduction and methodology of establishing a cross connection control program. Includes local, state and federal regulations. Prepares students for American Water Works Association Cross Connection Control Specialist examination.

Water Utility Science 092
Water Utility Management
Unit(s): 3.0
Class Hours: 54 Lecture total.
Recommended Preparation: Completion or concurrent enrollment in Management 122 or Business 222.
This course explores various supervision and management issues of particular relevance to the Water Utility Industry, including water quality regulations, water industry regulations, employee safety programs, facilities security, emergency response, governing body interactions, and public relations. Field trips may be required.

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.*
Water Utility Science 107
California Water Resources
Unit(s): 3.0
Class Hours: 54 Lecture total.
A detailed examination of the supply and demand of water in California. Topics addressed include California geography and climate, State history and the effects of population growth, water rights, water quality, water uses, the hydrologic cycle, groundwater and surface water resources. Also addressed are the major water projects in the State and the government agencies responsible for these projects, including projects and agencies that provide water to Orange County. CSU/UC

Water Utility Science 199
Cooperative Work Experience Education
Unit(s): 1.0-4.0
Class Hours: 60-300 Laboratory total.
Prerequisite: Successful completion of 6 units in Water Utility Science.
This course is designed for students majoring in the Water Utility Science. Students must be enrolled in a minimum of six Water Utility Science units. Job site experience will train the student in additional job skills that will enhance academic learning from the classroom to the workplace. May be either paid or unpaid. May be repeated. Grade: Pass/No Pass. Open Entry/Open Exit. CSU

*Major requirements for the associate degrees are in addition to the General Education requirements found on page 39.
CONTINUING EDUCATION
# SANTIAGO CANYON COLLEGE—CONTINUING EDUCATION INSTRUCTIONAL CALENDAR

## CONTINUING EDUCATION DIVISION
### INSTRUCTIONAL CALENDAR 2019-2020

#### FALL SEMESTER 2019
- **August 12–16**: Faculty projects
- **August 19**: INSTRUCTION BEGINS
- **September 2**: Labor Day — Holiday
- **November 11**: Veterans' Day — Holiday
- **November 25–30**: Thanksgiving recess
- **December 19**: INSTRUCTION ENDS
- **December 23–January 7**: Winter recess

#### SPRING SEMESTER 2020
- **January 8–10**: Faculty projects
- **January 13**: INSTRUCTION BEGINS
- **February 14–15**: Lincoln’s Birthday — Holiday
- **February 17**: President’s Day — Holiday
- **March 30**: Cesar Chavez Day — Holiday
- **April 6–12**: OEC Spring recess*
- **May 22**: OEC Commencement
- **May 22**: INSTRUCTION ENDS
- **May 25**: Memorial Day — Holiday

#### SUMMER SESSION 2020
- **May 26**: INSTRUCTION BEGINS**
- **July 3**: Independence Day — Holiday Observed
- **August 1**: INSTRUCTION ENDS**

*OEC Spring recess dates may be adjusted to correspond to unified school district instructional calendar.

**Beginning/ending date could be adjusted

For Santiago Canyon College Instructional Calendar see page 2.

CONTINUING EDUCATION

Mission Statement
The mission of the continuing education division is to offer a variety of free, noncredit classes, programs, and services that enable students to maximize their potential by acquiring the necessary skills to reach their personal, educational, and vocational goals so that they can benefit from, and contribute to, a changing American society as productive, active members of their communities.

Santiago Canyon College
Orange Education Center
1465 North Batavia Street
Orange, CA 92867
714-628-5900

The Santiago Canyon College Orange Education Center is the major adult education service provider in the Orange area. In addition, there are other sites in which instruction is offered. These facilities provide a broad-based program which meets the educational needs of the community. Open entry/open exit classes allow students to register anytime during the school year and provide maximum flexibility in program scheduling.

For the current class schedule, please visit the website at www.sccollege.edu/oec or call the Orange Education Center at 714-628-5900.

INSTRUCTIONAL PROGRAMS

Classroom Instruction
Traditional and individualized, self-paced classroom instruction is offered in academic, vocational, and basic skills areas. The open entry/open exit format allows flexibility in planning.

Convenient Community Locations
Day and evening community locations make classes conveniently available to all adults in the district.

Weekend Classes
To meet the needs of working adults, continuing education classes are also offered Fridays and Saturdays.

Adult Basic Education (ABE)
Assists students in strengthening their skills in reading, writing, spelling, mathematics, English usage and grammar. ABE provides students with a strong educational foundation that can be used as a basis for employment preparation, entrance into high school subjects, GED preparation, HiSET preparation, and college and vocational programs.

In addition, Native Language Basic Skills for Adults assists students in acquiring basic skills in their native language in order to facilitate the transition to beginning English as a Second Language courses. This program focuses on reading, math, and writing skills, as well as classroom and community coping skills.

Adult High School Diploma Program
Accommodates adults with varied responsibilities, backgrounds, and needs who desire to earn a high school diploma or California High School Equivalency Certificate (GED/HiSET). Individualized instruction is provided so that students may take classes that fit their personal schedules, thus enabling them to work and complete high school credits at their own pace.

Short-Term Career Education Programs
Provides employment preparation focusing on specific career technical areas and on general workforce development skills. Provides certificate programs in occupational areas with high employment potential.

Citizenship
Introduces students to U.S. citizenship and the naturalization process, U.S. history, and government. Prepares students for the U.S. Citizenship and Immigration Services USCIS interview and exam.

English as a Second Language (ESL)
Provides English language instruction for speakers of languages other than English. Offers instruction in beginning through advanced levels. Core classes integrate acquisition of skills in speaking, listening, reading, and writing. Specialty classes focus on further improvement of specific skills, such as conversation, pronunciation, writing, civics, or employability. Provides certificate programs for successful completion of levels; beginning through advanced, as well as specialty courses.

Health and Safety Program
Provides courses specifically designed to offer lifelong education to promote the health, safety and well-being of individuals, families and communities.

Older Adults Program
Offers courses designed to meet specific needs of older students in a variety of areas, including music, cooking, health & wellness, manipulative skills, and discussion seminars. Many classes are offered in facilities specifically serving older adults.

Parent Education Program
Provides courses which emphasize intellectual, physical, and emotional aspects of parenting.

Substantial Disabilities
Provides courses designed to address the educational limitations of persons with a verified physical or mental impairment that substantially limits one or more major life activities.

Workforce Preparation
Provides Workforce Preparation courses focusing on the basic skills of speaking, listening, reading, writing, mathematics, decision-making, and problem solving skills that are necessary to participate in job-specific technical training.

PLEASE NOTE: Some workforce preparation courses are designed to meet the specific needs of adults with disabilities, including physical, intellectual, developmental, and learning disabilities.
ADMISSIONS AND STUDENT SERVICES

Who May Attend
Persons 18 years of age or older, or high school graduates, are eligible to enroll in continuing education classes. Students currently enrolled in secondary schools who wish to attend continuing education classes may be admitted by special request of the secondary school and approval from continuing education administration.

Where to Register
Santiago Canyon College
Orange Education Center
1465 North Batavia Street
Orange, CA 92867
Phone: 714-628-5900

Santiago Canyon College
OEC Provisional Education Facility
1937 West Chapman Avenue, 2nd Floor
Orange, CA 92868
Phone: 714-628-5900

Santiago Canyon College
8045 East Chapman Avenue
Room U-80
Orange, CA 92869
Phone: 714-628-5929

College and Workforce Preparation Center
1572 North Main Street
Orange, CA 92869
Phone: 714-628-5999

Schedule of Classes
A schedule of classes is prepared each semester which includes general information, courses offered, hours, locations and rooms. Schedules are available before registration each semester in each of the major continuing education sites and Rancho Santiago Community College District campuses. Registration is ongoing, provided there is space available in classes.

Open Enrollment
The policy of the Rancho Santiago Community College District and Santiago Canyon College is that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the college, shall be fully open to enrollment and participation by any person who has been admitted to the college, provided there is available space in classes.

Class Discontinuance Policy
Any class which does not have a total of at least 20 students enrolled by the beginning of instruction may be discontinued. Any class which does not maintain satisfactory attendance may be discontinued at anytime during the term.

Student Identification Card
Each student may obtain a student identification card upon request. For more information, please call OEC Admissions and Records Office 714-628-5900.

Textbooks and Supplies
ESL textbooks are available for purchase (cash or check, no credit cards) at the OEC Provisional Education Facility Bookstore. A complete list of ESL textbooks required for each class, along with their costs, is posted. Supplementary books and supplies are also available. Phone 714-628-5924 for additional information.

Students in classes held at Santiago Canyon College (SCC) can purchase textbooks and supplies at the Hawk Bookstore, located in A-101. For more information, phone 714-628-5900 or go to www.hawkbookstore.com.

Testing
A wide variety of academic, aptitude, vocational, interest and other assessments are provided to assist the adult in educational and career planning.

Diagnostic assessment tests are administered to advise placement for courses in English as a Second Language, Adult Basic Education, and High School Subjects.

Counseling and Guidance
Counselors are available to provide academic, career, and personal counseling in a confidential office setting. Students may seek counseling for many reasons, including planning of educational objectives, obtaining information about employment and job skills, resolving personal and family problems, examining aptitudes, interests, and achievement, finding new careers and vocational directions, and learning to adjust in a new country. Students enrolling in courses leading toward an adult high school diploma must see a counselor upon registering. Counselors are available by appointment or on a walk-in basis. For more information or to arrange an appointment, please call 714-628-5929.

Scholarships
Several scholarships are made available to continuing education ESL students and high school graduates. Selection of scholarship recipients will be based upon recommendation of teachers and counselors, financial need, academic excellence, attendance, and minimum enrollment standards. For more information, call the Counseling office at 714-628-5929.

Photography
Santiago Canyon College, a non-profit California Community College, reserves the right to use photography and video images of students and visitors, age 18 and older, taken on our property and at college-sponsored events for marketing and promotional purposes. Objection to the use of an individual’s photography may be made in writing to Public Affairs and Publications, RSCCD District Office, 2323 N. Broadway, Suite 408, Santa Ana, CA 92706.

Disabled Students Policy
The College will make reasonable accommodations for individuals with disabilities. To request services, contact the office of Disabled Students Programs and Services at 714-628-4860.

Career Services
Career information, materials, interest inventories and counseling are provided for interested students. Appointments may be made by calling 714-628-5942.

Associated Student Government
The Associated Student Government was established to provide students with government and leadership experience. Opportunities are available to become involved as student representatives. Students will learn first hand about group dynamics and decision making, event programming, and running effective meetings. Additionally, there are student clubs to join. For more information, please call 714-628-5947.

Child Development
A child development program center is available at Santiago Canyon College. There is no fee for eligible families. Arrangements may be made by calling 714-628-6952.

Transcripts
Students may obtain an official transcript of records by filing in person or mailing a request to the Admissions and Records Office, OEC Provisional Education Facility, 1937 West Chapman Avenue, 2nd Floor, Orange, CA 92868. The first two in-person transcripts will be issued without charge, thereafter, a $3 charge will be assessed for each additional transcript. All official transcripts are copies of the student’s permanent record in the Office of Admissions and Records. Only records prepared and issued directly from that office will be considered official or certified for accuracy.
A. Attendance
Students are expected to attend all class meetings. Students who are enrolled but absent on the first class session may be dropped. A student may also be dropped for excessive absences.

B. Enrollment
Students are expected to demonstrate academic progress throughout each course. Failure to meet academic goals and contracts may result in a student being dismissed from the program for more than one semester. Reentry enrollment is contingent upon a contractual agreement with the college administration.

C. Standards of Student Conduct
Guidelines for Student Conduct are set forth in the California Education Code, California Administrative Code, Title V, policies of the Board of Trustees, and all civil and criminal codes. Students enrolling in district educational programs assume an obligation to obey state law and district rules and regulations governing the conduct of students. For the complete guidelines for Student Conduct, see pages 23-24.

D. Standards of Conduct for Computer Classrooms and Computer Labs
In accordance with Board Policy (BP 3720) and Administrative Regulation (AR 3720) and in an effort to extend the life of the hardware, comply with the copyright laws, and adhere to appropriate computer network conduct and usage, standards of conduct are required of all students using computer classrooms, computer labs, and the wireless network. For the complete guidelines for Standards of Conduct for Computer Classrooms and Computer Labs, see page 24 and Computer Network Use, see page 17.

E. Academic Honesty
Students at Santiago Canyon College are expected to be honest and forthright in their academic endeavors. To falsify the results of one's research, to steal the words or ideas of another, or to cheat on an examination corrupts the essential process by which knowledge is advanced. Academic dishonesty is seen as an intentional act of fraud, in which a student seeks to claim credit for the work or efforts of another without authorization or uses unauthorized materials or fabricated information in any academic exercise. We as an institution, also consider academic dishonesty to include forgery of academic documents, intentionally impeding or damaging the academic work of others, assisting other students in acts of dishonesty or coercing students into acts of dishonesty. For procedures see page 14.

F. Disciplinary Action
Violations to any tenets within the standards of student conduct are subject to the following disciplinary actions: warning, reprimand, probation, restitution, removal, suspension or expulsion. Disciplinary actions may be imposed singly or in combination.

G. Grading Standards
<table>
<thead>

</table>

H. Credit by Examination
Credit by examination may be earned only for courses that are specifically designated as courses that are eligible for credit by examination. A student cannot take credit by examination to improve a substandard grade.

High School Diploma Courses Information for receiving credit by examination may be obtained from a continuing education counselor.

High School Subjects:
- English 066, 067, 068, 084, 098
- Mathematics 156, 157, 159, 163, 164, 165, 166
- Science 168, 169, 190, 191
- Social Sciences 215, 218, 219, 222, 229, 230

Career Technical Business Skills Courses Examinations are offered on specific dates. Students who demonstrate course competency are awarded a passing grade.

Vocational:
- Business 118, 119, 258, 260, 261, 262, 304

I. Procedures for Student Complaints Regarding Grades
1. Education Code 76224 states: “When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor for the course; and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.”

2. Procedure
   a. Student shall meet with instructor to discuss grade.
   b. If the issue is not resolved, and the student believes that the grade is based on mistake, fraud, bad faith or incompetency (EC 76224), an appeal in writing may be made to the Area Dean of Instruction and Student Services.
   c. The student may be requested to set up an appointment with the Dean of Instruction and Student Services to discuss the written complaint.
   d. The Dean of Instruction and Student Services will review the allegations and may consult with the instructor.
   e. The Dean of Instruction and Student Services will review the issue and will notify the student and instructor in writing of the decision.
   f. The decision of the Dean of Instruction and Student Services is final.
J. Complaint Procedures for Students

Students may file a complaint when they believe they have been deprived of a right granted to students by the Board of Trustees in any of the policies or regulations of the Rancho Santiago Community College District.

The purpose of these complaint procedures is to resolve differences as fairly and expeditiously as possible while preserving the rights of students and staff members.

1. Definitions

   Days: number of days refers to the days when the District offices are open.
   Committee: Continuing Education Student Complaint Committee.

2. Procedure

   a. Students shall first confer with the staff member who took action or made the ruling to which they object no later than ten days following the event which prompted the complaint.

   The Area Dean of Instruction and Student Services or designee will assist the student in arranging an appointment with the staff member.

   b. If the difference is not satisfactorily resolved, the student shall confer with the staff member's supervisor.

   The Area Dean of Instruction and Student Services or designee will assist the student and staff member’s supervisor.

   c. If the complaint is unresolved, the student may file a written statement setting forth the nature of the complaint on the prescribed form with the Area Dean of Instruction and Student Services no later than ten days after conferring with the staff member’s supervisor.

   d. The complaint form shall be completed in full and shall include a full description of the complaint, times, dates and pertinent facts, and the remedy sought by the student.

   A Student Complaint-Staff Response form will be sent to both the staff member and supervisor for completion.

   e. The Area Dean of Instruction and Student Services shall forward the completed forms to the Continuing Education Student Complaint Committee chairperson for review and recommendation.

   The committee shall have the power to make an appropriate investigation of the complaint and shall state the findings and make a recommendation.

   f. If the complaint is sustained by the committee, it will recommend appropriate action for the resolution of the complaint and communicate this in writing to the student who filed the complaint.

   If the staff member accepts the recommended action and if the student who filed the complaint is satisfied with the action, the complaint shall be considered resolved and closed.

   g. If the findings of the committee do not sustain the complaint, the committee shall communicate this finding in writing to the student who filed the complaint.

   If the student accepts this finding, the complaint shall be considered resolved and closed.

   h. If no resolution of the complaint is obtained under (f.) or (g.) above, the Area Dean of Instruction and Student Services shall forward the complaint together with findings of the committee to the Chancellor for review and decision.

   i. If this decision does not resolve the complaint in the opinion of the student, the Chancellor shall present the case to the Board of Trustees with the findings and recommendations.

   If the Board finds that the complaint is invalid, the Chancellor’s recommendation shall stand in final resolution. If the Board finds that the complaint is valid, it shall instruct the Chancellor as to how the complaint shall be resolved, and the Chancellor shall implement the Board’s decision.

K. Student Records

Under the provisions of the U.S. Department of Health, Education and Welfare, students have the right to inspect and review any of the following files:

- admissions/records
- data processing
- financial aids
- placement
- veterans

After review and exploration, students may challenge any information relating to them if they believe information to be inaccurate, misleading, or otherwise in violation of their rights of privacy or other rights. Forms for challenge are available in the Area Dean of Instruction and Student Services office.

District staff or other professionals who might have a legitimate educational interest such as counseling and carrying out the normal operations of the educational program have access to student records.

Any student has the right to file complaint with the U.S. Department of Health, Education and Welfare concerning alleged failure of the institution to comply with provisions above or Section 438 of the General Provision.

L. High School Petition Students

Secondary school students who wish to take course work in Rancho Santiago Community College District Continuing Education and have it transferred to another school must present a completed Petition for Registration in order to be considered for admission. Failure to comply fully with all conditions listed on the form may result in the immediate revocation of the petition and dismissal from Continuing Education classes.

1. Grading and Transfer of Credits: Students must satisfactorily complete all course requirements including exams, projects, papers, and attendances before credit or grades can be issued. Students are responsible for planning schedules and progress in order to earn credits in time to meet graduation deadlines in other school districts.

2. Conduct: A student’s conduct must be productive, responsible, and courteous at all times. Unacceptable behavior may result in the immediate revocation of this petition and dismissal from class. Unacceptable behavior includes, but is not limited to, excessive talking, noncompliance with rules, failure to follow instructor
directions, falsification of records, cheating or assisting others to cheat, destruction or theft of school property, disruption of classes, violence, or being under the influence of drugs or alcohol.

M. Special Rules, Regulations and Student Obligations

Because of special program characteristics, the following programs must adhere to special rules, regulations and student obligation beyond the Standard Guidelines for Student Conduct adopted by the Rancho Santiago Community College District. Students enrolled in any of the following programs are obligated to perform within those special program guidelines in order to maintain class attendance: any community-based organization or governmental agency with which the Rancho Santiago Community College District cooperates in a program offering.

N. Family Education Rights and Privacy

As required under the provisions of the Family Education Rights and Privacy Act of 1974, the Rancho Santiago Community College District will make public without student consent only certain directory information. This information consists of the following: a student’s name; city of residence; a major field; participation in officially recognized activities and sports; weight, height, and age if a member of an athletic team; dates of attendance; degree and awards received; and the most recent previous educational institution or agency attended by the student.

A student may request the Admissions and Records Office to withhold this information. Such request must be in writing and submitted each semester.

O. Use of Public School Facilities for Adult Classes

1. Alcoholic Beverages and Controlled Substances: Both by policies instituted by local Boards of Education (Garden Grove Unified School District, Orange Unified School District, Rancho Santiago Community College District and Santa Ana Unified School District) and California State Law specifically prohibit possession of alcoholic beverages and controlled substances on school premises at any time, by any person, regardless of age. Regulations also prohibit use of alcoholic beverages at school events, whether on or off the campus, or the appearance at school events while under the influence of alcoholic beverages and/or controlled substances. The penalty for violation of these regulations is immediate suspension from school, followed by expulsion, if imposed by the Board of Trustees. Additional penalties may be imposed by law enforcement agencies.

2. Smoking: Provisions of the Uniform Fire Code, Article 29, Section 29.06, Smoking Activity on School Property, state:

   “It shall be unlawful for any person or persons to engage in any smoking activity or to possess any flaming or glowing object or cause to be lighted any substance in any classroom or on school property at any time except in areas authorized by the local Board of Education.”

   The only areas authorized for smoking are outside the school buildings in a designated smoking area. There is to be No Smoking by anyone in any of the classrooms at any time. Proper containers are provided in the smoking areas for disposal of cigarettes.

3. Food and Beverages: Food and beverages are not to be brought into the classrooms at any time. Proper containers are provided for disposal of trash in designated areas.
ADULT HIGH SCHOOL DIPLOMA PROGRAM

General Information
Rancho Santiago Community College District offers a comprehensive adult high school diploma program for adults who wish to continue their formal education. The Adult High School Diploma Program at Santiago Canyon College is approved by the California Community Colleges Chancellor’s office. Santiago Canyon College is accredited by the Accrediting Commission for the Western Association of Schools and Colleges (Approval #31601).

Diplomas are issued by the Rancho Santiago Community College District to students who complete the required course of study and demonstrate proficiency in basic skills. Graduation ceremonies are traditionally held each spring at Santiago Canyon College. Students may complete the diploma program at any time during the year and receive verification of completion of requirements at that time. Courses designed to meet adult high school graduation requirements are offered in both the traditional classroom setting or in open entry/open exit self-paced individualized learning. Elective credits may be earned in continuing education classes offered in a wide variety of locations throughout the community as listed in the schedule of classes published each semester.

Counseling and Guidance
Students must see a counselor to prepare an educational plan, discuss academic and career goals, and regularly update their educational plans. Counselors are available by appointment or on a walk-in basis. For more information or to arrange an appointment, please call 714-628-5929.

Registration
The Adult High School Diploma Program is available at the Santiago Canyon College. Students may obtain a schedule of classes and enroll at any time during the fall, spring, and summer semesters. For information, call 714-628-5929

To qualify for an adult high school diploma, the candidate must meet the following requirements:

Course of Study
Adult High School Graduation Requirements
The high school diploma requires a total of 160 credits taken from the following:

<table>
<thead>
<tr>
<th>Subject Area</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>40.0</td>
</tr>
<tr>

<td>10.0</td>
</tr>
<tr>
<td>Electives</td>
<td>40.0</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>160.0</strong></td>
</tr>
</tbody>
</table>

Limitations on Enrollment
A student who has received a passing grade (A, B, C, D) for a high school course may not re-enroll in the same course. A student who has graduated from the Adult High School Diploma Program may not enroll Adult Basic Education (ABE) or high school courses without written permission from an administrator.

Residency
Residency Requirement: At least 20 of the 160 required high school credits must be completed in residence at Santiago Canyon College. Only 5 of the 20 residency credits may be challenged.

Petition for Graduation & Catalog Rights
A petition for graduation must be completed and submitted soon after the date a student completes the diploma requirements.

Students who maintain continuous enrollment have the option to meet the certificate requirements as listed in the catalog in effect at the time of first enrollment or any subsequent year.

Continuous enrollment is defined by earning a notation on a transcript (letter grade, SP, NP, or P) for at least one course during any semester, or session, within that academic year. For the purposes of the catalog, an academic year begins with the fall semester and concludes with the summer session. So long as the student remains in attendance in any one semester (fall/spring) or session (summer) per academic year, the student has the ability to elect to meet the requirements in effect at the time beginning his/her continuous enrollment or in more recent catalog years.

If a student does not earn a note on their transcript during any of the semesters, or sessions, during an academic year, then the student is no longer protected by previous certificate requirements and will be held to the additional requirements. The student must then reset their catalog rights clock to use the catalog at the time of readmission or subsequent enrollment.

In the event a loss of catalog rights due to extenuating circumstances, a student wishes to waive or substitute a requirement for certificate requirements, the student could complete the appropriate form and submit to the Exceptions for Academic Regulations (EAR) Committee for final determination.

Proficiency Requirements
Proficiency must be demonstrated in basic skills areas of reading, mathematics, and composition, according to the categories listed below:

A. Reading. Students will be required to demonstrate a minimum eighth grade reading ability as measured by a SCC Continuing Education approved reading proficiency examination.

B. Mathematics. Students will be required to demonstrate math proficiency by passing an SCC Continuing Education approved mathematics examination with a minimum score of 70%, or by passing the Math Fundamentals 2 course.

C. English Composition. Students will be required to demonstrate English composition proficiency by passing an SCC Continuing Education approved composition examination with a minimum score of 70% or by passing the Composition 2 course.

Grade Reports
1. Grade Reports: In-class progress is reported to the student in a number of ways. Tests are often given to show individual student progress.

2. Cumulative Records: The district will maintain cumulative records on each current high school diploma student.
These records may contain pertinent information necessary to aid students in educational planning. Placement tests follow-up, interest inventories, and other data contained in the cumulative record will be available for review by the student upon request.

Policies Governing Sources of Credit

A. Previous Secondary Schools

All credits earned in the 9th, 10th, 11th, and 12th grades recorded on an official transcript will be accepted except physical education credits and credits which are a duplication of course work for which credit was previously granted.

B. Trade or Business Schools

Courses taken in trade or business schools will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the Office of Private Postsecondary Education.

It is the responsibility of the student to provide to the district transcripts, certificates, and/or other records requested for the evaluation and possible awarding of credit.

C. Armed Forces Schools and/or Programs

Credit may be granted for completion of training programs and other valid educational experiences provided they have been certified by the United States Armed Forces Institute or by a statement on the service record, and provided they parallel 1) courses usually taught in secondary schools, and 2) vocational training courses with counterparts in civilian life.

This section is to be interpreted as including:

1. Officer and enlisted service school courses;
2. Off-duty classes offered by the armed forces and cooperating local institutions;
3. Correspondence courses offered by the United States Armed Forces Institute, the Marine Corps Institute, the Coast Guard Institute, and cooperating colleges and universities;
4. United States Armed Forces Institute courses and subject examinations. (Authorization for this procedure is contained in Title V, Section 99, part C, of the California Administrative Code.)

D. College Courses

College units to be used for high school credits may be evaluated in a ratio of 3 college units to 10 high school semester periods of credit. The college should be notified in writing when college credits are utilized to meet high school requirements.

College credit equivalency recommended by the American Council on Education guides will be evaluated for high school credit on the same basis as other college credit courses.

E. Correspondence Courses

Courses taken by correspondence will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the Office of Private Postsecondary Education.

It is the responsibility of the student to provide to the district transcripts, certificates, and/or other records requested for the evaluation and possible awarding of credit.

F. Adult School Courses

Courses taken at adult schools will be evaluated for possible high school credit equivalency. Courses in this category must be approved by the Office of Private Postsecondary Education.

It is the responsibility of the student to provide to the district transcripts, certificates, and/or other records requested for the evaluation and possible awarding of credit.

G. Work Experience

Students may obtain credit for certain types of full-time work experience or for work experience that can be related to high school subject matter.

In order to obtain credit for work experience, students must provide written verification from those employers with whom they have worked for at least one year.

The Continuing Education administrators or counselors will evaluate the amount of work experience credit and the area of application. Evaluation will not be made for more credits than is necessary to meet graduation requirements and which the letters of verification justify. Combined work experience credit and consumer skills task credit may not exceed 40 credits.

Verification of work experience should be obtained by the student, requesting from each employer on official letterhead stationery the following information:

1. Dates of employment.
2. Job description.
3. Nature of duties performed, indicating progress to more complex operations justifying a division into beginning and advanced skills.
5. Reason for termination of employment, if applicable.
6. The letter of self-employed students must be accompanied by a copy of the student’s business license or W-2 form.
7. Upon receipt of verification of all work experience which the student wishes to be considered for credit, evaluation will be made on the following basis:
   a. Up to 10 credits will be given for the first year of successful work experience.
   b. Up to 10 additional credits to a maximum of 40 will be granted for each additional full year of employment if the student has made successful progress each year on the job.
   c. After the initial 10 credits for the first year, student may earn 5 credits for a period of six months employment, provided there is evidence of successful progress.

H. Testing

The district may award a maximum of 80 high school credits on the basis of district approved testing.

1. Mathematics Achievement Test (ITED)
   Credit may be earned in mathematics
by obtaining a satisfactory score on the math section of the Iowa Tests of Education Development Form X5. No other subtests are accepted for credit purposes. Ten semester credits will be awarded for a raw score of 14, provided these credits are not previously earned math credits. (These 5 credits may be used to satisfy Math Fundamentals 2 requirements.) Fifteen semester credits will be awarded for a raw score of 20, provided these credits are not a duplication of previously earned math credits. (These 10 credits may be used to satisfy Math Fundamentals 2 requirements, and 5 elective credits.)

2. Subject Matter Credit by Examination

Credit by examination may be earned only for courses that are specifically designated by the division curriculum committee as courses that are eligible for credit by examination. Information for receiving this credit may be obtained from a counselor in continuing education. Only 5 of the 20 residency credits may be challenged.

I. Regional Occupational Program Courses

Credit will be determined upon receipt of an official secondary or community college transcript which indicates credit and grades as appropriate.

Guidelines for issuance of ROP credit when not on a unified school district transcript:

1. RSCCD will accept an official Grade Reporting Sheet from Central County Regional Occupational Program in lieu of a unified school district transcript provided it has a grade and a number of total hours.

2. The amount of credit issued is to be based on 16 clock hours per credit unit.

3. The maximum of 20 units toward electives will be accepted in this manner.

4. Students coming from outside the CCROP will have to validate their credits only through an official school district transcript.

J. Other Electives

1. Learning Skills

A maximum of 40 credits in Learning Skills will be allowed toward high school graduation credit in the elective area, including work experience.

2. English as a Second Language (ESL)

A maximum of 10 elective high school diploma credits may be awarded to students who pass English as a Second Language 304, 305, or 306.

3. Adult Basic Education (ABE)

A maximum of 20 high school elective credits may be granted when students pass all or parts of the required ABE exit tests.
CAREER DEVELOPMENT & COLLEGE PREPARATION CERTIFICATES

NONCREDIT COURSE DESCRIPTIONS

Continuing education courses are listed by subject on the following pages. Course numbers are listed at the beginning of each course title.

Open entry/open exit courses are noted in the course descriptions. Students may enroll at any time in these courses and begin class immediately, provided there is space available. Students progress at their own rate and may exit from the class at any time upon satisfactory completion of the required work.

All credits listed are high school credits. Ten high school credits represent a minimum of 144 hours of study. In open entry/open exit courses, students earn credits by meeting individual competency-based objectives.

Some courses offer a certificate of course completion upon completion of all course requirements. A certificate of course completion does not appear on the official transcript.

Completion of Career Development and College Preparation (CDCP) program coursework appears on the student transcript. In addition, the student may request an official program certificate be issued for successful completion of all CDCP program coursework.

The class schedule should be consulted for current offerings.

ADULT BASIC EDUCATION (ABE)

Division of Continuing Education

Dean: Joanne Armstrong
Department Chair: Jolene Shields
Coordinators: Elaine Pham, Denise Salcido

Certificate of Competency
Adult Basic Education (33421)

The Certificate of Competency in Adult Basic Education is designed to prepare students for basic reading, writing, spelling, and math skills used in the Adult High School Diploma Program, General Education Development (GED) Preparation, and college courses.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
- Demonstrate proficient skills in basic writing, mathematics, reading and spelling used in high school courses, GED Preparation, and college courses.

Courses

Adult Basic Education 009
Academic Skills
Credit(s): 5.0-20.0
Class Hours: 72-288 Lecture total.
Recommended Preparation: English as a Second Language 460 or higher and/or placement by counselor assessment.

Adult Basic Education 011
Native Language Basic Skills for Adults
Credit(s): 0
Class Hours: 216 Lecture total.
Prepares students for Adult High School Diploma courses, job training, or college credit classes. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.

Adult Basic Education 023
Adult Basic Education Reading
Credit(s): 5.0
Class Hours: 72 Lecture total.
Instructs students in basic skills, including reading, writing, spelling, and mathematics. Prepares students to take High School Subjects courses, job training, or college credit classes. Grade: Pass/No Pass. Open Entry/Open Exit.

Adult Basic Education 024
Adult Basic Education Mathematics
Credit(s): 5.0
Class Hours: 72 Lecture total.
Instructs students in basic reading and functional literacy skills. Prepares students for Adult High School Diploma courses, job training, or the California High School Equivalency Certificate course. Grade: Pass/No Pass. Open Entry/Open Exit.

Adult Basic Education 025
Adult Basic Education Mathematics
Credit(s): 5.0
Class Hours: 72 Lecture total.
Instructs students in basic writing and functional literacy skills. Prepares students for Adult High School Diploma courses, job training, or the California High School Equivalency Certificate course. Grade: Pass/No Pass. Open Entry/Open Exit.
Adult Basic Education 026
Adult Basic Education Spelling
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides students with a multisensory approach to improving English spelling skills. Emphasizes phonetic structures using workbooks and audio lessons. Prepares students for Adult High School Diploma courses, job training, or the California High School Equivalency Certificate course. Grade: Pass/No Pass. Open Entry/Open Exit.

Courses

**ENGLISH AS A SECOND LANGUAGE (ESL)**

**English as a Second Language 010**

ESL Writing

Credit(s): 0

Class Hours: 72 Lecture total.

Introduces non-native English speakers to an overview of the writing process including activities to improve student composition skills. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 120**

ESL Civics

Credit(s): 0

Class Hours: 144 Lecture total.

Recommended Preparation: English as a Second Language 430 or equivalent.

Provides development in listening, speaking, reading, and writing English within the context of history and government in preparation for the United States Citizenship Examination. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 250**

Seminar for Beginning ESL Students

Credit(s): 0

Class Hours: 72 Lecture total.

Provides instruction in English language skills (reading, writing, listening, speaking) on topics of concern to English as a Second Language students. Students will use teamwork and communication skills to enhance learning. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 260**

Seminar for Intermediate ESL Students

Credit(s): 0

Class Hours: 72 Lecture total.

Provides instruction in intermediate English language skills (reading, writing, listening, speaking) on topics of concern to English as a Second Language students. Students will use teamwork and communication skills to enhance learning. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 270**

Seminar for Advanced ESL Students

Credit(s): 0

Class Hours: 72 Lecture total, 72 Hours Arranged.

Recommended Preparation: English as a Second Language 304 or equivalent.

Provides instruction in advanced English language skills (reading, writing, listening, speaking) and related digital literacy skills, on topics of value and importance to Advanced English as a Second Language students. Students will use teamwork, communication, critical thinking and creative thinking skills to enhance learning. Field trips may be included. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 300**

Literacy

Credit(s): 0

Class Hours: 216 Lecture total.

This is an ESL class for students who are not yet literate in English. Emphasizes communicative competence and basic functional language skills to meet immediate communication needs, including verbal and nonverbal strategies. Develops the ability of second language learners to recognize and read letters and numbers, copy and produce the alphabet, numerals, and simple personal information. The first of seven Integrated ESL core courses. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 301**

Beginning Low

Credit(s): 0

Class Hours: 216 Lecture total.

Recommended Preparation: English as a Second Language 300 or equivalent.

For students with some literacy in English. Emphasizes language skills in everyday situations and immediate needs of adult English learners, focusing on listening comprehension and beginning oral production of simple conversations, reading of practiced words and phrases, and completing simple writing tasks in the context of school, work and community. The second of seven Integrated ESL core courses. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 302**

Beginning High

Credit(s): 0

Class Hours: 216 Lecture total.

Recommended Preparation: English as a Second Language 301 or equivalent.

Emphasizes comprehending and participating in simple conversations, communicating survival needs, and reading and performing written tasks in the context of college and career readiness and civic participation. The third of seven Integrated ESL core courses. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 303**

Intermediate Low

Credit(s): 0

Class Hours: 216 Lecture total.

Recommended Preparation: English as a Second Language 302 or equivalent.

Emphasizes comprehending and participating in conversations, communicating needs and opinions, reading from academic and informational text, and performing written tasks. Exposes students to authentic spoken and written content, to prepare students for college, the workplace, and civic participation. The fourth of seven Integrated ESL core courses. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.

**English as a Second Language 304**

Intermediate High

Credit(s): 0

Class Hours: 216 Lecture total.

Recommended Preparation: English as a Second Language 303 or equivalent.

Emphasizes expanding oral language, critical and creative thinking skills in English, and reading comprehension of authentic academic and informational text. Written tasks focus on academic and workforce preparation, as well as increased community and civic participation. The fifth of seven Integrated ESL core courses. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.
English as a Second Language 305
Advanced Low
Credit(s): 0
Class Hours: 216 Lecture total.
Recommended Preparation: English as a Second Language 304 or equivalent.
Emphasizes higher-level language skills, reading passages with increased understanding and analysis, and improving academic and informational writing skills. Prepares students for academic and workforce success and increased civic participation. Five high school elective credits may be granted. The sixth of seven Integrated ESL core courses. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 306
Advanced High
Credit(s): 0
Class Hours: 216 Lecture total.
Recommended Preparation: English as a Second Language 305 or equivalent.
Prepares students for academic and workforce success and civic participation. Emphasizes high-level language skills, conversations that convey complex thought patterns, and reading and writing strategies. This course uses authentic academic, informational and technical reading materials that expand the use of creative and critical thinking skills. Five high school elective credits may be granted. The seventh course out of seven Integrated ESL core courses. Optional field trips may be offered. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 399
ESL Literacy
Credit(s): 0
Class Hours: 216 Lecture total.
Develops the ability of second language learners to recognize and read letters and numbers, copy/produce the alphabet, numerals, and simple personal information. This is the first course in the Continuing Education ESL continuum. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 410
Beginning ESL 1
Credit(s): 0
Class Hours: 216 Lecture total.
Emphasizes listening comprehension and beginning oral production of simple conversations, reading of practiced words and phrases, and prewriting tasks. This is the second course in the Continuing Education ESL continuum. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 420
Beginning ESL 2
Credit(s): 0
Class Hours: 216 Lecture total.
Emphasizes comprehending simple conversations, communicating survival needs, reading phrases and simple sentences, and performing communicative written tasks. This is the third course in the Continuing Education ESL continuum. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 430
Beginning ESL 3
Credit(s): 0
Class Hours: 216 Lecture total.
Emphasizes comprehending, participating in, and sustaining simple conversations, reading short passages with understanding, and producing short written passages. This is the fourth course in the Continuing Education ESL continuum. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 440
Beginning 1-3 Multilevel
Credit(s): 0
Class Hours: 216 Lecture total.
Provides instruction for students in various levels of beginning English proficiency. Emphasizes speaking, listening, reading, and writing in familiar contexts. Recommended for students in Beginning ESL levels 1-3. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 460
Intermediate ESL 1
Credit(s): 0
Class Hours: 216 Lecture total.
Emphasizes creative oral language activities, initial critical thinking skills in reading comprehension, and written tasks which begin to focus on academic skills. This is the fifth course in the Continuing Education ESL continuum. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 470
Intermediate ESL 2
Credit(s): 0
Class Hours: 216 Lecture total.
Emphasizes understanding higher level language activities, reading passages with increased understanding, and increasing focus on creative and academic writing tasks. This is the sixth course in the Continuing Education ESL continuum. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 480
Intermediate ESL 3
Credit(s): 0
Class Hours: 216 Lecture total.
Recommended for students in Intermediate ESL levels 1 - 3. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 500
Intermediate 1-3 Multilevel
Credit(s): 0
Class Hours: 216 Lecture total.
Provides instruction for students in various levels of intermediate English proficiency. Emphasizes creative oral language activities, introductory critical thinking skills, and academic writing tasks. Recommended for students in Intermediate ESL levels 1 - 3. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 510
English for Work 1
Credit(s): 0
Class Hours: 216 Lecture total.
Recommended Preparation: English as a Second Language 420 or 430.
Prepares limited English-speaking students for employment. Focuses on vocabulary skills and vocational readings with emphasis on oral communication through basic language skills instruction. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 520
English for Work 2
Credit(s): 0
Class Hours: 216 Lecture total.
Recommended Preparation: English as a Second Language 460 or higher.
Prepares limited English-speaking students for employment. Focuses on vocabulary skills and vocational readings with emphasis on oral communication through intermediate language skills instruction. Grade: Pass/No Pass. Open Entry/Open Exit.
English as a Second Language 530
American English Pronunciation
Credit(s): 0
Class Hours: 216 Lecture total.
Recommended Preparation: English as a Second Language 430 or higher.

Develops English language fluency and productive and receptive skills as they relate to sound discrimination, sound inventory, stress, intonation, linking, prominence, and rhythm. The course aims to help students understand English and be understood while functioning within employment, survival, and academic contexts. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 570
Conversation 1
Credit(s): 0
Class Hours: 72 Lecture total.
Recommended Preparation: English as a Second Language 430.

Introduces conversational strategies in listening, language use and non-verbal communication. Presents oral skills necessary in initiating, maintaining and closing conversations. Emphasis on oral skills that assist in social encounters and expand listening and speaking skills. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 580
Conversation 2
Credit(s): 0
Class Hours: 72 Lecture total.
Recommended Preparation: English as a Second Language 460 or higher.

For students interested in obtaining a practical degree of fluency in spoken English. This course focuses on the further analysis of conversational strategies including verbal and nonverbal communication within large and small groups. Emphasizes differences between formal and colloquial language, based on American attitudes and culture. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 601
Advanced Grammar and Writing
Credit(s): 0
Class Hours: 96 Lecture total.

Emphasizes control of more advanced grammar structures in writing, with a focus on complex sentences, punctuation, verb tenses and forms, and word order. Writing instruction focuses on pre-collegiate skills: anticipating the needs and questions of readers, creating clear main ideas with strong support and development, using effective transition strategies, and learning to edit. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 800
ESL for Medical Occupations
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: English as a Second Language 303 or equivalent.

This course prepares students with the necessary language skills to succeed in vocational medical certificate programs, bridging the gap between standard ESL coursework and CTE coursework. In addition to vocabulary and communication strategies, students will explore career pathways and training needed for allied health jobs that support medical professionals such as doctors, dentists and nurses. This course is for Intermediate High and Advanced ESL students who want to improve their job-related skills. Grade: Pass/No Pass. Open Entry/Open Exit.

English as a Second Language 606
Interactive Language Training
Credit(s): 0
Class Hours: 72 Lecture total.

Provides students with supervised one-on-one and small group instruction in ESL listening, speaking, reading, writing, grammar, citizenship, employability skills, and academic subjects. Computer technology is used to enhance learning. The class is open to ESL students of all levels. Grade: Pass/No Pass. Open Entry/Open Exit.
HEALTH & SAFETY (SAFE)
Division of Continuing Education
Dean: Lori Fasbinder
Coordinator: Nancy Parent

Courses

Health & Safety 200
Health and Safety Awareness and Application
Credit(s): 0
Class Hours: 30 Lecture total.
Provides information and a discussion forum related to current and relevant health and safety topics, issues, and/or concerns. Students will use teamwork, research techniques, decision making, and communication skills to enhance learning. Grade: Pass/No Pass. Open Entry/Open Exit.

Health & Safety 850
Emergency Planning & Safety
Credit(s): 0
Class Hours: 30 Lecture total.
Adheres to emergency planning and safety guidelines of appropriate federal, state and county authorities, specifically as they apply to the state of California. This course includes basic guidelines for dealing with emergency situations and handling safety issues arising from natural or man-made causes such as earthquakes, brush fires, home/building fires, freeway travel safety, floods and landslides. Grade: Pass/No Pass. Open Entry/Open Exit.

Health & Safety 877
Health Issues & Concepts
Credit(s): 0
Class Hours: 72 Lecture total.
Provides a basic foundation in the following health topics: mental, family, and social health; the stages of the life cycle; medicine and drugs; diseases and disorders. Grade: Pass/No Pass. Open Entry/Open Exit.

Health & Safety 898
Substance Abuse
Credit(s): 0
Class Hours: 18 Lecture total.
Provides instruction and discussion on the following components: addictive substances, physiology of addiction, stages of addiction, coping strategies, family systems, cognitive/behavioral principles, family relationships, and relapse prevention. Grade: Pass/No Pass. Open Entry/Open Exit.

HIGH SCHOOL SUBJECTS (HSS)
Division of Continuing Education
Dean: Joanne Armstrong
Department Chair: Jolene Shields
Coordinators: Elaine Pham, Denise Salcido

Certificate of Competency
Adult Secondary Education,
College Preparation Algebra (36209)
The Certificate of Competency in Adult Secondary Education, College Preparation Algebra is designed to prepare students for higher level Algebra and math study skills to transition to College Math Algebra Course.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Demonstrate proficiency in core elementary algebra concepts.
• Demonstrate effective math study skills.

*Elective courses may include other courses not already taken for credit*

### Certificate of Competency

#### Student Leadership (33942)

The Certificate of Competency in Student Leadership introduces applied leadership and self-development skills. Information will be presented in academic format, and students will be required to demonstrate mastery through participation in student-centered, hands-on activities.

**Learning Outcome(s)**

Upon successful completion of the requirements for this certificate, students will be able to:

- Develop and demonstrate leadership skills.
- Identify team building strategies and the effect that interpersonal awareness and communication have on group dynamics.

HIGH SCHOOL SUBJECTS: ARTS (HSART)

High School Subjects: Arts 020
Literature Brought to Life
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides students with reading, writing, listening, and speaking activities through the study of literature. Literary samples include novels, poetry, short stories, biographies, and essays. Open Entry/Open Exit. (Same as High School Subjects: English 020.)

High School Subjects: Arts 070
Short Stories
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces the student to the short story as a literary form so that the student will learn how the individual elements work together to present a theme or effect. The student will study the development of the short story and will read selected short stories from various periods. Open Entry/Open Exit. (Same as High School Subjects: English 070.)

High School Subjects: Arts 828
Understanding America Through Art
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides an overview of American civilization through arts and crafts from the colonial period through the 20th century, interpreting arts and crafts in their historical context. Open Entry/Open Exit.

High School Subjects: Arts 837
The Film As Art
Credit(s): 5.0
Class Hours: 72 Lecture total.
Traces the history of film from the recording of a single event through the silent film era to current classic films, and identifies the ways films reflect the values of American culture. Culminates in the use of classic and contemporary elements as a basis for modern film. Open Entry/Open Exit.

High School Subjects: Arts 845
Drawing and Painting 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides a beginning level studio course which introduces students to the world of visual art. Students will learn to draw and use a variety of materials and techniques to explore the elements of art and principles of design. Primary emphasis will be on drawing and creating works of art. Open Entry/Open Exit.

High School Subjects: Arts 846
Drawing and Painting 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces students to visual arts with an emphasis on learning to paint and create original art works. Students will employ a wide variety of materials and techniques as they explore the elements of art and principles of design. Open Entry/Open Exit.

HIGH SCHOOL SUBJECTS: ENGLISH (HSENG)

High School Subjects: English 020
Literature Brought to Life
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides students with reading, writing, listening, and speaking activities through the study of literature. Literary samples include novels, poetry, short stories, biographies, and drama from a variety of time periods and cultures. Students will analyze how literature reflects human values and thus has relevance to their lives. Open Entry/Open Exit.

High School Subjects: English 030
AP English 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Prepares students to take the Advanced Placement Examination. Colleges and universities give advanced placement and/or college credit based on the results of the AP examination. Areas of study include critical analysis of literature and writing assignments requiring focused practice in exposition, argument, personal narrative, and fictional or poetic forms. Open Entry/Open Exit.

High School Subjects: English 050
English Through Literature 11B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides students with the opportunity to study the literature of the United States from 1850-present. Language arts skills of reading, analysis, interpretation and writing are emphasized. Multi-media approaches are utilized. Open Entry/Open Exit.

High School Subjects: English 051
English Through Literature 12B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: English 064.
Provides students with the opportunity to study the development of language arts skills through an integrated course which includes instruction and practice in grammar and mechanics, academic and business writing, and reading with active responses to works of literature. Open Entry/Open Exit.

High School Subjects: English 052
English Language Arts 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces students to the development of language arts skills through an integrated course which includes instruction and practice in grammar and mechanics, academic and business writing, and reading with active responses to works of literature. Open Entry/Open Exit.

High School Subjects: English 053
English Language Arts 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Expands the development of language arts skills through reading and actively responding to various works of literature. Presents concepts of English grammar, mechanics, and punctuation through a primary text and technology-enhanced instruction. Open Entry/Open Exit.

High School Subjects: English 063
English Through Literature 11A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: 10th grade English or equivalent.
Integrates language arts skills and reading analysis, interpretation, and writing through a literature-based curriculum. Survey course which allows the student an opportunity to study some of the central works in American literature. Open Entry/Open Exit.

High School Subjects: English 064
English Through Literature 12A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: 11th grade English or equivalent.
Integrates language arts skills and reading analysis, interpretation, and writing through world literature. This course allows the student to study some central works in world literature. Open Entry/Open Exit.
High School Subjects: English 066
English Fundamentals 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Reinforces and expands the basic concepts of sentence structure, punctuation, grammar, parts of speech, and writing skills. Open Entry/Open Exit.

High School Subjects: English 067
English Fundamentals 3
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides an intermediate English course that expands on parts of speech, grammar, punctuation, sentence patterns, and sentence skills to develop a student's writing ability. Open Entry/Open Exit.

High School Subjects: English 068
English Fundamentals 4
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides an advanced course in English grammar, parts of speech, punctuation, sentence patterns, and sentence skills to further develop a student's writing ability. Open Entry/Open Exit.

High School Subjects: English 070
The Short Story
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces the student to the short story as a literary form, so that the student will learn how the individual elements work together to present a theme of effect. The student will study the development of the short story as a genre and will read selected short stories from various periods, authors, and cultures. Open Entry/Open Exit.

High School Subjects: English 072
Poetry
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces poetry as a literary form. Examines the fundamentals of poetry through the reading of poetry from a variety of authors and periods. Open Entry/Open Exit.

High School Subjects: English 076
The Novel
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces the student to the novel as a genre and how the individual literary elements work together to present a central purpose. The student will study the elements of the novel and will then read and analyze two novels from an annotated reading list. Open Entry/Open Exit.

High School Subjects: English 083
Composition 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides instruction and practice in the communication of ideas in written form. Emphasis on mastery of sentence, paragraph, and essay skills, including organization in terms of unity, support, and coherence. Open Entry/Open Exit.

High School Subjects: English 084
Composition 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: English 083 or equivalent.
Provides instruction in writing a well-developed, unified essay. Introduces students to practical writing skills and research methods. Meets the composition proficiency requirement. Open Entry/Open Exit.

High School Subjects: English 085
Composition 3
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: English 084 or equivalent.
Prepares college bound students with advanced writing assignments that require in-depth research culminating in the production of expository and argumentative essays and a 1500 word final argumentative research paper. Open Entry/Open Exit.

High School Subjects: English 086
College Preparatory Composition
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: English 083.
Provides development of critical reading, academic writing, and academic research skills to prepare students for transfer level associate degree courses. Students will utilize the writing process in extended practice with expository and argumentative essays, will respond to academic reading, and will develop academic research skills and documentation techniques. Emphasis will be placed on refining writing in terms of grammar and sentence skills. Open Entry/Open Exit.

High School Subjects: English 098
Building Vocabulary 3
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides practice in using context clues to develop vocabulary, including practice with synonyms, antonyms, and analogies. Builds reading comprehension skills and creates a strong vocabulary foundation that enables students to be better readers, writers, thinkers, and test-takers. Open Entry/Open Exit.

High School Subjects: English 201
Survey of English Level 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces students to the development of language arts skills through reading and active response to works of literature. Multi-media approaches are utilized. Open Entry/Open Exit.

High School Subjects: English 202
Survey of English Level 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Expands the development of language arts skills through reading and active response to works of literature. Multi-media approaches are utilized. Open Entry/Open Exit.

High School Subjects: English 203
Survey of English Level 3
Credit(s): 5.0
Class Hours: 72 Lecture total.
Explores the literature of the United States from the earliest English settlers to the present. Examines genres and characteristics of various literary movements. Open Entry/Open Exit.

High School Subjects: English 204
Survey of English Level 4
Credit(s): 5.0
Class Hours: 72 Lecture total.
Integrates the language arts skills of reading, analysis, interpretation, and writing through literature. Examines central works in world and British literature. Open Entry/Open Exit.
HIGH SCHOOL SUBJECTS: MATHEMATICS (HSMTH)

High School Subjects: Mathematics 101
Introduction to Calculus 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Prepares students to take the Mathematics Advanced Placement Examination. Colleges and universities may give advanced placement and/or college credit based on the results of the AP examination. Areas of study include: functions, limits, continuity, and derivative. The graphing calculator is used extensively in the course and on the AP examinations. Open Entry/Open Exit.

High School Subjects: Mathematics 102
Introduction to Calculus 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Prepares students to take the Mathematics Advanced Placement Examination-BC level. Colleges and universities may give advanced placement and/or college credit based on the results of the AP examination. Areas of study include integrals and polynomial approximations. The graphing calculator is used extensively in the course and on the AP examinations. Open Entry/Open Exit.

High School Subjects: Mathematics 103
Math Study Skills Support 1A
Credit(s): 1.0
Class Hours: 15 Lecture total.
This course is designed to assist math students in developing positive attitudes, habits, and techniques in the areas of solving word problems, test-taking strategies, note taking, time management, study skills, strategies for utilizing math textbooks and coping with math anxiety. Open Entry/Open Exit.

High School Subjects: Mathematics 104
Math Study Skills Support 1B
Credit(s): 1.0
Class Hours: 15 Lecture total.
This course is designed to assist math students in applying positive attitudes, habits, and techniques in the areas of solving word problems, test-taking strategies, note taking, time management, study skills, strategies for utilizing math textbooks and coping with math anxiety. Open Entry/Open Exit.

High School Subjects: Mathematics 120
Integrated Math 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides instruction in expressions and problem solving, solving linear equations, linear equations and inequalities, introduction to functions, exponential equations and functions, and sequences and modeling with functions. Open Entry/Open Exit.

High School Subjects: Mathematics 121
Integrated Math 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 120.
Provides instruction in systems of equations, describing data, linear models for data, transformations, constructions and congruence, and analytic geometry. Open Entry/Open Exit.

High School Subjects: Mathematics 122
Integrated Math 2A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 121.
Provides instruction in the number system, quadratic polynomials, factoring and solving quadratic equations, functions, quadratic functions and models, and conditional probability. Open Entry/Open Exit.

High School Subjects: Mathematics 123
Integrated Math 2B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides instruction in geometric reasoning, area and volume, circles, right triangle trigonometry, and conic sections. Open Entry/Open Exit.

High School Subjects: Mathematics 124
Integrated Math 3A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 123.
Provides instruction in polynomials beyond quadratics to graphing, problem solving, working with rational expressions, and statistical and probability tools, such as the standard normal distribution, to understand data. Open Entry/Open Exit.

High School Subjects: Mathematics 125
Integrated Math 3B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides instruction in making inferences using simulations, experiments, and surveys. In geometry, students extend trigonometric concepts to general triangles, use trigonometric functions to model periodic processes, and use mathematical modeling by making use of well-developed skills with various mathematical tools. Open Entry/Open Exit.

High School Subjects: Mathematics 154
Pre-Algebra A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 159 or equivalent.
Covers language, symbolism, and fundamental operations skills required to prepare students for success in Algebra 1. Number and operation sense, estimation skills, and the ability to judge reasonableness of results will be strengthened in the context of practical applications and problem solving. Open Entry/Open Exit.

High School Subjects: Mathematics 155
Pre-Algebra B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 154 or equivalent.
Covers language, symbolism, and fundamental operations skills required to prepare students for success in Algebra 1 and Geometry. Data analysis, spatial thinking, and the ability to judge reasonableness of results will be strengthened in the context of practical applications and problem solving. Open Entry/Open Exit.

High School Subjects: Mathematics 156
Essential Mathematics 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 159 and Adult Basic Education 009 (Math Unit).
Provides the student with practice in math skills that are applicable to everyday situations. Percents, graphs, proportions, and units of measurement are included. Open Entry/Open Exit.
High School Subjects: Mathematics 157
Essential Mathematics 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 156 or equivalent.
Provides the student with practice in basic computational skills of mathematics, algebra, and geometry. Practical applications are included. Open Entry/Open Exit.

High School Subjects: Mathematics 158
Math Fundamentals 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces students to basic math skills including whole numbers, fractions, and decimals. Open Entry/Open Exit.

High School Subjects: Mathematics 159
Math Fundamentals 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: Adult Basic Education 009.
Provides instruction in the areas of decimals, percents, measurements, formulas, equations, ratios, and proportions. Provides learning activities which allow for remediation of difficulties and mastery of necessary skills. Open Entry/Open Exit.

High School Subjects: Mathematics 160
Introduction to Trigonometry 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides an introduction to trigonometry, analytical geometry, functional analysis, and algebraic techniques needed in preparation for the study of calculus. The graphing calculator is used extensively throughout the course. Open Entry/Open Exit.

High School Subjects: Mathematics 161
Mathematics 163
Algebra 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 159 or equivalent.
Provides instruction in sets, numbers, formulas, monomials, exponents, square roots, the laws of the sign, binomials, and simultaneous equations. Open Entry/Open Exit.

High School Subjects: Mathematics 162
Algebra 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 161 or equivalent.
Provides instruction in coordinate systems; graphing of linear equations; simultaneous equations with fractions; ratios; proportions; factoring; formulas; inequalities and square roots. Open Entry/Open Exit.

High School Subjects: Mathematics 163
Geometry A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: Completion of ten credits in algebra.
This course covers topics in basic geometry, reasoning and proofs, perpendicular and parallel lines, congruent triangles, properties of triangles, and quadrilaterals. Open Entry/Open Exit.

High School Subjects: Mathematics 164
Geometry B
Credit(s): 5.0
Class Hours: 72 Lecture total.
This course covers topics in transformations, similarity, right triangles, trigonometry, circles, areas of polygons and circles, surface area and volume. Open Entry/Open Exit.

High School Subjects: Mathematics 165
College Preparation Algebra 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 159.
This course offers an introduction to basic algebra concepts, math vocabulary, and algebraic operations. Open Entry/Open Exit.

High School Subjects: Mathematics 166
College Preparation Algebra 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Mathematics 165 or equivalent.
This course offers an introduction to basic algebra concepts, math vocabulary, algebraic operations, solutions and applications of first and second-degree equations, geometric concepts, graphs, inequalities, exponents, polynomials, rational expressions, and equations. Open Entry/Open Exit.

High School Subjects: Mathematics 167
Introduction to Trigonometry 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
This course offers an introduction to basic algebra concepts, math vocabulary, and algebraic operations. Open Entry/Open Exit.

High School Subjects: Other 040
Introduction to Academic Pathways and Programs
Credit(s): 5.0
Class Hours: 72 Lecture total.
Exploration of educational pathways with exposure to college resources and support services as students develop strategies for academic success. Information will be presented in academic format, and students will be required to demonstrate mastery through participation in student-centered, hands-on activities. Open Entry/Open Exit.
High School Subjects: Other 050
Basics of Leadership Part 1
Credit(s): 2.5
Class Hours: 36 Lecture total.
Introduces applied leadership and self-development skills. Information will be presented in academic format, and students will be required to demonstrate mastery through participation in student-centered, hands-on activities. Open Entry/Open Exit.

High School Subjects: Other 153
Supervised Tutoring
Credit(s): 0
Class Hours: 72 Lecture total.
Supervised one-to-one and small group tutoring in academic subject, for students enrolled at Rancho Santiago Community College District in course(s) for which tutoring is requested. Exam review sessions offered in some areas. Open Entry/Open Exit.

High School Subjects: Other 202
Basics of Leadership Part 2
Credit(s): 2.5
Class Hours: 36 Lecture total.
Introduces applied leadership and self-development skills. Information will be presented in academic format, and students will be required to demonstrate mastery through participation in student-centered, hands-on activities. Open Entry/Open Exit.

High School Subjects: Other 505
Spanish 2A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Further develops the student's control of the Spanish language through listening, speaking, reading, and writing activities with emphasis being placed upon listening and speaking. Develops the student's knowledge of cultural topics. Open Entry/Open Exit.

High School Subjects: Other 510
Spanish 2B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Further develops the student's control of the Spanish language through listening, speaking, reading, and writing activities with emphasis being placed upon listening and speaking. Develops the student's knowledge of cultural topics. Open Entry/Open Exit.

High School Subjects: Other 513
Spanish 4A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides instruction in listening, speaking, reading, and writing skills. Students will express themselves using an ever-increasing vocabulary, present- and past-tense verbs, articles, and adjectives. Grammar is practiced with a variety of learning styles in mind. Throughout the course, students experience the culture, people, geographical locations, and histories of the Spanish-speaking world. Open Entry/Open Exit.

High School Subjects: Other 514
Spanish 4B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides instruction in listening, speaking, reading, and writing skills. Students will express themselves using an ever-increasing vocabulary, present- and past-tense verbs, articles, and adjectives. Grammar is practiced with a variety of learning styles in mind. Throughout the course, students experience the culture, people, geographical locations, and histories of the Spanish-speaking world. Open Entry/Open Exit.

HIGH SCHOOL SUBJECTS: READING (HSDRG)
High School Subjects: Reading 089
Reading Proficiency Development
Credit(s): 5.0
Class Hours: 72 Lecture total.
Enables students to become proficient in practical, content, and reference skills as well as improve general comprehension and vocabulary skills. This course provides preparation for the reading proficiency examination. Open Entry/Open Exit.

High School Subjects: Reading 090
Reading Improvement
Credit(s): 5.0
Class Hours: 72 Lecture total.
This course concentrates on two main approaches to improve reading skills: speed reading, which increases the number of words that can be read in a minute, and use of reading strategies to extract information from a text in the most effective way possible. Students will advance and adjust their individual reading rates appropriate to purpose. Open Entry/Open Exit.

High School Subjects: Reading 093
Building Reading Skills 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides an opportunity for skill development in word recognition, comprehension, study and content reading skills which are necessary for success in the High School Subjects program. Computer-aided instruction is included. Open Entry/Open Exit.

High School Subjects: Reading 094
Building Reading Skills 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides an opportunity for skill development in word recognition, general and inferential comprehension, critical thinking and content reading skills which are necessary for success in the High School Subjects program. Computer-aided instruction is included. Open Entry/Open Exit.

HIGH SCHOOL SUBJECTS: SCIENCE (HSSCI)
High School Subjects: Science 100
Chemistry 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Science 184 or equivalent.
Extends the study of properties that can be used to identify matter and the techniques to measure those properties. Core topics include thermochemistry, gases, liquids and solids, solutions, chemical equilibrium, acids and bases, and organic chemistry. Open Entry/Open Exit.

High School Subjects: Science 168
Life Science 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Surveys the principles and concepts of life science, including the study of organisms and their environment. Cells, plants, protists, heredity, and diversity of life will be examined. Open Entry/Open Exit.

High School Subjects: Science 169
Life Science 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Surveys the principles and concepts of life science, including the study of animals, ecology, and the human body. Open Entry/Open Exit.
High School Subjects: Science 182
Physiology 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Develops an understanding of the structure and functions of the systems of the body and their relationships. Fundamental topics include structural and functional organization of the human body, cell physiology, integration of skeletal, muscular and nervous systems. Study of other organisms is included to complement an understanding of the human body. Open Entry/Open Exit.

High School Subjects: Science 183
Physiology 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
Recommended Preparation: High School Subjects: Science 182 or equivalent.
Develops an understanding of the structure and function of the systems of the body and their relationships. Fundamental topics include structural and functional organization of the human circulatory, respiratory, digestive, excretory, endocrine, and reproductive systems. Open Entry/Open Exit.

High School Subjects: Science 184
Chemistry 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides the introduction to the study of properties that can be used to identify matter and the techniques to measure those properties. The process of science for obtaining and analyzing information will be stressed. Measurement and mathematics will be emphasized. Open Entry/Open Exit.

High School Subjects: Science 190
Physical Science 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Surveys the principles and concepts of physical science, including scientific method, energy and motion, the nature of matter, and the characteristics and properties of various kinds of substances. Open Entry/Open Exit.

High School Subjects: Science 191
Physical Science 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Surveys the principles and concepts of physical science, including interactions of matter; analysis of waves, light, and sound; and the examination of electricity and energy resources. Open Entry/Open Exit.

High School Subjects: Science 192
Basic Science 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Surveys basic principles and concepts of general science including Earth, space, and physical science. Examines minerals, rocks, the atmosphere, weather, climate, and the earth in space. Discusses properties and classes of matter, Newton’s Laws of Motion, energy and energy resources. Open Entry/Open Exit.

High School Subjects: Science 193
Basic Science 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Surveys principles and concepts of life and ecological science. Examines life structure and classification, cellular processes, heredity, evolution, body systems, plants, ecology, and conserving resources. Open Entry/Open Exit.

High School Subjects: Science 196
Health Science
Credit(s): 5.0
Class Hours: 72 Lecture total.
Provides a basic foundation in personal health, nutrition, body functions, first aid and community health. Open Entry/Open Exit.

High School Subjects: Social Sciences (HSSOC)

High School Subjects: Social Sciences 215
Introduction to Economics
Credit(s): 5.0
Class Hours: 72 Lecture total.
Introduces the basic concepts of economics. Explores the basic questions of every economic system. Examines money, the role of consumers, workers, businesses, and governments. Open Entry/ Open Exit.

High School Subjects: Social Sciences 216
World Cultures 1A
Credit(s): 5.0
Class Hours: 72 Lecture total.
A general survey of world history and culture from the fourteenth century Italian Renaissance to the nineteenth century and the Industrial Age. Open Entry/Open Exit.

High School Subjects: Social Sciences 217
World Cultures 1B
Credit(s): 5.0
Class Hours: 72 Lecture total.
A general survey of world history and culture from World War I to the present including modern industrialization and globalization. Open Entry/Open Exit.

High School Subjects: Social Sciences 218
U.S. History 1: Colonization to Industrialization
Credit(s): 5.0
Class Hours: 72 Lecture total.
Surveys events, movements, and personalities in United States history from the colonial period through reconstruction, westward expansion, and industrialization. Includes immigration, plight of Native and African Americans, reform movements, and geographical influences in the history of the United States. Open Entry/Open Exit.

High School Subjects: Social Sciences 219
U.S. History 2: The Shaping of Modern America
Credit(s): 5.0
Class Hours: 72 Lecture total.
Examines United States history from the beginning of industrialization to present. Emphasizes the emergence of America on the international, economic, geographical, social, and political scene. Open Entry/Open Exit.

High School Subjects: Social Sciences 222
Government 1: United States Federal Government and Politics
Credit(s): 5.0
Class Hours: 72 Lecture total.
Examines the development of the federal government from colonial times and the structure of contemporary government. Explores the economic, social, and political influence on American citizens and their civic duties and responsibilities. Open Entry/Open Exit.

High School Subjects: Social Sciences 229
World History, Geography, and Culture 1
Credit(s): 5.0
Class Hours: 72 Lecture total.
Presents multiple perspectives on specific historical events in the context of a broad world view. Begins with the fourteenth century Italian Renaissance and continues on to the nineteenth century and the Industrial Age. Open Entry/Open Exit.
High School Subjects: Social Sciences 230
World History, Geography, and Culture 2
Credit(s): 5.0
Class Hours: 72 Lecture total.
Relates the human story by reviewing perspectives on specific historical events in the context of a broad world view. The historical time frame begins with World War I and continues through to the present including modern industrialization and globalization. Open Entry/Open Exit.

MATH CONTINUING EDUCATION (MATHCE)

Division of Continuing Education

Dean: Joanne Armstrong
Coordinator: Elaine Pham, Denise Salcido, Jolene Shields

Certificate of Competency
College Preparation Mathematics (36897)
The Certificate of Competency in Adult Secondary Education, College Preparation Mathematics is designed to prepare students with arithmetic and basic Algebra skills for higher level Algebra and math study skills to transition to College Math Algebra Course.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Accurately compute using core arithmetic and elementary algebra concepts.
• Demonstrate effective math study skills.

Certificate of Competency
Essential Mathematics and Math Study Skills Support (36898)
The Certificate of Competency in Adult Secondary Education, Essential Mathematics and Math Study Skills Support is designed to prepare students with basic math skills and math study skills to make a successful transition to college math courses.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Accurately compute essential arithmetic concepts.
• Demonstrate effective math study skills.

Courses
Math Continuing Education 100
Math Study Skills and Basic Skills Support
Credit(s): 7.0
Class Hours: 100 Lecture total.
This course is designed to assist math students in developing positive attitudes, habits, and techniques including areas of problem-solving, test-taking strategies, study skills, time management, mindset, coping with math anxiety, and basic skills needed to be successful in a math course. This course is designed to assist math students to develop positive attitudes, habits, and techniques in application to their current credit math course. Includes areas of problem-solving, test-taking strategies, study skills, time management, mindset, coping with math anxiety, and basic skills needed to be successful in a math course. Grade: Pass/No Pass. Open Entry/Open Exit.
Math Continuing Education 206
College Preparation Essential Mathematics
Credit(s): 10.0
Class Hours: 144 Lecture total.
This course includes operations of whole numbers, fractions, decimals, integers and working with percentages, ratio, proportion, measurement, mensuration geometry, basic algebra and applied word problems. Open Entry/Open Exit.

Math Continuing Education 255
College Preparation Algebra
Credit(s): 10.0
Class Hours: 144 Lecture total.
Recommended Preparation: Math Continuing Education 206 or High School Subjects: Mathematics 159 or Equivalent.
This course includes an introduction to basic algebra concepts, properties of real numbers, factoring, exponents and radicals, solving and graphing linear equations, polynomials and rational algebraic expressions, and linear systems of equations, solving quadratic equations and applications. Open Entry/Open Exit.

OLDER ADULTS (OAP)
Division of Continuing Education
Dean: Joanne Armstrong
Coordinator: Nancy Parent
Courses
Older Adults 200
Health and Wellness
Credit(s): 0
Class Hours: 30 Lecture total.
Provides information and discussion related to current and relevant health and wellness topics. Students will research techniques, decision making, and communication skills to enhance learning. Grade: Pass/No Pass. Open Entry/Open Exit.

Older Adults 457
Music Arts for Older Adults
Credit(s): 0
Class Hours: 72 Lecture total.
Provides a positive framework for developing and enhancing music appreciation, vocal and instrumental skills. Emphasis will be on activities designed to encourage creative expression. Grade: Pass/No Pass. Open Entry/Open Exit.

Older Adults 518
Creative Cooking for Older Adults
Credit(s): 0
Class Hours: 72 Lecture total.
Enhances awareness of current cooking techniques, basic nutrition, and consumer awareness. A variety of cooking appliances and methods are utilized. Grade: Pass/No Pass. Open Entry/Open Exit.

Older Adults 802
Seminar for Older Adults
Credit(s): 0
Class Hours: 72 Lecture total.
Provides information and a discussion forum related to the examination of concerns common to older adults. Discovers specific needs and interests and examines current news events as interpreted through historical background and current political/regional developments and changes. Grade: Pass/No Pass. Open Entry/Open Exit.

Older Adults 823
Manipulative Skills for Older Adults
Credit(s): 0
Class Hours: 72 Lecture total.
Concentrates on improvement of motor skills and decision making through utilization of a variety of art media and techniques. Provides opportunities for analysis and decision making skills while exercising basic manipulative skills. Grade: Pass/No Pass. Open Entry/Open Exit.

Older Adults 894
Physical Fitness for Older Adults
Credit(s): 0
Class Hours: 72 Lecture total.
Teaches movement exercises designed to improve or maintain flexibility, strength, endurance and cardiovascular and respiratory functions. Emphasizes motor movements, hand-eye coordination, body space awareness, balance training, reaction time, joint protection, and relaxation techniques. Grade: Pass/No Pass. Open Entry/Open Exit.
PARENT EDUCATION (PRNT)

Division of Continuing Education

Dean: Lori Fasbinder

Courses

Parent Education 532
Effective Parenting
Credit(s): 0
Class Hours: 132 Lecture total.
Provides parents with an overview of child development milestones. Includes varied strategies for problem solving, effective communication, positive discipline and child-centered activities. Raises awareness of substance abuse, gangs, suicide, and peer pressure. Encourages parents to take an active role to ensure the academic success, health and safety, and social well-being of their children. Grade: Pass/No Pass. Open Entry/Open Exit.

Parent Education 544
Preparation for Childbirth
Credit(s): 0
Class Hours: 36 Lecture total.
Provides prospective parents with information regarding the intellectual, physical, and emotional components of the birth process. Emphasizes exercise techniques for relaxation, labor, birth, and post-natal care. Grade: Pass/No Pass. Open Entry/Open Exit.

SECONDARY SUBJECTS GED (HSGED)

Division of Continuing Education

Dean: Joanne Armstrong
Department Chair: Jolene Shields
Coordinators: Elaine Pham, Denise Salcido

Certificate of Completion
Secondary Education/GED Preparation (24467)

The Certificate of Completion in Secondary Education/GED Preparation prepares students for the reading, writing, and math skills necessary for the achievement of the official GED Certificate.

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to:
• Demonstrate foundational knowledge and comprehension of the natural sciences, social and behavioral sciences, and humanities.
• Demonstrate proficiency in the core math concepts from arithmetic through geometry.
• Demonstrate effective written communication skills.

Courses

Secondary Subjects GED 031
GED Test Preparation
Credit(s): 0
Class Hours: 360 Lecture total.
Provides pre and post testing and individualized prescriptive instruction in preparation for the GED test. Covers test-taking strategies and the fundamentals of social studies, mathematics, science, writing, and reading. Grade: Pass/No Pass. Open Entry/Open Exit.
SUBSTANTIAL DISABILITIES (SSD)

Division of Continuing Education

Executive Director, AEBG: Christine Gascon
Coordinator: Angela Guevara

Courses

Substantial Disabilities 200
Issues and Concepts for Adults With Developmental Disabilities
Credit(s): 0
Class Hours: 180 Lecture total.

Provides information related to topics of everyday interest and importance to adults with developmental disabilities. Examines issues of relevance and provides a forum for discussion and exploration of various topics, such as current events, cultural awareness and health. Grade: Pass/No Pass. Open Entry/Open Exit.

Substantial Disabilities 787
Employment Preparation for Adults with Developmental Disabilities
Credit(s): 0
Class Hours: 180 Lecture total.

Assists adults with developmental disabilities attain a higher functional level for the purpose of employment. Teaches skills necessary to establish and maintain productive interpersonal relationships, social interaction, and etiquette related to home, community, and vocational settings. Grade: Pass/No Pass. Open Entry/Open Exit.

Substantial Disabilities 788
Independent Living Skills for Adults with Developmental Disabilities
Credit(s): 0
Class Hours: 180 Lecture total.

Assists adults with developmental disabilities attain a higher functional level for independent living in these areas: health and nutrition, personal appearance, communication, manners, money management, safety and consumer awareness, transportation, social interaction, and practical reading, writing and math skills related to home and community settings. Grade: Pass/No Pass. Open Entry/Open Exit.

Substantial Disabilities 793
Physical Activities for Adults with Developmental Disabilities
Credit(s): 0
Class Hours: 180 Lecture total.

Assists adults with developmental disabilities acquire the skills necessary to maximize physical capabilities through physical activities tailored to their abilities. Students will be guided through independent and group activities to develop fitness awareness. Grade: Pass/No Pass. Open Entry/Open Exit.

VOCATIONAL

Division of Continuing Education

Executive Director, AEBG Christine Gascon
Coordinator and Chair: Daniel Oase
Coordinator: Jorge Saucedo-Daniel

VOCATIONAL: BUSINESS (VBUS)

Certificate of Completion
3D Printing / Advanced Manufacturing (36210)

The Certificate of Completion 3D Printing / Advanced Manufacturing is designed to teach students how to use a 3D printer and the technology behind 3D printing. Students will learn about the different plastic filaments that are used, and they will learn techniques for feeding the plastic filament into the 3D printer for optimal performance. Students will also learn about components of the printer, such as the extruder nozzle, contact sensor, calibration techniques, software, design methods, and reducing defects. An emphasis is placed on familiarizing students with the use of 3D printing in the areas of personal applications, engineering, design and manufacturing. It will also be of interest to all students who would like to learn more about 3D printing and the future applications of this exciting technology.

Learning Outcome(s)

Upon successful completion of the requirements for this certificate, students will be able to
  • Demonstrate how to make 3D models and designs.

Courses

Vocational: Business 010
Introduction to Web Design using Adobe Dreamweaver
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction on Adobe Dreamweaver, one of the industry's leading web authoring tools. Students will learn how to create, publish, manage, and maintain a website. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 012
Workforce Readiness
Credit(s): 0
Class Hours: 60 Lecture total.
Provides instruction in office skills for employment preparation. Students will learn communication, decision-making, interpersonal, leadership, lifelong learning, and job seeking skills. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 013
Introduction to Personal Management using Microsoft Outlook
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction on Microsoft Outlook, one of the industry's leading personal data management applications. Students will learn how to better manage their electronic communications, schedules, tasks, and contact information using Outlook's E-mail, Calendar, Task, and Contact components. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 014
Introduction to Mobile and Social Media Tools
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction on how to incorporate social networks and mobile technology in a business environment utilizing applications and tools such as LinkedIn, Facebook, Twitter, wikis, blogs, Pinterest, Instagram, and YouTube. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 030
How to Build a Home-Based Business
Credit(s): 0
Class Hours: 60 Lecture total.
This course provides an overview of the process of planning, launching, and operating a home-based business. Students will learn to distinguish between the various forms of home-based businesses and explain how they can be supported by business models. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 040
Accounting for Non-Accountants
Credit(s): 0
Class Hours: 60 Lecture total.
Designed for those who may be interested in building a home-based business, this course introduces general accounting principles, including basic terminology, processes, and an overview of financial statements. An emphasis is placed on utilizing accounting methods to generate and interpret financial information in real-life situations to make managerial and financial decisions. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 080
Introduction to Medical Billing
Credit(s): 0
Class Hours: 120 Lecture total.
Introduces students to concepts and skills needed for a successful career in medical office billing. Students will learn current procedural terminology, the general flow of information in a medical office, and the role of computers. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 096
Introduction to Use of Digital Cameras
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction on using digital still and digital video cameras. Introduces students to camera selection, basic features, compositional guidelines, how to transfer files from the camera to the computer, basic image editing, use of photos/videos in common applications, and output options. This course is designed to be taken independently or concurrently with courses, such as Adobe Photoshop or Premiere. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 097
Introduction to Personal Commerce on the Internet
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction to personal commerce on the Internet. Topics include privacy and security issues, searching techniques, auction bidding, secure payment methods, selling techniques, and protecting consumer rights. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 101
Introduction to 3D Modeling using Blender
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent. Provides introductory instruction on 3D modeling and basic animation using Blender software. Introduces students to Blender's interface, 3D space, animation and modeling features, surfaces and textures, and uses. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 102
Introduction to Desktop Publishing using Adobe InDesign
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent. Provides introductory instruction on desktop publishing using Adobe InDesign. Introduces students to navigation of InDesign's work area, document setup, placement of text and graphics within frames, styles, color and transparency features, and how to export and print professional quality InDesign files. Grade: Pass/No Pass. Open Entry/Open Exit.
Vocational: Business 103
Introduction to MS Project
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction for setting up a project, managing project files, creating task lists, scheduling tasks, assigning resources and costs, and revising a schedule. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 105
Introduction to 3D Animation using Blender
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction for creating short 3D animations using Blender software for viewing on the Internet or in other multimedia formats. Students learn to create animations using Blender’s tools and timeline, e.g. trajectory, lighting, bones, and movements. Students will gain an understanding of the basics needed to succeed as an animator. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 107
Seminar in Adobe Tools
Credit(s): 0
Class Hours: 60 Lecture total.
Explores and provides instruction in evolving Creative Cloud applications for the personal computer such as design, web and video/audio tools. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 109
Introduction to Desktop Video Editing using Adobe Premiere
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction on desktop digital video production and editing using industry standard software. Includes capturing, importing, assembling, and editing video, audio and still images. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 111
Introduction to Keyboarding and Basic Windows
Credit(s): 0
Class Hours: 60 Lecture total.
Introduces students to Windows: navigation, views, commands, file management, desktop customization, Help and other Windows programs, for example, address book and electronic communications. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 115
Introduction to 3D Printing
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction for using a 3D printer and the technology behind 3D printing. Students will learn about the different plastic filaments that are used, and they will learn techniques for feeding the plastic filament into the 3D printer for optimal performance. Students will also learn about components of the printer, such as the extruder nozzle, contact sensor, calibration techniques, software, design methods, and reducing defects. An emphasis is placed on familiarizing students with the use of 3D printing in the areas of personal applications, engineering, design and manufacturing. It will also be of interest to all students who would like to learn more about 3D printing and the future applications of this exciting technology. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 117
Introduction to Document Processing using Adobe Acrobat
Credit(s): 0
Class Hours: 30 Lecture total.
Introduces students to portable document formats created with Adobe Acrobat. Students learn how to convert simple and complex documents to PDF files; navigate, edit, and annotate PDF files; and distribute PDF files via the Internet. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 118
Introduction to Windows
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction for learning MS Windows. Introduces students to Windows: navigation, views, commands, file management, desktop customization, Help and other Windows programs; for example, address book and electronic communications. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 119
Introduction to Keyboarding and Basic Windows
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction for keyboarding by touch and learning MS Windows. Introduces students to Windows: navigation, views, commands, file management, desktop customization, and simple Accessory programs, such as WordPad, Character Map, Calculator, and Paint. Scanning and working with simple graphics is also explored. This course or Introduction to Windows is highly recommended prior to taking other courses taught within the Windows environment. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 120
Introduction to Animations using Adobe Animate
Credit(s): 0
Class Hours: 60 Lecture total.
Provides introductory instruction for creating short Adobe Animate movies for viewing on the Internet or for viewing in other multimedia formats. Students learn to create animations using Animate's drawing tools, layers, and timeline. Students also are given an opportunity to explore Animate's libraries, preview movies, save, and publish Animate's documents. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 121
Introduction to Computer Software Applications
Credit(s): 0
Class Hours: 60 Lecture total.
Provides individual skill-building assistance on industry-standard computer applications, e.g. Web, MS Office, Adobe Creative Suite/Cloud, and Multi-Media applications. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 130
Introduction to 3D Printing
Credit(s): 0
Class Hours: 60 Lecture total.
This course is designed to teach students how to use a 3D printer and the technology behind 3D printing. Students will learn about the different plastic filaments that are used, and they will learn techniques for feeding the plastic filament into the 3D printer for optimal performance. Students will also learn about components of the printer, such as the extruder nozzle, contact sensor, calibration techniques, software, design methods, and reducing defects. An emphasis is placed on familiarizing students with the use of 3D printing in the areas of personal applications, engineering, design and manufacturing. It will also be of interest to all students who would like to learn more about 3D printing and the future applications of this exciting technology. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 140
Introduction to Google Applications for Work
Credit(s): 0
Class Hours: 60 Lecture total.
This course provides an overview of Google Apps for Work, a collection of cloud computing, productivity, and collaboration tools, with an emphasis on their use in effective workplace communication. Applications covered include Google Documents, Sheets, Slides, Drive, and Forms. Grade: Pass/No Pass. Open Entry/Open Exit.
Vocational: Business 150
Introduction to Digital Marketing
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
This course is an introduction to the use of digital marketing methods to research market conditions in local, regional, or national areas, and to gather information to determine potential sales of a product or service. Students will learn how to use marketing tools to gather and analyze information on competitors, prices, and sales. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 152
Introduction to Digital Marketing Analytics
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 150.
This course is an introduction to the theory and practice of digital marketing analytics. Students will explore the theory of web analytics and how they are used in real-world business situations. An emphasis is placed on identifying the appropriate analytics tools to collect, analyze, and visualize data from the web, using that data to make decisions that impact an organization, its stakeholders, and its customers. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 242
Introduction to Vector Graphics using Adobe Illustrator
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction in computer graphics and design. Includes basic design concepts, use of illustration tools, and modification of art work and text layout. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 257
Seminar in Business Applications
Credit(s): 0
Class Hours: 60 Lecture total.
Explores and provides instruction in evolving standard software applications commonly used in business. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 258
Navigating the Internet
Credit(s): 0
Class Hours: 36 Lecture total.
Introduces students to the Internet. Topics include types of Internet connections, e-mail, research, and data retrieval techniques. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 260
Introduction to Word Processing using MS Word
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction to word processing techniques using the personal computer. Includes creating, formatting, editing, saving, and printing of simple documents using MS Word software. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 261
Introduction to Databases using MS Access
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides instruction in basic concepts addressing typical database problems with MS Access software. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 262
Introduction to Spreadsheets using MS Excel
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides instruction in basic spreadsheet concepts using typical spreadsheet problems with Microsoft Excel software. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 302
Introduction to Web Page Development using HTML
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction to web page development. Topics include web page design elements: HTML; graphic images, movie and sound formats; and testing pages on cross platforms. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 303
Introduction to Electronic Imaging using Adobe Photoshop
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction to electronic imaging using Adobe Photoshop software. Topics include beginning Photoshop features, scanner basics, image and file formats, color, importing/exporting of files, and printing. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Business 304
Introduction to Electronic Presentations using MS PowerPoint
Credit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Business 119 or equivalent.
Provides introductory instruction for development of professional quality, computer-generated presentations using presentation software used in industry. Includes concepts of combining text, graphics, animations and/or sound to create slides for electronic output. Grade: Pass/No Pass. Open Entry/Open Exit.

VOCATIONAL: CLOTHING (VCLTH)
Certificate of Completion
Commercial Textile Worker (24146)
The Certificate of Completion in Commercial Textile Worker prepares students for entry-level employment in the commercial textile industry. Students will learn different types of fabrics, seam finishes, garment styles, and garment construction and repair.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Apply the concept and skills of sewing to successfully construct a garment.

Courses

Vocational: Clothing 477
Fundamentals of Commercial Sewing
Credit(s): 0
Class Hours: 180 Lecture total.
Recommended Preparation: Vocational: Clothing 483 or instructor’s approval by assessment.
Provides instruction in commercial sewing including the selection of textiles, thread, and needle size appropriate to each item to be sewn or manufactured. Provides in-depth study of design, pattern making, construction, and quality control aspects of manufacturing. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Clothing 483
Introduction to Commercial Sewing
Credit(s): 0
Class Hours: 160 Lecture total.
Introduces basic commercial sewing skills, including safe operation of equipment, sewing terminology, use of patterns, fabric cutting, garment construction, and repair. Grade: Pass/No Pass. Open Entry/ Open Exit.

VOCATIONAL: CONSTRUCTION (VCNST)

Certificate of Completion
Carpenter (24097)
The Certificate of Completion in Carpenter prepares students for entry-level employment in companies that manufacture kitchen and bathroom cabinets, music/media furniture, book shelves, and other furniture items using a variety of finishes.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Apply the concepts and skills of safe cabinetry in the design and construction of a project.

Courses

Vocational: Custodial Technician 101
Custodial Technician
Unit(s): 0
Class Hours: 60 Lecture total.
Prepares students for employment in custodial services. This course provides essential training for custodial work in a private and public facility. Students will learn safety standards set by California’s Occupational Safety and Health Administration (Cal-OSHA), proper usage and maintenance of tools, and general maintenance procedures. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Custodial Technician 102
Basic Hazmat Safety Standards
Unit(s): 0
Class Hours: 36 Lecture total.
Recommended Preparation: Vocational: Custodial Technician 101 or Equivalent.
Prepares students for basic training of hazardous materials. Topics include labeling, packaging, identifying and handling of hazardous materials. Students will learn basic Department Of Transportation (DOT) HAZMAT safety standards set by California’s Occupational Safety and Health Administration (Cal-OSHA). Grade: Pass/No Pass. Open Entry/Open Exit.

VOCATIONAL: FOOD (VFOOD)

Certificate of Completion
Food Service Manager (24093)
The Certificate of Completion in Food Service Manager prepares students for employment in commercial and institutional food kitchens, especially in the restaurant industry, by providing knowledge and skills in food safety and management, facilities management, and food service administration.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Demonstrate how to perform administrative and patient care duties.

TOTAL 132

Courses

Vocational: Food 005
Food Handler Test Preparation
Credit(s): 0
Class Hours: 36 Lecture total.
This course prepares students for employment in commercial and institutional food kitchens. Includes employee terminology, responsibilities, and training when preparing, handling, and serving food to the public. The course covers six key areas: basic food safety, good personal hygiene, controlling time and temperature, preventing cross-contamination, cleaning and sanitizing, and detailed food industry safety guidelines. Prepares the students for ServSafe Food Handler Certification. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Food 010
Food Service Manager Test Preparation
Credit(s): 0
Class Hours: 72 Lecture total.
Prepares students for employment in commercial and institutional food kitchens. Topics include an introduction to basic food service administration, personal hygiene and food safety/sanitation, storage, terminology, equipment, food service math and science, nutrition, procedures, and employment preparation. Prepares students for the ServSafe Food Protection Manager Certification. Grade: Pass/No Pass. Open Entry/Open Exit.

VOCATIONAL: MEDICAL (VMED)

Certificate of Completion
Caregiver / Personal Care Aide (36901)
This program prepares students to assist the elderly, convalescents, or persons with disabilities with daily living activities at the person’s home or in a care facility. In a simulated caregiving environment, students will gain experience performing caregiver duties, which may include nutrition, cleanliness, ambulation, and household activities.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Demonstrate how to correctly perform the duties of a caregiver.

Certificate of Completion
Nurse Assistant Acute Care (37805)

The Nurse Assistant Acute Care program is designed to train nurse assistants for employment in the acute care facility. Integrated throughout the program are essential employability skills for the healthcare industry. Content area skills focus on direct patient care of the chronically ill patient. Safety practices in the acute care setting will be emphasized. Students will learn skills associated with neonatal and postpartum care, elimination, and surgery, as well as patient admissions, transfers, and discharges. Students may complete the first course, VMED 070, prior to becoming nurse assistants.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to:
• Demonstrate proper patient care skills in the acute care setting.

Courses

Vocational: Medical 010
Overview of the Nursing Assistant Training Program
Unit(s): 0
Class Hours: 10 Lecture total.
This course is designed to provide an introduction to the clinical and theoretical requirements for the Certified Nursing Assistant (CNA) Training Program. Grade: Pass/No Pass. Open Entry/Open Exit.
Vocational: Medical 011
Certified Nursing Assistant (CNA) Training
Unit(s): 0
Class Hours: 160 Lecture total.
Recommended Preparation: Vocational: Medical 010.
Designed for students who want to become Certified Nursing Assistants (CNA), this course includes theory and clinical segments designed to prepare them to complete the CNA certification and potentially seek employment as entry-level healthcare assistants. Upon completion, the student will be prepared to take the California certification exam. Students must complete all lecture hours and clinical training hours to be eligible to take the certification exam. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 020
Overview of the Medical Assistant Training Program
Unit(s): 0
Class Hours: 10 Lecture total.
Designed for students interested in becoming medical assistants, this course provides an overview of the areas of study in the medical assistant training program, including medical terminology, body systems, human diseases, clinical procedures, microbiology and surgical assisting. An emphasis is placed on the required coursework to take the exam to become a Registered Medical Assistant (RMA). Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 021
Medical Terminology for Medical Assistants
Unit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Medical 020.
Designed for students interested in becoming medical assistants, this course is an introduction to medical terminology, including the techniques of medical word building using basic word elements. Topics include: major suffixes in the surgical, diagnostic, symptomatic groups and related suffixes; suffixes denoting adjective, noun, singular and plural forms of medical words; major prefixes denoting position, number and measurement, negation, direction and anatomical, physiological and pathological terms. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 022
Business Procedures for Medical Assistants
Unit(s): 0
Class Hours: 180 Lecture total.
Recommended Preparation: Vocational: Medical 020.
Designed for students interested in becoming medical assistants, this course provides experience in a selected physician's office or health care facility. The medical assisting student is supervised and evaluated by qualified medical personnel. The student will have an opportunity for equal exposure to administrative and clinical experience and is required to meet and discuss learning with the instructor on a regular basis. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 023
Body Systems for Medical Assistants
Unit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Medical 020.
Designed for students interested in becoming medical assistants, this course covers the systems of the human body. Students will learn about cell structure and special senses, the endocrine system, the skeletal system, the muscular system, the integumentary system, the circulatory system, the respiratory system, the nervous system, the digestive system, the urinary and the reproductive systems. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 024
Human Diseases and Disorders for Medical Assistants
Unit(s): 0
Class Hours: 60 Lecture total.
Recommended Preparation: Vocational: Medical 020.
Designed for students interested in becoming medical assistants, this course is an overview of human diseases. It covers pathology and oncology, diseases of the eyes/ears, skeletal system diseases and disorders, muscular system diseases and disorders, endocrine diseases and disorders, skin diseases, diseases of the blood and immune systems, respiratory diseases and disorders, neurological disorders, gastrointestinal disorders, diseases of the urinary system and disorders of the reproductive systems. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 025
Clinical Procedures for Medical Assistants
Unit(s): 0
Class Hours: 120 Lecture total.
Recommended Preparation: Vocational: Medical 020.
Designed for students interested in becoming medical assistants, this course provides experience in a selected physician's office or health care facility. The medical assisting student is supervised and evaluated by qualified medical personnel. The student will have an opportunity for equal exposure to administrative and clinical experience and is required to meet and discuss learning with the instructor on a regular basis. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 026
Surgical Assisting for Medical Assistants
Unit(s): 0
Class Hours: 90 Lecture total.
Recommended Preparation: Vocational: Medical 020.
Designed for students interested in becoming medical assistants, this course provides experience in a selected physician's office or health care facility. The medical assisting student is supervised and evaluated by qualified medical personnel. The student will have an opportunity for equal exposure to administrative and clinical experience and is required to meet and discuss learning with the instructor on a regular basis. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Medical 027
Externship for Medical Assistants
Unit(s): 0
Class Hours: 150 Lecture total.
Recommended Preparation: Vocational: Medical 020 and 021 and 022 and 023 and 024 and 025 and 026.
Recommended Preparation: Vocational: Medical 020.
Designed for students interested in becoming medical assistants, this course provides experience in a selected physician's office or health care facility. The medical assisting student is supervised and evaluated by qualified medical personnel. The student will have an opportunity for equal exposure to administrative and clinical experience and is required to meet and discuss learning with the instructor on a regular basis. Grade: Pass/No Pass. Open Entry/Open Exit.
VOCATIONAL: SHELTER DOG TRAINING (VDOG)

Certificate of Completion
Shelter Dog Training (33561)

The Certificate of Completion in Shelter Dog Training provides training and education in dog handling for students while preparing dogs from the animal shelter for placement in a family home. Students will demonstrate mastery of canine handling and training skills. Prepares students for jobs in settings such as kennels, animal shelters, zoos, circuses, and aquariums.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
- Demonstrate mastery of canine handling and training skills.

Courses

Vocational: Shelter Dog Training 020
Concepts in Dog Training
Unit(s): 0
Class Hours: 12 Lecture total.
Provides an introduction to basic concepts of dog training, including proper techniques to socialize shelter dogs for placement in private homes. Emphasizes techniques for training animals to perform specific tasks or improve obedience. Grade: Pass/No Pass. Open Entry/Open Exit.

Vocational: Shelter Dog Training 030
Practical Dog Training
Unit(s): 0
Class Hours: 36 Lecture total.
Applies the concepts of dog training to the actual training of a shelter dog preparing it for adoption in a family home. Grade: Pass/No Pass. Open Entry/Open Exit.

VOCATIONAL: WAREHOUSING (VWHS)

Certificate of Completion
Warehousing (33562)
The Certificate of Completion in Warehousing provides instruction, demonstration and discussion of topics that are critical for the entry level warehouse worker. Students will apply the concepts and skills needed in receiving, storing, and issuing a variety of supplies in a warehouse and maintain accurate records of the transactions. Prepares students for positions including Central Supply Technicians, Inventory Control Clerks, Inventory Takers, Linen Clerks, Order Pullers, Pickers, Stockers, Storekeepers, Supply Clerks Ticketers, and Tool-Crib Attendants. Specialties within this occupation include: Mailing Clerks, Merchandisers, Sales Floor Stock Clerks, Stockroom, Warehouse or Storage Yard Stock Clerks, and Wholesale and Retail Sales Order Fillers.

Learning Outcome(s)
Upon successful completion of the requirements for this certificate, students will be able to
• Apply the concepts and skills needed in receiving, storing, and issuing a variety of supplies in a warehouse and maintaining accurate records of the transactions.

Courses

Workforce Preparation 001

Transition to Higher Learning

Unit(s): 0

Class Hours: 60 Lecture total.

This course is designed to prepare students who have intellectual, developmental, and learning disabilities for the college experience by equipping them with problem solving, communication and goal setting skills. The students will also be exposed to the expectations of noncredit classes, certification options and campus resources. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 002

Self-Advocacy

Unit(s): 0

Class Hours: 60 Lecture total.

Students with intellectual and developmental disabilities will identify their strengths and weaknesses. Students will define realistic goals, objectives and the skills needed to reach goals. Student will learn how to communicate in a respectful and responsible way, learn rights and laws that pertain to people with disabilities and identify advocacy groups. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 003

Getting Around Town

Unit(s): 0

Class Hours: 60 Lecture total.

A class designed for students with intellectual, development, or learning disabilities to enhance independence by introduction to safe practices and knowledge about using public transportation. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 004

Choosing the Right Employment Path

Unit(s): 0

Class Hours: 60 Lecture total.

This course is intended to assist adults with intellectual, developmental, and learning disabilities in establishing clear and realistic occupational goals. Students will assess their interests and abilities in order to establish attainable objectives to achieve their goal. Student will explore resources for employment in their chosen occupational field. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 005

Safety on the Job

Unit(s): 0

Class Hours: 60 Lecture total.

This course is designed to introduce students with intellectual, developmental, and learning disabilities to personal safety awareness. Student will be presented with proactive steps to take to avoid dangerous situations in the community, on the job, and at home. Students will be presented with basic techniques for self-defense and first aid. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 006

Communication Skills for Successful Employment

Unit(s): 0

Class Hours: 60 Lecture total.

This course is designed to help students with intellectual, developmental, and learning disabilities improve communication skills related to employment. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 007

Social Skills and Necessary Etiquette

Unit(s): 0

Class Hours: 60 Lecture total.

This course is designed to introduce students with intellectual, developmental, and learning disabilities an overview of appropriate social skills at school, work, and in the community. Various areas of social skill challenges and coping strategies will be taught and explored through examples in their own lives and through instructional materials. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 008

Building Critical Thinking Skills

Unit(s): 0

Class Hours: 60 Lecture total.

This course is intended to prepare students with intellectual, developmental, or learning disabilities to develop acquiring or improving critical thinking skills necessary to function independently in a variety of activities, situation, and environments for successful employment. Emphasis on problems solving and decision-making through understanding and evaluation situations, utilizing knowledge of cause and effect relationships, exploring options and planning and implementing strategies. Grade: Pass/No Pass. Open Entry/Open Exit.
Workforce Preparation 009  
**Beginning Computers**  
Unit(s): 0  
Class Hours: 60 Lecture total.  
Provides students who have intellectual, developmental, and learning disabilities with introductory instruction in keyboarding by touch and develop for basic computer applications such as, but not limited to, Windows, word processing, data entry, PowerPoint, email, and Internet navigation. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 010  
**Customer Service for the Medical Field**  
Unit(s): 0  
Class Hours: 60 Lecture total.  
This course is intended to prepare students with intellectual, developmental, or learning disabilities in acquiring or improving critical thinking, communication skills, and basic clerical skills necessary to work independently in a variety of hospital departments. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 011  
**Introduction to Handling Money**  
Unit(s): 0  
Class Hours: 60 Lecture total.  
This course is designed for students with disabilities to introduce the skills necessary for accurate money exchanges. Students will learn how to count money, give correct amounts of money for purchases, and make change. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 012  
**Applying Reading Skills on the Job**  
Unit(s): 0  
Class Hours: 60 Lecture total.  
This course is designed for students with disabilities to increase students reading comprehension skills necessary for successful employment. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 013  
**Applying Writing Skills on the Job**  
Unit(s): 0  
Class Hours: 60 Lecture total.  
This course is designed for students with disabilities to assist students with the writing process and includes activities to improve written composition skills. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 014  
**Basic Finances in the Workforce**  
Unit(s): 0  
Class Hours: 32 Lecture total.  
This is an introductory course to teach students how to manage and maintain a budget for payroll services. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 015  
**Public Communications**  
Unit(s): 0  
Class Hours: 32 Lecture total.  
This course is designed to teach students public speaking skills through the use of demonstrative, informative, and persuasive speeches. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 016  
**Long Term Competitive Employment Training**  
Unit(s): 0  
Class Hours: 180 Lecture total.  
This course is designed to provide students with critical thinking, decision-making, and problem-solving skills necessary for long-term competitive employment opportunities. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 100  
**Understanding Employees with Disabilities in the Workplace**  
Unit(s): 0  
Class Hours: 40 Lecture total.  
This is the first of two courses designed to assist employers in hiring and retaining employees who have a disability. This course provides an overview of the laws pertaining to disabilities in the workplace and how to distinguish different disabilities. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 101  
**Strategies for Working with Employees with Disabilities**  
Unit(s): 0  
Class Hours: 40 Lecture total.  
Recommended Preparation: Workforce Preparation 100.  
The second of two courses designed to assist employers in hiring and retaining employees who have a disability. This course focuses on supporting employees in communicating and collaborating with their co-workers who have a disability, to sustain an inclusive, productive, and rewarding work environment. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 500  
**Workforce Readiness**  
Unit(s): 0  
Class Hours: 36 Lecture total.  
Provides instruction in office skills for employment preparation. Students will learn communication, decision-making, interpersonal, leadership, lifelong learning, and job seeking skills. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 600  
**Attitudes for Success**  
Unit(s): 0  
Class Hours: 36 Lecture total.  
Provides students with classroom discussion and information about discovering/accepting responsibility for attitudes and behaviors (past, present and future), and making choices based on principles that influence success in their personal, educational, and career development. Grade: Pass/No Pass. Open Entry/Open Exit.

Workforce Preparation 601  
**Money Matters**  
Unit(s): 0  
Class Hours: 36 Lecture total.  
Prepares the student for the world of financial management by developing sound decision-making skills in personal and household money matters. Grade: Pass/No Pass. Open Entry/Open Exit.

Ph.D., University of Southern California

DeCarbo, Michael (2000)  
Professor of Communication  
B.A., Speech Communication, California State University, Los Angeles.  
M.A., Communication Studies, California State University, Los Angeles

Deeley, Steven (2006)  
Professor of Business  
B.A., Political Science, University of California, Santa Barbara  
M.B.A., University of Southern California

Professor of English  
B.A., Loyola Marymount University  
M.A., Boston College  
Ph.D., University of California, Riverside

Dennis, Jeffry P. (2018)  
Assistant Professor, Water Utility Science  
B.A., Chemistry, University of California, Santa Barbara  
M.S., Environmental Engineering, University of Southern California

Diaz, Darlene (2007)  
Professor of Mathematics  
B.S., University of California, Irvine  
M.S., California State University, Northridge

El-Chlepp, Elizabeth (1991)  
Professor of English  
B.A., M.A., California State University, Fullerton

El-Said, Nahla (2005)  
Professor of Chemistry  
B.S., Pharmaceutical Science, Cairo University  
M.S., Organic Chemistry, California State University, Fullerton  
Ph.D., Organic Chemistry, University of California, Riverside

Engstrom, Vanessa (2015)  
Assistant Professor of Geography  
B.S., Regional Development, University of Arizona  
M.A., Geography, University of Arizona

Escobar, Dora (2015)  
Assistant Professor of Counseling  
A.A., Liberal Arts, Orange Coast College  
B.A., Business Administration, California State University, Fullerton  
M.S., Counseling, California State University, Fullerton

Evett, Corinna (2005)  
Professor of English  
B.A., M.A., English Literature, California State University, Fullerton

Fajardo, Lourdes (2005)  
Professor of Spanish  
B.A., California State University, Stanislaus  
M.A., California State University, Sacramento

Fasbinder, Lori (2002)  
Dean of Instruction and Student Services, Continuing Education  
B.A., M.A., Linguistics, California State University, Fullerton  
Ed.D., Educational Leadership, Argosy University

Flores, Marilyn (2013)  
Vice President of Academic Affairs  
B.A., Liberal Studies, University of California, Riverside  
M.A., Education - Curriculum & Instruction, University of California, Los Angeles  
Ph.D., Institutional Leadership & Policy Studies, University of California, Riverside

Foley, Denise (2006)  
Professor of Biology  
B.S., Loyola Marymount University  
Ph.D., University of California, Los Angeles

Freese, Amy (2016)  
Assistant Professor of Reading  
A.A., Liberal Studies, Fullerton College  
B.A., Communications: Television & Film, California State University, Fullerton  
M.A., Education: Curriculum & Instruction: Reading, Grand Canyon University

Frias, Rudy (2002)  
Professor of Counseling  
A.A., Saddleback College  
B.S., California State Polytechnic University, Pomona  
M.A., Ed.D., Pepperdine University

Frost, Alicia (2005)  
Professor of Mathematics  
B.S., M.S., California State University, Long Beach

Galvan, Juana (2016)  
Assistant Professor of Counseling  
A.A., Liberal Arts, Santa Ana College  
B.S., Human Services, California State University, Fullerton  
M.A., Counseling Psychology, Argosy University

Gascon, Christine (2016)  
Executive Director, Adult Education Block Grant  
B.A., German Literature, California State University, Fullerton  
M.S., Education – TESOL, California State University, Fullerton

Gause, Tiffany (2013)  
Associate Professor of Sociology  
M.A., B.A., Sociology, California State University, Fullerton
Gonzalez, Sara D. (2019)
Professor of English
B.A., English Literature, California State University, San Bernardino
M.A., English Literature, California State University, Long Beach

Govea-Von Velasco, Melissa (2016)
Assistant Professor of Gender, Sexuality, and Women's Studies
B.A., Sociology, Chapman University
M.A., Sociology, California State University, Fullerton

Graham, Song (2015)
Assistant Professor of Counseling
B.A., Psychology, University of California, Irvine
M.S., Counseling, California State University, Long Beach

Granitto, James V. (2006)
Professor of Philosophy
B.A., Philosophy, University of California, Irvine
M.A., Philosophy, California State University, Long Beach

Guevara, Angela (2016)
Assistant Professor of Adults with Disabilities
B.S., Criminal Justice Administration, University of Phoenix
M.S., Special Education – Mild to Moderate, National University

Gutierrez, Erika J. (2016)
Assistant Professor of Ethnic Studies and Sociology
B.A., Ethnic Studies and Sociology, University of California, San Diego
M.A., Sociology, University of California, Riverside

Hall, Kathy (2016)
Assistant Professor of English
B.A., English, Pepperdine University
M.A., Literature in English, California State University Northridge

Hauscarriague, Anne (2001)
Professor of Mathematics
B.S., Biology/Mathematics, St. Mary's College of California
M.A.T., Secondary Mathematics, Kent State University
Ph.D., Math Education, Claremont Graduate University

Hedenberg, Lacy (2015)
Assistant Professor of Counseling
B.S., Human Services, California State University, Fullerton
M.S., Counseling, California State University, Fullerton

President
B.A., Sociology, California State University, Fullerton
M.S., Counseling, California State University, Long Beach
Ph.D., College Student Personnel Administration, University of Maryland, College Park

Hernandez, Rosalba (2016)
Assistant Professor of Counseling
B.A., Psychology, University of California, Irvine
M.S., Psychology, California State University, Long Beach

Ho, Alice (2001)
Professor of Library and Information Science
M.S., University of North Texas

Hoffman, Elizabeth (2000)
Student Health & Wellness Services Coordinator and Registered Nurse
B.S.N., Public Health Nursing, California State University, Long Beach
M.N., Nursing Administration, University of California, Los Angeles

Professor of History
B.A., University of California, Irvine
M.A., Ph.D., University of California, Riverside

James, Scott (2014)
Associate Professor/Distance Education Coordinator
A.A., Liberal Arts, Santiago Canyon College
B.S., Technical Management, Embry-Riddle Aeronautical University
M.A., Educational Technology, Pepperdine University

Jones, Vanessa (2013)
Assistant Professor of Mathematics
B.S., Pure Mathematics, California State Polytechnic University, Pomona
M.S., Mathematics, California State Polytechnic University, Pomona

Johnson, Kimberly (2015)
Associate Professor of Biology
B.S., Marine Biology, California State University, Long Beach
M.S., Biology, California State University, Long Beach

Jordan, Loretta (1997)
Associate Dean of Student Development
B.A., History, University of California, Los Angeles
M.A., Educational Management, University of LaVerne
M.A., Clinical Psychology, Chicago School of Professional Psychology
Psy.D., Chicago School of Professional Psychology

Kramer, Jessica (2016)
Assistant Professor of Mathematics
A.A., Liberal Arts, Santiago Canyon College
B.S., Biology, University of California, Irvine
M.A., Mathematics, California State University, Fullerton

Professor of English
B.A., English, University of California, Los Angeles
M.A., English, California State University, Fullerton

Kubicka-Miller, Jared (2006)
Professor of Communication
B.A., California State University, Long Beach

Professor of Communication
B.S., Northern Arizona University
M.A., California State University, Long Beach

Lamoureux, Regina (2000)
Professor of Human Development
B.A., University of California, Santa Barbara
M.S., Ed.D., Nova Southeastern University, Florida

Lennertz, William (1991)
Professor of English
B.A., California State University, Long Beach
M.F.A., George Mason University

Lui, Anson M.W. (2011)
Professor of Biology
B.S., M.S., California Polytechnic State University, San Luis Obispo

Malone, Charlie (2014)
Associate Professor of American Sign Language
B.A., Economics, California State University, Northridge
M.A., Special Education, California State University, Northridge
Professional Clear Level II Education Specialist Credential, California State University, Northridge
Martin, DeAnna (2015)
Associate Professor of Accounting
B.A., M.B.A., California State University, Long Beach
C.P.A., State of California

Martin, Linda (2015)
Associate Professor of Library and Information Science
A.A., Cypress College
B.S., California State University, Dominguez Hills
M.L.S., University of California, Los Angeles

Martino, Danielle L. (2006)
Professor of Astronomy
B.S., California State University, Fullerton
M.S., San Diego State University

McLean, Stephen (2014)
Associate Professor of Water Utility Science
B.S., Biochemistry, California Polytechnic State University,
San Luis Obispo
M.S., Engineering, Loyola Marymount University, Los Angeles

Mettler, Mary (2007)
Professor of Disabled Students Programs and Services
B.S., Communication Disorders, Boston University
M.S., Speech-Language Pathology, Boston University
Psy.D., M.A., Clinical Psychology, Pepperdine University

Miller, Robert (2011)
Associate Professor of Art
B.F.A., Art, Columbia College, Chicago
M.F.A., Art, California State University, Fullerton

Moore, Kathleen (1996)
Professor of Mathematics
B.A., University of Dallas
M.A., California State University, Fullerton

Murphy, Ryan (2017)
Assistant Professor, English
B.A., English Literature, California State University,
San Bernardino
M.A., English Composition, California State University,
San Bernardino
Ph.D., English Literature, Claremont Graduate University

Myers, Stewart (1984)
Professor of Computer Information Systems and Computer Science
B.S., M.S., California State University, Fullerton

Nguyen, Steven (2017)
Assistant Professor of Chemistry
B.S., Biochemistry & Cell Biology, University of California,
San Diego
M.S., Chemistry, University of California, San Diego
Ph.D., Chemistry, University of California, San Diego

Nguyen, Tuyen (2015)
Assistant Dean, Admissions/Records
A.A., Liberal Arts, Santiago Canyon College
B.A., Management, California State Polytechnic University, Pomona
M.A., Management, University of Redlands

Oase, Daniel (2016)
Assistant Professor of Career Education
B.A., Psychology, University of California, Berkeley
M.B.A., University of California, Irvine

Pecenkovic, Nidzara (2015)
Associate Professor of English
M.A., English, Chapman University
M.F.A., Creative Writing, Chapman University

Perry, Janis (1985)
Professor of Counseling and Teacher Education
B.S., Elementary Education, University of Southern California
M.S., Education, University of Southern California

Petrocelli, Rachel (2016)
Assistant Professor of History
B.S., French, Georgetown University
M.A., History, Stanford University
Ph.D., History, Stanford University

Pham, Elaine (2016)
Assistant Professor of High School Subjects and Adult Basic Education
A.A., Mathematics, Orange Coast College
B.A., Mathematics, University of California, Santa Barbara
M.A., Social and Cultural Analysis of Education, California State University, Long Beach

Pimentel, Marcelo (2000)
Professor of Philosophy
B.A., California State University, Fullerton
M.A., University of Nevada, Reno

Quimzon, Eden (2006)
Professor of English as a Second Language
B.A., Liberal Arts, California State University, Long Beach
M.A., Reading and Literacy, Walden University

Professor of History and Political Science
B.A., California State University, Fullerton
M.A., History, California State University, Fullerton
M.A., Political Science, California State University, Long Beach
Ed.D., University of Southern California

Reed, Stephen (2007)
Professor of History
B.A., History and Spanish, University of California, Riverside
M.A., B.A., History, University of California, Riverside
M.A., History, University of Notre Dame

Resnick, Barry (1980)
Professor of Counseling
B.S., University of Southern California
M.A., California State University, Long Beach
M.A., National University
Ed.D., Brigham Young University

Rizvi, Syed (2005)
Vice President of Student Services
M.S., Counseling, National University, La Jolla

Roe, Maureen (2000)
Professor of English
B.A., English and Philosophy, Chapman University
M.A., English Literature, Chapman University
M.Ed., Curriculum and Instruction, American Intercontinental University

Rutan, Craig (2005)
Professor of Physics and Engineering
M.S., Physics, University of California, Irvine
M.S., B.S., Electrical Engineering, University of California, Irvine

Sakamoto, Scott (2001)
Professor of Mathematics
B.S., University of California, Santa Barbara
M.A., M.S., Ph.D., University of Arizona
M.A., English, California State University, Fullerton
Salazar de la Torre, Rosa (1996)  
**Professor of Counseling**  
B.S., California State Polytechnic University, San Luis Obispo  
M.A., California State University, Dominguez Hills  

Salcido, Andy (1998)  
**Professor of Business, Computer Information Systems & Marketing**  
B.S., Computer Information Systems, Chapman University  
M.B.A., Business Administration, Chapman University.  

Salcido, Denise (2016)  
**Assistant Professor of High School Subjects and Adult Basic Education**  
B.A., Organizational Communication, Pepperdine University  
B.A., Speech Communication, Pepperdine University  
M.S., Human Resources Management, Chapman University  

Sanchez, Sandra (2017)  
**Assistant Professor, Biology**  
B.S., Biology, Cal State Fullerton, Fullerton  
M.S., Biology, Cal State Fullerton, Fullerton  

Sattele, Arleen (2014)  
**Vice President of Administrative Services**  
B.A., Business Administration, California State University of San Bernardino  
M.A., Public Administration, California State University of San Bernardino  
Ed.D, Leadership and Change, Fielding Graduate University  

Scott, Randy (2004)  
**Professor of Mathematics**  
B.A., M.A., Mathematics, California State University, Fullerton  

Shields, Jolene (2008)  
**Professor of High School Subjects & Adult Basic Education**  
B.A., Spanish, University of California, Irvine  
M.S., Educational and Instructional Technology, National University  

Shekarabi, Nooshan (2005)  
**Professor of Political Science**  
B.A., M.A., Political Science, California State University, Fullerton  

Shirah, Melissa (2016)  
**Assistant Professor of Accounting**  
B.S., Accounting, San Diego State University,  
M.S., Accounting, California State University, Fullerton  
C.P.A., State of California  

Siddiqui, Shereen (2016)  
**Assistant Professor of Gender, Sexuality, and Women’s Studies**  
B.A., Women’s Studies, University of Missouri-Columbia  
B.A., Sociology, University of Missouri-Columbia  
M.A., Sociology, University of Missouri-St. Louis  
Ph.D., Comparative Studies, Florida Atlantic University  

Smith, Mark (2007)  
**Professor of Biology**  
B.A., Zoology, California State University, Stanislaus  
M.A., Ecology and Evolution, California State University, Sonoma  

Sprat, Barbara (2001)  
**Professor of Library and Information Science**  
B.A., University of Minnesota, Duluth  
M.L.S., University of Minnesota, Minneapolis  
M.A., Children’s Literature, Hollins University  

Stringer, Martin (2008)  
**Dean of Mathematics & Sciences**  
B.Ed., University of London  
M.Ed., Azusa Pacific University  

Swift, Cynthia J. (2006)  
**Professor of Physics**  
A.S., Physics, Cypress College  
B.S., Physics, University of California, Irvine  
M.S., Physics, California State University, Long Beach  

Taber, Alexander G. (1999)  
**Professor of Economics**  
B.A., Economics, University of California, Santa Barbara  
Ph.D., M.A., Economics, University of Chicago  

Taylor, Mike (2004)  
**Professor of Biology**  
A.A., Orange Coast College  
B.S., Zoology, California State University, Long Beach  
M.S., Biology, California State University, Long Beach  

Torneo, Nicole (2015)  
**Assistant Professor of Chemistry**  
B.A., Economics, California State University, Fullerton  
B.S., Chemistry, California State University, Fullerton  
M.S., Chemistry, University of California, Berkeley  

Tragarz, Roberta (2000)  
**Professor of English**  
B.A., English Literature, California State University, Long Beach  
M.A., English Literature, University of California, Irvine  

Tran, Sheena (2006)  
**Assistant Dean of Financial Aid, Scholarships & Veterans**  
B.S., Accounting & Finance, Cal State San Bernardino  
M.S., Business Administration, University of Redlands  
CPA, Certified Public Accountant, California Board of Accountancy  

Umali Kopp, Christine E. (2007)  
**Professor of Psychology**  
B.A., University of California, Los Angeles  
M.A., California School of Professional Psychology  
Psy.D., Alliant International University  

Vakil, David (2017)  
**Dean, Arts, Humanities & Social Sciences Division**  
B.S., Astronomy, Math, and Physics, University of Arizona  
M.S., Astronomy, California Institute of Technology  

Valdos, Yanina (2017)  
**Assistant Professor, Anthropology-Physical**  
B.A., Anthropology, conc. in Archeology, UC San Diego  
M.A., Anthropology, Tulane University  

Vargas, Jose F. (2004)  
**Vice President of Continuing Education**  
A.A.S., ITT Technical Institute  
A.A., East Los Angeles College  
B.S., Business Administration, California State University, Dominguez Hills  
M.A., Education Administration, California State University, Dominguez Hills  

Voelcker, Aaron (2012)  
**Dean of Institutional Effectiveness, Library & Learning Support Services**  
A.S., Math and Science, College of the Canyons  
B.S., Psychology, University of California, Irvine  
M.S., Administration, California State University, Bakersfield  

Vu, Binh (2011)  
**Associate Professor of Music**  
B.A., M.M., California State University, Northridge  
D.M.A., Claremont Graduate University
Vu, Vivien (2015)
Assistant Professor of Counseling and Disabled Students
Programs and Services
B.S., Human Services, California State University, Fullerton
M.S., California State University, Long Beach

Wada, Jeffrey (2011)
Associate Professor of Chemistry
B.S., M.S., University of California, Irvine

Wagner, Joyce (1999)
Professor of Mathematics
B.A., Mathematics, California State University, San Bernardino
M.A., Ph.D., Mathematics, University of California, Los Angeles

Wirtz, Laura (2000)
Professor of Disabled Students Programs & Services
B.A., Psychology, California State University, Fullerton
M.A., Psy.D., Clinical Psychology, Pepperdine University

Womack, Melinda S. (1987)
Professor of Communication
B.A., Chapman University
M.F.A., Ph.D., University of Southern California

Wong, Lana (1997)
Professor of Library and Information Science
B.A., Political Science, University of Texas, El Paso
M.L.S., Library Science, University of Texas, Austin

Woodhead, Ian (2001)
Professor of Kinesiology
BSc (Hons), Psychology, Portsmouth Polytechnic (England)
Single Subject Teaching Credential, Mathematics, California
State University, Long Beach
M.Ed., Education (Physical Education), Azusa Pacific University

Wright, K. Laney (2002)
Professor of Mathematics
B.A., Mathematics, Murray State University
M.A., Mathematics Education, California State University, Fullerton
Ph.D., Mathematics Education, Claremont Graduate University
