2018-2019 Academic Year

Associate of Arts for Transfer: Economics (32968)

The Associate in Arts in Economics for Transfer degree provides students with a program of basic courses which enables students to experience a seamless transition into a curriculum at a four-year institution leading to a baccalaureate degree with career opportunities in economic research, consulting, accounting, and marketing in the areas of business, teaching, and public policy. Economics is the social science that studies how individuals, businesses, and governments make choices to cope with scarcity and the incentives that influence and reconcile those choices.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

- Identify and explain the fundamental economic problem of allocating scarce resources and the role of positive economics in explaining choices
- Communicate using basic economic terminology, interpret relevant economic data, and follow and construct fundamental economic arguments
