ANNOUNCEMENTS

III.a. Board Policies

M. Flores reported that board policies are being reviewed one by one. The league has language that has been reviewed by legal experts; it is advisable to use their language and make changes that are specific to our institution. Progress was made on six policies. Some policies were reviewed by the Curriculum and Instruction Council in 2015 and others appear in the Curriculum and Instruction Handbook. Board policies are being placed in groups so that they can be submitted to the Board of Trustees in batches. Policies that relate to curriculum will be brought to the Curriculum and Instruction Council for review.

III.b. Certificates of Proficiency (12 – 17.9 Units)

T. Garbis contacted Financial Aid Office to discuss Certificates of Proficiency with units between 12-17.9. Financial Aid cannot submit a program to the Department of Education that is less than 15 units. Awards of 15 units or more are eligible for financial aid. Financial Aid awards can be based on certificates between 15-17.9 units; however, students are advised to pursue higher unit degrees to maximize their financial aid award. Certificates of Proficiencies (12-17.9 units) are not typically submitted to the California Community College Chancellor’s Office. Only awards which are state approved can appear on a student’s transcript which is one reason to consider submitting a program for CCCCCO review. Paperwork that is generally requested by the CCCCCO includes a narrative, enrollment information, and labor market information (LMI).

III.c. Lecture and Lab Hours (48 to 54)

No update provided.

III.d. Plan D Update

L. Aguilera and D. Escobar met. They will present to Math and Sciences on November 8th and to the Curriculum and Instruction Council following the meeting with Math and Sciences.

III.e. Prerequisites

No update provided.

III.f. Other

A Town Hall discussion will take place on November 8th and 9th. The CIC Student Representative, V. Vargas, was asked to gather student opinions regarding the following:

- What degrees do students want to earn?
- What courses are not offered that students want?
- What courses in the catalog do students have difficulty taking because they are either not offered or cancelled?
- What do students say regarding courses in the catalog that are not offered?

VI.a. Petition to Substitute Major Requirements Policy

L. Aguilera met with P. Canzona at Santa Ana College (SAC) to discuss suggestions made at the Curriculum and Instruction Council (CIC) regarding the [petition to substitute major requirements](#). Suggestions were made at the last CIC meeting to increase the time frame to five years and attach it to a student's catalog rights. L. Aguilera clarified that the catalog year was not an issue. Santa Ana College will discuss the five year recommendation and report back to SCC.

VII.a. Curriculum Review Training

J. Wagner provided training on the course approval process. At the 4.00 Level (Department Review), a course may be returned to the author for updates and corrections. Once a course is updated by the author, it must be sent forward to the next approval level by the author.

The Approval Process may include the following levels:

- Launch (Level 1.00), author
- Curriculum Office Check (Level 2.00)
- Department Review and Articulation (Level 4.00)
- Approval Verification (Level 4.25), CIC Chair
- Dean's Review (Level 5.00)
- Curriculum Cluster Approval (Level 6.00)
- Technical Review (Level 7.00)
- Curriculum Council Approval (Level 8.00)
- Curriculum Office (Level 9.00)

Comments are a good way to ensure that courses and programs are being reviewed; including comments was recommended. It is also acceptable to contact a faculty member directly.
