## Resolution F2014.1

### **Faculty Support for Institutionalization of Basic Skills Programs & Services at Santiago Canyon College**

Moved: Professor Dela-Cusack

Seconded: Professor Rutan

Whereas, The Basic Skills Task Force has designed and implemented several programs and services to assist basic skills students at Santiago Canyon College (SCC);

Whereas, These programs and services have proven to increase student success rates in basic skills mathematics and English course as evidenced in the reports submitted to the state over the past three years;

Whereas, Student services assisting basic skills students such as those provided in the Writing Center and Math Study Hall (MaSH) are integral to English and mathematics curricula; and

Whereas, SCC's programs like CROSSroads (College Readiness Optimizes Student Success) and SOAR (Strategies of Algebra Readiness) are designed to help successfully bridge basic skills students from high school to college and quicken their progression into transfer-level courses;

Resolved, That the Academic Senate of Santiago Canyon College declare support for the pedagogical need to institutionalize Basic Skills programs and services that have proven to increase the success rates of SCC's basic skills students.

Date Presented: 2 September 2014
