Academic Senate Approved
Characteristics of a Signature/Highlighted Program—12/2015

Unique

- Not at every other community college, being one of a select few
- Uniquely successful in the local area
- A small subset of all programs at SCC

Attractive (to students and the community)

- Increases positive public visibility and representation of SCC beyond the on-campus community
- Brings positive attention to the college through noteworthy achievements
- Contributes to the positive, long-standing legacy of SCC as being an exceptional place
- Helps with recruitment—pulls students from area HS as well as throughout the county
- Attracts and retains a diverse audience of students (the program should strive for equity like our campus as a whole is attempting to do). When they show they are “closing the equity gap” then the program is important for the college as a whole.
- Serves the community that supports us—perhaps has several community projects

Successful/Recognized

- Nationally recognized faculty/leaders in their field
- Earns regular and consistent awards regionally/statewide
- Excels above other surrounding colleges
- Results in strong course and program completion rates

Enriching

- Takes education beyond the classroom and provides opportunities for personal growth
- Utilizes innovative methods, materials, and technology – programs that create a positive college experience for students
- Supports student success

Beneficial

- Provides academic support and transfer opportunities that greatly increase student success and reach to the universities such as preferential or priority admission, scholarship opportunities, and recruitment.
- Leads to career connections and opportunities
- May result in additional credentials besides an SCC’s degree or certificate
- Results in a strong record of success after completion (get jobs, transfer to university or other defined measures of success)

Sustainable

- Facilities/Equipment/Supplies—in place or easily acquired/modified
