## Resolution S2018.08

### Recommendation that Program Review be Completed in Spring

**Moved:** Professor Deeley

**Seconded:** Professor Quimzon

Whereas, As part of the accreditation process, every department and service unit is required to complete program review on a scheduled basis and the Educational Master Planning Committee is the committee designated by the Academic Senate to oversee this process;

Whereas, There are numerous other reporting and planning requirements during the fall semester which include scheduling, Department Planning Portfolios updates, resource requests, faculty hiring requests, and curriculum changes; and

Whereas, Moving the deadline for program review to the spring semester should, for most departments and service areas, minimize time conflicts with other reporting and planning duties and allow for more time during the academic year to complete the program review and give departments and service areas more time to resolve minor reporting issues;

Resolved, That the Academic Senate recommends that the program review completion date should be moved to the Friday of the eleventh week of instruction during the spring semester.

**Date Presented:** May 1, 2018

**Date Passed:** May 15, 2018
