Notes:

- 1) SCC Service Area comprises Orange, Tustin, Villa Park, North Tustin, and Anaheim Hills.
- 2) Foster Youth data in SCC Service area is limited to children under 18 years of age.
- 3) For Race/Ethnicity, all races selected by students are included which means that total% exceeds 100%; however, this is a more accurate reflection of the race/ethnic composition of SCC student population because it counts all races/ethnicities selected by students. Multi-race is recorded separately.
