*Notes:*

1) Course Retention = All grades except W.

2) Data EXCLUDE Apprenticeship courses which historically have very high retention rates (95%+).

4) Race/Ethnicity is disaggregated using the alternate methodology reflecting all self-identified races/ethnicities. For example, a student who self-identifies as both "Latino" and "African-American" will be included in the retention rates of both "Latino" and "African-American."
