Notes:

- 1) Course Success = Course grades of A, B, C, and P (Pass) or Cr (Credit).
- 2) Data EXCLUDE Apprenticeship courses which historically have very high success rates (95%+).
- 3) Race/Ethnicity is disaggregated using the alternate methodology reflecting all self-identified races/ethnicities. For example, a student who self-identifies as both "Latino" and "African-American" will be included in the success rates of both "Latino" and "African-American."
