Important Information			
<ul style="list-style-type: none"> *Courses with an asterisk may be listed in more than one area but will not be certified in more than one area. **Courses taken at regionally accredited colleges or universities that are not part of the California Community College system can meet general education requirements on the CSU GE/Plan B. Approval of CSU general education placement is done by the Articulation Officer via the "Pass Along" review process. See SCC Digital Catalog page, "Independent and Out-of-State Colleges and Universities" for more details. @ - Comparable courses completed at other regionally accredited institutions can be pass along with grades of "C-" (providing the course meets CSU standards) and can be used to meet CSU GE Areas A1, A2, A3, and B4 for CSU admissions. However, if the course double counts as a general education and major requirement, a "C" or better grade is recommended for CSU GE Certification. # - The two lower division courses in Area D can be taken in the same discipline as long as the student takes a different discipline for their upper division area D course upon transferring. <i>Certification is not a CSU admission requirement. Requirements are subject to change. Please work with an SCC counselor to develop an educational plan that includes major preparation.</i> <i>Students seeking to earn a Biology Associate in Science for Transfer (AS-T) can use the CSU-GE for STEM and may complete the following areas:</i> Area A: One course from areas A1, A2, A3; Area B: one course from areas B1, B2, B3, and B4; Area C: one course from areas C1 and C2; Area D: two courses from two different disciplines in area D; Area E: 3 units from area E; and Area F: 3 units from area F.
