IMPORTANT INFORMATION AND FOOTNOTES

All courses on IGETC must be completed with a grade of "C" or better. Grades of "C-" are not acceptable. Each course acceptable for IGETC must have a minimum 3semester or 4 quarter unit value. Students wishing to use a course to meet an IGETC requirement must be sure that the course is on the IGETC list during the academic year when it is taken.

- (F') Course approval beginning year indicated
- *UC credit may be limited. (1) No credit given for an introductory course if taken after more advanced college course, (2) credit may be limited for courses with overlapping content, (3) duplicate credit will not be awarded for both the Honors and regular version of a course.
- **Courses taken at regionally accredited colleges or universities that are not part of the California Community College system can meet general education requirements on the IGETC/Plan C. Approval of IGETC general education placement is done by the Articulation Officer via the "Pass Along" review process, see page 44 of the SCC Catalog for more details.
- Certification is not a UC admission requirement.

Requirements are subject to change. Please work with an SCC counselor to develop an educational plan that includes major preparation.

IGETC / PLAN C Information

What is IGETC?

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program that allows community college students to transfer to a University of California (UC) or California State University (CSU) campus, without the need after transfer to take any additional lower-division general education courses. At SCC the IGETC pattern is referred to as Plan C. Plan C is an alternative to completing the lower-division general education or breadth program at a CSU or UC campus.

Is IGETC required for transfer to a UC or CSU campus?

IGETC/Plan C is not an admission requirement for transfer to either the UC or CSU, nor does completing it guarantee admission to the campus or program of choice. IGETC may not be best for students in high unit majors such as math and sciences. IGETC is not accepted for meeting general education at the colleges of Roosevelt and Revelle at UC San Diego, and for other majors and schools within the UC system. However, many campuses and majors within the UC system prefer community college students to complete IGETC.

What are the minimum UC requirements for an upper-division transfer student?

1. Complete 60 semester units of transferable college credit with a GPA of at least 2.4. No more than 14 semester units may be taken Pass/Not Pass.
2. Complete the following course pattern requirements, earning a grade of "C" or better in each course:
 - Two transferable college courses (3 semester units) in English composition
 - One transferable college course (3 semester units) in Mathematical concepts and quantitative reasoning
 - Four transferable college courses (3 semester units each) chosen from at least two of the following subject areas: Arts and Humanities; Social and Behavioral Sciences; Physical and Biological Sciences

What is certification of IGETC?

"Certification" refers to official notification from Santiago Canyon College that a student transferring to any CSU or UC campus has completed the entire IGETC course pattern, with a grade of "C" or better in each course. Students who are certified will not be required to complete any additional lower division general education work after transfer. Certification of IGETC is completed by the last community college attended by the transfer student. Partial certification for all but two (2) courses is permitted.

Can Advanced Placement (AP) and International Baccalaureate (IB) test scores be applied to IGETC/Plan C?

Yes. Students may earn IGETC unit credit for acceptable AP and IB scores as long as the student is requesting for full or partial IGETC certification. Refer to pages 50-52 and page 54 of the SCC Catalog for more information.

Can College-Level Examination Program (CLEP) test scores be applied to IGETC/Plan C?

No. CLEP exams cannot be used to meet IGETC requirements.

Are the CSU and UC certification requirements the same?

No. Full certification for CSU must include Area 1, Oral Communication. The UC does not have an oral communication requirement. Full certification for a UC campus must include satisfaction of the foreign language proficiency. This is not a requirement if a student is transferring to a CSU campus. The CSU American Institution and Ideals graduation requirement is not part of IGETC. Courses used to meet the requirement may be used to satisfy requirements for IGETC; however, some CSU campuses may not permit this. Please see an SCC counselor for more details. It is recommended that students complete this requirement prior to transfer.

What are the other methods that can be used to meet the Language other than English requirement for the UC? (LOTE)

- Score of 3 on the Foreign Language AP test; satisfactory score on SAT II subject test
- Score of 5 or higher on the International Baccalaureate Higher Level Examination; score of 5, 6, or 7 on the "A" level exam.
- Grade of A, B, or C on "O" level exam. Official records which verify completion with grades "C" or better of two years of formal schooling at the 6th grade level or higher in an institution where the language of instruction is not English.
- Satisfactory completion of a proficiency test administered by a community college, university, or other college in a language other than English.

Does the UC have an American Institutions graduation requirement?

Yes. Most students will satisfy this through one year of U.S. history in high school or one half year of U.S. History and one half year of U.S. government, completed with a "C" or better (UCLA requires a "B") or a college level course. UCSB requires a college level course. For acceptable college level courses, or for other methods of satisfying this requirement at each campus, please refer to specific UC campus catalogs.

Can students complete IGETC/Plan C coursework at more than one college?

Yes. Santiago Canyon College will certify courses taken at other accredited colleges and universities. IGETC courses taken at other community colleges will be placed in the same IGETC category identified at the offering college. Courses must have been on the previous college's IGETC list at the time it was taken. Courses taken at other colleges/universities may be used on IGETC if SCC faculty determine that the course is comparable to an SCC approved IGETC course or if the course is equivalent to a course on another community college's certified IGETC list. Foreign course work is not acceptable for IGETC.

Can a course be used to satisfy more than one subject area?

No. A single course may be used only once on the IGETC pattern.

Can a course be used to satisfy an IGETC/Plan C requirement and a major requirement?

Yes and No. The UC will allow a course to fulfill a general education and a major requirement. However, there are some majors at specific CSU campuses that will not allow "double counting". Please check with an SCC counselor for information pertaining to your major.

What if I have a mixture of quarter and semester unit courses, how is this calculated for certification?

It will be calculated to the student's advantage per Area, using either semester or quarter units. To convert semester units to quarter units multiply the semester units by 1.5. To convert quarter units to semester units, divide the quarter units by 1.5.
