Associate of Arts for Transfer: Social Work and Human Services (37164)

The Social Work and Human Services Associate in Arts Degree for Transfer provides an interdisciplinary exploration of courses and content that prepares students to transfer to a four year university as either Social Work or Human Services majors. This program allows students to blend theory with fieldwork experience while incorporating critical thinking and self-exploration. Successful completion of this degree will guarantee admission to a California State University that has a similar degree program, but not to a particular campus, and allow students to complete a bachelor's degree. Students are strongly encouraged to meet with a counselor to discuss transfer options.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

- Demonstrate knowledge and understanding of theoretical perspectives, legal and ethical principles and social issues related to Social Work and Human Services fields.
- Develop communication skills and cultural competencies as a foundation to success in the fields of Social Work and Human Services.
