Associate of Science for Transfer: Nutrition and Dietetics (35735)

The Associate in Science in Nutrition and Dietetics for Transfer degree prepares students to transfer to a four-year institution leading to a baccalaureate degree in Nutrition and Dietetics or similar major.

Completion of the degree also provides guaranteed admission with junior status to the CSU system in Nutrition and Dietetics or similar major.

Please consult a counselor regarding specific course requirements for your transfer institution.

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

- Effectively demonstrate knowledge of nutrition science including an analysis of information sources, and an examination of the scientific method in relation to current nutrition research
- Analyze and explain the relationship between diet, lifestyle, and health outcomes, within the framework of cultural and social influences
