

Disqualification from The Honors Program

Disqualification from the Honors Program:

Students with a cumulative GPA below a 3.0 in all college units, including remedial and honors coursework, or who receive a “D” or “F” in any class will be disqualified from the program.

Students whose cumulative GPA falls below 3.0 anytime in all college units, including remedial and honors coursework, during their enrollment at SCC, or who receive a “D” or “F” in any class, will be disqualified from the Honors Program for the duration of their enrollment at SCC. Students may appeal disqualification from the Honors Program to the Honors Program Committee. Contact the Honors Program Counselor.

Students who earn a “D” or “F” in an Honors class may repeat the non-Honors version, but they will not be allowed to complete the Honors program.
