STEM Faculty Recommendation:

Applicant:

Fill in your name and student I.D. number at the top of this page. Give the form to an SCC STEM faculty member to complete. This must be returned by December 6, 2018. Recommendation forms can be turned in with your packet or the faculty member can send it to Ann Cass at the Counseling Center (D-106) or cass_ann@sccollege.edu

Evaluator:

The above named candidate is applying for the S-STEM Scholarship at SCC. The Scholarship Committee requires that each candidate provide a recommendation form in order to apply. Your candid and thorough evaluation is invaluable in the decision making process. Please include information about the candidate that you feel is pertinent.

I. Course(s) in which you have taught this student:

II. When did the student give you this form to fill out?

III. Please evaluate the student on the following characteristics by placing a checkmark under the most appropriate response.

Categories	All the time	Majority of the time	Less than half of the time	Never observed	Decline to State
Ingenuity -Creative with solutions to problems, and can use multiple methods to solve a problem.					
Application -Apply concepts learned in class to solve problems they have never seen before as opposed to solving problems that mimic examples done in class.

**STEM Faculty Supplementary Recommendation:
(Students with Cumulative GPA below 2.89 only)**

Applicant:

Fill in your name and student I.D. number at the top of this page. Give the form to an SCC STEM faculty member to complete. This must be returned by December 6, 2018. Recommendation forms can be turned in with your packet or the faculty member can send it to Ann Cass at the Counseling Center (D-106) or cass_ann@scccollege.edu

Evaluator:

The above named candidate is applying for the S-STEM Scholarship at SCC. Prime candidates for this scholarship are students with a GPA above 2.89. There are times when GPA is not an accurate indication of future academic promise. The applicant has selected you as a person who can vouch for their future academic promise based on their current situation. Please answer the following.

1. Comment on the student's situation of why their GPA (below 2.89) does not match their academic ability.

2. What does their future academic success in STEM look like?

3. Will the student be able to maintain a 3.00 or higher GPA should they be awarded the scholarship?
