

The replacement OC Bus App is coming November 10th.

ACTION NEEDED: Get Ready for the New OC Bus App!

Plan now for the new OC Bus App coming on November 10. The new app is replacing the current version. You will need to download the new app before the current one expires on December 31, 2021.

What Does That Mean for Students?

When the new OC Bus App is released on November 10, all students will receive an email from OCTA stating that they have received their Fall 2021 college pass and it is ready for use. Here is what you need to do to make sure you can continue to use your student pass:

1. Download the new OC Bus App from the Apple or Google Play store and create your new account using the same email address used on the current app.
2. Once you have created your account, tap on the Tickets icon at the bottom of the app, then tap on the Available button at the top of the Tickets window, and your Fall 2021 college pass will be available for use.
3. When you are ready to use your pass, simply tap on the pass, then the Activate button, and you're all set.

You'll Love What's New!

Look for more user-friendly features and easier navigation, including:

- A bigger QR code for easier scanning, and
- In-app notifications to alert you to OC Bus changes.

Plus, we will be offering full versions of the OC Bus App in Spanish and Vietnamese!

Key Date to Remember

On January 1, 2022, the current OC Bus App will no longer function. Be sure to download the new OC Bus App when it becomes available on November 10 to ensure that there is no interruption in using your college pass.

Additional information, including frequently asked questions regarding the replacement app, is on our website.
