Santiago Canyon College

Alumni Stories – Badriya Chandoo-Esmail

Badriya Chandoo-Esmail is a second-year Physician Assistant student at Hofstra University in New York. She graduated from Santiago Canyon College in 2016, and completed her Bachelor of Science in Biology at the University of California, Berkeley. She has always been passionate about helping people and is looking forward to doing just that after graduating from PA school, where she can combine her two passions - helping others and love for medicine.

Since receiving her bachelor degree, Ms. Chandoo-Esmail has worked as an EMT and a Medical Assistant for an orthopedic group in Santa Monica while accumulating patient care hours necessary to complete her PA training.

Favorite memories of SCC are all the friends that I have met there, the supportive faculty, and, most of all, being involved with Phi Theta Kappa Honor society chapter on campus!
