

## Alumni Stories – Katie Frank

Katie Frank graduated from Santiago Canyon College in 2014, with an Associate of Science degree in Chemistry, Mathematics, Physics, and Liberal Arts. Ms. Frank transferred to the University of Colorado where she completed her Bachelor of Science in Chemical Engineering and a minor in Applied Mathematics.

After graduating from Colorado University, Ms. Frank started as a production technician at a pharmaceutical manufacturing company and has been promoted to Validation Engineer.

She enjoys living in the Denver, Colorado area where she can take advantage of the many outdoor activities including paddle boarding, hiking and all the snow.

*Favorite memories of SCC include physics with Prof. Rutan, being the SI leader for Prof. Swift and being able to help everybody through kinematics!*
