Santiago Canyon College

Alumni Stories – Megan Kirtner

Megan Kirtner graduated from Santiago Community College (SCC) in 2018 with Associate of Arts degrees in Liberal Arts Communication, Liberal Arts Behavioral Science, and Psychology with Honors. She was one of two recipients of the Dean R. Strenger Service Award. Ms. Kirtner transferred to California State University, Fullerton and graduated in December 2020, with a Bachelor of Arts in Psychology, Cum Laude.

“I honestly believe Santiago Canyon College was one of the best decisions I’ve ever made. I made lifelong connections with professors and started my schooling off strong without wasting any money. SCC helped me, a first generation, low income student with a disability, become the first college graduate in my family. Because of the amazing professors, clubs, and counselors at SCC, I became confident in my endeavors and now practice as a Case Manager at a mental health treatment center. I am looking forward to applying for grad school this fall to obtain my PhD or PsyD in clinical psychology. Shout-out to Emma Breeden for being hands-down one of the best professor I have ever had.”
