Supervisor's Manual for Student Employees

Introduction

The On-Campus Job Placement Office in collaboration with the Financial Aid, Payroll, and Human Resources Offices direct the employment and payroll functions for all SCC student employees. The On-Campus Job Placement Office is dedicated to bringing the best service to the Student Employment Program by offering students the opportunity to gain work experience. Our goal is to have the employment process run smoothly and efficiently for supervisors and student employees.

Purpose of Student Employment

Student employment is meant to give students an opportunity to earn money for college expenses, to give students a chance to learn the basics of the workplace, and provide students an opportunity to work in a “field” that may be of interest to them. As supervisors, we need to teach our students as much as we can about being a contributing member of society; this includes teaching workplace skills. If you teach your student employee good work skills, you and the student will both benefit, and so will the college.

Student Employee Definition

A student employee is a part-time hourly employee who is concurrently enrolled in at least 6 units during the Fall and Spring semesters at Santiago Canyon College. Student employees are “students” first, with an educational goal of pursuing a degree, certificate, transferring, or career/personal enrichment. Student employment is interim or temporary in nature. Students are not meant to be ongoing or permanent workers of the District or to be utilized as replacements for regular classified positions. Student employees perform clerical, manual, skilled, technical or other duties ranging from routine to advance. Please refer to the [Student Employee Salary Schedule](#) for additional job duty guidance.

Evaluations

We recommend completing a performance evaluation form once a semester for each student assistant. This is an excellent opportunity for students to learn how to improve performance and to receive feedback from their supervisor. It's a great opportunity to build a sound work record. A favorable work record established by students may well prove to be a valuable source of reference for future employment.

Unit Requirement

Student employees are required to maintain a minimum of 6 college units, or be enrolled in approved Continuing Education courses during the fall and spring semesters. College units can only be **combined for SCC & SAC**. College units cannot be combined with any other colleges to meet the 6-unit requirement.

Intersession & Summer Terms: Students do not have to be enrolled during spring-intersession or summer as long as they meet the minimum unit requirement for fall and spring (6 units).

Students who are not meeting the unit requirement will be given time to increase enrollment. If after that time, enrollment has not been met, the student must stop working.

Reinstatement: Student employees are allowed to be reinstated two times (per academic year) after failing to meet the unit requirement. The third time will result in dismissal from work for the remainder of the school-year. The supervisor may request to bring the student back for the next academic year as long as the unit requirement is being met.

4 Year Maximum Work Limit

Student employees are limited to 4 years or 8 semesters of employment at SCC. Student employment is interim or temporary in nature. Student employees are not meant to be ongoing or permanent workers of the District or to be utilized as replacements for regular classified positions.

(Education Code section 88003)

At-Will

Student employees are “at will,” which means student employees can be demoted suspended, or dismissed as determined by the department supervisor at any time without warning. In addition, students are hired with no job rights regarding continued employment.

(California code 2922)

Terminating/Dismissing

If after your best efforts, you find that you must demote, suspend, or dismiss a student employee, please notify the On-Campus Job Placement Office. We will send you an **Evaluation form** to complete and return. In addition, we may also attempt to provide services to assist the student with developing appropriate work habits if applicable.

Students may voluntarily terminate their employment. Students planning to return to work at SCC in the future must give a two weeks advance notice.

Verification of Employment (VOE)

All VOE's requests for current and former student employees must be submitted in writing (i.e. email, fax, by mail). VOE's are conducted by the On-Campus Job Placement Office. We do not provide verbal verification of employment or confirm employment over the phone.

District employees who drive their own vehicles and who receive mileage reimbursement must agree that the vehicle used will always be:

The Rancho Santiago Community College District requires the COVID-19 vaccine for all employees (including student employees). This vaccine requirement is effective September 1, 2021. The requirement will remain in effect during the present public health emergency as determined by objective criteria such as the local, State or federal declarations or proclamations of emergency or other criteria such as the incidence rate of COVID-19 in the community. This policy will be revisited once such emergencies conclude or the risk factors are no longer present.

Thank you for being influential in the personal, professional, and academic development of a Santiago Canyon College student.
