SANTIAGO CANYON COLLEGE
Orange, California • Est. 2000

A new location in spring 2027

The Orange Education Center is returning to 1465 N. Batavia St., Orange, CA 92867, beginning a new chapter for SCC Continuing Education and the community we serve. For more than a decade, the OEC Provisional Education Facility on Chapman Avenue has served as an important home for our students, faculty, staff, and programs while the Orange Education Center facility was unavailable. Spring 2027 marks the return to the Orange Education Center, with many of our English as a Second Language (ESL) classes among the first programs offered at the location. Students attending classes at the Orange Education Center this spring will be part of the beginning of something much bigger.

Throughout 2027, the Orange Education Center will continue to grow as additional Continuing Education classes, programs, and services make their way to the location. By Fall 2027, we expect students to find opportunities from across SCC Continuing Education at the Orange Education Center. Whether you are learning English, completing your high school education, preparing for a new career, developing new skills, or simply continuing your education, SCC Continuing Education offers tuition-free classes Online and in person, with options during the day, evenings, and Saturdays. The Orange Education Center represents our continued investment in making these opportunities accessible to students and the communities we serve. We are excited to welcome you back to the Orange Education Center and even more excited about what comes next!
