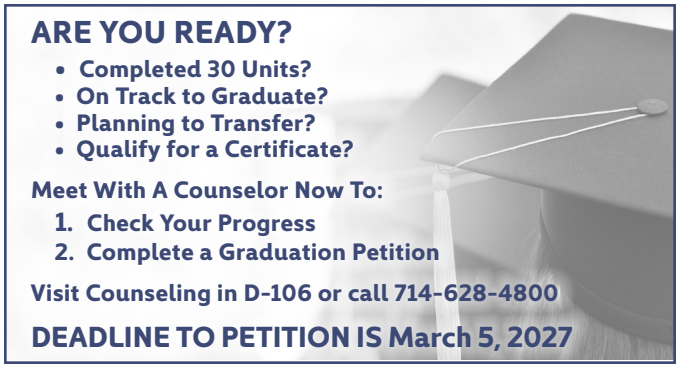
ATTENTION! Even if you stop attending the class, you owe the fees unless you drop the class by February 21, 2027.



MANAGE MY WAIT LIST–THIS IS THE STUDENT'S RESPONSIBILITY

- Once a class fills its seats to the limit, a wait list is created. Although you may see an open seat – you may only add yourself to the wait list.
- It is your responsibility to check your schedule each day to see if you have been moved from the wait list into an open seat. You may be dropped for nonpayment if you fail to pay within three days.
- When students are dropped for non-payment, seats may become available. Students on the wait list **WHO ARE ELIGIBLE FOR THE CLASS** will be rolled automatically into the open seats. An email will be sent to you when this happens. **You have 3 days to pay. Failure to pay on time may cause you to lose the class and a place on the wait list.**
- If you have not met the class pre-requisite or if you do not have a class waiver (i.e., permission to register for the class online), you will remain on the wait list and not roll into an open seat.
- Online classes do not always allow wait listing. Some online instructors overload their capacity. Once that capacity is filled, the class is closed. You will not be able to get on the wait list. DO NOT EMAIL THE INSTRUCTOR. You may not receive a reply.
- Some wait lists may have a maximum limit. If you cannot add to the wait list, then it may be full. Look for another section.
- Once the semester starts, the movement off the wait lists stops for full semester classes. However, students wait listed for late starting classes will continue to be rolled into open seats.

REMINDER - YOU WILL NOT BE ROLLED OVER IF:

- You do not meet the prerequisite (make sure your waiver has been entered by Counseling)
- This is your 3rd repeat
- You need an overload petition! (>18 units)
- There is a class conflict

CLOSED CLASSES/CLASSES REQUIRING AN ADD AUTHORIZATION

If the class you'd like to register for is closed, place yourself on the wait list, if it is available. Otherwise, once the course begins, the registration system will require an Add Authorization in order to register, which you must obtain from the instructor.

You may attend the first class meeting to ask the instructor for an Add Authorization. If the instructor gives you an Add Authorization, log into Self-Service to register for the course by the stated ADD deadline (2 day maximum).

FINANCIAL ASSISTANCE

The California College Promise Grant (CCPG)

Formerly known as the Board of Governors Fee Waiver. There are three ways for California residents to qualify to have their enrollment fee waived at SAC and SCC. Submit the completed CCPG form to the Financial Aid Office for Method A and Method B.

METHOD A UNTAXED INCOME

You are eligible if you complete the CCPG application and provide the required documentation showing you or your family are receiving TANF, Cal Works, SSI/SSP, or General Relief. You also are eligible for a dependent's fee waiver if you have certification from the California Department of Veteran Affairs or the National Guard Adjutant General or if you are a recipient, (or a child of a recipient) of the Congressional Medal of Honor or a dependent of a victim of the September 11, 2001 terrorist attack. Additionally, you are eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty. Verification of benefits is required.

METHOD B FAMILY INCOME

To be eligible, you must complete the CCPG application, signing a statement, under penalty of perjury, that the income information is true and that the family income does not exceed the state income standards determining eligibility.

METHOD C FINANCIAL AID APPLICANT

Complete the FAFSA or Dream Act application process, and provide the Financial Aid Office with all requested documentation. Once the needs analysis is calculated, applicants with at least $1,104 of unmet need will be awarded a CCPG C, which pays the Enrollment Fees for the entire academic year and provides a refund to students who have already paid their fees.

In order to remain eligible for the California College Promise Grant (CCPG), you must be meeting academic standards. If for two consecutive primary terms, you are placed on Academic or Progress probation, or any combination thereof, you will lose your CCPG Fee Waiver eligibility.

If you lose your CCPG eligibility for not meeting academic standards, you may appeal. Also, appeals will be reviewed that have documented extenuating circumstances. For example, verified cases of accidents, illnesses, or other circumstances that might include documented changes in the student's economic situation or evidence that the student was unable to obtain essential student support services. Extenuating circumstances also include special consideration of specific factors associated with Veterans, CalWORKs, EOPS, and DSPS student status.

If you are a Foster Youth, you are not subject to the loss of CCPG Fee Waiver for not meeting academic or progress probation.

The Financial Aid Application Process: Apply Now for 2026-2027

To apply for financial aid, you must complete the Free Application for Federal Student Aid (FAFSA) at studentaid.gov or the California Dream Act Application (CADAA) at dream.csac.ca.gov online by June 30, 2027.

To be considered for a Cal Grant, you must also meet the state's GPA verification requirements. If you have completed at least 16 degree-applicable units at Santa Ana College or Santiago Canyon College, your GPA will be submitted to the state automatically. If you have not completed 16 degree-applicable units at either college, you must submit your high school GPA using the paper GPA Verification Form.

Cal Grant application deadlines are March 2 (priority deadline for maximum award opportunities) and September 2 (limited awards available).

If your family's financial circumstances have changed due to illness, job loss, or other unforeseen events, contact the Financial Aid Office to ask about Special Circumstances that may affect your financial aid eligibility.

Withdrawals and Repayments of Financial Aid Funds

Federal regulations may require students to repay federal funds if they drop, fail or withdraw (in any combination) from **all** classes, drop classes after disbursement or are dropped by the instructor due to excessive absence. **Students who stop attending classes and receive a grade of "F, NP, or W" with a Last Date of Attendance (LDA) noted by the instructor that is dated prior to receiving financial aid funds may be required to repay those funds. Students who withdraw from all classes prior to completing units of enrollment during a pay period are subject to having their federal aid recalculated, and may be required to pay back funds they have received. Additionally, for distance education students attending ALL online classes, the Financial Aid Office is required to determine the last date of an academic related activity which will be treated as last date of attendance. This may result in students owing back Title IV funds. Dropping below half-time will affect the amount awarded and may disqualify you from certain programs. For more information, please review the Financial Aid Disbursement Schedule & Policy.**

FINANCIAL ASSISTANCE

Cal Grants
Cal Grants are available to California residents attending eligible California colleges who meet all criteria and are enrolled in at least 6 units. The programs are administered by the California Student Aid Commission. The annual application deadlines are March 2 and September 2 for community college students. A FAFSA or Dream Act Application as well as a GPA verification is required.

Cal Grant A
Eligibility is based on financial need and GPA. Assistance is provided to meet tuition and fee costs at four-year universities. Awards to community college students may be placed on "reserve" for a maximum of two years until they transfer to a four-year institution.

Cal Grant B
Is provided to students from low-income families with living allowance and tuition and fee assistance to attend college. The maximum award amount is $1,648 per year and will be prorated for less than full-time students. This grant may be used at community colleges and universities, not to exceed four years. Cal Grant B students also receive tuition costs at the same levels as Cal Grant A, except at community colleges.

Cal Grant C
Assists eligible students enrolled in a vocational training program leading to a Certificate or AA/AS degree, not a transfer program. The maximum awards amount is $1,094 per year, and will be prorated for less than full-time students.

Cal Grant Students With Dependent Children
Cal Grant students with dependent children attending a University of California, California State University, or California Community College campus may be eligible for an access award of up to $6,000 for qualifying Cal Grant A and B recipients and up to $4,000 for eligible Cal Grant C recipients.

Federal PELL Grant
The Federal Pell Grant is a federally funded program that provides financial assistance to eligible undergraduate students who demonstrate financial need. Award amounts are determined by factors including the Student Aid Index (SAI), cost of attendance, and enrollment status. Students may check their Self-Service portal or contact the Financial Aid Office for information about their eligibility and award amount. Eligible students may receive Pell Grant funds retroactively for prior terms within the same award year, subject to federal eligibility and payment requirements. **Lifetime eligibility is limited to the equivalent of 12 full-time semesters (approximately six years).**

William D. Ford Federal Direct Loan Program
Students who meet federal financial aid eligibility requirements may qualify for loans through the Direct Loan Program, funded by the federal government. Annual Direct Subsidized and Unsubsidized Loan limits vary by grade level and dependency status. Eligible students may also qualify for additional Direct Unsubsidized Loan funds.

The federal Schedule of Reductions (SOR) adjusts loan eligibility based on enrollment level. Students enrolled less than full-time may receive reduced loan amounts and must be enrolled at least half-time to qualify. Repayment begins after the applicable grace period, with payments determined by the selected repayment plan.

Subsidized Direct Loan: The federal government pays the interest on this need-based loan while the student is in school, at least half-time.

Unsubsidized Direct Loan: The student is responsible for paying the interest on this loan that is not need based.

Additional Unsubsidized Direct Loans: Available to students who meet all of the qualification requirements. The annual loan limits are $6,000 for independent students and $2,000 for dependent students.

Federal Supplemental Educational Opportunity Grant (FSEOG)
This is a federally funded grant, available to undergraduates who demonstrate exceptional financial need. Priority in awarding FSEOG funds must be given to Pell Grant recipients. Early applicants are given priority.

Student Success Completion Grant (SSCG)

PLACEMENT RECOMMENDATIONS AND ASSESSMENT

AB 705 IMPLEMENTATION AND ASSESSMENT

AB 705 Implementation: Santiago Canyon College has reformed how placement in mathematics, English, and English as a Second Language (ESL) courses is determined. Signed into law by Governor Brown on October 13, 2017, all California Community Colleges were tasked with implementing Assembly Bill 705. Students have access to transfer-level coursework in mathematics, English, and ESL courses and do not need to take a placement test. Placement into these courses is provided as follows:

Placement Recommendations Based on High School Performance: Students receive course recommendations for mathematics, English, and reading based on self-reported high school nonweighted grade point average (GPA), high school coursework completion, and grades earned.

Guided Placement Course Recommendations: The Guided Placement tool is for students who do not have access to their high school transcript or did not attend high school in the United States. This placement tool provides students with the ability to reflect on mathematics, English or ESL, and reading skills.

Course Placement for American College English/ English as a Second Language (ACE/ESL): Students interested in enrolling in the ACE/ESL program need to complete the ACE/ESL Guided Placement for course placement recommendations.

Assessment for Chemistry Placement: Chemistry placement is available for students planning to enroll in SCC's Chemistry 200A (General Chemistry A). Students can either schedule an appointment by going to the Chemistry Placement webpage or by calling 714-628-4800. Chemistry Placement Policy: 1) SCC will not accept Chemistry assessment results from other colleges; 2) Students are allowed to retest.

Disability-Related Accommodations: Students who require disability-related accommodations must request them at least two weeks prior to taking the Chemistry Placement test assessment. To arrange for accommodations for assessment, contact Disabled Students Programs and Services (DSPS) at 714-628-4860 to schedule an evaluation of needs.

Accessing Placement Results: Santiago Canyon College strives to provide the best possible course placement recommendations for each student. Placement results are available on the SCC website under the "Assessment and Course Placement Recommendations" page. SCC's disclosure of these results allows prospective students and the public to view the number of students assessed and placed into transfer-level mathematics, English, and ACE/ESL courses.

Coursework from Other Colleges: Students who have attended another regionally accredited college and have completed courses that meet prerequisites for SCC courses can submit transcripts to clear prerequisites by one of the following methods:

1. Bring transcripts to the Counseling Center (SCC, Room D-106) for verification and prerequisite clearance.

2. Submit an online Prerequisite Clearance Request form with supporting documentation at sccollege.edu/counseling under "Helpful Documents & Resources".

Right to Challenge: Students who want to challenge their course placement recommendation/s need to submit a Requisite Challenge Form to the appropriate department two weeks prior to the start of the semester. Additional information about this process is available on the SCC website under "Assessment Services"

ACADEMIC PLANNING

PREREQUISITES AND COREQUISITES

PREREQUISITE

Prerequisite indicates a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite. **All prerequisite courses must be completed with a letter grade of "C" or better.**

COREQUISITE

Corequisite indicates a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.

RECOMMENDED PREPARATION

Indicates that while a course is not required prior to enrollment, it is highly advised in order to strengthen the likelihood of success in subsequent courses.

PREREQUISITE CHALLENGE POLICY AND PROCEDURES

COURSE PREREQUISITE POLICY

Prerequisite means the preparation or previous course work considered necessary for success in the course. The College requires students to complete prerequisites as pre-enrollment preparation. Prerequisites which are listed in the college catalog include:

1. Courses for which specific prerequisites have been established,
2. Sequential course work in a degree-applicable program, and
3. Courses in which an equivalent prerequisite exists at a four-year transfer college or university.

Questions about prerequisites are best resolved with a counselor or instructor prior to the first day of class.

PREREQUISITE CHALLENGE PROCESS / WAIVER PROCESS

A prerequisite challenge requires written documentation explaining alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite Challenge Form can be obtained from the appropriate division office. Prerequisites may be challenged for one or more of the following reasons:

1. The college has not developed the prerequisite according to its established procedures or has not developed the prerequisite in accord with existing statutes.
2. The prerequisite is discriminatory or is being applied in a discriminatory fashion.
3. The college has not made the prerequisite course reasonably available.
4. The student has documented knowledge and abilities equivalent to those specified in the prerequisite course.

The challenge will be reviewed by a committee consisting of the division dean, or designee, department chair, or designee, and one department or division representative or designee.

If space is available in a course when a student files a challenge to the prerequisite or corequisite, the district shall reserve a seat for the student and resolve the challenge in a timely manner. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

NOTE: Students who are challenging a course which is a requirement for a degree or certificate may wish to use the *Credit by Examination* process to receive credit for the challenged course.

SEXUAL HARASSMENT, SEXUAL MISCONDUCT, INTIMATE PARTNER VIOLENCE, AND STALKING

Any sexual harassment, sexual misconduct or physical abuse, including, but not limited to, rape, as defined by state and federal law, whether committed by an employee, student, or member of the public, may be a violation of district policies and procedures, and is subject to all applicable punishment, including criminal procedures, civil litigation and employee or student discipline procedures. Students, faculty, and staff who report sexual harassment, sexual misconduct, dating or domestic violence (intimate partner violence) and stalking shall be treated with dignity and provided comprehensive assistance.

The District has established administrative procedures that ensure that students, faculty, and staff who are victims of sexual and other forms of misconduct receive appropriate information and treatment, and that educational information about preventing sexual violence is provided and publicized as required by law (please see Administrative Regulation 3540 and Interim Administrative Regulations 3425 for complete procedures). The use of alcohol or drugs never makes the Complainant at fault for reports of misconduct, intimate partner violence or stalking; therefore, Complainants should not be deterred from reporting incidents out of a concern that they might be disciplined for related violations of drug or alcohol policies. Except in extreme circumstances, Complainants shall not be subject to discipline for related violations of the Standards of Student Conduct.

Santiago Canyon College has the resources to assist and refer students who experienced sexual harassment, sexual misconduct, dating or domestic violence, and stalking. Immediate care and confidential counseling can be provided by the Student Health and Wellness Services, in Building T-102 or call 714-432-6858. HARASSMENT AND DISCRIMINATION

Board Policy 3430 (BP 3430) prohibits all forms of harassment that are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. Administrative Regulation 3435 and Interim Administrative Regulations 3425 details the procedures for the resolution of such complaints (https://www.rsccd.edu/Trustees/Pages/policies-and-regulations.aspx). This policy is widely published and publicized to all employees and students, including incoming employees and students. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation, including acts of sexual misconduct, dating or domestic violence, and stalking. The District shall also be free of other unlawful harassment or discrimination, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics. The Title IX Coordinator is responsible for resolving reports of sexual misconduct, sex or gender-based discrimination or harassment, dating or domestic violence, and stalking. The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Retaliation for exercising one's right of protection from discrimination and/or harassment or for participating in the investigation of a complaint is prohibited by law and this policy, and will not be tolerated. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that discrimination, harassment, or retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Students or employees who engage in discrimination, harassment, or retaliation are subject to disciplinary action, up to and including termination or expulsion.

Duty to Report. Except for psychologists in the College's Student Health Center, any District employee who knows of or has reason to know of sexual harassment, sexual misconduct, dating or domestic violence, and stalking shall promptly inform the Title IX Coordinator. These employees are considered mandated reporters under Title IX and are required to disclose all information, including the names of the parties, even where the person has requested that their name remain confidential. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

The Title IX Coordinator or employees designated as "Officials with Authority" under Title IX will determine whether confidentiality is appropriate given the circumstances of each such incident as the District must then take appropriate steps to eliminate any gender discrimination/harassment/misconduct, prevent its recurrence, and remedy its effects. The District is required by the federal Clery Act to report certain types of crimes (including certain sex offenses) in statistical reports. However, while the District will report the type of incident in the annual crime statistics report known as the Annual Security Report, victim names/identities will not be revealed.

BP 3430 and AR 3425 applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

SUPPORTIVE MEASURES

The District will offer and implement appropriate and reasonable supportive measures to the Parties upon notice of alleged sexual harassment and/or retaliation. Supportive measures are non-disciplinary, non-punitive individualized services, offered as appropriate, as reasonably available and without fee or charge to the Parties, which are intended to restore or preserve equal access to the District's education program or activity, to protect the safety of all Parties or the District's educational environment, and/or deter sexual harassment and/or retaliation.

The Title IX Coordinator will promptly make supportive measures available to the Parties upon receiving notice or a complaint, and will coordinate the effective implementation of such measures. At the time that supportive measures are offered, the District will inform the Complainant, in writing, that they may file a formal complaint with the District either at that time or in the future, if they have not done so already.

The District will maintain the privacy of the supportive measures, provided that privacy does not impair the District's ability to provide the supportive measures. The District will act to ensure as minimal an academic/occupational impact on the Parties as possible. The District will implement measures in a way that does not unreasonably burden the other party. Supportive measures may include, but are not limited to:

- Counseling and referral to medical and/or other healthcare services
- Referral to the Employee Assistance Program
- Referral to community-based service providers
- Student financial aid counseling
- Altered work arrangements for employees or student-employees

- Academic support, extensions of deadlines, or other course/program-related adjustments
- Trespass orders

- Increased security and monitoring of certain areas of the campus
- Any other actions deemed appropriate by the Title IX Coordinator

Violations of no contact orders will be referred to appropriate student or employee conduct processes for enforcement.

- Warning: A verbal statement that the conduct was unacceptable and that further violation of any District policy, procedure, or directive will result in more severe sanctions/responsive actions.

TITLE IX DEFINITIONS

The District has adopted the following definitions so as to address the unique environment of an academic community.

Affirmative Consent means an affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in sexual activity to ensure that they have the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent. In California, a minor (meaning a person under the age of 18) cannot consent to sexual activity.

It shall not be a valid response to alleged lack of affirmative consent that the Respondent believed that the Complainant consented to the sexual activity under either of the following circumstances:

The Respondent's belief in affirmative consent arose from the intoxication or recklessness of the Respondent. Any allegation that alcohol or other drugs were involved in an incident will be reviewed.

The Respondent did not take reasonable steps, in the circumstances known to the Respondent at the time, to ascertain whether the complainant affirmatively consented.

It shall not be a valid response that the Respondent believed that the Complainant affirmatively consented to the sexual activity if the Respondent knew or reasonably should have known that the Complainant was unable to consent to the sexual activity under any of the following circumstances:

The Complainant was asleep or unconscious.

The Complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the Complainant could not understand the fact, nature, or extent of the sexual activity.

The Complainant was unable to communicate due to a mental or physical condition.

Complainant means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment, as defined herein, whether the notice/complaint is presented by the individual or someone on the individual's behalf, such as a report by one who learned of the conduct in his or her official capacity as a faculty member or administrator.

Formal Complaint means a document submitted or signed by a Complainant or signed by the Title IX Coordinator alleging Prohibited Conduct against a Respondent and requesting that the District investigate the allegation.

Notice means that an employee, student, or third-party informs the Title IX Coordinator or other Official with Authority of the alleged occurrence of harassing, discriminatory, and/or retaliatory conduct.

Official with Authority (OWA) means an employee of the District explicitly vested with the responsibility to implement corrective measures for sexual harassment and/or retaliation on behalf of the District.

Prohibited Conduct means any sexual misconduct, gender or sex-based discrimination or harassment, dating violence, domestic violence, stalking, and retaliation.

Remedies are actions taken to address safety, prevent recurrence of Prohibited Conduct, and restore equal access to the District's educational program.

Resolution Process refers broadly to the process for addressing Formal Complaints either by informal resolution or through a Formal Grievance Process that includes investigation, live hearing, and appeal.

Respondent means an individual who has been reported to be the perpetrator of Prohibited Conduct, as defined herein.

Sanction means a consequence imposed by the District on a Respondent who is found to have engaged in Prohibited Conduct under this interim administrative regulation.

Sexual Harassment means conduct on the basis of sex that satisfies one or more of the following:

A. Quid Pro Quo Sexual Harassment: When an employee of the District conditions (implicitly or explicitly) the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct; or

B. Hostile Environment Sexual Harassment: Unwelcome conduct determined by a reasonable person standing in the shoes of the Complainant to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or

C. Sexual assault, dating violence, domestic violence, or stalking, as defined herein.

1. **Sexual assault** means any sexual act (forcible or non-forcible), directed against another person, without the consent of the victim, including instances where the victim if incapable of giving consent. Sexual acts include the following:
   (a) Rape, which is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the Complainant.
   (b) Sodomy, which is defined as oral or anal sexual intercourse with another person, forcibly committed and/or against that person's will (non-consensually), or not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
   (c) Sexual Assault with an Object, which is defined as the use of an object or instrument to penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will (non-consensually), or not forcibly or against the person's will in instances in which the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
   (d) Fondling, which is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
   (e) Incest, which is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
   (f) Statutory Rape, which is defined as sexual intercourse with a person who is under the statutory age of consent.
2. **Dating violence** means violence committed, on the basis of sex, by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.
3. **Domestic violence** means conduct, on the basis of sex, that includes the requisite components of felony or misdemeanor crimes of violence committed by (a) a current or former spouse or intimate partner of the victim; (b) a person with whom the victim shares a child in common; (c) a person who is cohabitating with or has cohabitated with the victim as a spouse; (d) a person similarly situated to a spouse of the victim under California law; or (e) any other person against an adult or youth victim who is protected from that person's acts under California law.
4. **Stalking** means a course of conduct directed at a specific person on the basis of sex that would cause a reasonable person to fear for the person's safety or the safety of others, or to suffer substantial emotional distress. For the purposes of this definition: (a) A course of conduct is two or more acts, including, but not limited to, acts in which the Respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property; (b) Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant; and (c) Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

Student/Students means any as any individual who has accepted an offer of admission, or who is registered or enrolled for credit or non-credit bearing coursework, and who maintains an ongoing relationship with the District.

Third Party means a person other than the Complainant and the Respondent.
