STUDENT RESPONSIBILITY TO DROP CLASSES

Students who have enrolled for classes and decide not to attend must drop classes by Sunday, February 21, 2016, to avoid a "W." Classes dropped after that date will appear on the student record with a "W" grade. **You must drop your course online. Check your schedule to verify that the transaction was successfully completed. You are only eligible for a refund if you drop by February 21, 2016.**

ATTENTION! Even if you stop attending the class, you owe the fees unless you drop the class before Sunday, February 21, 2016.

Short term sections: Please check section info for specific dates.

MANAGE MY WAIT LIST—THIS IS THE STUDENT'S RESPONSIBILITY

- Once a class fills its seats to the limit, a wait list is created. Although you may see an open seat – you may only add yourself to the wait list.
- It is your responsibility to check your schedule each day to see if you have been moved from the wait list into an open seat. You will be dropped for nonpayment if you fail to pay within three days.
- When students are dropped for non-payment, seats may become available. Students on the wait list **WHO ARE ELIGIBLE FOR THE CLASS** will be rolled automatically into the open seats. An email will be sent to you when this happens. **You have 3 days to pay. Failure to pay on time causes you to lose the class and a place on the wait list.**
- If you have not met the class pre-requisite or if you do not have a class waiver (i.e., permission to register for the class online), you will remain on the wait list and never roll into an open seat.
- Online classes do not always allow wait listing. Most online courses overload their capacity. Once that capacity is filled, the class is closed. You will not be able to get on the wait list. **DO NOT EMAIL THE INSTRUCTOR.** You will not receive a reply.
- Some wait lists may have a maximum limit. If you cannot add to the wait list, then it must be full. Look for another section.

TESTS—PLACEMENT

PLACEMENT TESTING

Students who plan to take courses in English, English as a second language, math, reading and chemistry must take placement tests. SCC uses placement instruments approved by the California Community College State Chancellor's Office, which means that students' assessment profiles correlate highly with their ability to perform at their placement level.

English Placement: The college has two English programs and therefore two placement instruments, so students need to determine which test is appropriate for them. Taking the correct placement test puts students in the course which offers the kind of instruction they need. Native speakers of English should take the College Test for English Placement (CTEP); non-native speakers/ESL students should take the Test of English Language Development (TELD). Both tests can place students into English 101.

Math Placement: The Math Diagnostic Testing Project (MDTP) has four different levels. Students choose the level they feel best prepared for. Sample questions for each test level are available in the Testing Center, Counseling Center, and online at www.sccollege.edu/testing.

Chemistry Placement: To register for the chemistry placement test, students must call the Testing Center at 714-628-4985.

Disability Accommodations: Students who require disability-related accommodations for placement tests must request them at least two weeks prior to testing and provide disability verification from a qualified professional. To arrange for testing accommodations, contact Disabled Students Programs and Services (DSPS) at 714-628-4860.

Test Results and Coursework from Other Colleges: Recent placement results from other colleges (in the last two years for English or in the last year for math) may be accepted. Students must bring official copies of placement test results to the SCC Counseling Center (D-106) for verification and prerequisite clearance. Placement test information from other colleges must include the student's name, name of the test(s), the testing dates(s), the raw score(s), and course placement.

Students who have attended another college and have completed the necessary coursework in English, math, reading, and/or chemistry can bring official transcripts to the Counseling Center for verification and prerequisite clearance.

Steps to Complete Testing

1. New students must first apply to the college.
2. Students who apply early will be guided to schedule their testing appointment by calling 714-628-4985. Priority testing appointments are available on a first-come first-served basis.
3. Continuing students who have not tested or who need to retest should complete testing during priority testing.
4. Students who complete testing will be provided orientation and counseling to develop a first-semester education plan.

STUDENT SUCCESS AND SUPPORT PROGRAM (SSSP)

The **Student Success and Support Program (SSSP)** supports the transition of new students into the college by providing them services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement.

New students are required to complete core services: assessment, orientation, and advisement, and these services must be completed in order to access their priority registration time. During this process, students will receive assistance in completing an abbreviated education

plan; however, a course of study (major) and a comprehensive student education plan must be completed by the third semester but no later than completing 15 degree-applicable units. Students may accomplish this requirement by enrolling in a counseling course, attending an educational planning workshop, or by scheduling an appointment with a counselor. A request to be exempt from completing one or more core services is available on the Admissions & Records website. Exemption approval requires that students provide sufficient justification for their request.

RIGHT TO APPEAL

Students who feel that they have been treated in a discriminatory manner regarding any aspect of the college's assessment and course placement services or want to appeal their recommended placement level may contact the Dean of Counseling and Student Support Services. Call 714-628-4775.

NOTICE (State Policy Effective Fall 2013)

- You will lose registration priority if you are on academic and/or progress probation
- You will lose registration priority if you have more than 100 degree - applicable units

4. Professors who are committed to innovative teaching styles and strategies
5. A learning community of students who share a curiosity and an analytical approach to education
6. Designation on transcripts of Honors courses
7. Accumulation of Honors credits to graduate as a President's Scholar and to enter transfer agreements with fourteen participating four-year institutions, offering at a minimum "priority consideration"

The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence. It shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics.

The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of harassment or for participating in a harassment investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student or employee who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AP 3435. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

This policy applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

To this end the Chancellor shall ensure that the institution undertakes education and training activities to counter discrimination and to prevent, minimize and/or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.

POLICIES, NOTICES, & GRADES (continued)

The Chancellor shall establish procedures that define harassment on campus. The Chancellor shall further establish procedures for employees, students, and other members of the campus community that provide for the investigation and resolution of complaints regarding harassment and discrimination, and procedures for students to resolve complaints of harassment and discrimination. All participants are protected from retaliatory acts by the District, its employees, students, and agents.

This policy and related written procedures (including the procedure for making complaints) shall be widely published and publicized to administrators, faculty, staff, and students, particularly when they are new to the institution. They shall be available for students and employees in all administrative offices.

Employees who violate the policy and procedures may be subject to disciplinary action up to and including termination. Students who violate this policy and related procedures may be subject to disciplinary measures up to and including expulsion.

ACADEMIC PLANNING

PREREQUISITES AND COREQUISITES

PREREQUISITE

Prerequisite indicates a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite. **All prerequisite courses must be completed with a letter grade of "C" or better.**

COREQUISITE

Corequisite indicates a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.

RECOMMENDED PREPARATION

Indicates that while a course is not required prior to enrollment, it is highly advised in order to strengthen the likelihood of success in subsequent courses.

PREREQUISITE CHALLENGE POLICY AND PROCEDURES

COURSE PREREQUISITE POLICY

Prerequisite means the preparation or previous course work considered necessary for success in the course. The College requires students to complete prerequisites as pre-enrollment preparation. Prerequisites which are listed in the college catalog include:

1. Courses for which specific prerequisites have been established,
2. Sequential course work in a degree-applicable program, and
3. Courses in which an equivalent prerequisite exists at a four-year transfer college or university.

Questions about prerequisites are best resolved with a counselor or instructor prior to the first day of class.

PREREQUISITE CHALLENGE PROCESS / WAIVER PROCESS

A prerequisite challenge requires written documentation explaining alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite Challenge Form can be obtained from the appropriate division office. Prerequisites may be challenged for one or more of the following reasons:

1. The college has not developed the prerequisite according to its established procedures or has not developed the prerequisite in accord with existing statutes.
2. The prerequisite is discriminatory or is being applied in a discriminatory fashion.
3. The College has not made the prerequisite course reasonably available.
4. The student has documented knowledge and abilities equivalent to those specified in the prerequisite course.

The challenge will be reviewed by a committee consisting of the division dean, or designee, department chair, or designee, and one department or division representative or designee.

If space is available in a course when a student files a challenge to the prerequisite or corequisite, the district shall reserve a seat for the student and resolve the challenge in a timely manner. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

NOTE: Students who are challenging a course which is a requirement for a degree or certificate may wish to use the *Credit by Examination* process to receive credit for the challenged course.

NOTICE (State Policy Effective Fall 2013)

- You will lose registration priority if you are on academic and/or progress probation
- You will lose registration priority if you have more than 100 degree - applicable units

Units earned at an accredited college or university on a Pass/No Pass basis will be counted toward the degree requirements of the college, to a maximum of 15 units.

II. General Education Requirements

The general education requirements can be met through the completion of one of the following general education plans.

Plan A: Santiago Canyon College General Education Requirements page 39

Plan B: California State University General Education Breadth page 46

Plan C: Intersegmental General Education Transfer Curriculum (IGETC) page 48

The general education requirements can be met by submitting a transcript showing completion of a bachelor's degree from a regionally accredited institution or by submitting a transcript showing completion of an associate of arts or associate of science degree from a regionally accredited California institution within a ten-year period of finishing major requirements at the college.

III. Major Requirements

Each degree and certificate program specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of C or better. For programs of study leading to an associate degree see College Credit Section on pages 57-200.

A course may be used to satisfy a major requirement and meet a general education category requirement. Non degree applicable courses may not be used for graduation requirements.

IMPORTANT NOTE: The list of courses will be subject to change year by year, but students are assured that courses taken to meet General Education requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved beginning Fall 2015 and are valid through Summer 2016.

Associate Degrees for Transfer

Earning an associate degree for transfer, a student must fulfill the requirements listed under I, II and III below.

I. Unit and Residency Requirements

60 UNITS of CSU-transferable semester units are required, with at least a 2.0 grade point average. While a minimum of 2.0 is required for admission to the CSU, some majors may require a higher GPA. Please consult with a counselor for more information. At least 12 of the units must be earned at Santiago Canyon College.

II. General Education Requirements

Plan B: California State University General Education Breadth page 46

Plan C: Intersegmental General Education Transfer Curriculum (IGETC) – CSU Option* page 48

* Students who are following Plan C: IGETC and are planning to transfer to a CSU must complete Area 1C: Oral Communication CSU admissions requirement.

III. Major Requirements

Each degree program specifies courses required for the major (a minimum of 18 units). Students must complete an "AA-T" or "AS-T" major as detailed in the program section of the catalog. Completion of these courses must be done with a grade of C or better. (Title 5 § 55063)

Petition For Graduation and Catalog Rights:

Students must submit a Petition to Graduate to earn an associate degree, certificate, CSU Certification and/or IGETC Certification. Petitions for graduation should be filed in the Office of Admissions and Records at Santiago Canyon College when a student has completed at least 30 units or one semester prior to the expected semester to graduate. Students who maintain continuous enrollment have the option to meet the associate degree or certificate requirements as listed in the catalog in effect at the time of first enrollment or any subsequent year.

Continuous enrollment is defined as completing at least one course each catalog year (fall, spring, summer) at Santiago Canyon College or Santa Ana College. Completion of a course is determined by a letter grade or with one of the following notations: W, NP, P, I. **A student who has an interruption of attendance must use the catalog at the time of readmission or one of subsequent continuous enrollment.**

Commencement

Commencement is held once a year at the end of the spring semester for those students who complete the requirements for a degree during the year or the summer session. Student must submit a Petition to Graduate to participate in commencement.

MATHEMATICS AND READING PROFICIENCIES

Students may satisfy the mathematics and reading required for the Associate Degree by achieving a satisfactory score on the appropriate placement test in each skill area or by fulfilling other options as listed under the Associate Degree Requirements in the class schedule. See page 40 for detailed information.

CERTIFICATE OF PROFICIENCY PROGRAMS

A certificate of proficiency is under 18 units and/or is not a state approved program. A certificate of proficiency is verification of completion in a particular subject matter. A certificate of proficiency will NOT be included on the official transcript. Certificate programs include only those courses which focus on vocational skills. The certificate has the sole objective of employment in a specialized area and for this reason there are no general education requirements in a certificate program.

Santiago Canyon College certificate of proficiency programs are described in the catalog section on Academic Programs.

CERTIFICATE OF ACHIEVEMENT PROGRAMS

A "Certificate of Achievement (18 or more units or state approved under 18 units) is a verification of achievement in a particular academic or occupational area, and it will be included on the official transcript." Certificate of achievement programs normally include only those courses which have a direct bearing upon specialized occupational competency since the certificate has the sole objective of immediate employment in a specialized area. For this reason there is no general education requirement in a certificate program. Santiago Canyon College certificate programs are described in the catalog section on College Credit Degrees and Certificates. To qualify for a certificate of achievement, a candidate must meet the following requirements:

1. **Courses:** Courses are designated for the specific certificate.
2. **Grades:** At least a "C" grade in each course required for the certificate, unless otherwise specified. Credit by Examination may also be used to gain credit for required courses.
3. **Pass/No Pass:** A Pass/No Pass course is acceptable toward the certificate if it is required for the certificate and (a) offered on a Pass/No Pass basis only or (b) if the Pass/No Pass is earned on the basis of credit by examination.
4. **Residency:** Twelve units completed at Santiago Canyon College. (Six units of major requirements must be completed at Santiago Canyon College.)
5. **Petition:** Petition for certificate is filed by the student with the Office of Admissions and Records at Santiago Canyon College.

• SCC Rates of Student Progress • Student Right-To-Know Act

The rates below are placed here in accordance with the federally mandated Student Right-To-Know Act. Of the degree, certificate or transfer seeking first-time, full-time freshmen who entered SCC in Fall 2011, the "completion rate" represents those students who earned an Associates Degree, Certificate of Achievement, or 60 UC/CSU transferable credits within three years.

2011 Cohort Completion Rate

STATE	28%
SCC	38%

2011 Cohort Transfer Rate

STATE	12%
SCC	12%

The "transfer rate" represents non-completer students who transferred to any other two- or four-year institution within three years. These rates do not represent the success rates of the entire student population at SCC nor do they account for student outcomes occurring after this three-year tracking period.

AMERICAN INSTITUTIONS REQUIREMENT (AI)

(Not part of IGETC. May be completed prior to transfer.)

CSU has an American Institutions graduation requirement that is separate from IGETC. To meet the CSU requirement, students should take Political Science 101*/101H* AND one of the following courses: History 118, 120*/120H*, 121*/121H*, 122*, 124, 127. These courses can be used for 6 of the 9 units required in Area 4 (Social and Behavioral Sciences).

UC requires the completion of a college course or courses with a grade of "C" or better OR a one-year course in high school in U.S. History or a half-year course in U.S. History and a half-year course in American Government with grades of "C" or better (UCLA requires grades of "B"). Requirements vary by UC campus. Check with a Santiago Canyon College counselor to determine which course(s) to take.

CERTIFICATION REQUIREMENTS

1. Complete all courses used for IGETC certification with a minimum grade of C (C minus is not acceptable). A "Pass" is acceptable providing it is equivalent to a grade of C or higher.
2. Request certification from the last California community college you attend prior to transfer to CSU or UC. Requests should be made to the Office of Admissions and Records during the semester prior to the last term of attendance. Please consult the class schedule or the Santiago Canyon College Counseling Department for deadline information.
3. Prior to requesting certification, have official transcripts on file from every high school and college you have attended.
4. Courses taken at other California community colleges will be applied to the subject areas in which they are listed by the institution where the work was completed.
5. A course taken at other regionally accredited institutions (which do not maintain an IGETC certification list) may be approved for certification via a "Pass Along Petition" and after a review by the Santiago Canyon College Articulation Officer. Pass Along Petitions are available from the Santiago Canyon College Counseling Department and must be accompanied by the appropriate documentation.
6. Courses completed at foreign institutions are not acceptable except for certification of competence in a language other than English.
7. Completing IGETC prior to transfer is strongly recommended and can be advantageous in the admissions process. Partial certification is permitted if the student has completed all but two courses on the pattern. Please see a Santiago Canyon College counselor for guidelines.

FINANCIAL ASSISTANCE

BOARD OF GOVERNOR'S FEE WAIVER PROGRAM

There are three ways for California residents to qualify to have their enrollment fee waived at SAC and SCC. Submit the completed BOGW form to the Financial Aid Office for Method A and Method B.

BOGW A UNTAXED INCOME

Complete the BOGW application and provide the required documentation showing you or your family are receiving TANF, Cal Works, SSI/SSP, or General Relief. You are also eligible if you have certification from the California Department of Veteran Affairs or the National Guard Adjutant General that you are eligible for a dependent's fee waiver, or if you are eligible as a recipient of the Congressional Medal of Honor or as a child of a recipient, or a dependent of a victim of the September 11, 2001 terrorist attack. In addition you are eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty. Verification of benefits is required.

BOGW B FAMILY INCOME

To be eligible, you must complete the BOGW application, signing a statement, under penalty of perjury, that the income information is true and that the family income does not exceed the state income standards determining eligibility.

BOGW C FINANCIAL AID APPLICANT

Complete the FAFSA application process, and provide the Financial Aid office with all required documentation. Once the need analysis is calculated, applicants with a least \$1,104 of unmet need will be provided with a BOGW C that will pay the Enrollment Fee for the entire academic year and provide a refund to students who have already paid.

The Financial Aid Application Process: Apply Now for 2015-2016

In order to apply for any financial aid program, you must complete the FAFSA, the Free Application for Federal Student Aid, and mail it to the processor or apply online at www.fafsa.ed.gov by June 30, 2016. If you are required to use your parent(s) income information, refer to the federal IRS Income Tax Forms. New applications are available every January. Apply for an FSAID. Go to studentaid.ed.gov.

The state Cal Grant competition requires you to complete the FAFSA and to submit GPA verification. If you have completed 16 degree applicable units at Santa Ana College or Santiago Canyon College, your GPA will be sent electronically. If not, you will need to submit your high school GPA on the paper GPA Verification form. **Cal Grant deadlines are March 2nd and September 2nd.**

Once you have applied for financial aid, you will be notified by the processor with a Student Aid Report (SAR), giving you the Expected Family Contribution which determines your Pell Grant eligibility and BOGW C eligibility. The California Student Aid Commission will notify you of your Cal Grant eligibility. Each college you have listed on the FAFSA will mail you additional forms to be completed and turned into the Financial Aid Office. Check with the Financial Aid Office to see if you qualify for the Fee Waiver. After all required documents have been processed; you will be awarded the financial aid programs you are eligible for and an Award Letter will be mailed to you.

If your family circumstances have changed, due to illness, loss of a job, etc., ask about "Special Circumstances" that could affect your eligibility.

Withdrawals and Repayments of Financial Aid Funds

Federal regulations may require students to repay federal funds if they drop or withdraw from all classes or drop below half-time status, or are dropped by the instructor due to excessive absence. Based on the date of the COMPLETE WITHDRAWAL, the Financial Aid Office is required to determine the amount, if any, of "unearned" federal financial aid received by the student. A calculation will be completed to determine if the student will owe a refund.

Please refer to catalog for more information.

Try to successfully complete at least six units each semester, so that you are not required to pay back a portion of the funds you have received. Dropping below half-time will affect your award.

General Eligibility Requirements:

- Be a US citizen or eligible non-citizen.
- Have a high school diploma, pass the CAHSEE exam, GED completion or have a California Proficiency Certificate.
- Have a valid Social Security Number.
- Meet Satisfactory Academic Progress requirements.
- Not be in default on any federal student loan or owe a refund on any federal grant.
- Be enrolled in an eligible program of study leading to a degree, transfer or a certificate.
- Provide the Admissions Office with official academic transcripts from previous colleges attended.
- Drug convictions, while receiving federal aid, will disqualify eligibility.
- Male Students must be registered with Selective Service. Register online at www.sss.gov or call 847-688-6888 if you need your Selective Service Number.

FINANCIAL AID PROGRAMS FOR STUDENTS

Cal Grants

Cal Grants are available to California residents attending eligible California colleges who meet all criteria and are enrolled in at least 6 units. The programs are administered by the California Student Aid Commission. The annual application deadlines are March 2 and September 2 for community college students. A FAFSA and a GPA verification is required.

Cal Grant A

Eligibility is based on financial need and GPA. Assistance is provided to meet tuition and fee costs at four-year universities. Awards to community college students may be placed on "reserve" for a maximum of two years until they transfer to a four-year institution. Award amounts: \$5,472 at CSU, \$12,240 at UC, \$9,084 at independent colleges.

Cal Grant B

Is provided to students from low-income families with living allowance and tuition and fee assistance to attend college. The maximum award amount is \$1,656 per year and will be prorated for less than full-time students. This grant may be used at community colleges and universities, not to exceed four years. Cal Grant B students also receive tuition costs at the same levels as Cal Grant A, except at community colleges.

Cal Grant C

Assists eligible students enrolled in a vocational training program leading to a Certificate or AA/AS degree, not a transfer program. The maximum awards amount is \$547 per year, and will be prorated for less than full-time students.

Federal PELL Grant

Pell grant is a federally funded program for undergraduates who demonstrate need. The amount of the Pell Grant is based on the cost of attendance, the Expected Family Contribution, and the enrollment in number of units. Please check with the Financial Aid Office or visit the website for the maximum and minimum PELL award amount. If you apply late and you are eligible, you may be paid retroactively for the entire academic year. **"NEW" Pell Grants are now limited to 18 semesters.**

William D. Ford Federal Direct Loan Program

All students who meet federal financial aid eligibility criteria may borrow through the Direct Loan program. Funds are borrowed directly from the federal government.

Annual Subsidized and Unsubsidized Loan Limits are \$3,500 for freshmen and \$4,500 for sophomores.

Subsidized Direct Loan: The federal government pays the interest on this need-based loan while the student is in school, at least half-time.

Unsubsidized Direct Loan: The student is responsible for paying the interest on this loan that is not need based.

Additional Unsubsidized Direct Loans: Available to students who meet all of the qualification requirements. The annual loan limits are \$6,000 for independent students and \$2,000 for dependent students.

Plus Loans: For parents who borrow on behalf of dependent students.

Federal Supplemental Educational Opportunity Grant (FSEOG)

This is a federally funded grant, available to undergraduates who demonstrate exceptional financial need. Priority in awarding FSEOG funds must be given to Pell Grant recipients. Minimum enrollment is six units per semester. Early applicants are given priority.

Federal Work-Study Program (FWS)

This is a federally funded program providing employment opportunities to students with financial need. Students awarded FWS are placed in part-time jobs on campus. This program provides an excellent "learning experience" through on-the-job training. Students must be enrolled in a minimum of six units to remain eligible. Early applicants are given priority.

Chafee Grant

This grant is available to former foster youth age 13 and above. Awards are \$5,000 per year and the program has limited funding. To apply use the FAFSA application and the separate Chafee Grant application. There is a maximum age limit of 23 as of July 1 of the award year. No payments are made beyond the age of 23.

Extended Opportunity Programs and Services (EOPS) and CARE Grants

This is a state funded program designed to assist EOPS eligible students from low income families who are educationally disadvantaged, and enrolled full-time, with priority registration, orientation, personal and academic counseling, tutoring, study-skills, book services, bus passes, and grants. The CARE program provides students with the cost of child-care, transportation, and meal vouchers.
